(b) This paragraph, in conjunction with paragraph (c), applies to a person who first became a member of the association or a member of a pension fund listed in section 356.30, subdivision 3, before July 1, 1989, unless paragraph (d), in conjunction with paragraph (e), produces a higher annuity amount, in which case paragraph (d) applies. The average salary as defined in section 354.05, subdivision 13a, multiplied by the following percentages per year of formula service credit shall determine the amount of the annuity to which the member qualifying therefor is entitled for service rendered before July 1, 2006:

Period	Coordinated Member	Basic Member
Each year of service during first ten	1.2 percent per year	2.2 percent per year
Each year of service thereafter	1.7 percent per year	2.7 percent per year

For service rendered on or after July 1, 2006, by a member other than a member who was a member of the former Duluth Teachers Retirement Fund Association between January 1, 2006, and June 30, 2015, and for service rendered on or after July 1, 2013, by a member who was a member of the former Duluth Teachers Retirement Fund Association between January 1, 2013, and June 30, 2015, the average salary as defined in section 354.05, subdivision 13a, multiplied by the following percentages per year of service credit, determines the amount the annuity to which the member qualifying therefor is entitled:

The resulting reduced annuity shall be further adjusted to take into account the increase in the monthly amount that would be payable to the employee if the employee have occurred had the member retired early and deferred receipt of the annuity until normal retirement age and the annuity amount were was augmented at an annual rate of three percent compounded annually from the day the annuity begins to accrue until the normal retirement age if the employee became an employee before July 1, 2006, and during the deferral period at 2.5 percent compounded annually, if the employee became an employee member commenced employment after June 30, 2006, or at three percent, if the member commenced employment before July 1, 2006, compounded annually.

(2) For a ~~person~~ member who is has not at least attained age 62 or older and does not have at least or has fewer than 30 years of service, the annuity ~~would~~ shall be reduced for each year that the member's age of retirement precedes the normal retirement age by ~~an~~ the following early reduction factor of factors:

The resulting annuity shall be further adjusted to take into account the increase in the monthly amount that would have occurred had the member retired early and deferred receipt of the annuity until normal retirement age and the annuity was augmented during the deferral period at the applicable annual rate, compounded annually. The applicable annual rate is the rate in effect for the month that includes the member's effective date of retirement and shall be considered as fixed for the member for the period until the member reaches normal retirement age. The applicable annual rate for June 2019 is 2.5 percent, if the member commenced employment after June 30, 2006, or three percent, if the member commenced employment before July 1, 2006, compounded annually, and decreases each month beginning July 2019 in equal monthly increments over the five-year period that begins July 1, 2019, and ends June 30, 2024, to zero percent effective for July 2024 and thereafter.

The early reduction factors are four percent per year for ages 55 through 59 and seven percent per year for ages 60 through normal retirement age. The resulting annuity must be further adjusted to take into account augmentation as if the employee had deferred receipt of the annuity until normal retirement age and the annuity were augmented at the applicable annual rate, compounded annually, from the day the annuity begins to accrue until normal retirement age. The applicable annual rate is the rate in effect on the employee's effective date of retirement and shall be considered as fixed for the employee. The applicable annual rates are the following:

If a person has more than one period of uninterrupted service, a separate average salary determined under section 354A.31 must be used for each period, and the monthly annuity amount related to each period must be augmented as provided in this subdivision. The sum of the augmented monthly annuity amounts determines the total deferred annuity payable. If a person repays a refund, the service restored by the repayment must be considered as continuous with the next period of service for which the person has credit with the fund. If a person does not render teaching services in any one fiscal year or more consecutive fiscal years and then resumes teaching service, the formula percentages used from the date of resumption of teaching service are those applicable to new members. ~~(e)~~ (d) The assumptions set forth in ~~paragraphs (e) and (d)~~ the appendix to the standards for actuarial work continue to apply, unless a different salary assumption or a different payroll increase assumption:

(1) has been proposed by the governing board of the applicable retirement plan;

(2) is accompanied by the concurring recommendation of the actuary retained under section 356.214, subdivision 1, if applicable, or by the approved actuary preparing the most recent actuarial valuation report if section 356.214 does not apply; and

(3) has been approved or deemed approved under subdivision 18.

Sec. 2. Minnesota Statutes 2016, section 356.215, subdivision 9, is amended to read:

Subd. 9. **Other assumptions.** ~~The~~ (a) Each plan's actuarial valuation must use assumptions concerning base mortality rates, disability, retirement, withdrawal, retirement age, and any other relevant demographic or economic factor. These assumptions must be set at levels consistent with those determined in the most recent quadrennial experience study completed under subdivision 16, if required, or ~~representative of the best estimate of future experience~~ as recommended by the plan's approved actuary, if a quadrennial experience study is not required.

(b) The actuarial valuation may use an assumption concerning future mortality improvement. This assumption may be set at levels consistent with those determined in the most recent mortality improvement scale published by the Society of Actuaries or as otherwise recommended by the plan's approved actuary.

