 2.18 the conditions on which a hospital construction moratorium exception was granted under  
 2.19 section 144.551, subdivision 1a. Pursuant to section 144.653, the commissioner shall inspect

3.6 (b) The commissioner shall not renew a license for a boarding care bed in a resident  
3.7 room with more than four beds.

3.8 (c) The commissioner shall not renew licenses for hospital beds issued to a hospital or

3.19 capacity of a hospital, relocates hospital beds from one physical facility, complex, or site  
3.20 to another, or otherwise results in an increase or redistribution of hospital beds within the  
3.21 state; and

3.22 (2) the establishment of a new hospital.

3.23 (b) This section does not apply to:

3.24 (1) construction or relocation within a county by a hospital, clinic, or other health care

3.32 appeal results in an order reversing the denial;

4.1 (4) a project exempted from certificate of need requirements by Laws 1981, chapter 200,  
4.2 section 2;

4.3 (5) a project involving consolidation of pediatric specialty hospital services within the

4.23 are used first to replace within the hospital corporate system the total number of beds  
4.24 previously used in the closed facility site or complex for mental health services and substance  
4.25 use disorder services. Only after the hospital corporate system has fulfilled the requirements  
4.26 of this item may the remainder of the available capacity of the closed facility site or complex  
4.27 be transferred for any other purpose;

4.28 (9) a construction project involving up to 35 new beds in a psychiatric hospital in Rice

5.7 campus;

5.8 (12) the construction or relocation of hospital beds operated by a hospital having a

5.11 beds, of which 12 serve mental health needs, may be transferred from Hennepin County  
5.12 Medical Center to Regions Hospital under this clause;

7.26 and

7.27 (iii) if the project ceases to participate in the continuing care benefit program, the

8.30 complete. Following the completion of the construction project, the commissioner of health  
8.31 shall monitor the hospital, including by assessing the hospital's case mix and payer mix,  
8.32 patient transfers, and patient diversions. The hospital must have an intake and assessment  
8.33 area. The hospital must accommodate patients with acute mental health needs, whether they

9.2 hospital must annually submit de-identified data to the department in the format and manner  
9.3 defined by the commissioner.

9.5 read:

9.6 Subd. 1a. **Exception for increased mental health bed capacity.** (a) From August 1,  
9.7 2022, to July 31, 2027, subdivision 1, paragraph (a), and sections 144.552 and 144.553, do  
9.8 not apply to:

9.9 (1) those portions of any erection, building, alteration, reconstruction, modernization,  
9.10 improvement, extension, lease, or other acquisition by or on behalf of a hospital that increase  
9.11 the mental health bed capacity of a hospital; or

9.12 (2) the establishment of a new psychiatric hospital.

9.13 (b) Any hospital that increases its bed capacity or is established under this subdivision  
9.14 must:

9.15 (1) use all the newly licensed beds exclusively for mental health services;

9.16 (2) accept medical assistance and MinnesotaCare enrollees;

9.17 (3) abide by the terms of the Minnesota Attorney General Hospital Agreement;

9.18 (4) have an arrangement with a tertiary care facility or a sufficient number of medical  
9.19 specialists to determine and arrange appropriate treatment of medical conditions; and

9.20 (5) submit to the commissioner requested information the commissioner deems necessary  
9.21 for the commissioner to conduct the study of inpatient mental health access and quality  
9.22 described in paragraph (e).

9.23 (c) The commissioner shall monitor the implementation of exceptions under this  
9.24 subdivision. Each hospital or hospital corporate system granted an exception under this  
9.25 subdivision shall submit to the commissioner each year a report on how the hospital or  
9.26 hospital corporate system continues to satisfy the conditions on which the exception was  
9.27 granted.

9.28 (d) Any hospital found to be in violation of this subdivision is subject to sanction under  
9.29 section 144.55, subdivision 6, paragraph (c).

9.30 (e) By January 15, 2027, the commissioner of health shall submit to the chairs and  
9.31 ranking minority members of the legislative committees and divisions with jurisdiction over

10.1 health a report containing the result of a study of inpatient mental health access and quality.

10.2 The report must contain:

10.3 (1) the location of every hospital that has expanded its capacity or been established under  
10.4 this subdivision;

10.5 (2) summary data by location of the patient population served in the newly licensed  
10.6 beds, including age, duration of stay, and county of residence; and

10.7 (3) an analysis of the change in access and quality of inpatient mental health care in  
10.8 Minnesota resulting from the enactment of this subdivision.

10.9 A hospital that expands its capacity or is established under this subdivision must provide  
10.10 the information and data the commissioner requests to fulfill the requirements of this  
10.11 paragraph. For the purposes of section 144.55, subdivision 6, paragraph (c), a hospital's  
10.12 failure to provide data requested by the commissioner is a failure to satisfy the conditions  
10.13 on which an exception is granted under this subdivision.

10.14 (f) The commissioner may request from other hospitals information that the commissioner  
10.15 deems necessary to perform the analysis required under paragraph (e).

10.16 (g) No psychiatric hospital may be established on the site of the former Bethesda hospital  
10.17 in Saint Paul, Ramsey County, unless the commissioner determines that establishment of  
10.18 the hospital is in the public interest after completing a public interest review under section  
10.19 144.552.

10.20 **EFFECTIVE DATE.** This section is effective the day following final enactment.

10.21 Sec. 5. **[245.096] CHANGES TO GRANT PROGRAMS.**

10.22 Prior to implementing any substantial changes to a grant funding formula disbursed  
10.23 through allocations administered by the commissioner, the commissioner must provide a

10.25 will change, and other relevant information, to the chairs and ranking minority members of  
10.26 the legislative committees with jurisdiction over human services. The report must be provided  
10.27 prior to the start of a regular session and the proposed changes cannot be implemented until  
10.28 after the adjournment of that regular session.

11.13 planning, improving, and maintaining a mental health service delivery system for adults  
11.14 with serious and persistent mental illness that would:

11.15 (1) provide an expanded array of services from which clients can choose services  
11.16 appropriate to their needs;

11.17 (2) be based on purchasing strategies that improve access and coordinate services without  
11.18 cost shifting;

11.19 (3) prioritize evidence-based services and implement services that are promising practices  
11.20 or theory-based practices so that the service can be evaluated according to subdivision 5a;

11.21 ~~(3)~~ (4) incorporate existing state facilities and resources into the community mental  
11.22 health infrastructure through creative partnerships with local vendors; and

11.23 ~~(4)~~ (5) utilize existing categorical funding streams and reimbursement sources in  
11.24 combined and creative ways, except appropriations to regional treatment centers and all  
11.25 funds that are attributable to the operation of state-operated services are excluded unless  
11.26 appropriated specifically by the legislature for a purpose consistent with this section or  
11.27 section 246.0136, subdivision 1.

11.28 Subd. 3. **Program** Adult mental health initiative evaluation. Evaluation of each ~~project~~  
11.29 adult mental health initiative will be based on outcome evaluation criteria ~~negotiated with~~  
11.30 each project prior to implementation determined by the commissioners of human services  
11.31 and management and budget after consultation with stakeholders.

11.32 Subd. 4. **Notice of project** adult mental health initiative discontinuation. Each ~~project~~

12.5 facility as defined in paragraph (e), adult mental health initiative services must be developed  
12.6 under the direction of the county board, or multiple county boards acting jointly, as the local  
12.7 mental health authority. The planning process for each ~~pilot~~ adult mental health initiative  
12.8 shall include, but not be limited to, mental health consumers, families, advocates, local

12.18 with the commissioner of human services, and within available appropriations, shall create  
12.19 and maintain an inventory of adult mental health initiative services administered by the  
12.20 county boards, identifying evidence-based services and services that are theory-based or  
12.21 promising practices. The commissioner of management and budget, in consultation with  
12.22 the commissioner of human services, shall select adult mental health initiative services that  
12.23 are promising practices or theory-based activities for which the commissioner of management  
12.24 and budget shall conduct evaluations using experimental or quasi-experimental design. The  
12.25 commissioner of human services, in consultation with the commissioner of management  
12.26 and budget, shall encourage county boards to administer adult mental health initiative  
12.27 services to support experimental or quasi-experimental evaluation and shall require county  
12.28 boards to collect and report information that is needed to complete the inventory and  
12.29 evaluation for any adult mental health initiative service that is selected for an evaluation.  
12.30 The commissioner of management and budget, under section 15.08, may obtain additional  
12.31 relevant data to support the inventory and the experimental or quasi-experimental evaluation  
12.32 studies.

12.33 Subd. 6. **Duties of commissioner.** (a) For purposes of ~~the pilot projects~~ adult mental  
12.34 health initiatives, the commissioner shall facilitate integration of funds or other resources

13.4 9535.1700 to 9535.1760;

13.5 (2) other mental health special project funds;

13.6 (3) medical assistance, MinnesotaCare, and housing support under chapter 256I if  
13.7 requested by the ~~project's~~ adult mental health initiative's managing entity, and if the  
13.8 commissioner determines this would be consistent with the state's overall health care reform  
13.9 efforts; and

13.10 (4) regional treatment center resources consistent with section 246.0136, subdivision 1.

