1.10 Section 1. **[62Q.83] PRESCRIPTIONS FOR SPECIALTY DRUGS.**

1.11 Subdivision 1. **Definitions.** (a) For purposes of this section, the following terms have

1.12 the meanings given them.

1.16 (c) "Mail order pharmacy" means a pharmacy whose primary business is to receive

1.17 prescriptions by mail, fax, or through electronic submissions, dispense prescription drugs

1.21 1, paragraph (c).

1.22 (e) "Retail pharmacy" means a chain pharmacy, a supermarket pharmacy, an independent

2.12 drug to the enrollee in a timely manner, such that the enrollee receives the filled prescription  
2.13 within five business days of the date of transmittal to the mail order pharmacy. The health  
2.14 plan company or contracted pharmacy benefit manager may grant an exemption from this  
2.15 requirement if the mail order pharmacy can document that the specialty drug was out of  
2.16 stock due to a delay in shipment by the specialty drug manufacturer or prescription drug  
2.17 wholesaler. If an exemption is granted, the health plan company or pharmacy benefit manager  
2.18 shall notify the enrollee within 24 hours of granting the exemption and, if medically  
2.19 necessary, shall provide the enrollee with an emergency supply of the specialty drug.

12.15 or providing financial incentives, including variations in premiums, deductibles, co-payments,  
12.16 or coinsurance, to an enrollee as an incentive to use a retail pharmacy, mail order pharmacy,  
12.17 specialty pharmacy, or other network pharmacy provider in which a pharmacy benefit  
12.18 manager has an ownership interest or that has an ownership interest in a pharmacy benefit  
12.19 manager.

12.20 (d) A pharmacy benefit manager or health carrier is prohibited from imposing limits,  
12.21 including quantity limits or refill frequency limits, on a patient's access to medication that  
12.22 differ based solely on whether the health carrier or pharmacy benefit manager has an  
12.23 ownership interest in a pharmacy or the pharmacy has an ownership interest in the pharmacy  
12.24 benefit manager.

12.25 (e) A pharmacy benefit manager must not require pharmacy accreditation standards or  
12.26 recertification requirements to participate in a network that are inconsistent with, more  
12.27 stringent than, or in addition to federal and state requirements for licensure as a pharmacy  
12.28 in this state.

12.29 (f) A pharmacy benefit manager or health carrier must not prohibit an entity authorized  
12.30 to participate in the federal 340B Drug Pricing Program under section 340B of the Public  
12.31 Health Service Act, United States Code, title 42, chapter 6A, or a pharmacy under contract  
12.32 with such an entity to provide pharmacy services from participating in the pharmacy benefit  
12.33 manager's or health carrier's provider network. A pharmacy benefit manager or health carrier

13.1 must not reimburse an entity or a pharmacy under contract with such an entity participating  
13.2 in the federal 340B Drug Pricing Program differently than other similarly situated pharmacies.  
13.3 A pharmacy benefit manager that contracts with a managed care plan or county-based  
13.4 purchasing plan under contract with the commissioner of human services under chapter  
13.5 256B or 256L must comply with this paragraph only if the entity or contracted pharmacy  
13.6 can identify all claims eligible for 340B drugs at the time of initial claims submission at the  
13.7 point of sale. This paragraph does not preclude a pharmacy benefit manager that contracts  
13.8 with a managed care plan or county-based purchasing plan under contract with the  
13.9 commissioner of human services under chapter 256B or 256L from reimbursing an entity  
13.10 or pharmacy identified in this paragraph at a lower rate for any prescription drug purchased  
13.11 by the entity or pharmacy through the federal 340B Drug Pricing Program.