(c) The actuarial valuation must contain an exhibit indicating ~~any~~ the actuarial assumptions used in preparing the valuation report.

Sec. 3. Minnesota Statutes 2016, section 356.215, subdivision 11, is amended to read:

Subd. 11. **Amortization contributions.** (a) In addition to the exhibit indicating the level normal cost, the actuarial valuation of the retirement plan must contain an exhibit for financial reporting purposes indicating the additional annual contribution sufficient to amortize the unfunded actuarial accrued liability and must contain an exhibit for contribution determination purposes indicating the additional contribution sufficient to amortize the unfunded actuarial accrued liability. For the retirement plans listed in subdivision 8, paragraph (c), but excluding the legislators retirement plan, the additional contribution must be calculated on a level percentage of covered payroll basis by the established date for full funding in effect when the valuation is prepared, assuming annual payroll growth at the applicable percentage rate set forth in subdivision 8, paragraph (d). For all other retirement plans and for the legislators retirement plan, the additional annual contribution must be calculated on a level annual dollar amount basis.

(b) For any retirement plan other than a retirement plan governed by paragraph (d), (e), (f), (g), (h), (i), or (j), if there has not been a change in the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, which change or changes by itself or by themselves without inclusion of any other items of increase or decrease produce a net increase in the unfunded actuarial accrued liability of the fund, the established date for full funding is the first actuarial valuation date occurring after June 1, 2020.

(c) For any retirement plan, if there has been a change in any or all of the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, and the change or changes, by itself or by themselves and without inclusion of any other items of increase or decrease, produce a net increase in the unfunded actuarial accrued liability in the fund, the established date for full funding must be determined using the following procedure:

(i) the unfunded actuarial accrued liability of the fund must be determined in accordance with the plan provisions governing annuities and retirement benefits and the actuarial assumptions in effect before an applicable change;

(ii) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the unfunded actuarial accrued liability amount determined under item (i) by the established date for full funding in effect before the change must be calculated using the interest assumption specified in subdivision 8 in effect before the change;

(iii) the unfunded actuarial accrued liability of the fund must be determined in accordance with any new plan provisions governing annuities and benefits payable from the fund and any new actuarial assumptions and the remaining plan provisions governing annuities and benefits payable from the fund and actuarial assumptions in effect before the change;

(iv) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the difference between the unfunded actuarial accrued liability amount calculated under item (i) and the unfunded actuarial accrued liability amount calculated under item (iii) over a period of 30 years from the end of the plan year in which the applicable change is effective must be calculated using the applicable interest assumption specified in subdivision 8 in effect after any applicable change;

(v) the level annual dollar or level percentage amortization contribution under item (iv) must be added to the level annual dollar amortization contribution or level percentage calculated under item (ii);

(vi) the period in which the unfunded actuarial accrued liability amount determined in item (iii) is amortized by the total level annual dollar or level percentage amortization contribution computed under item (v) must be calculated using the interest assumption specified in subdivision 8 in effect after any applicable change, rounded to the nearest integral number of years, but not to exceed 30 years from the end of the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and not to be less than the period of years beginning in the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and ending by the date for full funding in effect before the change; and

(vii) the period determined under item (vi) must be added to the date as of which the actuarial valuation was prepared and the date obtained is the new established date for full funding.

(d) For the general employees retirement plan of the Public Employees Retirement Association, the established date for full funding is June 30, ~~2034~~ 2048.

(e) For the Teachers Retirement Association, the established date for full funding is June 30, ~~2037~~ 2048.

(f) For the correctional state employees retirement plan and the State Patrol retirement plan of the Minnesota State Retirement System, the established date for full funding is June 30, ~~2038~~ 2048.

(g) For the judges retirement plan, the established date for full funding is June 30, ~~2038~~ 2048.

(h) For the local government correctional service retirement plan and the public employees police and fire retirement plan, the established date for full funding is June 30, ~~2038~~ 2048.

(i) For the St. Paul Teachers Retirement Fund Association, the established date for full funding is June 30, ~~2042~~. ~~In addition to other requirements of this chapter, the annual actuarial valuation must contain an exhibit indicating the funded ratio and the deficiency or sufficiency in annual contributions when comparing liabilities to the market value of the assets of the fund as of the close of the most recent fiscal year~~ 2048.

(j) For the general state employees retirement plan of the Minnesota State Retirement System, the established date for full funding is June 30, ~~2040~~ 2048.

(k) For the retirement plans for which the annual actuarial valuation indicates an excess of valuation assets over the actuarial accrued liability, the valuation assets in excess of the actuarial accrued liability must be recognized as a reduction in the current contribution requirements by an amount equal to the amortization of the excess expressed as a level percentage of pay over a 30-year period beginning anew with each annual actuarial valuation of the plan.