13.11 (b) The commissioner shall consider the following criteria in awarding ~~start-up and~~  
13.12 ~~implementation~~ grants for the ~~pilot projects~~ adult mental health initiatives:

13.13 (1) the ability of the ~~proposed projects~~ initiatives to accomplish the objectives described  
13.14 in subdivision 2;

13.15 (2) the size of the target population to be served; and

13.16 (3) geographical distribution.

13.17 (c) The commissioner shall review overall status of the ~~projects~~ initiatives at least every  
13.18 two years and recommend any legislative changes needed by January 15 of each  
13.19 odd-numbered year.

13.20 (d) The commissioner may waive administrative rule requirements ~~which~~ that are  
13.21 incompatible with the implementation of the ~~pilot project~~ adult mental health initiative.

13.24 implementation of the ~~pilot project~~ adult mental health initiative.

13.25 (f) The commissioner may award grants to an entity designated by a county board or  
13.26 group of county boards to pay for start-up and implementation costs of the ~~pilot project~~

14.2 described in subdivision 2 and the planning process described in subdivision 5;

14.4 for; and

14.5 (3) provide the commissioner of human services with timely and pertinent information  
14.6 through the following methods:

14.7 (i) submission of mental health plans and plan amendments which are based on a format  
14.8 and timetable determined by the commissioner;

14.9 (ii) submission of social services expenditure and grant reconciliation reports, based on  
14.10 a coding format to be determined by mutual agreement between the ~~project's~~ initiative's  
14.11 managing entity and the commissioner; and

14.12 (iii) submission of data and participation in an evaluation of the ~~pilot projects~~ adult  
14.13 mental health initiatives, to be designed cooperatively by the commissioner and the ~~projects~~  
14.14 initiatives.

14.15 Subd. 8. **Budget flexibility.** The commissioner may make budget transfers that do not  
14.16 increase the state share of costs to effectively implement the restructuring of adult mental  
14.17 health services.

14.18 Subd. 9. **Services and programs.** (a) The following three distinct grant programs are  
14.19 funded under this section:

15.17 sufficient information to the members of the legislative committees having jurisdiction over  
15.18 mental health funding and policy issues to evaluate the use of funds appropriated under this  
15.19 section of law. The commissioner shall provide, at a minimum, the following information:

16.1 Sec. 7. [245.4663] MENTAL HEALTH PROVIDER SUPERVISION GRANT  
16.2 PROGRAM.

16.3 Subdivision 1. Grant program established. The commissioner shall award grants to  
16.4 licensed or certified mental health providers who meet the criteria in subdivision 2 to fund  
16.5 supervision of interns and clinical trainees who are working toward becoming a mental  
16.6 health professional and to subsidize the costs of licensing applications and examination fees  
16.7 for clinical trainees. For purposes of this section, an intern may include an individual who  
16.8 is working toward an undergraduate degree in the behavioral sciences or related field at an  
16.9 accredited educational institution.

16.10 Subd. 2. Eligible providers. In order to be eligible for a grant under this section, a mental  
16.11 health provider must:

16.12 (1) provide at least 25 percent of the provider's yearly patient encounters to state public  
16.13 program enrollees or patients receiving sliding fee schedule discounts through a formal  
16.14 sliding fee schedule meeting the standards established by the United States Department of  
16.15 Health and Human Services under Code of Federal Regulations, title 42, section 51c.303;  
16.16 or

16.17 (2) primarily serve underrepresented communities as defined in section 148E.010,  
16.18 subdivision 20.

16.19 Subd. 3. Application; grant award. A mental health provider seeking a grant under  
16.20 this section must apply to the commissioner at a time and in a manner specified by the  
16.21 commissioner. The commissioner shall review each application to determine if the application  
16.22 is complete, the mental health provider is eligible for a grant, and the proposed project is  
16.23 an allowable use of grant funds. The commissioner must determine the grant amount awarded  
16.24 to applicants that the commissioner determines will receive a grant.

16.25 Subd. 4. Allowable uses of grant funds. A mental health provider must use grant funds  
16.26 received under this section for one or more of the following:

16.27 (1) to pay for direct supervision hours for interns and clinical trainees, in an amount up  
16.28 to \$7,500 per intern or clinical trainee;

16.29 (2) to establish a program to provide supervision to multiple interns or clinical trainees;  
16.30 or

16.31 (3) to pay licensing application and examination fees for clinical trainees.

17.1 Subd. 5. **Program oversight.** During the grant period, the commissioner may require  
17.2 grant recipients to provide the commissioner with information necessary to evaluate the  
17.3 program.

17.4 Sec. 8. Minnesota Statutes 2020, section 245.4882, is amended by adding a subdivision  
17.5 to read:

17.6 Subd. 2a. **Assessment requirements.** (a) A residential treatment service provider must  
17.7 complete a diagnostic assessment of a child within ten calendar days of the child's admission.  
17.8 If a diagnostic assessment has been completed by a mental health professional within the  
17.9 past 180 days, a new diagnostic assessment need not be completed unless in the opinion of  
17.10 the current treating mental health professional the child's mental health status has changed  
17.11 markedly since the assessment was completed.

17.12 (b) Notwithstanding the timeline requirements under Minnesota Rules, part 2960.0070,  
17.13 subpart 5, item C, subitems (1) and (2), the license holder must complete the screenings  
17.14 required by Minnesota Rules, part 2960.0070, subpart 5, item A, subitems (2), (3), (4), and  
17.15 (6), within ten calendar days. The license holder must complete the screenings required  
17.16 under Minnesota Rules, part 2960.0070, subpart 5, item A, subitems (1) and (5), according  
17.17 to the timelines in Minnesota Rules, part 2960.0070, subpart 5, item C, subitems (1) to (3).

17.18 **EFFECTIVE DATE.** This section is effective January 1, 2023, or upon federal approval,  
17.19 whichever is later.

17.20 Sec. 9. Minnesota Statutes 2020, section 245.4882, is amended by adding a subdivision  
17.21 to read:

17.22 Subd. 6. **Crisis admissions and stabilization.** (a) A child may be referred for residential  
17.23 treatment services under this section for the purpose of crisis stabilization by:

17.24 (1) a mental health professional as defined in section 245I.04, subdivision 2;

17.25 (2) a physician licensed under chapter 147 who is assessing a child in an emergency  
17.26 department; or

17.27 (3) a member of a mobile crisis team who meets the qualifications under section  
17.28 256B.0624, subdivision 5.

17.29 (b) A provider making a referral under paragraph (a) must conduct an assessment of the  
17.30 child's mental health needs and make a determination that the child is experiencing a mental  
17.31 health crisis and is in need of residential treatment services under this section.

18.1 (c) A child may receive services under this subdivision for up to 30 days and must be  
18.2 subject to the screening and admissions criteria and processes under section 245.4885  
18.3 thereafter.

18.4 **EFFECTIVE DATE.** This section is effective January 1, 2023, or upon federal approval,  
18.5 whichever is later. The commissioner of human services shall notify the revisor of statutes  
18.6 when federal approval is obtained.

18.7 Sec. 10. Minnesota Statutes 2021 Supplement, section 245.4885, subdivision 1, is amended  
18.8 to read:

18.9 Subdivision 1. **Admission criteria.** (a) Prior to admission or placement, except in the  
18.10 case of an emergency, all children referred for treatment of severe emotional disturbance  
18.11 in a treatment foster care setting, residential treatment facility, or informally admitted to a  
18.12 regional treatment center shall undergo an assessment to determine the appropriate level of  
18.13 care if county funds are used to pay for the child's services. An emergency includes when  
18.14 a child is in need of and has been referred for crisis stabilization services under section  
18.15 245.4882, subdivision 6. A child who has been referred to residential treatment for crisis  
18.16 stabilization services in a residential treatment center is not required to undergo an assessment  
18.17 under this section.

18.18 (b) The county board shall determine the appropriate level of care for a child when  
18.19 county-controlled funds are used to pay for the child's residential treatment under this  
18.20 chapter, including residential treatment provided in a qualified residential treatment program  
18.21 as defined in section 260C.007, subdivision 26d. When a county board does not have  
18.22 responsibility for a child's placement and the child is enrolled in a prepaid health program  
18.23 under section 256B.69, the enrolled child's contracted health plan must determine the  
18.24 appropriate level of care for the child. When Indian Health Services funds or funds of a  
18.25 tribally owned facility funded under the Indian Self-Determination and Education Assistance  
18.26 Act, Public Law 93-638, are used for the child, the Indian Health Services or 638 tribal  
18.27 health facility must determine the appropriate level of care for the child. When more than  
18.28 one entity bears responsibility for a child's coverage, the entities shall coordinate level of  
18.29 care determination activities for the child to the extent possible.

18.30 (c) The child's level of care determination shall determine whether the proposed treatment:

18.31 (1) is necessary;

18.32 (2) is appropriate to the child's individual treatment needs;

18.33 (3) cannot be effectively provided in the child's home; and

19.1 (4) provides a length of stay as short as possible consistent with the individual child's  
19.2 needs.

