The city of Fergus Falls in Otter Tail county may issue and sell general obligations to provide funds to finance the acquisition and betterment of and extensions to and improvements of a solid waste disposal facility in the city consisting of land, one or more buildings thereon and related equipment. The city may expend funds for the operation and maintenance of the facility and may impose reasonable charges for its use. The city may contract with any person or political subdivision to provide solid waste disposal services at the facility and to sell and dispose of by-products of the facility.

General obligations issued under section 1 shall be issued and sold in accordance with Minnesota Statutes, chapter 475. All rates, charges, and revenues of the facility from whatever source including the sale of the facility or any portion of it, or its equipment or by-products shall be placed in a special fund and used first to pay the normal, reasonable, and current costs of operating and maintaining the facility. The net revenues received from time to time in excess of the costs may be pledged by resolution of the city council, or may be used though not pledged, to pay principal and interest on the obligations, or to pay a portion of the principal and interest as directed in the resolution. In the resolution authorizing the issuance of the obligations and pledging net revenues, the city council may make covenants for the protection of holders of the obligations and taxpayers of the city as it deems necessary, including but without limitation, a covenant that the city will impose and collect charges and contract payments of the nature authorized in this act at the times and in the amounts required to produce, together with any taxes or other revenues designated as a primary source of payment of the obligations, net revenues adequate to pay all principal and interest when due on the obligations, and to maintain reserves securing payments as provided in the resolution. When such a covenant is made, it shall be enforceable by appropriate action on the part of any holder of the obligations or any taxpayer of the city in a court of competent jurisdiction and the obligations shall be deemed to be payable wholly from the income of a revenue-producing convenience within the meaning of Minnesota Statutes, sections 475.51 and 475.58.