Sec. 4. Minnesota Statutes 2016, section 356.30, subdivision 1, is amended to read:

Subdivision 1. **Eligibility; computation of annuity.** (a) Notwithstanding any provisions of the laws governing the covered retirement plans ~~enumerated~~ listed in subdivision 3, a person ~~who has met the~~

~~qualifications of paragraph (b) may elect to receive, upon retirement, a retirement annuity from each enumerated covered retirement plan in which the person has at least one-half year of allowable service, based on the allowable service in each plan, subject to the provisions of paragraph (e); (b), if the person has:~~

~~(1) allowable service in any two or more of the covered plans;~~

~~(2) at least one-half year of allowable service in each covered plan, based on the allowable service in each plan;~~

~~(3) total allowable service that equals or exceeds the longest service credit vesting requirement of the applicable retirement plan; and~~

~~(4) not begun to receive an annuity from any covered plan or made application for benefits from each applicable plan and the retirement annuity effective dates of each plan are within a one-year period.~~

~~(b) A person may receive, upon retirement, a retirement annuity from each enumerated retirement plan in which the person has at least one-half year of allowable service, and augmentation of a deferred annuity calculated at the appropriate rate under the laws governing each public pension plan or fund named in subdivision 3, based on the date of the person's initial entry into public employment from the date the person terminated all public service if:~~

~~(1) the person has allowable service in any two or more of the enumerated plans;~~

~~(2) the person has sufficient allowable service in total that equals or exceeds the applicable service credit vesting requirement of the retirement plan with the longest applicable service credit vesting requirement; and~~

~~(3) the person has not begun to receive an annuity from any enumerated plan or the person has made application for benefits from each applicable plan and the effective dates of the retirement annuity with each plan under which the person chooses to receive an annuity are within a one-year period.~~

~~(e) (b) If all requirements in paragraph (a) have been satisfied, the retirement annuity from each plan must be based upon the allowable service, accrual rates, and average salary in the applicable plan except as further specified or modified in the following clauses:~~

~~(1) the laws governing annuities must be the law in effect on the date of termination from the last period of public service under a covered retirement plan with which the person earned a minimum of one-half year of allowable service credit during that employment;~~

~~(2) the "average salary" on which the annuity from each covered plan in which the employee has credit ~~is a~~ used to calculate the annuity for each formula plan must be based on the employee's highest five successive years of covered salary during the entire service in covered plans;~~

~~(3) the accrual rates to be used by under each plan must be those the percentages prescribed by each plan's formula as continued in effect for the respective years of allowable service from one plan to the next, recognizing all previous allowable service with the other covered plans;~~

~~(4) the allowable service in all the covered plans must be combined in determining eligibility for and the application of each plan's provisions ~~in~~ with respect to reduction in the annuity amount for retirement prior to normal retirement age; and~~

~~(5) the annuity amount payable for any allowable service under a nonformula plan ~~of that is a~~ covered plan must not be affected, but such service and covered salary must be used in the above calculation.~~

~~(c) If a person eligible for an annuity under paragraph (a) from each covered plan terminates all public service, the deferred annuity must be augmented from the date of termination until the earlier of:~~

~~(1) the effective date of retirement; or~~

(2) December 31, 2018, for the Minnesota State Retirement System and the Public Employees Retirement Association or June 30, 2019, for the Teachers Retirement Association and the St. Paul Teachers Retirement Association.

A deferred annuity must not be augmented after the applicable dates under clause (2). The appropriate rate of augmentation is the rate in effect on the date on which the person entered into public employment and subsequently adjusted according to the laws governing each covered plan, as applicable.

(d) This section does not apply to any person whose final termination from the last public service under a covered plan was before May 1, 1975.

(e) For the purpose of computing annuities under this section, ~~the accrual rates used by any covered plan, except the public employees police and fire plan, the judges retirement fund, and the State Patrol retirement plan, must not exceed 2.7 percent per year of service for any year of service or fraction thereof. The formula percentage used by:~~

(1) the judges retirement fund accrual rate must not exceed 3.2 percent per year of service for any year of service or fraction thereof. ~~The accrual rate used by:~~

(2) the public employees police and fire plan and the State Patrol retirement plan accrual rate must not exceed 3.0 percent per year of service for any year of service or fraction thereof. ~~The accrual rate or rates used by:~~

(3) the legislators retirement plan accrual rate must not exceed 2.5 percent, but this limit does not apply to the adjustment provided under section 3A.02, subdivision 1, paragraph (c); and

(4) any other covered plan's accrual rate must not exceed 2.7 percent per year of service for any year of service or fraction thereof.

(f) Any period of time for which a person has credit in more than one of the covered plans must be used only once for the purpose of determining total allowable service.

(g) If the period of duplicated service credit is more than one-half year, or the person has credit for more than one-half year, with each of the plans, each plan must apply its formula to a prorated service credit for the period of duplicated service based on a fraction of the salary on which deductions were paid to that fund for the period divided by the total salary on which deductions were paid to all plans for the period.

(h) If the period of duplicated service credit is less than one-half year, or when added to other service credit with that plan is less than one-half year, the service credit must be ignored and a refund of contributions made to the person in accord with that plan's refund provisions.

Sec. 5. [356.311] COVERAGE BY MORE THAN ONE PLAN.