13.12 Sec. 9. **[62W.08] MAXIMUM ALLOWABLE COST PRICING.**

13.13 (a) With respect to each contract and contract renewal between a pharmacy benefit  
13.14 manager and a pharmacy, the pharmacy benefits manager must:

13.15 (1) provide to the pharmacy, at the beginning of each contract and contract renewal, the  
13.16 sources utilized to determine the maximum allowable cost pricing of the pharmacy benefit  
13.17 manager;

13.18 (2) update any maximum allowable cost price list at least every seven business days,  
13.19 noting any price changes from the previous list, and provide a means by which network  
13.20 pharmacies may promptly review current prices in an electronic, print, or telephonic format  
13.21 within one business day at no cost to the pharmacy;

13.22 (3) maintain a procedure to eliminate products from the list of drugs subject to maximum  
13.23 allowable cost pricing in a timely manner in order to remain consistent with changes in the  
13.24 marketplace;

13.25 (4) ensure that the maximum allowable cost prices are not set below sources utilized by  
13.26 the pharmacy benefits manager; and

13.27 (5) upon request of a network pharmacy, disclose the sources utilized for setting  
13.28 maximum allowable cost price rates on each maximum allowable cost price list included  
13.29 under the contract and identify each maximum allowable cost price list that applies to the  
13.30 network pharmacy. A pharmacy benefit manager must make the list of the maximum  
13.31 allowable costs available to a contracted pharmacy in a format that is readily accessible and  
13.32 usable to the network pharmacy.

14.1 (b) A pharmacy benefit manager must not place a prescription drug on a maximum  
14.2 allowable cost list unless the drug is available for purchase by pharmacies in this state from  
14.3 a national or regional drug wholesaler and is not obsolete.

14.4 (c) Each contract between a pharmacy benefit manager and a pharmacy must include a  
14.5 process to appeal, investigate, and resolve disputes regarding maximum allowable cost  
14.6 pricing that includes:

14.7 (1) a 15-business-day limit on the right to appeal following the initial claim;

14.8 (2) a requirement that the appeal be investigated and resolved within seven business  
14.9 days after the appeal is received; and

14.10 (3) a requirement that a pharmacy benefit manager provide a reason for any appeal denial  
14.11 and identify the national drug code of a drug that may be purchased by the pharmacy at a  
14.12 price at or below the maximum allowable cost price as determined by the pharmacy benefit  
14.13 manager.

14.14 (d) If an appeal is upheld, the pharmacy benefit manager must make an adjustment to  
14.15 the maximum allowable cost price no later than one business day after the date of  
14.16 determination. The pharmacy benefit manager must make the price adjustment applicable  
14.17 to all similarly situated network pharmacy providers as defined by the plan sponsor.

14.18 **Sec. 10. [62W.09] PHARMACY AUDITS.**

14.19 Subdivision 1. **Procedure and process for conducting and reporting an audit.** (a)  
14.20 Unless otherwise prohibited by federal requirements or regulations, any entity conducting  
14.21 a pharmacy audit must follow the following procedures:

14.22 (1) a pharmacy must be given notice 14 days before an initial on-site audit is conducted;

14.23 (2) an audit that involves clinical or professional judgment must be conducted by or in  
14.24 consultation with a licensed pharmacist; and

14.25 (3) each pharmacy shall be audited under the same standards and parameters as other  
14.26 similarly situated pharmacies.

14.27 (b) Unless otherwise prohibited by federal requirements or regulations, for any entity  
14.28 conducting a pharmacy audit the following items apply:

14.29 (1) the period covered by the audit may not exceed 24 months from the date that the  
14.30 claim was submitted to or adjudicated by the entity, unless a longer period is required under  
14.31 state or federal law;

15.1 (2) if an entity uses random sampling as a method for selecting a set of claims for  
15.2 examination, the sample size must be appropriate for a statistically reliable sample.  
15.3 Notwithstanding section 151.69, the auditing entity shall provide the pharmacy a masked  
15.4 list that provides a prescription number or date range that the auditing entity is seeking to  
15.5 audit;

15.6 (3) an on-site audit may not take place during the first five business days of the month  
15.7 unless consented to by the pharmacy;

