CHAPTER 632 — S.F.No. 1455

An act relating to health; exempting schools from license fee requirements of the department of health; amending Minnesota Statutes 1982, section 157.03.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. Minnesota Statutes 1982, section 157.03, is amended to read:

157.03 LICENSES REQUIRED; FEES.

Each year every person, firm, or corporation engaged in the business of conducting an hotel, motel, restaurant, lodging house, boarding house, or resort, or place of refreshment, or who shall hereafter engage in conducting any such business, except vending machine operators licensed under the license provisions of sections 28A.01 to 28A.16, must procure a license for each hotel, motel, restaurant, lodging house, boarding house, or resort, or place of refreshment so conducted. For any hotel, motel or resort in which food, fountain, or bar service is furnished, one license, in addition to the hotel or resort license, shall be sufficient for all restaurants and places of refreshment conducted on the same premises and under the same management with the hotel, motel or resort. Each license shall expire and be renewed as prescribed by the commissioner pursuant to section 144.122. Any proprietor who operates a place of business after the expiration date without first having made application for a license and without having made payment of the fee thereof shall be deemed to have violated the provisions of this chapter and be subject to prosecution, as provided in this chapter. In addition thereto, a penalty in an amount prescribed by the commissioner pursuant to section 144.122 shall be added to the amount of the license fee and paid by the proprietor, as provided herein, if the application has not reached the office of the state commissioner of health within 30 days following the expiration of license; or, in the case of a new business, 30 days after the opening date of the business. The state commissioner of health shall furnish to any person, firm or corporation desiring to conduct an hotel, motel, restaurant, lodging house, boarding house, or resort, or place of refreshment an application

The application shall be accompanied by a license fee as hereinafter provided.

For hotels, motels, lodging houses, and resorts the license fee may be graduated according to the number of sleeping rooms and the amount of the fees shall be prescribed by the state commissioner of health pursuant to section 144.122.

For restaurants, places of refreshment, and boarding houses the license fee may be based on the average number of employees. If the license fee is so computed, the commissioner shall consider each full time employee as one employee and each part time employee as that fraction of one employee as the number of months in which he is employed is to the 12 months of the year. Employees shall include all persons, except children of the licensee under the age of 18, at work in any capacity, either voluntary or paid, and whether or not reported under the labor laws of this state.

If the license fee is based upon the average number of employees, every licensee shall, at the time of application, certify as to the number of his employees on forms provided by the state commissioner of health and the state commissioner of health shall have access, on demand, to any and all employment records for purposes of substantiating or correcting numbers of declared employees.

License fees for restaurants, places of refreshment, and boarding houses shall be in an amount prescribed by the state commissioner of health pursuant to section 144.122.

No school, as defined in sections 120.05 and 120.10, subdivision 2, may be required to pay a license fee.