(a) Any person who has been a member of two or more of the retirement plans listed in paragraph (b) is entitled, when qualified, to an annuity from each fund if:

(1) the person's combined service in any two or more retirement plans equals or exceeds the vesting requirement of the fund with the longest vesting requirement; and

(2) the person has not taken a refund from any of the retirement plans.

(b) This section applies to any defined benefit plan administered by the Minnesota State Retirement System, including the State Patrol Retirement Plan; the Public Employees Retirement Association, including the public employees police and fire plan; the Teachers Retirement Association; and the St. Paul Teachers Retirement Fund Association, except as noted in paragraph (c).

(c) This section does not apply to plans providing benefits for police officers or firefighters under sections 424A.091 to 424A.096 or the Bloomington Fire Department Relief Association.

(d) No portion of the service upon which the retirement annuity from one retirement plan is based shall be again used in the computation of a retirement annuity from another plan. The annuity from each plan must be determined under the laws applicable to that plan except that the requirement that a person meet the vesting requirement in any particular plan shall not apply, provided the combined service in any two or more plans equals or exceeds the vesting requirement of the plan with the longest vesting requirement.

(e) Any deferred annuity payable under this section shall be subject to augmentation under the laws applicable to the deferred annuity.

(f) Any person to whom an annuity is not payable under this section because the person took a refund from one of the funds shall be entitled to repay the refund in accordance with the laws governing the refund. Upon repayment, the person is entitled to annuities under this section, if the person would otherwise be entitled.

The employing unit, at its option, may pay the employer portion of the amount specified in paragraph (b) on behalf of its employees.

(b) If payment is received by the executive director within one year from the date the employee returned to work following the authorized leave, the payment amount is equal to the employee and employer contribution rates specified in law for the applicable plan at the end of the leave period multiplied by the employee's hourly rate of salary on the date of return from the leave of absence and by the days and months of the leave of absence for which the employee is eligible for allowable service credit. The payment must include compound interest at the ~~monthly rate of 0.71 percent until June 30, 2015, and 0.667 percent per month thereafter~~ applicable monthly rate or rates specified in section 356.59, subdivision 2, from the last day of the leave period until the last day of the month in which payment is received. If payment is received by the executive director after one year, the payment amount is the amount determined under section 356.551. Payment under this paragraph must be made before the date of termination from public employment covered under this chapter.

(c) If the employee terminates employment covered by this chapter during the leave or following the leave rather than returning to covered employment, payment must be received by the executive director within 30 days after the termination date. The payment amount is equal to the employee and employer contribution rates specified in law for the applicable plan on the day prior to the termination date, multiplied by the employee's hourly rate of salary on that date and by the days and months of the leave of absence prior to termination.

Sec. 4. Minnesota Statutes 2016, section 352.04, subdivision 8, is amended to read:

Subd. 8. **Department required to pay omitted salary deductions.** (a) If a department fails to take deductions past due for a period of 60 days or less from an employee's salary as provided in this section, those deductions must be taken on later payroll abstracts.

(b) If a department fails to take deductions past due for a period in excess of 60 days from an employee's salary as provided in this section, the department, and not the employee, must pay on later payroll abstracts the employee and employer contributions and ~~an amount equivalent to 8.5 percent until June 30, 2015, and eight percent thereafter of the total amount due in lieu of interest, or if the delay in payment exceeds one year, 8.5 percent until June 30, 2015, and eight percent thereafter compound annual interest; at the applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually, from the date the employee and employer contributions should have been deducted to the date payment of the total amount due is paid by the department.~~

(c) If a department fails to take deductions past due for a period of 60 days or less and the employee is no longer in state service so that the required deductions cannot be taken from the salary of the employee, the department must nevertheless pay the required employer contributions. If any department fails to take deductions past due for a period in excess of 60 days and the employee is no longer in state service, the omitted contributions must be recovered under paragraph (b).

(d) If an employee from whose salary required deductions were past due for a period of 60 days or less leaves state service before the payment of the omitted deductions and subsequently returns to state service, the unpaid amount is considered the equivalent of a refund. The employee accrues no right by reason of the unpaid amount, except that the employee may pay the amount of omitted deductions as provided in section 352.23.

Sec. 5. Minnesota Statutes 2016, section 352.04, subdivision 9, is amended to read:

Subd. 9. Erroneous deductions, canceled warrants. (a) Deductions taken from the salary of an employee for the retirement fund in excess of required amounts must, upon discovery and verification by the department making the deduction, be refunded to the employee.

(b) If a deduction for the retirement fund is taken from a salary warrant or check, and the check is canceled or the amount of the warrant or check returned to the funds of the department making the payment, the sum deducted, or the part of it required to adjust the deductions, must be refunded to the department or institution if the department applies for the refund on a form furnished by the director. The department's payments must likewise be refunded to the department.