15.8 (4) auditors may not enter the pharmacy area unless escorted where patient-specific  
15.9 information is available and to the extent possible must be out of sight and hearing range  
15.10 of the pharmacy customers;

15.11 (5) any recoupment will not be deducted against future remittances until after the appeals  
15.12 process and both parties have received the results of the final audit;

15.13 (6) a pharmacy benefit manager may not require information to be written on a  
15.14 prescription unless the information is required to be written on the prescription by state or  
15.15 federal law. Recoupment may be assessed for items not written on the prescription if:

15.16 (i) additional information is required in the provider manual; or

15.17 (ii) the information is required by the Food and Drug Administration (FDA); or

15.18 (iii) the information is required by the drug manufacturer's product safety program; and

15.19 (iv) the information in item (i), (ii), or (iii) is not readily available for the auditor at the  
15.20 time of the audit; and

15.21 (7) the auditing company or agent may not receive payment based on a percentage of  
15.22 the amount recovered. This section does not prevent the entity conducting the audit from  
15.23 charging or assessing the responsible party, directly or indirectly, based on amounts recouped  
15.24 if both of the following conditions are met:

15.25 (i) the plan sponsor and the entity conducting the audit have a contract that explicitly  
15.26 states the percentage charge or assessment to the plan sponsor; and

15.27 (ii) a commission to an agent or employee of the entity conducting the audit is not based,  
15.28 directly or indirectly, on amounts recouped.

15.29 (c) An amendment to pharmacy audit terms in a contract between a pharmacy benefit  
15.30 manager and a pharmacy must be disclosed to the pharmacy at least 60 days prior to the  
15.31 effective date of the proposed change.

16.1 Subd. 2. Requirement for recoupment or chargeback. For recoupment or chargeback,  
16.2 the following criteria apply:

16.3 (1) audit parameters must consider consumer-oriented parameters based on manufacturer  
16.4 listings;

16.5 (2) a pharmacy's usual and customary price for compounded medications is considered  
16.6 the reimbursable cost unless the pricing methodology is outlined in the pharmacy provider  
16.7 contract;

16.8 (3) a finding of overpayment or underpayment must be based on the actual overpayment  
16.9 or underpayment and not a projection based on the number of patients served having a  
16.10 similar diagnosis or on the number of similar orders or refills for similar drugs;

16.11 (4) the entity conducting the audit shall not use extrapolation in calculating the  
16.12 recoupment or penalties for audits unless required by state or federal law or regulations;

16.13 (5) calculations of overpayments must not include dispensing fees unless a prescription  
16.14 was not actually dispensed, the prescriber denied authorization, the prescription dispensed  
16.15 was a medication error by the pharmacy, or the identified overpayment is solely based on  
16.16 an extra dispensing fee;

16.17 (6) an entity may not consider any clerical or record-keeping error, such as a typographical  
16.18 error, scrivener's error, or computer error regarding a required document or record as fraud,  
16.19 however such errors may be subject to recoupment;

16.20 (7) in the case of errors that have no actual financial harm to the patient or plan, the  
16.21 pharmacy benefit manager must not assess any chargebacks. Errors that are a result of the  
16.22 pharmacy failing to comply with a formal corrective action plan may be subject to recovery;  
16.23 and

16.24 (8) interest may not accrue during the audit period for either party, beginning with the  
16.25 notice of the audit and ending with the final audit report.

16.26 Subd. 3. Documentation. (a) To validate the pharmacy record and delivery, the pharmacy  
16.27 may use authentic and verifiable statements or records including medication administration  
16.28 records of a nursing home, assisted living facility, hospital, physician, or other authorized  
16.29 practitioner or additional audit documentation parameters located in the provider manual.

16.30 (b) Any legal prescription that meets the requirements in this chapter may be used to  
16.31 validate claims in connection with prescriptions, refills, or changes in prescriptions, including  
16.32 medication administration records, faxes, e-prescriptions, or documented telephone calls  
16.33 from the prescriber or the prescriber's agents.

