

Rule 701. Applicability of Rules

These rules apply in all criminal actions, and supplement the Minnesota Rules of Criminal Procedure. In addition, Rule 707 applies in extended jurisdiction juvenile proceeding.

(Amended effective January 1, 2005.)

Task Force Comment - 1991 Adoption

The rules set forth here are derived from existing local rules. In order to further uniformity in practice in criminal proceedings throughout the state, the Task Force reviewed the existing local rules, and combined those rules having potential usefulness in all cases into a single code. The Task Force then submitted those rules to the Minnesota Supreme Court Advisory Committee on Rules of Criminal Procedure. The recommendations of that Advisory Committee have been endorsed and ratified by this Task Force, and these rules incorporate all of the recommendations of the Advisory Committee.
