

Sec. 22. REVISOR INSTRUCTION; DATA PRACTICES LAW RECODIFICATION.

The revisor of statutes shall reorganize Minnesota Statutes, chapter 13, to create a structure that provides users with quick access to the data practices laws codified in chapter 13, and locates references to data practices laws codified outside chapter 13 adjacent to their particular service area codified in chapter 13. For purposes of this section, "data practice laws codified outside chapter 13" includes both laws that place restrictions on access to data and laws involving data sharing. Service areas may include government entities such as state agencies, cities, or school districts, or functional areas such as education, law enforcement, human services, or child protection. If there is no appropriate service area in chapter 13, the revisor shall recodify the provision in another logical and appropriate place in chapter 13. The revisor shall consult with the chairs of the data practices subcommittees in the house of representatives and senate, and legislative staff. The revisor shall include the data practices recodification in the 2000 edition of Minnesota Statutes.