19.3 (d) When a level of care determination is conducted, the county board or other entity  
19.4 may not determine that a screening of a child, referral, or admission to a residential treatment  
19.5 facility is not appropriate solely because services were not first provided to the child in a  
19.6 less restrictive setting and the child failed to make progress toward or meet treatment goals  
19.7 in the less restrictive setting. The level of care determination must be based on a diagnostic  
19.8 assessment of a child that evaluates the child's family, school, and community living  
19.9 situations; and an assessment of the child's need for care out of the home using a validated  
19.10 tool which assesses a child's functional status and assigns an appropriate level of care to the  
19.11 child. The validated tool must be approved by the commissioner of human services and  
19.12 may be the validated tool approved for the child's assessment under section 260C.704 if the  
19.13 juvenile treatment screening team recommended placement of the child in a qualified  
19.14 residential treatment program. If a diagnostic assessment has been completed by a mental  
19.15 health professional within the past 180 days, a new diagnostic assessment need not be  
19.16 completed unless in the opinion of the current treating mental health professional the child's  
19.17 mental health status has changed markedly since the assessment was completed. The child's  
19.18 parent shall be notified if an assessment will not be completed and of the reasons. A copy  
19.19 of the notice shall be placed in the child's file. Recommendations developed as part of the  
19.20 level of care determination process shall include specific community services needed by  
19.21 the child and, if appropriate, the child's family, and shall indicate whether these services  
19.22 are available and accessible to the child and the child's family. The child and the child's  
19.23 family must be invited to any meeting where the level of care determination is discussed  
19.24 and decisions regarding residential treatment are made. The child and the child's family  
19.25 may invite other relatives, friends, or advocates to attend these meetings.

19.26 (e) During the level of care determination process, the child, child's family, or child's  
19.27 legal representative, as appropriate, must be informed of the child's eligibility for case  
19.28 management services and family community support services and that an individual family  
19.29 community support plan is being developed by the case manager, if assigned.

19.30 (f) The level of care determination, placement decision, and recommendations for mental  
19.31 health services must be documented in the child's record and made available to the child's  
19.32 family, as appropriate.

19.33 **EFFECTIVE DATE.** This section is effective January 1, 2023, or upon federal approval,  
19.34 whichever is later. The commissioner of human services shall notify the revisor of statutes  
19.35 when federal approval is obtained.

20.15 professionals, including postsecondary health clinicians, on early psychosis symptoms,  
20.16 screening tools, and best practices;

20.17 (3) ensure access for individuals to first psychotic episode services under this section,  
20.18 including access for individuals who live in rural areas; and

20.19 (4) use all available funding streams.

20.20 (b) Grant money may also be used to pay for housing or travel expenses for individuals  
20.21 receiving services or to address other barriers preventing individuals and their families from  
20.22 participating in first psychotic episode services.

20.23 Subd. 3. **Eligibility.** Program activities must be provided to people 15 to 40 years old  
20.24 with early signs of psychosis.

20.25 Subd. 4. **Outcomes.** Evaluation of program activities must utilize evidence-based  
20.26 practices and must include the following outcome evaluation criteria:

20.27 (1) whether individuals experience a reduction in psychotic symptoms;

20.28 (2) whether individuals experience a decrease in inpatient mental health hospitalizations;  
20.29 and

20.30 (3) whether individuals experience an increase in educational attainment.

20.31 Subd. 5. **Federal aid or grants.** The commissioner of human services must comply with  
20.32 all conditions and requirements necessary to receive federal aid or grants.

40.9 raise the issue. The defendant's consent is not required to bring a competency motion. The  
40.10 motion shall be supported by specific facts but shall not include communications between

40.14 forensic navigator services described in section 611.55 for the defendant, including  
40.15 development of a specific plan to identify appropriate housing and services if the defendant  
40.16 is released from custody or any charges are dismissed.

40.17 (c) In felony, gross misdemeanor, and targeted misdemeanor cases, if the court determines  
40.18 there is a reasonable basis to doubt the defendant's competence and there is probable cause  
40.19 for the charge, the court must suspend the criminal proceedings and order an examination  
40.20 of the defendant under section 611.43.

40.21 (d) In misdemeanor cases, other than cases involving a targeted misdemeanor, if the  
40.22 court determines there is a reasonable basis to doubt the defendant's competence and there  
40.23 is probable cause for the charge, the court must suspend the criminal proceedings. The court  
40.24 may order an examination of the defendant under section 611.43 if the examination is in  
40.25 the public interest. For purposes of this paragraph, an examination is in the public interest  
40.26 when it is necessary to assess whether the defendant has a cognitive impairment or mental  
40.27 illness; determine whether a defendant has the ability to access housing, food, income,  
40.28 disability verification, medications, and treatment for medical conditions; or whether a  
40.29 defendant has the ability to otherwise address any basic needs. The court shall order the

41.4 must complete a bridge plan with the defendant as described in section 611.55, subdivision  
41.5 4, submit the bridge plan to the court, and provide a written copy to the defendant before

41.7 is incompetent.

41.8 (b) If for any reason a forensic navigator has not been appointed, the court must make  
41.9 every reasonable effort to coordinate with any resources available to the court and refer the  
41.10 defendant for possible assessment and social services, including but not limited to services  
41.11 for engagement under section 253B.041, before dismissing any charges based on a finding  
41.12 that the defendant is incompetent.

41.13 (c) If working with the forensic navigator or coordinating a referral to services would  
41.14 cause an unreasonable delay in the release of a defendant being held in custody, the court  
41.15 may release the defendant. If a defendant has not been engaged for assessment and referral  
41.16 before release, the court may coordinate with the forensic navigator or any resources available  
41.17 to the court to engage the defendant for up to 90 days after release.

41.18 (d) Courts may partner and collaborate with county social services, community-based  
41.19 programs, jails, and any other resource available to the court to provide referrals to services  
41.20 when a defendant's competency is at issue or a defendant has been found incompetent to  
41.21 proceed.

41.22 (e) Counsel for the defendant may bring a motion to dismiss the proceedings in the  
41.23 interest of justice at any stage of the proceedings.

41.28 may obtain from court administration and review the report of any prior or subsequent  
41.29 examination under this section or under Minnesota Rules of Criminal Procedure, rule 20.

41.30 (b) If the defendant is not entitled to release, the court shall order the defendant to  
41.31 participate in an examination where the defendant is being held, or the court may order that  
41.32 the defendant be confined in a treatment facility, locked treatment facility, or a state-operated  
41.33 treatment facility until the examination is completed.

42.1 (c) If the defendant is entitled to release, the court shall order the defendant to appear  
42.2 for an examination. If the defendant fails to appear at an examination, the court may amend  
42.3 the conditions of release and bail pursuant to Minnesota Rules of Criminal Procedure, rule  
42.4 6.

42.5 (d) A competency examination ordered under Minnesota Rules of Criminal Procedure,  
42.6 rule 20.04, shall proceed under subdivision 2.

42.7 Subd. 2. **Report of examination.** (a) The court-appointed examiner's written report shall  
42.8 be filed with the court and served on the prosecutor and defense counsel by the court. The  
42.9 report shall be filed no more than 30 days after the order for examination of a defendant in  
42.10 custody unless extended by the court for good cause. If the defendant is out of custody or  
42.11 confined in a noncorrectional program or treatment facility, the report shall be filed no more  
42.12 than 60 days after the order for examination, unless extended by the court for good cause.  
42.13 The report shall not include opinions concerning the defendant's mental condition at the  
42.14 time of the alleged offense or any statements made by the defendant regarding the alleged  
42.15 criminal conduct, unless necessary to support the examiner's opinion regarding competence  
42.16 or incompetence.

42.17 (b) The report shall include an evaluation of the defendant's mental health, cognition,  
42.18 and the factual basis for opinions about:

42.19 (1) any diagnoses made, and the results of any testing conducted with the defendant;

42.20 (2) the defendant's competency to stand trial;

42.21 (3) the level of care and education required for the defendant to attain, be restored to,  
42.22 or maintain competency;

42.23 (4) a recommendation of the least restrictive setting appropriate to meet the defendant's  
42.24 needs for restoration and immediate safety;

42.25 (5) the impact of any substance use disorder on the defendant, including the defendant's  
42.26 competency, and any recommendations for treatment;

42.27 (6) the likelihood the defendant will attain competency in the reasonably foreseeable  
42.28 future;

42.29 (7) whether the defendant poses a substantial likelihood of physical harm to self or  
42.30 others; and

42.31 (8) if the court examiner's opinion is that the defendant is incompetent to proceed, the  
42.32 report must include an opinion as to whether the defendant possesses capacity to make

43.1 decisions regarding neuroleptic medication unless the examiner is unable to render an  
43.2 opinion on capacity. If the examiner is unable to render an opinion on capacity, the report  
43.3 must document the reasons why the examiner is unable to render that opinion.

43.4 (c) If the court examiner determines that the defendant presents an imminent risk of  
43.5 serious danger to another, is imminently suicidal, or otherwise needs emergency intervention,  
43.6 the examiner must promptly notify the court, prosecutor, defense counsel, and those  
43.7 responsible for the care and custody of the defendant.

