14.5 authority under section 16C.03, subdivision 16, must determine that an amendment would

 23.23 not required when there is clearly and legitimately only a single source for the goods and  
 23.24 services and the commissioner determines that the price has been fairly and reasonably  
 23.25 established.

23.26 Subd. 2. **Emergency acquisition.** ~~(a) For the purpose of this subdivision,~~  
 23.27 ~~"emergency" means a threat to public health, welfare, or safety that threatens the~~  
 23.28 ~~functioning of government, the protection of property, or the health or safety of people.~~

23.29 ~~(b)~~ The solicitation process described in this chapter is not required in emergencies.

23.30 In emergencies, the commissioner may make any purchases necessary for the repair,  
 23.31 rehabilitation, and improvement of a state-owned structure or may authorize an agency  
 23.32 to do so and may purchase, or may authorize an agency to purchase, goods, services, or  
 23.33 utility services directly for immediate use.

23.34 Subd. 3. **Federal agency price schedules.** Notwithstanding anything in this chapter  
 23.35 to the contrary, the commissioner may, instead of soliciting bids, contract for purchases

24.1 with suppliers who have published schedules of prices effective for sales to any federal  
24.2 agency of the United States. These contracts may be entered into, regardless of the  
24.3 amount of the purchase price, if the commissioner considers them advantageous and if  
24.4 the purchase price of all the commodities purchased under the contract do not exceed the  
24.5 price specified by the schedule.

24.6 Subd. 4. **Cooperative agreements.** The solicitation process described in this  
24.7 chapter is not required for cooperative agreements. The commissioner may enter into  
24.8 contracts or accept prices effective for sales to any governmental unit as defined in section  
24.9 471.59, through a cooperative agreement as defined in section 471.59.

24.10 Subd. 5. **Specific purchases.** The solicitation process described in this chapter is  
24.11 not required for acquisition of the following:

24.14 purchased at the prevailing market price on the date of sale;

24.15 (3) goods and services from the Minnesota correctional facilities;

24.18 development, and day services licensed under chapter 245D;

24.20 commissioner of human services;

24.21 (6) goods purchased at auction or when submitting a sealed bid at auction provided  
24.22 that before authorizing such an action, the commissioner consult with the requesting  
24.23 agency to determine a fair and reasonable value for the goods considering factors  
24.24 including, but not limited to, costs associated with submitting a bid, travel, transportation,  
24.25 and storage. This fair and reasonable value must represent the limit of the state's bid;

24.26 (7) utility services where no competition exists or where rates are fixed by law or  
24.27 ordinance; ~~and~~

24.28 (8) goods and services from Minnesota sex offender program facilities; and

24.29 (9) contracts of the Department of Employment and Economic Development  
24.30 distributing state and federal funds for the purpose of subcontracting the provision  
24.31 of program services to eligible recipients. For these contracts, the commissioner of  
24.32 employment and economic development is authorized to directly enter into agency  
24.33 contracts and encumber available funds. For contracts distributing state or federal  
24.34 funds pursuant to the federal Workforce Investment Act, United States Code, title 29,

 25.2 of dislocated workers. The commissioner of employment and economic development  
 25.3 shall adopt internal procedures to administer and monitor funds distributed under these  
 25.4 contracts. This exception also applies to any contracts entered into by the commissioner  
 25.5 of education that were previously entered into by the commissioner of employment and  
 25.6 economic development.

25.7 Subd. 6. **Expenditures under specified amounts.** The A competitive solicitation

 25.11 ~~an amount of \$5,000 or less; or~~

25.12 ~~(2) acquisition of professional or technical services in an amount of \$5,000 or less,~~  
 25.13 ~~provided the requirements of section 16C.08, subdivisions 3 to 6, are met.~~

25.14 Subd. 7. **Reverse auction.** (a) For the purpose of this subdivision, "reverse auction"  
 25.15 means a purchasing process in which vendors compete to provide goods or services at the  
 25.16 lowest selling price in an open and interactive environment. Reverse auctions may not  
 25.17 be utilized to procure engineering design services or architectural services or to establish  
 25.18 building and construction contracts under sections 16C.26 to 16C.29.

25.19 (b) The provisions of sections 13.591, subdivision 3, and 16C.06, subdivision 2,  
 25.20 do not apply when the commissioner determines that a reverse auction is the appropriate  
 25.21 purchasing process.

25.22 Sec. 10. **[16C.105] COOPERATIVES AUTHORIZED.**

 26.5 ~~in the agency that have been funded using guaranteed energy savings, as outlined in this~~  
 26.6 ~~section, during the preceding biennium.~~ For each guaranteed energy-savings agreement  
 26.7 entered into, the commissioner of administration shall contract with an independent third  
 26.8 party to evaluate the cost-effectiveness of each utility cost-savings measure implemented

 26.10 this section, "independent third party" means an entity not affiliated with the qualified  
 26.11 provider, that is not involved in creating or providing conservation project services to that

27.9 bids, and, where appropriate, principles of life-cycle costing; or

 28.13 ~~for more than one project annually, or 20 percent of its projects, whichever is greater, in~~  
 28.14 ~~each of the first three fiscal years in which best value construction contracting is used.~~

28.15 Subd. 1b. **Best value; definition.** For the purposes of construction, building,
