1.5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.6 Section 1. 62A.082 **NONDISCRIMINATION IN ACCESS TO TRANSPLANTS.**

1.7 Subdivision 1. Definitions. (a) For the purposes of this section, the following terms have

1.8 the meanings given unless the context clearly requires otherwise.

1.9 (b) "Disability" has the meaning given in section 363A.03, subdivision 12.

1.10 (c) "Enrollee" means a natural person covered by a health plan or group health plan and

1.11 includes an insured, policy holder, subscriber, covered person, member, contract holder, or

1.12 certificate holder.

1.13 (d) "Organ transplant" means the transplantation or transfusion of a part of a human

1.14 body into the body of another for the purpose of treating or curing a medical condition.

1.15 Subd. 2. Transplant discrimination prohibited. A health plan or group health plan

1.16 that provides coverage for anatomical gifts, organ transplants, or related treatment and

1.17 services shall not:

1.18 (1) deny coverage to an enrollee based on the enrollee's disability;

1.19 (2) deny eligibility, or continued eligibility, to enroll or to renew coverage under the

1.20 terms of the health plan or group health plan solely for the purpose of avoiding the

1.21 requirements of this section;

2.1 (3) penalize or otherwise reduce or limit the reimbursement of a health care provider,  
2.2 or provide monetary or nonmonetary incentives to a health care provider, to induce the  
2.3 provider to provide care to a patient in a manner inconsistent with this section; or

2.4 (4) reduce or limit an enrollee's coverage benefits because of the enrollee's disability for  
2.5 medical services and other services related to organ transplantation performed pursuant to  
2.6 this section as determined in consultation with the enrollee's treating health care provider  
2.7 and the enrollee.

2.8 Subd. 3. **Collective bargaining.** In the case of a group health plan maintained pursuant  
2.9 to one or more collective bargaining agreements between employee representatives and one  
2.10 or more employers, any plan amendment made pursuant to a collective bargaining agreement  
2.11 relating to the plan which amends the plan solely to conform to any requirement imposed  
2.12 pursuant to this section shall not be treated as a termination of the collective bargaining  
2.13 agreement.

2.14 Subd. 4. **Coverage limitation.** Nothing in this section shall be deemed to require a health  
2.15 plan or group health plan to provide coverage for a medically inappropriate organ transplant.

2.16 Sec. 2. **[363A.50] NONDISCRIMINATION IN ACCESS TO TRANSPLANTS.**

2.17 Subdivision 1. **Definitions.** (a) For purposes of this section, the following terms have

2.25 impairments;

2.26 (3) the provision of information in a format that is accessible for individuals with  
2.27 cognitive, neurological, developmental, intellectual, or physical disabilities;

2.28 (4) the provision of supported decision-making services; and

2.30 (d) "Covered entity" means:

3.1 (1) any licensed provider of health care services, including licensed health care  
3.2 practitioners, hospitals, nursing facilities, laboratories, intermediate care facilities, psychiatric  
3.3 residential treatment facilities, institutions for individuals with intellectual or developmental  
3.4 disabilities, and prison health centers; or

3.5 (2) any entity responsible for matching anatomical gift donors to potential recipients.

3.6 (e) "Disability" has the meaning given in section 363A.03, subdivision 12.

3.7 (f) "Organ transplant" means the transplantation or infusion of a part of a human body  
3.8 into the body of another for the purpose of treating or curing a medical condition.

3.9 (g) "Qualified individual" means an individual who, with or without available support  
3.10 networks, the provision of auxiliary aids and services, or reasonable modifications to policies  
3.11 or practices, meets the essential eligibility requirements for the receipt of an anatomical  
3.12 gift.

3.13 (h) "Reasonable modifications" include, but are not limited to:

3.14 (1) communication with individuals responsible for supporting an individual with  
3.15 postsurgical and post-transplantation care, including medication; and

3.16 (2) consideration of support networks available to the individual, including family,  
3.17 friends, and home and community-based services, including home and community-based  
3.18 services funded through Medicaid, Medicare, another health plan in which the individual  
3.19 is enrolled, or any program or source of funding available to the individual, in determining  
3.20 whether the individual is able to comply with post-transplant medical requirements.

3.21 (i) "Supported decision making" has the meaning given in section 524.5-102, subdivision  
3.22 16a.

3.23 Subd. 2. **Prohibition of discrimination.** (a) A covered entity may not, on the basis of  
3.24 a qualified individual's mental or physical disability:

3.25 (1) deem an individual ineligible to receive an anatomical gift or organ transplant;

3.26 (2) deny medical or related organ transplantation services, including evaluation, surgery,  
3.27 counseling, and postoperative treatment and care;

3.28 (3) refuse to refer the individual to a transplant center or other related specialist for the  
3.29 purpose of evaluation or receipt of an anatomical gift or organ transplant;

3.30 (4) refuse to place an individual on an organ transplant waiting list or place the individual  
3.31 at a lower-priority position on the list than the position at which the individual would have  
3.32 been placed if not for the individual's disability; or

4.1 (5) decline insurance coverage for any procedure associated with the receipt of the  
4.2 anatomical gift or organ transplant, including post-transplantation and postinfusion care.

4.3 (b) Notwithstanding paragraph (a), a covered entity may take an individual's disability  
4.4 into account when making treatment or coverage recommendations or decisions, solely to  
4.5 the extent that the physical or mental disability has been found by a physician, following  
4.6 an individualized evaluation of the potential recipient, to be medically significant to the  
4.7 provision of the anatomical gift or organ transplant. The provisions of this section may not  
4.8 be deemed to require referrals or recommendations for, or the performance of, organ  
4.9 transplants that are not medically appropriate given the individual's overall health condition.

4.10 (c) If an individual has the necessary support system to assist the individual in complying  
4.11 with post-transplant medical requirements, an individual's inability to independently comply  
4.12 with those requirements may not be deemed to be medically significant for the purposes of  
4.13 paragraph (b).

4.14 (d) A covered entity must make reasonable modifications to policies, practices, or  
4.15 procedures, when such modifications are necessary to make services such as  
4.16 transplantation-related counseling, information, coverage, or treatment available to qualified  
4.17 individuals with disabilities, unless the entity can demonstrate that making such modifications  
4.18 would fundamentally alter the nature of such services.

4.19 (e) A covered entity must take such steps as may be necessary to ensure that no qualified  
4.20 individual with a disability is denied services such as transplantation-related counseling,  
4.21 information, coverage, or treatment because of the absence of auxiliary aids and services,  
4.22 unless the entity can demonstrate that taking such steps would fundamentally alter the nature  
4.23 of the services being offered or result in an undue burden. A covered entity is not required  
4.24 to provide supported decision-making services.

4.25 (f) A covered entity must otherwise comply with the requirements of Titles II and III of  
4.26 the Americans with Disabilities Act of 1990, the Americans with Disabilities Act  
4.27 Amendments Act of 2008, and the Minnesota Human Rights Act.

4.28 (g) The provisions of this section apply to each part of the organ transplant process.

4.29 Subd. 3. **Remedies.** In addition to all other remedies available under this chapter, any  
4.30 individual who has been subjected to discrimination in violation of this section may initiate  
4.31 a civil action in a court of competent jurisdiction to enjoin violations of this section.