(c) If erroneous employee deductions and employer contributions are caused by an error in plan coverage involving the plan and any other plans specified in section 356.99, that section applies. If the employee should have been covered by the plan governed by chapter 352D, 353D, 354B, or 354D, the employee deductions and employer contributions taken in error must be directly transferred to the applicable employee's account in the correct retirement plan, with interest at the ~~rate of 0.71 percent per month until June 30, 2015, and 0.667 percent per month thereafter~~ applicable monthly rate or rates specified in section 356.59, subdivision 2, compounded annually, from the first day of the month following the month in which coverage should have commenced in the correct defined contribution plan until the end of the month in which the transfer occurs.

Sec. 6. Minnesota Statutes 2016, section 352.23, is amended to read:

352.23 TERMINATION OF RIGHTS; REPAYMENT OF REFUND.

(a) When any employee accepts a refund as provided in section 352.22, all existing allowable service credits and all rights and benefits to which the employee was entitled before accepting the refund terminate.

(b) Terminated service credits and rights must not again be restored until the former employee acquires at least six months of allowable service credit after taking the last refund. In that event, the employee may repay all refunds previously taken from the retirement fund.

(c) Repayment of refunds entitles the employee only to credit for service covered by (1) salary deductions; (2) payments previously made in lieu of salary deductions as permitted under law in effect when the payment in lieu of deductions was made; (3) payments made to obtain credit for service as permitted by laws in effect when payment was made; and (4) allowable service previously credited while receiving temporary workers' compensation as provided in section 352.01, subdivision 11, paragraph (a), clause (3).

(d) Payments under this section for repayment of refunds are to be paid with interest at the ~~rate of 8.5 percent until June 30, 2015, and eight percent thereafter~~ applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually, from the date the refund was taken until the date the refund is repaid. They may be paid in a lump sum or by payroll deduction in the manner provided in section 352.04. Payment may be made in a lump sum up to six months after termination from service.

Sec. 7. Minnesota Statutes 2016, section 352.27, is amended to read:

352.27 CREDIT FOR BREAK IN SERVICE TO PROVIDE UNIFORMED SERVICE.

(a) An employee who is absent from employment by reason of service in the uniformed services, as defined in United States Code, title 38, section 4303(13), and who returns to state service upon discharge from service in the uniformed service within the time frames required in United States Code, title 38, section 4312(e), may obtain service credit for the period of the uniformed service as further specified in this section, provided that the employee did not separate from uniformed service with a dishonorable or bad conduct discharge or under other than honorable conditions.

(b) The employee may obtain credit by paying into the fund an equivalent employee contribution based upon the contribution rate or rates in effect at the time that the uniformed service was performed multiplied by the full and fractional years being purchased and applied to the annual salary rate. The annual salary rate is the average annual salary during the purchase period that the employee would have received if the employee had continued to be employed in covered employment rather than to provide uniformed service, or, if the determination of that rate is not reasonably certain, the annual salary rate is the employee's average salary rate during the 12-month period of covered employment rendered immediately preceding the period of the uniformed service.

(c) The equivalent employer contribution and, if applicable, the equivalent additional employer contribution provided in this chapter must be paid by the department employing the employee from funds available to the department at the time and in the manner provided in this chapter, using the employer and additional employer contribution rate or rates in effect at the time that the uniformed service was performed, applied to the same annual salary rate or rates used to compute the equivalent employee contribution.

(d) If the employee equivalent contributions provided in this section are not paid in full, the employee's allowable service credit must be prorated by multiplying the full and fractional number of years of uniformed service eligible for purchase by the ratio obtained by dividing the total employee contribution received by the total employee contribution otherwise required under this section.

(e) To receive service credit under this section, the contributions specified in this section must be transmitted to the Minnesota State Retirement System during the period which begins with the date on which the individual returns to state service and which has a duration of three times the length of the uniformed service period, but not to exceed five years. If the determined payment period is less than one year, the contributions required under this section to receive service credit may be made within one year of the discharge date.

(f) The amount of service credit obtainable under this section may not exceed five years unless a longer purchase period is required under United States Code, title 38, section 4312.

(g) The employing unit shall pay interest on all equivalent employee and employer contribution amounts payable under this section. Interest must be ~~computed at the rate of 8.5 percent until June 30, 2015, and eight percent thereafter~~ at the applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually, from the end of each fiscal year of the leave or the break in service to the end of the month in which the payment is received.

Sec. 8. Minnesota Statutes 2016, section 352.955, subdivision 3, is amended to read:

Subd. 3. Payment of additional equivalent contributions. (a) An eligible employee who is transferred to plan coverage and who elects to transfer past service credit under this section must pay an additional member contribution for that prior service period. The additional member contribution is the amount computed under paragraph (b), plus the greater of the amount computed under paragraph (c), or 40 percent of the unfunded actuarial accrued liability attributable to the past service credit transfer.

(b) The executive director shall compute, for the most recent 12 months of service credit eligible for transfer, or for the entire period eligible for transfer if less than 12 months, the difference between the employee contribution rate or rates for the general state employees retirement plan and the employee contribution rate or rates for the correctional state employees retirement plan applied to the eligible employee's

salary during that transfer period, plus compound interest at the applicable monthly rate of 0.71 percent until June 30, 2015, and 0.667 percent per month thereafter or rates specified in section 356.59, subdivision 2.