43.8 (d) If the defendant appears for the examination but does not participate, the court  
43.9 examiner shall submit a report and, if sufficient information is available, may render an  
43.10 opinion on competency and an opinion as to whether the unwillingness to participate resulted  
43.11 from a mental illness, cognitive impairment, or other factors.

43.12 (e) If the court examiner determines the defendant would benefit from services for  
43.13 engagement in mental health treatment under section 253B.041 or any other referral to  
43.14 social services, the court examiner may recommend referral of the defendant to services  
43.15 where available.

43.16 Subd. 3. **Additional examination.** If either the prosecutor or defense counsel intends  
43.17 to retain an independent examiner, the party shall provide notice to the court and opposing  
43.18 counsel no later than ten days after the date of receipt of the court-appointed examiner's  
43.19 report. If an independent examiner is retained, the independent examiner's report shall be  
43.20 filed no more than 30 days after the date a party files notice of intent to retain an independent  
43.21 examiner, unless extended by the court for good cause.

43.22 Subd. 4. **Admissibility of defendant's statements.** When a defendant is examined under  
43.23 this section, any statement made by the defendant for the purpose of the examination and  
43.24 any evidence derived from the examination is admissible in the competency proceedings,  
43.25 but not in the criminal proceedings.

43.26 **Sec. 30. [611.44] CONTESTED HEARING PROCEDURES.**

43.27 Subdivision 1. **Request for hearing.** (a) The prosecutor or defense counsel may request  
43.28 a hearing on the court-appointed examiner's competency report by filing a written objection  
43.29 no later than ten days after the report is filed.

43.30 (b) A hearing shall be held as soon as possible but no longer than 30 days after the  
43.31 request, unless extended by agreement of the prosecutor and defense counsel, or by the  
43.32 court for good cause.

44.1 (c) If an independent court examiner is retained, the hearing may be continued up to 14  
44.2 days after the date the independent court examiner's report is filed. The court may continue  
44.3 the hearing for good cause.

44.4 Subd. 2. **Competency hearing.** (a) The court may admit all relevant and reliable evidence  
44.5 at the competency hearing. The court-appointed examiner is considered the court's witness  
44.6 and may be called and questioned by the court, prosecutor, or defense counsel. The report  
44.7 of the court-appointed examiner shall be admitted into evidence without further foundation.

44.8 (b) Defense counsel may testify, subject to the prosecutor's cross-examination, but shall  
44.9 not violate attorney-client privilege. Testifying does not automatically disqualify defense  
44.10 counsel from continuing to represent the defendant. The court may inquire of defense counsel  
44.11 regarding the attorney-client relationship and the defendant's ability to communicate with  
44.12 counsel. The court shall not require counsel to divulge communications protected by  
44.13 attorney-client privilege, and the prosecutor shall not cross-examine defense counsel  
44.14 concerning responses to the court's inquiry.

44.15 Subd. 3. **Determination without hearing.** If neither party files an objection, the court  
44.16 shall determine the defendant's competency based on the reports of all examiners.

44.17 Subd. 4. **Burden of proof and decision.** The defendant is presumed incompetent unless  
44.18 the court finds by a preponderance of the evidence that the defendant is competent.

44.19 Sec. 31. **[611.45] COMPETENCY FINDINGS.**

44.20 Subdivision 1. **Findings.** (a) The court must rule on the defendant's competency to stand  
44.21 trial no more than 14 days after the examiner's report is submitted to the court. If there is a  
44.22 contested hearing, the court must rule no more than 30 days after the date of the hearing.

44.23 (b) If the court finds the defendant competent, the court shall enter an order and the  
44.24 criminal proceedings shall resume.

44.25 (c) If the court finds the defendant incompetent, the court shall enter a written order and  
44.26 suspend the criminal proceedings. The matter shall proceed under section 611.46.

44.27 Subd. 2. **Appeal.** Appeals under this chapter are governed by Minnesota Rules of  
44.28 Criminal Procedure, rule 28. A verbatim record shall be made in all competency proceedings.

44.29 Subd. 3. **Dismissal of criminal charge.** (a) If the court finds the defendant incompetent,  
44.30 and the charge is a misdemeanor other than a targeted misdemeanor, the charge must be  
44.31 dismissed.

45.1 (b) In targeted misdemeanor and gross misdemeanor cases, the charges must be dismissed  
45.2 30 days after the date of the finding of incompetence, unless the prosecutor, before the  
45.3 expiration of the 30-day period, files a written notice of intent to prosecute when the  
45.4 defendant regains competency. If a notice has been filed and the charge is a targeted  
45.5 misdemeanor, charges must be dismissed within one year after the finding of incompetency.  
45.6 If a notice has been filed and the charge is a gross misdemeanor, charges must be dismissed  
45.7 within two years after the finding of incompetency.

45.8 (c) In felony cases, except as provided in paragraph (d), the charges must be dismissed  
45.9 three years after the date of the finding of incompetency, unless the prosecutor, before the  
45.10 expiration of the three-year period, files a written notice of intent to prosecute when the  
45.11 defendant regains competency. If a notice has been filed, charges must be dismissed within  
45.12 five years after the finding of incompetency or ten years if the maximum sentence for the  
45.13 crime with which the defendant is charged is ten years or more.

45.14 (d) The requirement that felony charges be dismissed under paragraph (c) does not apply  
45.15 if:

45.16 (1) the court orders continuing supervision pursuant to section 611.49, subdivision 3;

45.17 or

45.18 (2) the defendant is charged with a violation of sections 609.185 (murder in the first  
45.19 degree); 609.19 (murder in the second degree); 609.195 (murder in the third degree); 609.20  
45.20 (manslaughter in the first degree); 609.205 (manslaughter in the second degree); 609.2112  
45.21 (criminal vehicular homicide); 609.2114, subdivision 1 (criminal vehicular operation, death  
45.22 to an unborn child); 609.2661 (murder of an unborn child in the first degree); 609.2662  
45.23 (murder of an unborn child in the second degree); 609.2663 (murder of an unborn child in  
45.24 the third degree); 609.2664 (manslaughter of an unborn child in the first degree); or 609.2665  
45.25 (manslaughter of an unborn child in the second degree); or a crime of violence as defined  
45.26 in section 624.712, subdivision 5, except for a violation of chapter 152.

45.27 **Sec. 32. [611.46] INCOMPETENT TO STAND TRIAL AND CONTINUING**  
45.28 **SUPERVISION.**

45.29 Subdivision 1. **Order to competency restoration.** (a) If the court finds the defendant  
45.30 incompetent and the charges have not been dismissed, the court shall order the defendant  
45.31 to participate in a competency restoration program to restore the defendant's competence.  
45.32 The court may order participation in a competency restoration program provided outside  
45.33 of a jail, a jail-based competency restoration program, or an alternative program. The court  
45.34 must determine the least-restrictive program appropriate to meet the defendant's needs and

46.1 public safety. In making this determination, the court must consult with the forensic navigator  
46.2 and consider any recommendations of the court examiner. The court shall not order a  
46.3 defendant to participate in a jail-based program or a state-operated treatment program if the  
46.4 highest criminal charge is a misdemeanor or targeted misdemeanor.

46.5 (b) The court may only order the defendant to participate in competency restoration at  
46.6 an inpatient or residential treatment program under this section if the head of the treatment  
46.7 program determines that admission to the program is clinically appropriate and consents to  
46.8 the defendant's admission. The court may only order the defendant to participate in  
46.9 competency restoration at a state-operated treatment facility under this section if the  
46.10 commissioner of human services or a designee determines that admission of the defendant  
46.11 is clinically appropriate and consents to the defendant's admission. The court may require  
46.12 a certified competency program that qualifies as a locked facility or a state-operated treatment  
46.13 program to notify the court in writing of the basis for refusing consent for admission of the  
46.14 defendant in order to ensure transparency and maintain an accurate record. The court may  
46.15 not require personal appearance of any representative of a certified competency program.  
46.16 The court shall send a written request for notification to the locked facility or state-operated  
46.17 treatment program and the locked facility or state-operated treatment program shall provide  
46.18 a written response to the court within ten days of receipt of the court's request.

46.19 (c) If the defendant is confined in jail and has not received competency restoration  
46.20 services within 30 days of the finding of incompetency, the court shall review the case with  
46.21 input from the prosecutor and defense counsel and may:

46.22 (1) order the defendant to participate in an appropriate competency restoration program  
46.23 that takes place outside of a jail;

46.24 (2) conditionally release the defendant, including but not limited to conditions that the  
46.25 defendant participate in a competency restoration program when one becomes available  
46.26 and accessible;

46.27 (3) make a determination as to whether the defendant is likely to attain competency in  
46.28 the reasonably foreseeable future and proceed under section 611.49; or

46.29 (4) upon a motion, dismiss the charges in the interest of justice.

46.30 (d) Upon the order to a competency restoration program or alternative program, the court  
46.31 may order any hospital, treatment facility, or correctional facility that has provided care or  
46.32 supervision to the defendant in the previous two years to provide copies of the defendant's  
46.33 medical records to the competency restoration program or alternative program. This

47.1 information shall be provided in a consistent and timely manner and pursuant to all applicable  
47.2 laws.