17.1 Subd. 4. **Appeals process.** The entity conducting the audit must establish a written  
17.2 appeals process which must include appeals of preliminary reports and final reports.

17.3 Subd. 5. **Audit information and reports.** (a) A preliminary audit report must be delivered  
17.4 to the pharmacy within 60 days after the conclusion of the audit.

17.5 (b) A pharmacy must be allowed at least 45 days following receipt of the preliminary  
17.6 audit to provide documentation to address any discrepancy found in the audit.

17.7 (c) A final audit report must be delivered to the pharmacy within 120 days after receipt  
17.8 of the preliminary audit report or final appeal, whichever is later.

17.9 (d) An entity shall remit any money due to a pharmacy or pharmacist as a result of an  
17.10 underpayment of a claim within 45 days after the appeals process has been exhausted and  
17.11 the final audit report has been issued.

17.12 Subd. 6. **Disclosure to plan sponsor.** Where contractually required, an auditing entity  
17.13 must provide a copy to the plan sponsor of its claims that were included in the audit, and  
17.14 any recouped money shall be returned to the plan sponsor.

17.15 Subd. 7. **Applicability of other laws and regulations.** This section does not apply to  
17.16 any investigative audit that involves suspected fraud, willful misrepresentation, abuse, or  
17.17 any audit completed by Minnesota health care programs.

17.18 Subd. 8. **Definitions.** For purposes of this section, "entity" means a pharmacy benefits  
17.19 manager or any person or organization that represents these companies, groups, or  
17.20 organizations.

17.21 Sec. 11. **[62W.10] SYNCHRONIZATION.**

17.22 (a) For purposes of this section, "synchronization" means the coordination of prescription  
17.23 drug refills for a patient taking two or more medications for one or more chronic conditions,  
17.24 to allow the patient's medications to be refilled on the same schedule for a given period of  
17.25 time.

17.26 (b) A contract between a pharmacy benefit manager and a pharmacy must allow for  
17.27 synchronization of prescription drug refills for a patient on at least one occasion per year,  
17.28 if the following criteria are met:

17.29 (1) the prescription drugs are covered under the patient's health plan or have been  
17.30 approved by a formulary exceptions process;

17.31 (2) the prescription drugs are maintenance medications as defined by the health plan  
17.32 and have one or more refills available at the time of synchronization;

18.1 (3) the prescription drugs are not Schedule II, III, or IV controlled substances;

18.2 (4) the patient meets all utilization management criteria relevant to the prescription drug  
18.3 at the time of synchronization;

18.4 (5) the prescription drugs are of a formulation that can be safely split into short-fill  
18.5 periods to achieve synchronization; and

18.6 (6) the prescription drugs do not have special handling or sourcing needs that require a  
18.7 single, designated pharmacy to fill or refill the prescription.

18.8 (c) When necessary to permit synchronization, the pharmacy benefit manager must apply  
18.9 a prorated, daily patient cost-sharing rate to any prescription drug dispensed by a pharmacy  
18.10 under this section. The dispensing fee must not be prorated, and all dispensing fees shall  
18.11 be based on the number of prescriptions filled or refilled.

18.12 (d) Synchronization may be requested by the patient or by the patient's parent or legal  
18.13 guardian. For purposes of this paragraph, legal guardian includes but is not limited to a  
18.14 guardian of an incapacitated person appointed pursuant to chapter 524.

18.15 **Sec. 12. [62W.11] GAG CLAUSE PROHIBITION.**

18.16 (a) No contract between a pharmacy benefit manager or health carrier and a pharmacy  
18.17 or pharmacist shall prohibit, restrict, or penalize a pharmacy or pharmacist from disclosing  
18.18 to an enrollee any health care information that the pharmacy or pharmacist deems appropriate  
18.19 regarding the nature of treatment; the risks or alternatives; the availability of alternative  
18.20 therapies, consultations, or tests; the decision of utilization reviewers or similar persons to  
18.21 authorize or deny services; the process that is used to authorize or deny health care services  
18.22 or benefits; or information on financial incentives and structures used by the health carrier  
18.23 or pharmacy benefit manager.