(c) The executive director shall compute, for any service credit being transferred on behalf of the eligible employee and not included under paragraph (b), the difference between the employee contribution rate or rates for the general state employees retirement plan and the employee contribution rate or rates for the correctional state employees retirement plan applied to the eligible employee's salary during that transfer period, plus compound interest at the ~~monthly rate of 0.71 percent until June 30, 2015, and 0.667 percent per month thereafter~~ applicable monthly rate or rates specified in section 356.59, subdivision 2.

(d) The executive director shall compute an amount using the process specified in paragraph (b), but based on differences in employer contribution rates between the general state employees retirement plan and the correctional state employees retirement plan rather than employee contribution rates.

(e) The executive director shall compute an amount using the process specified in paragraph (c), but based on differences in employer contribution rates between the general state employees retirement plan and the correctional state employees retirement plan rather than employee contribution rates.

(f) The additional equivalent member contribution under this subdivision must be paid in a lump sum. Payment must accompany the election to transfer the prior service credit. No transfer election or additional equivalent member contribution payment may be made by a person or accepted by the executive director after the one year anniversary date of the effective date of the retirement coverage transfer, or the date on which the eligible employee terminates state employment, whichever is earlier.

(g) If an eligible employee elects to transfer past service credit under this section and pays the additional equivalent member contribution amount under paragraph (a), the applicable department shall pay an additional equivalent employer contribution amount. The additional employer contribution is the amount computed under paragraph (d), plus the greater of the amount computed under paragraph (e), or 60 percent of the unfunded actuarial accrued liability attributable to the past service credit transfer.

(h) The unfunded actuarial accrued liability attributable to the past service credit transfer is the present value of the benefit obtained by the transfer of the service credit to the correctional state employees retirement plan reduced by the amount of the asset transfer under subdivision 4, by the amount of the member contribution equivalent payment computed under paragraph (b), and by the amount of the employer contribution equivalent payment computed under paragraph (d).

(i) The additional equivalent employer contribution under this subdivision must be paid in a lump sum and must be paid within 30 days of the date on which the executive director of the Minnesota State Retirement System certifies to the applicable department that the employee paid the additional equivalent member contribution.

Sec. 9. Minnesota Statutes 2016, section 352B.013, subdivision 2, is amended to read:

Subd. 2. **Purchase procedure.** (a) An employee covered by the plan specified in this chapter may purchase credit for allowable service in the plan for a period specified in subdivision 1 if the employee makes a payment as specified in paragraph (b) or (c), whichever applies. The employing unit, at its option, may pay the employer portion of the amount specified in paragraph (b) on behalf of its employees.

(b) If payment is received by the executive director within one year from the date the employee returned to work following the authorized leave, the payment amount is equal to the employee and employer contribution rates specified in section 352B.02 at the end of the leave period multiplied by the employee's hourly rate of salary on the date of return from the leave of absence and by the days and months of the leave of absence for which the employee is eligible for allowable service credit. The payment must include compound interest at the ~~monthly rate of 0.71 percent until June 30, 2015, and 0.667 percent per month thereafter~~ applicable monthly rate or rates specified in section 356.59, subdivision 2, from the last day of

the leave period until the last day of the month in which payment is received. If payment is received by the executive director after one year from the date the employee returned to work following the authorized leave, the payment amount is the amount determined under section 356.551. Payment under this paragraph must be made before the date of termination from public employment covered under this chapter.

(c) If the employee terminates employment covered by this chapter during the leave or following the leave rather than returning to covered employment, payment must be received by the executive director within 30 days after the termination date. The payment amount is equal to the employee and employer contribution rates specified in section 352B.02 on the day prior to the termination date, multiplied by the employee's hourly rate of salary on that date and by the days and months of the leave of absence prior to termination.

Sec. 10. Minnesota Statutes 2016, section 352B.085, is amended to read:

352B.085 SERVICE CREDIT FOR CERTAIN DISABILITY LEAVES OF ABSENCE.

A member on leave of absence receiving temporary workers' compensation payments and a reduced salary or no salary from the employer who is entitled to allowable service credit for the period of absence under section 352B.011, subdivision 3, paragraph (b), may make payment to the fund for the difference between salary received, if any, and the salary that the member would normally receive if the member was not on leave of absence during the period. The member shall pay an amount equal to the member and employer contribution rate under section 352B.02, subdivisions 1b and 1c, on the differential salary amount for the period of the leave of absence. The employing department, at its option, may pay the employer amount on behalf of the member. Payment made under this subdivision must include interest at the ~~rate of 8.5 percent until June 30, 2015, and eight percent thereafter per year~~ applicable annual rate or rates specified in section 356.59, subdivision 2, and must be completed within one year of the member's return from the leave of absence.