47.3 (e) If at any time the defendant refuses to participate in a competency restoration program  
47.4 or an alternative program, the head of the program shall notify the court and any entity  
47.5 responsible for supervision of the defendant.

47.6 (f) At any time, the head of the program may discharge the defendant from the program  
47.7 or facility. The head of the program must notify the court, prosecutor, defense counsel, and  
47.8 any entity responsible for the supervision of the defendant prior to any planned discharge.  
47.9 Absent emergency circumstances, this notification shall be made five days prior to the  
47.10 discharge if the defendant is not being discharged to jail or a correctional facility. Upon the  
47.11 receipt of notification of discharge or upon the request of either party in response to  
47.12 notification of discharge, the court may order that a defendant who is subject to bail or  
47.13 unmet conditions of release be returned to jail upon being discharged from the program or  
47.14 facility. If the court orders a defendant returned to jail, the court shall notify the parties and  
47.15 head of the program at least one day before the defendant's planned discharge, except in  
47.16 the event of an emergency discharge where one day notice is not possible. The court must  
47.17 hold a review hearing within seven days of the defendant's return to jail. The forensic  
47.18 navigator must be given notice of the hearing and be allowed to participate.

47.19 (g) If the defendant is discharged from the program or facility under emergency  
47.20 circumstances, notification of emergency discharge shall include a description of the  
47.21 emergency circumstances and may include a request for emergency transportation. The  
47.22 court shall make a determination on a request for emergency transportation within 24 hours.  
47.23 Nothing in this section prohibits a law enforcement agency from transporting a defendant  
47.24 pursuant to any other authority.

47.25 Subd. 2. **Supervision.** (a) Upon a finding of incompetency, if the defendant is entitled  
47.26 to release, the court must determine whether the defendant requires pretrial supervision.  
47.27 The court must weigh public safety risks against the defendant's interests in remaining free  
47.28 from supervision while presumed innocent in the criminal proceedings. The court may use  
47.29 a validated and equitable risk assessment tool to determine whether supervision is necessary.

47.30 (b) If the court determines that the defendant requires pretrial supervision, the court shall  
47.31 direct the forensic navigator to conduct pretrial supervision and report violations to the  
47.32 court. The forensic navigator shall be responsible for the supervision of the defendant until  
47.33 ordered otherwise by the court.

48.1 (c) Upon application by the prosecutor, the entity or its designee assigned to supervise  
48.2 the defendant, or court services alleging that the defendant violated a condition of release  
48.3 and is a risk to public safety, the court shall follow the procedures under Rules of Criminal  
48.4 Procedure, rule 6. Any hearing on the alleged violation of release conditions shall be held  
48.5 no more than 15 days after the date of issuance of a summons or within 72 hours if the  
48.6 defendant is apprehended on a warrant.

48.7 (d) If the court finds a violation, the court may revise the conditions of release and bail  
48.8 as appropriate pursuant to Minnesota Rules of Criminal Procedure, including but not limited  
48.9 to consideration of the defendant's need for ongoing access to a competency restoration  
48.10 program or alternative program under this section.

48.11 (e) The court must review conditions of release and bail on request of any party and may  
48.12 amend the conditions of release or make any other reasonable order upon receipt of  
48.13 information that the pretrial detention of a defendant has interfered with the defendant  
48.14 attaining competency.

48.15 Subd. 3. **Certified competency restoration programs; procedure.** (a) If the court  
48.16 orders a defendant to participate in a competency restoration program that takes place outside  
48.17 of a jail, or an alternative program that the court has determined is providing appropriate  
48.18 competency restoration services to the defendant, the court shall specify whether the program  
48.19 is a community-based treatment program or provided in a locked treatment facility.

48.20 (b) If the court finds that the defendant continues to be incompetent at a review hearing  
48.21 held after the initial determination of competency, the court must hold a review hearing  
48.22 pursuant to section 611.49 and consider any changes to the defendant's conditions of release  
48.23 or competency restoration programming to restore the defendant's competency in the least  
48.24 restrictive program appropriate.

48.25 (c) If the court orders the defendant to a locked treatment facility or jail-based program,  
48.26 the court must calculate the defendant's custody credit and cannot order the defendant to a  
48.27 locked treatment facility or jail-based program for a period that would cause the defendant's  
48.28 custody credit to exceed the maximum sentence for the underlying charge.

48.29 Subd. 4. **Jail-based competency restoration programs; procedure.** (a) A defendant  
48.30 is eligible to participate in a jail-based competency restoration program when the underlying  
48.31 charge is a gross misdemeanor or felony and either:

48.32 (1) the defendant has been found incompetent, the defendant has not met the conditions  
48.33 of release ordered pursuant to rule 6.02 of Minnesota Rules of Criminal Procedure, including  
48.34 posting bail, and either a court-appointed examiner has recommended jail-based competency

49.1 restoration as the least restrictive setting to meet the person's needs, or the court finds that  
49.2 after a reasonable effort by the forensic navigator, there has not been consent by another  
49.3 secure setting to the defendant's placement; or

49.4 (2) the defendant is in custody and is ordered to a certified competency restoration  
49.5 program that takes place outside of a jail, a jail-based competency restoration program is  
49.6 available within a reasonable distance to the county where the defendant is being held, and  
49.7 the court ordered a time-limited placement in a jail-based program until transfer to a certified  
49.8 competency restoration program that takes place outside of a jail.

49.9 (b) A defendant may not be ordered to participate in a jail-based competency restoration  
49.10 program for more than 90 days without a review hearing. If after 90 days of the order to a  
49.11 jail-based program the defendant has not attained competency, the court must review the  
49.12 case with input from the prosecutor and defense counsel and may:

49.13 (1) order the defendant to participate in an appropriate certified competency restoration  
49.14 program that takes place outside of a locked facility; or

49.15 (2) determine whether, after a reasonable effort by the forensic navigator, there is consent  
49.16 to the defendant's placement by another locked facility. If court determines that a locked  
49.17 facility is the least restrictive program appropriate and no appropriate locked facility is  
49.18 available, it may order the defendant to the jail-based program for an additional 90 days.

49.19 (c) Nothing in this section prohibits the court from ordering the defendant transferred  
49.20 to a certified competency restoration program that takes place outside of a jail if the court  
49.21 determines that transition is appropriate, or the defendant satisfies the conditions of release  
49.22 or bail. Before the defendant is transitioned to a certified competency restoration program  
49.23 that takes place outside of a jail or an alternative program, the court shall notify the prosecutor  
49.24 and the defense counsel, and the provisions of subdivision 2 shall apply.

49.25 (d) The court may require a certified competency program that qualifies as a locked  
49.26 facility to notify the court in writing of the basis for refusing consent of the defendant in  
49.27 order to ensure transparency and maintain an accurate record. The court may not require  
49.28 personal appearance of any representative of a certified competency program.

49.29 Subd. 5. **Alternative programs; procedure.** (a) A defendant is eligible to participate  
49.30 in an alternative program if the defendant has been found incompetent, the defendant is  
49.31 entitled to release, and a certified competency restoration program outside of a jail is not  
49.32 available.

50.1 (b) As soon as the forensic navigator has reason to believe that no certified competency  
50.2 restoration program outside of a jail will be available within a reasonable time, the forensic  
50.3 navigator shall determine if there are available alternative programs that are likely to assist  
50.4 the defendant in attaining competency. Upon notification by the forensic navigator, the  
50.5 court may order the defendant to participate in an appropriate alternative program and notify  
50.6 the prosecutor and the defense counsel.

50.7 (c) If at any time while the defendant is participating in an alternative program, an  
50.8 appropriate certified competency restoration program that takes place outside of a jail  
50.9 becomes available, the forensic navigator must notify the court. The court must notify the  
50.10 prosecutor and the defense counsel and must order the defendant to participate in an  
50.11 appropriate certified competency restoration program, unless the court determines that the  
50.12 defendant is receiving appropriate competency restoration services in the alternative program.  
50.13 If appropriate and in the public interest, the court may order the defendant to participate in  
50.14 the certified competency restoration program and an alternative program.

50.15 (d) At any time, the head of the alternative program or the forensic navigator may notify  
50.16 the court that the defendant is receiving appropriate competency restoration services in the  
50.17 alternative program, and recommend that remaining in the alternative program is in the best  
50.18 interest of the defendant and the defendant's progress in attaining competency. The court  
50.19 may order the defendant to continue programming in the alternative program and proceed  
50.20 under subdivision 3.

50.21 (e) If after 90 days of the order to an alternative program the defendant has not attained  
50.22 competency and the defendant is not participating in a certified competency restoration  
50.23 program, the court must hold a review hearing pursuant to section 611.49.

50.24 **Subd. 6. Reporting to the court.** (a) The court examiner must provide an updated report  
50.25 to the court at least once every six months, unless the court and the parties agree to a longer  
50.26 period that is not more than 12 months, as to the defendant's competency and a description  
50.27 of the efforts made to restore the defendant to competency.

50.28 (b) At any time, the head of the program may notify the court and recommend that a  
50.29 court examiner provide an updated competency examination and report.

50.30 (c) The court shall furnish copies of the report to the prosecutor, defense counsel, and  
50.31 the facility or program where the defendant is being served.

50.32 (d) The report may make recommendations for continued services to ensure continued  
50.33 competency. If the defendant is found guilty, these recommendations may be considered  
50.34 by the court in imposing a sentence, including any conditions of probation.

51.1 Subd. 7. **Contested hearings.** The prosecutor or defense counsel may request a hearing  
51.2 on the court examiner's competency opinion by filing written objections to the competency  
51.3 report no later than ten days after receiving the report. All parties are entitled to notice before  
51.4 the hearing. If the hearing is held, it shall conform with the procedures of section 611.44.

51.5 Subd. 8. **Competency determination.** (a) The court must determine whether the  
51.6 defendant is competent based on the updated report from the court examiner no more than  
51.7 14 days after receiving the report.

51.8 (b) If the court finds the defendant competent, the court must enter an order and the  
51.9 criminal proceedings shall resume.

51.10 (c) If the court finds the defendant incompetent, the court may order the defendant to  
51.11 continue participating in a program as provided in this section.

51.12 (d) Counsel for the defendant may bring a motion to dismiss the proceedings in the  
51.13 interest of justice at any stage of the proceedings.

51.14 Sec. 33. **[611.47] ADMINISTRATION OF MEDICATION.**

51.15 Subdivision 1. **Motion.** When a court finds that a defendant is incompetent or any time  
51.16 thereafter, upon the motion of the prosecutor or treating medical provider, the court shall  
51.17 hear and determine whether the defendant lacks capacity to make decisions regarding the  
51.18 administration of neuroleptic medication.

51.19 Subd. 2. **Certification report.** (a) If the defendant's treating medical practitioner is of  
51.20 the opinion that the defendant lacks capacity to make decisions regarding neuroleptic  
51.21 medication, the treating medical practitioner shall certify in a report that the lack of capacity  
51.22 exists and which conditions under subdivision 3 are applicable. The certification report shall  
51.23 contain an assessment of the current mental status of the defendant and the opinion of the  
51.24 treating medical practitioner that involuntary neuroleptic medication has become medically  
51.25 necessary and appropriate under subdivision 3, paragraph (b), clause (1) or (2), or in the  
51.26 patient's best medical interest under subdivision 3, paragraph (b), clause (3). The certification  
51.27 report shall be filed with the court when a motion for a hearing is made under this section.

51.28 (b) A certification report made pursuant to this section shall include a description of the  
51.29 neuroleptic medication proposed to be administered to the defendant and its likely effects  
51.30 and side effects, including effects on the defendant's condition or behavior that would affect  
51.31 the defendant's ability to understand the nature of the criminal proceedings or to assist  
51.32 counsel in the conduct of a defense in a reasonable manner.

52.1 (c) Any defendant subject to an order under subdivision 3 of this section or the state  
52.2 may request review of that order.

52.3 (d) The court may appoint a court examiner to examine the defendant and report to the  
52.4 court and parties as to whether the defendant lacks capacity to make decisions regarding  
52.5 the administration of neuroleptic medication. If the patient refuses to participate in an  
52.6 examination, the court examiner may rely on the patient's clinically relevant medical records  
52.7 in reaching an opinion.

52.8 (e) The defendant is entitled to a second court examiner under this section, if requested  
52.9 by the defendant.

52.10 Subd. 3. **Determination.** (a) The court shall consider opinions in the reports prepared  
52.11 under subdivision 2 as applicable to the issue of whether the defendant lacks capacity to  
52.12 make decisions regarding the administration of neuroleptic medication and shall proceed  
52.13 under paragraph (b).

52.14 (b) The court shall hear and determine whether any of the following is true:

52.15 (1) the defendant lacks capacity to make decisions regarding neuroleptic medication, as  
52.16 defined in section 253B.092, subdivision 5, the defendant's mental illness requires medical  
52.17 treatment with neuroleptic medication, and, if the defendant's mental illness is not treated  
52.18 with neuroleptic medication, it is probable that serious harm to the physical or mental health  
52.19 of the patient will result. Probability of serious harm to the physical or mental health of the  
52.20 defendant requires evidence that the defendant is presently suffering adverse effects to the  
52.21 defendant's physical or mental health, or the defendant has previously suffered these effects  
52.22 as a result of a mental illness and the defendant's condition is substantially deteriorating or  
52.23 likely to deteriorate without administration of neuroleptic medication. The fact that a  
52.24 defendant has a diagnosis of a mental illness does not alone establish probability of serious  
52.25 harm to the physical or mental health of the defendant;

52.26 (2) the defendant lacks capacity to make decisions regarding neuroleptic medication, as  
52.27 defined in section 253B.092, subdivision 5, neuroleptic medication is medically necessary,  
52.28 and the defendant is a danger to others, in that the defendant has inflicted, attempted to  
52.29 inflict, or made a serious threat of inflicting substantial bodily harm on another while in  
52.30 custody, or the defendant had inflicted, attempted to inflict, or made a serious threat of  
52.31 inflicting substantial bodily harm on another that resulted in being taken into custody, and  
52.32 the defendant presents, as a result of mental illness or cognitive impairment, a demonstrated  
52.33 danger of inflicting substantial bodily harm on others. Demonstrated danger may be based

53.1 on an assessment of the defendant's present mental condition, including a consideration of  
53.2 past behavior of the defendant and other relevant information; or

53.3 (3) the defendant lacks capacity to make decisions regarding neuroleptic medication, as  
53.4 defined in section 253B.092, subdivision 5, and the state has shown by clear and convincing  
53.5 evidence that:

53.6 (i) the state has charged the defendant with a serious crime against the person or property;

53.7 (ii) involuntary administration of neuroleptic medication is substantially likely to render  
53.8 the defendant competent to stand trial;

53.9 (iii) the medication is unlikely to have side effects that interfere with the defendant's  
53.10 ability to understand the nature of the criminal proceedings or to assist counsel in the conduct  
53.11 of a defense in a reasonable manner;

53.12 (iv) less intrusive treatments are unlikely to have substantially the same results and  
53.13 involuntary medication is necessary; and

53.14 (v) neuroleptic medication is in the patient's best medical interest in light of the patient's  
53.15 medical condition.

53.16 (c) In ruling on a petition under this section, the court shall also take into consideration  
53.17 any evidence on:

53.18 (1) what the patient would choose to do in the situation if the patient had capacity,  
53.19 including evidence such as a durable power of attorney for health care under chapter 145C;

53.20 (2) the defendant's family, community, moral, religious, and social values;

53.21 (3) the medical risks, benefits, and alternatives to the proposed treatment;

53.22 (4) past efficacy and any extenuating circumstances of past use of neuroleptic  
53.23 medications; and

53.24 (5) any other relevant factors.

53.25 (d) In determining whether the defendant possesses capacity to consent to neuroleptic  
53.26 medications, the court:

53.27 (1) must apply a rebuttable presumption that a defendant has the capacity to make  
53.28 decisions regarding administration of neuroleptic medication;

53.29 (2) must find that a defendant has the capacity to make decisions regarding the  
53.30 administration of neuroleptic medication if the defendant:

54.1 (i) has an awareness of the nature of the defendant's situation and the possible  
54.2 consequences of refusing treatment with neuroleptic medications;

54.3 (ii) has an understanding of treatment with neuroleptic medications and the risks, benefits,  
54.4 and alternatives; and

54.5 (iii) communicates verbally or nonverbally a clear choice regarding treatment with  
54.6 neuroleptic medications that is a reasoned one not based on a symptom of the defendant's  
54.7 mental illness, even though it may not be in the defendant's best interests; and

54.8 (3) must not conclude that a defendant's decision is unreasonable based solely on a  
54.9 disagreement with the medical practitioner's recommendation.

54.10 (e) If consideration of the evidence presented on the factors in paragraph (c) weighs in  
54.11 favor of authorizing involuntary administration of neuroleptic medication, and the court  
54.12 finds any of the conditions described in paragraph (b) to be true, the court shall issue an  
54.13 order authorizing involuntary administration of neuroleptic medication to the defendant  
54.14 when and as prescribed by the defendant's medical practitioner, including administration  
54.15 by a treatment facility or correctional facility. The court order shall specify which medications  
54.16 are authorized and may limit the maximum dosage of neuroleptic medication that may be  
54.17 administered. The order shall be valid for no more than one year. An order may be renewed  
54.18 by filing another petition under this section and following the process in this section. The  
54.19 order shall terminate no later than the closure of the criminal case in which it is issued. The  
54.20 court shall not order involuntary administration of neuroleptic medication under paragraph  
54.21 (b), clause (3), unless the court has first found that the defendant does not meet the criteria  
54.22 for involuntary administration of neuroleptic medication under paragraph (b), clause (1),  
54.23 and does not meet the criteria under paragraph (b), clause (2).

54.24 (f) A copy of the order must be given to the defendant, the defendant's attorney, the  
54.25 county attorney, and the treatment facility or correctional facility where the defendant is  
54.26 being served. The treatment facility, correctional facility, or treating medical practitioner  
54.27 may not begin administration of the neuroleptic medication until it notifies the patient of  
54.28 the court's order authorizing the treatment.