18.24 (b) A pharmacy or pharmacist must provide to an enrollee information regarding the  
18.25 enrollee's total cost for each prescription drug dispensed where part or all of the cost of the  
18.26 prescription is being paid or reimbursed by the employer-sponsored plan or by a health  
18.27 carrier or pharmacy benefit manager, in accordance with section 151.214, subdivision 1.

18.28 (c) A pharmacy benefit manager or health carrier must not prohibit a pharmacist or  
18.29 pharmacy from discussing information regarding the total cost for pharmacy services for a  
18.30 prescription drug, including the patient's co-payment amount, the pharmacy's own usual  
18.31 and customary price of the prescription, and the net amount the pharmacy will receive from  
18.32 all sources for dispensing the prescription drug, once the claim has been completed by the  
18.33 pharmacy benefit manager or the patient's health carrier.

19.1 (d) A pharmacy benefit manager or health carrier must not prohibit a pharmacist or  
19.2 pharmacy from discussing the availability of any therapeutically equivalent alternative  
19.3 prescription drugs or alternative methods for purchasing the prescription drug, including  
19.4 but not limited to paying out-of-pocket the pharmacy's usual and customary price when that  
19.5 amount is less expensive to the enrollee than the amount the enrollee is required to pay for  
19.6 the prescription drug under the enrollee's health plan.

19.7 Sec. 13. [62W.12] POINT OF SALE.

19.8 No pharmacy benefit manager or health carrier shall require an enrollee to make a  
19.9 payment at the point of sale for a covered prescription drug in an amount greater than the  
19.10 lesser of:

19.11 (1) the applicable co-payment for the prescription drug;

19.12 (2) the allowable claim amount for the prescription drug;

19.13 (3) the amount an enrollee would pay for the prescription drug if the enrollee purchased  
19.14 the prescription drug without using a health plan or any other source of prescription drug  
19.15 benefits or discounts; or

19.16 (4) the amount the pharmacy will be reimbursed for the prescription drug from the  
19.17 pharmacy benefit manager or health carrier.

19.18 Sec. 14. [62W.13] RETROACTIVE ADJUSTMENTS.

19.19 No pharmacy benefit manager shall retroactively adjust a claim for reimbursement  
19.20 submitted by a pharmacy for a prescription drug, unless the adjustment is a result of a:

19.21 (1) pharmacy audit conducted in accordance with section 62W.09; or

19.22 (2) technical billing error.

19.23 Sec. 15. Minnesota Statutes 2018, section 151.21, subdivision 7, is amended to read:

19.24 Subd. 7. **Drug formulary.** ~~This section~~ Subdivision 3 does not apply when a pharmacist  
19.25 is dispensing a prescribed drug to persons covered under a managed health care plan that  
19.26 maintains a mandatory or closed drug formulary.

20.1 Sec. 16. Minnesota Statutes 2018, section 151.21, is amended by adding a subdivision to  
20.2 read:

20.3 Subd. 7a. Coverage by substitution. (a) When a pharmacist receives a prescription  
20.4 order by paper or hard copy, by electronic transmission, or by oral instruction from the  
20.5 prescriber, in which the prescriber has not expressly indicated that the prescription is to be  
20.6 dispensed as communicated and the drug prescribed is not covered under the purchaser's  
20.7 health plan or prescription drug plan, the pharmacist may dispense a therapeutically  
20.8 equivalent and interchangeable prescribed drug or biological product that is covered under  
20.9 the purchaser's plan, if the pharmacist has a written protocol with the prescriber that outlines  
20.10 the class of drugs of the same generation and designed for the same indication that can be  
20.11 substituted and the required communication between the pharmacist and the prescriber.