Sec. 11. Minnesota Statutes 2016, section 352B.086, is amended to read:

352B.086 SERVICE CREDIT FOR UNIFORMED SERVICE.

(a) A member who is absent from employment by reason of service in the uniformed services, as defined in United States Code, title 38, section 4303(13), and who returns to state employment in a position covered by the plan upon discharge from service in the uniformed services within the time frame required in United States Code, title 38, section 4312(e), may obtain service credit for the period of the uniformed service, provided that the member did not separate from uniformed service with a dishonorable or bad conduct discharge or under other than honorable conditions.

(b) The member may obtain credit by paying into the fund an equivalent member contribution based on the member contribution rate or rates in effect at the time that the uniformed service was performed multiplied by the full and fractional years being purchased and applied to the annual salary rate. The annual salary rate is the average annual salary during the purchase period that the member would have received if the member had continued to provide employment services to the state rather than to provide uniformed service, or if the determination of that rate is not reasonably certain, the annual salary rate is the member's average salary rate during the 12-month period of covered employment rendered immediately preceding the purchase period.

(c) The equivalent employer contribution and, if applicable, the equivalent employer additional contribution, must be paid by the employing unit, using the employer and employer additional contribution rate or rates in effect at the time that the uniformed service was performed, applied to the same annual salary rate or rates used to compute the equivalent member contribution.

(d) If the member equivalent contributions provided for in this section are not paid in full, the member's allowable service credit must be prorated by multiplying the full and fractional number of years of uniformed service eligible for purchase by the ratio obtained by dividing the total member contributions received by the total member contributions otherwise required under this section.

(e) To receive allowable service credit under this section, the contributions specified in this section must be transmitted to the fund during the period which begins with the date on which the individual returns to state employment covered by the plan and which has a duration of three times the length of the uniformed service period, but not to exceed five years. If the determined payment period is calculated to be less than one year, the contributions required under this section to receive service credit must be transmitted to the fund within one year from the discharge date.

(f) The amount of allowable service credit obtainable under this section may not exceed five years, unless a longer purchase period is required under United States Code, title 38, section 4312.

(g) The employing unit shall pay interest on all equivalent member and employer contribution amounts payable under this section. Interest must be computed at the ~~rate of 8.5 percent until June 30, 2015, and eight percent thereafter~~ applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually, from the end of each fiscal year of the leave or break in service to the end of the month in which payment is received.

Sec. 12. Minnesota Statutes 2016, section 352B.11, subdivision 4, is amended to read:

Subd. 4. **Reentry into state service; refund repayment.** (a) When a former member, who has become separated from state service that entitled the member to membership and has received a refund of retirement payments, reenters the state service in a position that entitles the member to membership, that member shall receive credit for the period of prior allowable state service if the member repays into the fund the amount of the refund, plus interest ~~on it at the rate of 8.5 percent until June 30, 2015, and eight percent thereafter~~ at the applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually, at any time before subsequent retirement. Repayment may be made in installments or in a lump sum.

(b) A person who has received a refund from the State Patrol retirement fund who is a member of another public retirement system included in section 356.311 may repay the refund with interest to the State Patrol retirement fund as provided in paragraph (a).

Sec. 13. Minnesota Statutes 2016, section 352D.05, subdivision 4, is amended to read:

Subd. 4. **Repayment of refund.** (a) A participant in the unclassified program may repay regular refunds taken under section 352.22, as provided in section 352.23.

(b) A participant in the unclassified program or an employee covered by the general employees retirement plan who has withdrawn the value of the total shares may repay the refund taken and thereupon restore the service credit, rights and benefits forfeited by paying into the fund the amount refunded plus interest at the ~~rate of 8.5 percent until June 30, 2015, and eight percent thereafter~~ applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually, from the date that the refund was taken until the date that the refund is repaid. If the participant had withdrawn only the employee shares as permitted under prior laws, repayment must be pro rata.

(c) Except as provided in section 356.441, the repayment of a refund under this section must be made in a lump sum.

Sec. 14. Minnesota Statutes 2016, section 352D.11, subdivision 2, is amended to read:

Subd. 2. **Payments by employee.** An employee entitled to purchase service credit may make the purchase by paying to the state retirement system an amount equal to the current employee contribution rate in effect for the state retirement system applied to the current or final salary rate multiplied by the months and days of prior temporary, intermittent, or contract legislative service. Payment shall be made in one lump sum unless the executive director of the state retirement system agrees to accept payment in installments over a period of not more than three years from the date of the agreement. Installment payments shall be charged interest at the ~~rate of 8.5 percent until June 30, 2015, and eight percent thereafter~~ applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually.

Sec. 15. Minnesota Statutes 2016, section 352D.12, is amended to read:

352D.12 TRANSFER OF PRIOR SERVICE CONTRIBUTIONS.

(a) An employee who is a participant in the unclassified program and who has prior service credit in a covered plan under chapter 352, 353, 354, 354A, or 422A may, within the time limits specified in this section, elect to transfer to the unclassified program prior service contributions to one or more of those plans.