54.29 Subd. 4. **Emergency administration.** A treating medical practitioner may administer  
54.30 neuroleptic medication to a defendant who does not have capacity to make a decision  
54.31 regarding administration of the medication if the defendant is in an emergency situation.  
54.32 Medication may be administered for so long as the emergency continues to exist, up to 14  
54.33 days, if the treating medical practitioner determines that the medication is necessary to  
54.34 prevent serious, immediate physical harm to the patient or to others. If a request for

55.1 authorization to administer medication is made to the court within the 14 days, the treating  
55.2 medical practitioner may continue the medication through the date of the first court hearing,  
55.3 if the emergency continues to exist. The treating medical practitioner shall document the  
55.4 emergency in the defendant's medical record in specific behavioral terms.

55.5 Subd. 5. **Administration without judicial review.** Neuroleptic medications may be  
55.6 administered without judicial review under this subdivision if:

55.7 (1) the defendant has been prescribed neuroleptic medication prior to admission to a  
55.8 facility or program, but lacks the present capacity to consent to the administration of that  
55.9 neuroleptic medication; continued administration of the medication is in the patient's best  
55.10 interest; and the defendant does not refuse administration of the medication. In this situation,  
55.11 the previously prescribed neuroleptic medication may be continued for up to 14 days while  
55.12 the treating medical practitioner is requesting a court order authorizing administering  
55.13 neuroleptic medication or an amendment to a current court order authorizing administration  
55.14 of neuroleptic medication. If the treating medical practitioner requests a court order under  
55.15 this section within 14 days, the treating medical practitioner may continue administering  
55.16 the medication to the patient through the hearing date or until the court otherwise issues an  
55.17 order; or

55.18 (2) the defendant does not have the present capacity to consent to the administration of  
55.19 neuroleptic medication, but prepared a health care power of attorney or a health care directive  
55.20 under chapter 145C requesting treatment or authorizing an agent or proxy to request  
55.21 treatment, and the agent or proxy has requested the treatment.

55.22 Subd. 6. **Defendants with capacity to make informed decision.** If the court finds that  
55.23 the defendant has the capacity to decide whether to take neuroleptic medication, a facility  
55.24 or program may not administer medication without the patient's informed written consent  
55.25 or without the declaration of an emergency, or until further review by the court.

55.26 Subd. 7. **Procedure when patient defendant refuses medication.** If physical force is  
55.27 required to administer the neuroleptic medication, the facility or program may only use  
55.28 injectable medications. If physical force is needed to administer the medication, medication  
55.29 may only be administered in a setting where the person's condition can be reassessed and  
55.30 medical personnel qualified to administer medication are available, including in the  
55.31 community or a correctional facility. The facility or program may not use a nasogastric tube  
55.32 to administer neuroleptic medication involuntarily.

56.1 Sec. 34. **[611.48] REVIEW HEARINGS.**

56.2 The prosecutor or defense counsel may apply to the court for a hearing to review the  
56.3 defendant's competency restoration programming. All parties are entitled to notice before  
56.4 the hearing. The hearing shall be held no later than 30 days after the date of the request,  
56.5 unless extended upon agreement of the prosecutor and defense counsel or by the court for  
56.6 good cause.

56.7 Sec. 35. **[611.49] LIKELIHOOD TO ATTAIN COMPETENCY.**

56.8 Subdivision 1. **Applicability.** (a) The court may hold a hearing on its own initiative or  
56.9 upon request of either party to determine whether the defendant is likely to attain competency  
56.10 in the foreseeable future when the most recent court examiner's report states that the defendant  
56.11 is unlikely to attain competency in the foreseeable future, and either:

56.12 (1) defendant has not been restored to competence after participating and cooperating  
56.13 with court ordered competency restoration programming for at least one year; or

56.14 (2) the defendant has not received timely competency restoration services under section  
56.15 611.46 after one year.

56.16 (b) The court cannot find a defendant unlikely to attain competency based upon a  
56.17 defendant's refusal to cooperate with or remain at a certified competency program or  
56.18 cooperate with an examination.

56.19 (c) The parties are entitled to 30 days of notice prior to the hearing and, unless the parties  
56.20 agree to a longer time period, the court must determine within 30 days after the hearing  
56.21 whether there is a substantial probability that the defendant will attain competency within  
56.22 the foreseeable future.

56.23 Subd. 2. **Procedure.** (a) If the court finds that there is a substantial probability that the  
56.24 defendant will attain competency within the reasonably foreseeable future, the court shall  
56.25 find the defendant incompetent and proceed under section 611.46.

56.26 (b) If the court finds that there is not a substantial probability the defendant will attain  
56.27 competency within the reasonably foreseeable future, the court may not order the defendant  
56.28 to participate in or continue to participate in a competency restoration program in a locked  
56.29 treatment facility. The court must release the defendant from any custody holds pertaining  
56.30 to the underlying criminal case and require the forensic navigator to develop a bridge plan.

56.31 (c) If the court finds that there is not a substantial probability the defendant will attain  
56.32 competency within the foreseeable future, the court may issue an order to the designated

57.1 agency in the county of financial responsibility or the county where the defendant is present  
57.2 to conduct a prepetition screening pursuant to section 253B.07.

57.3 (d) If a hearing is held under this subdivision and the criteria pursuant to subdivision 1,  
57.4 paragraphs (a) and (b) are satisfied, a party attempting to demonstrate that there is a  
57.5 substantial probability that the defendant will attain competency within the foreseeable  
57.6 future must prove by a preponderance of the evidence.

57.7 (e) If the court finds that there is not a substantial probability that the defendant will  
57.8 attain competency within the foreseeable future, the court must dismiss the case unless:

57.9 (1) the person is charged with a violation of section 609.185 (murder in the first degree);  
57.10 609.19 (murder in the second degree); 609.195 (murder in the third degree); 609.20  
57.11 (manslaughter in the first degree); 609.205 (manslaughter in the second degree); 609.2112  
57.12 (criminal vehicular homicide); 609.2114, subdivision 1 (criminal vehicular operation, death  
57.13 to an unborn child); 609.2661 (murder of an unborn child in the first degree); 609.2662  
57.14 (murder of an unborn child in the second degree); 609.2663 (murder of an unborn child in  
57.15 the third degree); 609.2664 (manslaughter of an unborn child in the first degree); or 609.2665  
57.16 (manslaughter of an unborn child in the second degree); or a crime of violence as defined  
57.17 in section 624.712, subdivision 5, except for a violation of chapter 152; or

57.18 (2) there is a showing of a danger to public safety if the matter is dismissed.

57.19 (f) If the court does not dismiss the charges, the court must order continued supervision  
57.20 under subdivision 3.

57.21 Subd. 3. **Continued supervision.** (a) If the court orders the continued supervision of a  
57.22 defendant, any party may request a hearing on the issue of continued supervision by filing  
57.23 a notice no more than ten days after the order for continued supervision.

57.24 (b) When continued supervision is ordered, the court must identify the supervisory  
57.25 agency responsible for the supervision of the defendant, including but not limited to directing  
57.26 a forensic navigator as the responsible entity.

57.27 (c) Notwithstanding the reporting requirements of section 611.46, subdivision 6, the  
57.28 court examiner must provide an updated report to the court one year after the initial order  
57.29 for continued supervision as to the defendant's competency and a description of the efforts  
57.30 made to restore the defendant to competency. The court shall hold a review hearing within  
57.31 30 days of receipt of the report.

57.32 (d) If continued supervision is ordered at the review hearing under paragraph (c), the  
57.33 court must set a date for a review hearing no later than two years after the most recent order

58.1 for continuing supervision. The court must order review of the defendant's status, including  
 58.2 an updated competency examination and report by the court examiner. The court examiner  
 58.3 must submit the updated report to the court. At the review hearing, the court must determine  
 58.4 if the defendant has attained competency, whether there is a substantial probability that the  
 58.5 defendant will attain competency within the foreseeable future, and whether the absence of  
 58.6 continuing supervision of the defendant is a danger to public safety. Notwithstanding  
 58.7 subdivision 2, paragraph (e), the court may hear any motions to dismiss pursuant to the  
 58.8 interest of justice at the review hearing.

58.9 (e) The court may not order continued supervision for more than ten years unless the  
 58.10 defendant is charged with a violation of section 609.185 (murder in the first degree); 609.19  
 58.11 (murder in the second degree); 609.195 (murder in the third degree); 609.20 (manslaughter  
 58.12 in the first degree); 609.205 (manslaughter in the second degree); 609.2112 (criminal  
 58.13 vehicular homicide); 609.2114, subdivision 1 (criminal vehicular operation, death to an  
 58.14 unborn child); 609.2661 (murder of an unborn child in the first degree); 609.2662 (murder  
 58.15 of an unborn child in the second degree); 609.2663 (murder of an unborn child in the third  
 58.16 degree); 609.2664 (manslaughter of an unborn child in the first degree); or 609.2665  
 58.17 (manslaughter of an unborn child in the second degree); or a crime of violence as defined  
 58.18 in section 624.712, subdivision 5, except for a violation of chapter 152.

