The applicant must complete the remainder of the

application and provide necessary verification before eligibility can be determined. The county agency must assist the applicant in obtaining verification if necessary.

For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

(m) When determining eligibility for any state benefits under this subdivision, the income and resources of all noncitizens shall be deemed to include their sponsor's income and resources as defined in the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, title IV, Public Law 104-193, sections 421 and 422, and subsequently set out in federal rules.

Sec. 10. Minnesota Statutes 2006, section 256L.07, subdivision 5, is amended to read:

Those individuals and families shall be considered to have good cause for voluntary termination under section 256L.06, subdivision 3, paragraph (d). Income and asset increases reported at the time of reenrollment shall be disregarded. All provisions of sections 256L.01 to 256L.18 shall apply to individuals and families enrolled under this subdivision upon ~~six-month~~ 12-month renewal.

Sec. 11. Minnesota Statutes 2007 Supplement, section 256L.15, subdivision 2, is amended to read:

Subd. 2. **Sliding fee scale; monthly gross individual or family income.** (a) The commissioner shall establish a sliding fee scale to determine the percentage of monthly gross individual or family income that households at different income levels must pay to obtain coverage through the MinnesotaCare program. The sliding fee scale must be based on the enrollee's monthly gross individual or family income. The sliding fee scale must contain separate tables based on enrollment of one, two, or three or more persons. The sliding fee scale begins with a premium of 1.5 percent of monthly gross individual or family income for individuals or families with incomes below the limits for the medical assistance program for families and children in effect on January 1, 1999, and proceeds through the following evenly spaced steps: 1.8, 2.3, 3.1, 3.8, 4.8, 5.9, 7.4, and 8.8 percent. These percentages are matched to evenly spaced income steps ranging from the medical assistance income limit for families and children in effect on January 1, 1999, to 275 percent of the federal poverty guidelines for the applicable family size, up to a family size of five. The sliding fee scale for a family of five must be used for families of more than five. The sliding fee scale and percentages are not subject to the provisions of chapter 14. If a family or individual reports increased income after enrollment, premiums shall be adjusted at the time the change in income is reported.

(b) ~~Families~~ Children whose gross income is above 275 percent of the federal poverty guidelines shall pay the maximum premium. The maximum premium is defined as a base charge for one, two, or three or more enrollees so that if all MinnesotaCare cases paid the maximum premium, the total revenue would equal the total cost of MinnesotaCare medical coverage and administration. In this calculation, administrative costs shall be assumed to equal ten percent of the total. The costs of medical coverage for pregnant women and children under age two and the enrollees in these groups shall be excluded from the total. The maximum premium for two enrollees shall be twice the maximum premium for one, and the maximum premium for three or more enrollees shall be three times the maximum premium for one.