20.12 (b) The pharmacist must inform the purchaser if the pharmacist is dispensing a drug or  
20.13 biological product other than the specific drug or biological product prescribed and the  
20.14 reason for the substitution.

20.15 (c) The pharmacist must communicate to the prescriber the name and manufacturer of  
20.16 the substituted drug that was dispensed and the reason for the substitution, in accordance  
20.17 with the written protocol.

20.18 Sec. 17. **SEVERABILITY.**

20.19 If any provision of the amendments to Minnesota Statutes, sections 62Q.83, 62W.01 to  
20.20 62W.13, and 151.21, subdivisions 7 and 7a, are held invalid or unenforceable, the remainder  
20.21 of the sections are not affected and the provisions of the sections are severable.

20.22 Sec. 18. **INTERPRETATION.**

20.23 If an appropriation in this act is enacted more than once in the 2019 regular legislative  
20.24 session, the appropriation must be given effect only once.

20.25 Sec. 19. **APPROPRIATION.**

20.26 \$277,000 in fiscal year 2020 and \$274,000 in fiscal year 2021 are appropriated from the  
20.27 general fund to the commissioner of commerce for licensing activities under Minnesota  
20.28 Statutes, chapter 62W.

21.1 Sec. 20. **REPEALER.**

21.2 Minnesota Statutes 2018, sections 151.214, subdivision 2; 151.60; 151.61; 151.62;

21.3 151.63; 151.64; 151.65; 151.66; 151.67; 151.68; 151.69; 151.70; and 151.71, are repealed.

#### **151.214 PAYMENT DISCLOSURE.**

Subd. 2. **No prohibition on disclosure.** No contracting agreement between an employer-sponsored health plan or health plan company, or its contracted pharmacy benefit manager, and a resident or nonresident pharmacy registered under this chapter, may prohibit the pharmacy from disclosing to patients information a pharmacy is required or given the option to provide under subdivision 1.

#### **151.60 PHARMACY AUDIT INTEGRITY PROGRAM.**

The pharmacy audit integrity program is established to provide standards for an audit of pharmacy records carried out by a pharmacy benefits manager or any entity that represents pharmacy benefits managers.

#### **151.61 DEFINITIONS.**

Subdivision 1. **Scope.** For the purposes of sections 151.60 to 151.70, the following terms have the meanings given.

Subd. 2. **Entity.** "Entity" means a pharmacy benefits manager or any person or organization that represents these companies, groups, or organizations.

Subd. 3. **Pharmacy benefits manager or PBM.** "Pharmacy benefits manager" or "PBM" means a person, business, or other entity that performs pharmacy benefits management. The term includes a person or entity acting for a PBM in a contractual or employment relationship in the performance of pharmacy benefits management.

Subd. 4. **Plan sponsor.** "Plan sponsor" means the employer in the case of an employee benefit plan established or maintained by a single employer, a group purchaser as defined in section 62J.03, subdivision 6, or the employee organization in the case of a plan established or maintained by an employee organization, an association, joint board trustees, a committee, or other similar group that establishes or maintains the plan.

#### **151.62 PHARMACY BENEFIT MANAGER CONTRACT.**

An amendment to pharmacy audit terms in a contract between a PBM and a pharmacy must be disclosed to the pharmacy at least 60 days prior to the effective date of the proposed change.

#### **151.63 PROCEDURE AND PROCESS FOR CONDUCTING AND REPORTING AN AUDIT.**

Subdivision 1. **Audit procedures.** Unless otherwise prohibited by federal requirements or regulations, any entity conducting a pharmacy audit must follow the following procedures.

- (2) An audit that involves clinical or professional judgment must be conducted by or in consultation with a licensed pharmacist.
- (3) Each pharmacy shall be audited under the same standards and parameters as other similarly situated pharmacies.