58.19 (f) At any time, the head of the program may discharge the defendant from the program  
 58.20 or facility. The head of the program must notify the court, prosecutor, defense counsel,  
 58.21 forensic navigator, and any entity responsible for the supervision of the defendant prior to  
 58.22 any planned discharge. Absent emergency circumstances, this notification shall be made  
 58.23 five days prior to the discharge. If the defendant is discharged from the program or facility  
 58.24 under emergency circumstances, notification of emergency discharge shall include a  
 58.25 description of the emergency circumstances and may include a request for emergency  
 58.26 transportation. The court shall make a determination on a request for emergency  
 58.27 transportation within 24 hours. Nothing in this section prohibits a law enforcement agency  
 58.28 from transporting a defendant pursuant to any other authority.

58.29 (g) The court may provide, partner, or contract for pretrial supervision services or  
 58.30 continued supervision if the defendant is found incompetent and unlikely to attain competency  
 58.31 in the foreseeable future.

59.1 Sec. 36. **[611.50] DEFENDANT'S PARTICIPATION AND CONDUCT OF**  
59.2 **HEARINGS.**

59.3 Subdivision 1. **Place of hearing.** Upon request of the prosecutor, defense counsel, or  
59.4 head of the treatment facility and approval by the court and the treatment facility, a hearing  
59.5 may be held at a treatment facility. A hearing may be conducted by interactive video  
59.6 conference consistent with the Minnesota Rules of Criminal Procedure.

59.7 Subd. 2. **Absence permitted.** When a medical professional treating the defendant submits  
59.8 a written report stating that participating in a hearing under this statute is not in the best  
59.9 interest of the defendant and would be detrimental to the defendant's mental or physical  
59.10 health, the court shall notify the defense counsel and the defendant and allow the hearing  
59.11 to proceed without the defendant's participation.

59.12 Subd. 3. **Disruption of hearing.** At any hearing required under this section, the court,  
59.13 on its motion or on the motion of any party, may exclude or excuse a defendant who is  
59.14 seriously disruptive, refuses to participate, or who is incapable of comprehending and  
59.15 participating in the proceedings. In such instances, the court shall, with specificity on the  
59.16 record, state the behavior of the defendant or other circumstances which justify proceeding  
59.17 in the absence of the defendant.

59.18 Subd. 4. **Issues not requiring defendant's participation.** The defendant's incompetence  
59.19 does not preclude the defense counsel from making an objection or defense before trial that  
59.20 can be fairly determined without the defendant's participation.

59.21 Sec. 37. **[611.51] CREDIT FOR CONFINEMENT.**

59.22 If the defendant is convicted, any time spent confined in a secured setting while being  
59.23 assessed and restored to competency must be credited as time served.

59.24 Sec. 38. **[611.55] FORENSIC NAVIGATOR SERVICES.**

59.25 Subdivision 1. **Definition.** As used in this section, "board" means the State Competency  
59.26 Restoration Board established in section 611.56.

59.27 Subd. 2. **Availability of forensic navigator services.** The board must provide or contract  
59.28 for enough forensic navigator services to meet the needs of adult defendants in each judicial  
59.29 district who are found incompetent to proceed.

59.30 Subd. 3. **Duties.** (a) Forensic navigators shall be impartial in all legal matters relating  
59.31 to the criminal case. Nothing shall be construed to permit the forensic navigator to provide  
59.32 legal counsel as a representative of the court, prosecutor, or defense counsel. Forensic

60.1 navigators shall be required to report compliance and noncompliance with pretrial supervision  
60.2 and any orders of the court.

60.3 (b) Forensic navigators shall provide services to assist defendants with mental illnesses  
60.4 and cognitive impairments. Services may include, but are not limited to:

60.5 (1) developing bridge plans;

60.6 (2) assisting defendants in participating in court-ordered examinations and hearings;

60.7 (3) coordinating timely placement in court-ordered competency restoration programs;

60.8 (4) providing competency restoration education;

60.9 (5) reporting to the court on the progress of defendants found incompetent to stand trial;

60.10 (6) providing coordinating services to help defendants access needed mental health,  
60.11 medical, housing, financial, social, transportation, precharge and pretrial diversion, and  
60.12 other necessary services provided by other programs and community service providers;

60.13 (7) communicating with and offering supportive resources to defendants and family  
60.14 members of defendants; and

60.15 (8) providing consultation and education to court officials on emerging issues and  
60.16 innovations in serving defendants with mental illnesses in the court system.

60.17 (c) If a defendant's charges are dismissed, the appointed forensic navigator may continue  
60.18 assertive outreach with the individual for up to 90 days to assist in attaining stability in the  
60.19 community.

60.20 Subd. 4. **Bridge plans.** (a) The forensic navigator must prepare bridge plans with the  
60.21 defendant and submit them to the court. Bridge plans must be submitted before the time the  
60.22 court makes a competency finding pursuant to section 611.45. The bridge plan must include:

60.23 (1) a confirmed housing address the defendant will use upon release, including but not  
60.24 limited to emergency shelters;

60.25 (2) if possible, the dates, times, locations, and contact information for any appointments  
60.26 made to further coordinate support and assistance for the defendant in the community,  
60.27 including but not limited to mental health and substance use disorder treatment, or a list of  
60.28 referrals to services; and

60.29 (3) any other referrals, resources, or recommendations the forensic navigator or court  
60.30 deems necessary.

61.1 (b) Bridge plans and any supporting records or other data submitted with those plans  
61.2 are not accessible to the public.

61.3 **Sec. 39. [611.56] STATE COMPETENCY RESTORATION BOARD.**

61.4 Subdivision 1. **Establishment; membership.** (a) The State Competency Restoration  
61.5 Board is established in the judicial branch. The board is not subject to the administrative  
61.6 control of the judiciary. The board shall consist of seven members, including:

61.7 (1) three members appointed by the supreme court, at least one of whom must be a  
61.8 defense attorney, one a county attorney, and one public member; and

61.9 (2) four members appointed by the governor, at least one of whom must be a mental  
61.10 health professional with experience in competency restoration.

61.11 (b) The appointing authorities may not appoint an active judge to be a member of the  
61.12 board, but may appoint a retired judge.

61.13 (c) All members must demonstrate an interest in maintaining a high quality, independent  
61.14 forensic navigator program and a thorough process for certification of competency restoration  
61.15 programs. Members shall be familiar with the Minnesota Rules of Criminal Procedure,  
61.16 particularly rule 20; chapter 253B; and sections 611.40 to 611.59. Following the initial  
61.17 terms of appointment, at least one member appointed by the supreme court must have  
61.18 previous experience working as a forensic navigator. At least three members of the board  
61.19 shall live outside the First, Second, Fourth, and Tenth Judicial Districts. The terms,  
61.20 compensation, and removal of members shall be as provided in section 15.0575. The members  
61.21 shall elect the chair from among the membership for a term of two years.

61.22 Subd. 2. **Duties and responsibilities.** (a) The board shall create and administer a  
61.23 statewide, independent competency restoration system that certifies competency restoration  
61.24 programs and uses forensic navigators to promote prevention and diversion of people with  
61.25 mental illnesses and cognitive impairments from entering the legal system, support defendants  
61.26 with mental illness and cognitive impairments, support defendants in the competency process,  
61.27 and assist courts and partners in coordinating competency restoration services.

61.28 (b) The board shall:

61.29 (1) approve and recommend to the legislature a budget for the board and the forensic  
61.30 navigator program;

61.31 (2) establish procedures for distribution of funding under this section to the forensic  
61.32 navigator program;

62.1 (3) establish forensic navigator standards, administrative policies, procedures, and rules  
62.2 consistent with statute, rules of court, and laws that affect a forensic navigator's work;

62.3 (4) establish certification requirements for competency restoration programs; and

62.4 (5) carry out the programs under sections 611.57, 611.58, and 611.59.

62.5 (c) The board may:

62.6 (1) adopt standards, policies, or procedures necessary to ensure quality assistance for  
62.7 defendants found incompetent to stand trial and charged with a felony, gross misdemeanor,  
62.8 or targeted misdemeanor, or for defendants found incompetent to stand trial who have  
62.9 recurring incidents;

62.10 (2) establish district forensic navigator offices as provided in subdivision 4; and

62.11 (3) propose statutory changes to the legislature and rule changes to the supreme court  
62.12 that would facilitate the effective operation of the forensic navigator program.

62.13 Subd. 3. **Administrator.** The board shall appoint a program administrator who serves  
62.14 at the pleasure of the board. The program administrator shall attend all meetings of the board  
62.15 and the Certification Advisory Committee, but may not vote, and shall:

62.16 (1) carry out all administrative functions necessary for the efficient and effective operation  
62.17 of the board and the program, including but not limited to hiring, supervising, and disciplining  
62.18 program staff and forensic navigators;

62.19 (2) implement, as necessary, resolutions, standards, rules, regulations, and policies of  
62.20 the board;

62.21 (3) keep the board fully advised as to its financial condition, and prepare and submit to  
62.22 the board the annual program and budget and other financial information as requested by  
62.23 the board;

62.24 (4) recommend to the board the adoption of rules and regulations necessary for the
