(4) maintain the moratorium on new construction of nursing home beds and to lower the percentage of elderly persons served in institutional settings; and

(5) build a community-based approach and community commitment to delivering long-term care services for elderly persons in their homes.

(b) The objective for the fiscal years 1994 and 1995 biennial plan is to continue at least four but not more than six projects in anticipation of a statewide program. These projects will continue the process of implementing:
