Section 1. Minnesota Statutes 1991 Supplement, section 256D.06, subdivision 1b, is amended to read:

Subd. 1b. **EARNED INCOME SAVINGS ACCOUNT.** In addition to the \$50 disregard required under subdivision 1, the county agency shall disregard an additional earned income up to a maximum of \$150 per month for: (1) persons residing in facilities licensed under Minnesota Rules, parts 9520.0500 to 9520.0690 and 9530.2500 to 9530.4000, and for whom discharge and work are part of a treatment plan; (2) persons living in supervised apartments with services funded under Minnesota Rules, parts 9535.0100 to 9535.1600, and for whom discharge and work are part of a treatment plan; and (3) persons residing in a negotiated rate residence, as that term is defined in section 256I.03, subdivision 3, for whom the county agency has approved a discharge plan which includes work. The additional amount disregarded must be placed in a separate savings account by the eligible individual, to be used upon discharge from the residential facility into the community. For individuals residing in a chemical dependency program licensed under Minnesota Rules, part 9530.4100, subpart 22, item D, withdrawals from the savings account require the signature of the individual and for those individuals with an authorized representative payee, the signature of the payee. A maximum of \$1,000, including interest, of the money in the savings account must be excluded from the resource limits established by section 256D.08, subdivision 1, clause (1). Amounts in that account in excess of \$1,000 must be applied to the resident's cost of care. If excluded money is removed from the savings account by the eligible individual at any time before the individual is discharged from the facility into the community, the money is income to the individual in the month of receipt and a resource in subsequent months. If an eligible individual moves from a community facility to an inpatient hospital setting, the separate savings account is an excluded asset for up to 18 months. During that time, amounts that accumulate in excess of the \$1,000 savings limit must be applied to the patient's cost of care. If the patient continues to be hospitalized at the conclusion of the 18-month period, the entire account must be applied to the patient's cost of care.
