State of Minnesota

HOUSE OF REPRESENTATIVES

NINETY-THIRD SESSION

H. F. No. 2481

03/02/2023 Authored by Niska, Swedzinski, Joy, Harder, Fogelman and others
The bill was read for the first time and referred to the Committee on Climate and Energy Finance and Policy

1.1 A bill for an act
1.2 relating to energy; exempting electricity generated outside the state from the
1.3 requirement that a certain proportion of retail electricity be carbon-free by certain
1.4 dates; amending Minnesota Statutes 2022, section 216B.1691, subdivision 2g, as
1.5 added.

1.6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.7 Section 1. Minnesota Statutes 2022, section 216B.1691, subdivision 2g, as added by Laws
1.8 2023, chapter 7, section 10, is amended to read:

1.9 Subd. 2g. Carbon-free standard. (a) In addition to the requirements under subdivisions
1.10 2a and 2f, each electric utility must generate or procure sufficient electricity generated from
1.11 a carbon-free energy technology to provide the electric utility's retail customers in Minnesota,
1.12 or the retail customers of a distribution utility to which the electric utility provides wholesale
1.13 electric service, so that the electric utility generates or procures an amount of electricity
1.14 from carbon-free energy technologies that is equivalent to at least the following standard
1.15 percentages of the electric utility's total retail electric sales to retail customers in Minnesota
1.16 by the end of the year indicated:

- 1.17 (1) 2030 80 percent for public utilities; 60 percent for
1.18 other electric utilities
1.19 (2) 2035 90 percent for all electric utilities
1.20 (3) 2040 100 percent for all electric utilities.

1.21 (b) This subdivision does not apply to electricity generated outside of Minnesota.

1.22 EFFECTIVE DATE. This section is effective the day following final enactment.
