(4) any new rule or policy or change of rule or policy adopted by the commissioner of corrections which has the effect of postponing eligibility for parole has prospective effect only and applies only with respect to persons committing offenses after the effective date of the new rule or policy or change.

(b) Upon being paroled and released, an inmate is and remains in the legal custody and under the control of the commissioner, subject at any time to be returned to a facility of the Department of Corrections established by law for the confinement or treatment of convicted persons and the parole rescinded by the commissioner.

(c) The written order of the commissioner of corrections, is sufficient authority for any peace officer, state correctional investigator, or state parole and probation agent to retake and place in actual custody any person on parole or supervised release. In addition, when it appears necessary in order to prevent escape or enforce discipline, any state parole and probation agent or state correctional investigator may, without order of warrant, take and detain a parolee or person on supervised release or work release and bring the person to the commissioner for action.

(d) The written order of the commissioner of corrections is sufficient authority for any peace officer, state correctional investigator, or state parole and probation agent to retake and place in actual custody any person on probation under the supervision of the commissioner pursuant to section 609.135. Additionally, when it appears necessary in order to prevent escape or enforce discipline, any state parole and probation agent or state correctional investigator may, without an order, retake and detain a probationer and bring the probationer before the court for further proceedings under section 609.14.

(e) The written order of the commissioner of corrections is sufficient authority for any peace officer, state correctional investigator, or state parole and probation agent to detain any person on pretrial release who absconds from pretrial release or fails to abide by the conditions of pretrial release.

The commissioner may institute inquiries by correspondence, taking testimony, or otherwise, as to the previous history, physical or mental condition, and character of the inmate and, to that end, has the authority to require the attendance of the chief executive officer of any state adult correctional facility and the production of the records of these facilities, and to compel the attendance of witnesses. The commissioner is authorized to administer oaths to witnesses for these purposes.

(h) Unless the district court directs otherwise, state parole and probation agents may require a person who is under the supervision of the commissioner of corrections to perform community work service for violating a condition of probation imposed by the court. Community work service may be imposed for the purpose of protecting the public, to aid the offender's rehabilitation, or both. Agents may impose up to eight hours of community work service for each violation and up to a total of 24 hours per offender per 12-month period, beginning with the date on which community work service is first imposed. The commissioner may authorize an additional 40 hours of community work services, for a total of 64 hours per offender per 12-month period, beginning with the date on which community work service is first imposed. An offender may challenge the imposition of community work service by filing a petition in district court. An offender must file the petition within five days of receiving written notice that community work service is being imposed. If the offender challenges the imposition of community work service, the state bears the burden of showing, by a preponderance of the evidence, that the imposition of community work service is reasonable under the circumstances.

Community work service includes sentencing to service.

(i) Prior to revoking a nonviolent controlled substance offender's parole or probation based on a technical violation, when the offender does not present a risk to the public and the offender is amenable to continued supervision in the community, a parole or probation agent must identify community options to address and correct the violation including, but not limited to, inpatient chemical dependency treatment. If a probation or parole agent determines that community options are appropriate, the agent shall seek to restructure the offender's terms of release to incorporate those options. If an offender on probation stipulates in writing to restructure the terms of release, a probation agent must forward a report to the district court containing:

(1) the specific nature of the technical violation of probation;

(2) the recommended restructure to the terms of probation; and

(3) a copy of the offender's signed stipulation indicating that the offender consents to the restructuring of probation.

The recommended restructuring of probation becomes effective when confirmed by a judge. EFFECTIVE DATE. This section is effective August 1, 2017, and applies to crimes committed on or after that date.

Sec. 2. Minnesota Statutes 2016, section 152.02, subdivision 12, is amended to read:

Subd. 12. **Coordination of controlled substance regulation with federal law and state statute.** (a) ~~If any substance is designated, rescheduled, or deleted as a controlled substance under federal law and notice thereof is given to the state Board of Pharmacy, the state Board of Pharmacy shall~~ may ~~temporarily control the substance under this chapter, after the expiration of 30 days from publication in the Federal Register of a final order designating a substance as a controlled substance or rescheduling or deleting a substance. Such order shall be filed with the secretary of state. If within that 30-day period, the state Board of Pharmacy objects to inclusion, rescheduling, or deletion, it shall publish the reasons for objection and afford all interested parties an opportunity to be heard. At the conclusion of the hearing, the state Board of Pharmacy shall publish its decision, which shall be subject to the provisions of chapter 14 by issuing an order and causing it to be published in the State Register and filed with the secretary of state. In issuing the order, the board is not required to engage in rulemaking. The order expires no later than 12 months after the date of issue and may not be renewed. After issuing the order, the board may permanently schedule the substance only by exercising the authority granted to it under subdivision 8.~~

~~In exercising the authority granted by this chapter, the state Board of Pharmacy shall be subject to the provisions of chapter 14.~~

(b) The state Board of Pharmacy shall annually submit a report to the legislature on or before December 1 that specifies what changes the board made to the controlled substance schedules maintained by the board in Minnesota Rules, parts 6800.4210 to 6800.4250, in the preceding 12 months. The report must also specify any orders issued by the board under this subdivision. The report must include specific recommendations for amending the controlled substance schedules contained in subdivisions 2 to 6, so that they conform with the controlled substance schedules maintained by the board in Minnesota Rules, parts 6800.4210 to 6800.4250, and with the federal schedules.