Subd. 2. **Audit process.** Unless otherwise prohibited by federal requirements or regulations, for any entity conducting a pharmacy audit the following audit items apply.

- (1) The period covered by the audit may not exceed 24 months from the date that the claim was submitted to or adjudicated by the entity, unless a longer period is required under state or federal law.
- (2) If an entity uses random sampling as a method for selecting a set of claims for examination, the sample size must be appropriate for a statistically reliable sample. Notwithstanding section 151.69, the auditing entity shall provide the pharmacy a masked list that provides a prescription number or date range that the auditing entity is seeking to audit.
- (3) An on-site audit may not take place during the first five business days of the month unless consented to by the pharmacy.

APPENDIX  
Repealed Minnesota Statutes: UES0278-1

(5) Any recoupment will not be deducted against future remittances until after the appeals process and both parties have received the results of the final audit.

(6) A PBM may not require information to be written on a prescription unless the information is required to be written on the prescription by state or federal law. Recoupment may be assessed for items not written on the prescription if:

(i) additional information is required in the provider manual; or

(ii) the information is required by the Food and Drug Administration (FDA); or

(iii) the information is required by the drug manufacturer's product safety program; and

(iv) the information in clause (i), (ii), or (iii) is not readily available for the auditor at the time of the audit.

(7) The auditing company or agent may not receive payment based on a percentage of the amount recovered. This section does not prevent the entity conducting the audit from charging or assessing the responsible party, directly or indirectly, based on amounts recouped if both of the following conditions are met:

(i) the plan sponsor and the entity conducting the audit have a contract that explicitly states the percentage charge or assessment to the plan sponsor; and

(ii) a commission to an agent or employee of the entity conducting the audit is not based, directly or indirectly, on amounts recouped.

**151.64 REQUIREMENTS FOR RECOUPMENT OR CHARGEBACK.**

For recoupment or chargeback, the following criteria apply.

(1) Audit parameters must consider consumer-oriented parameters based on manufacturer listings.

(2) A pharmacy's usual and customary price for compounded medications is considered the reimbursable cost unless the pricing methodology is outlined in the provider contract.

(3) A finding of overpayment or underpayment must be based on the actual overpayment or underpayment and not a projection based on the number of patients served having a similar diagnosis or on the number of similar orders or refills for similar drugs.

(4) The entity conducting the audit shall not use extrapolation in calculating the recoupment or penalties for audits unless required by state or federal law or regulations.

(5) Calculations of overpayments must not include dispensing fees unless a prescription was not actually dispensed, the prescriber denied authorization, the prescription dispensed was a medication error by the pharmacy, or the identified overpayment is solely based on an extra dispensing fee.

(6) An entity may not consider any clerical or record-keeping error, such as a typographical error, scrivener's error, or computer error regarding a required document or record as fraud, however such errors may be subject to recoupment.

(7) In the case of errors that have no actual financial harm to the patient or plan, the PBM must not assess any chargebacks. Errors that are a result of the pharmacy failing to comply with a formal corrective action plan may be subject to recovery.

(8) Interest may not accrue during the audit period for either party, beginning with the notice of the audit and ending with the final audit report.

**151.65 DOCUMENTATION.**

(a) To validate the pharmacy record and delivery, the pharmacy may use authentic and verifiable statements or records including medication administration records of a nursing home, assisted living facility, hospital, physician, or other authorized practitioner or additional audit documentation parameters located in the provider manual.

(b) Any legal prescription that meets the requirements in this chapter may be used to validate claims in connection with prescriptions, refills, or changes in prescriptions, including medication administration records, faxes, e-prescriptions, or documented telephone calls from the prescriber or the prescriber's agents.

**151.66 APPEALS PROCESS.**

The entity conducting the audit must establish a written appeals process which must include appeals of preliminary reports and final reports.

**151.67 AUDIT INFORMATION AND REPORTS.**