(b) For participants with prior service credit in a plan governed by chapter 352, 353, 354, 354A, or 422A, "prior service contributions" means the accumulated employee and equal employer contributions with interest at the ~~rate of 8.5 percent until June 30, 2015, and eight percent thereafter~~ applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually, based on fiscal year balances.

(c) If a participant has taken a refund from a retirement plan listed in this section, the participant may repay the refund to that plan, notwithstanding any restrictions on repayment to that plan, ~~plus 8.5 percent interest until June 30, 2015, and eight percent interest thereafter~~ with interest at the applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually, and have the accumulated employee and equal employer contributions transferred to the unclassified program with interest at the rate of 8.5 percent until June 30, 2015, and eight percent thereafter compounded annually based on fiscal year balances. If a person repays a refund and subsequently elects to have the money transferred to the unclassified program, the repayment amount, including interest, is added to the fiscal year balance in the year which the repayment was made.

(d) A participant electing to transfer prior service contributions credited to a retirement plan governed by chapter 352, 353, 354, 354A, or 422A as provided under this section must complete a written application for the transfer and repay any refund within one year of the commencement of the employee's participation in the unclassified program.

Sec. 16. Minnesota Statutes 2016, section 353.01, subdivision 16, is amended to read:

Subd. 16. **Allowable service; limits and computation.** (a) "Allowable service" means:

(1) service during years of actual membership in the course of which employee deductions were withheld from salary and contributions were made at the applicable rates under section 353.27, 353.65, or 353E.03;

(2) periods of service covered by payments in lieu of salary deductions under sections 353.27, subdivisions 12 and 12a, and 353.35;

(3) service in years during which the public employee was not a member but for which the member later elected, while a member, to obtain credit by making payments to the fund as permitted by any law then in effect;

(4) a period of authorized leave of absence during which the employee receives pay as specified in subdivision 10, paragraph (a), clause (4) or (5), from which deductions for employee contributions are made, deposited, and credited to the fund;

(5) a period of authorized leave of absence without pay, or with pay that is not included in the definition of salary under subdivision 10, paragraph (a), clause (4) or (5), for which salary deductions are not authorized, and for which a member obtained service credit for up to 12 months of the authorized leave period by payment under section 353.0161 or 353.0162, to the fund made in place of salary deductions;

(6) a periodic, repetitive leave that is offered to all employees of a governmental subdivision. The leave program may not exceed 208 hours per annual normal work cycle as certified to the association by the employer. A participating member obtains service credit by making employee contributions in an amount or amounts based on the member's average salary, excluding overtime pay, that would have been paid if the leave had not been taken. The employer shall pay the employer and additional employer contributions on behalf of the participating member. The employee and the employer are responsible to pay interest on their respective shares at the ~~rate of 8.5 percent until June 30, 2015, and eight percent thereafter~~ applicable rate or rates specified in section 356.59, subdivision 3, compounded annually, from the end of the normal cycle until full payment is made. An employer shall also make the employer and additional employer contributions, plus ~~8.5 percent interest until June 30, 2015, and eight percent interest thereafter~~ at the applicable rate or rates specified in section 356.59, subdivision 3, compounded annually, on behalf of an employee who makes employee contributions but terminates public service. The employee contributions must be made within one year after the end of the annual normal working cycle or within 30 days after termination of public service, whichever is sooner. The executive director shall prescribe the manner and forms to be used by a governmental subdivision in administering a periodic, repetitive leave. Upon payment, the member must be granted allowable service credit for the purchased period;

(7) an authorized temporary or seasonal layoff under subdivision 12, limited to three months allowable service per authorized temporary or seasonal layoff in one calendar year. An employee who has received the maximum service credit allowed for an authorized temporary or seasonal layoff must return to public service and must obtain a minimum of three months of allowable service subsequent to the layoff in order to receive allowable service for a subsequent authorized temporary or seasonal layoff;

(8) a period during which a member is absent from employment by a governmental subdivision by reason of service in the uniformed services, as defined in United States Code, title 38, section 4303(13), if the member returns to public service with the same governmental subdivision upon discharge from service in the uniformed service within the time frames required under United States Code, title 38, section 4312(e), provided that the member did not separate from uniformed service with a dishonorable or bad conduct discharge or under other than honorable conditions. The service must be credited if the member pays into the fund equivalent employee contributions based upon the contribution rate or rates in effect at the time that the uniformed service was performed multiplied by the full and fractional years being purchased and applied to the annual salary rate. The annual salary rate is the average annual salary during the purchase period that the member would have received if the member had continued to be employed in covered employment rather than to provide uniformed service, or, if the determination of that rate is not reasonably certain, the annual salary rate is the member's average salary rate during the 12-month period of covered employment rendered immediately preceding the period of the uniformed service. Payment of the member equivalent contributions must be made during a period that begins with the date on which the individual returns to public employment and that is three times the length of the military leave period, or within five years of the date of discharge from the military service, whichever is less. If the determined payment period is less than one year, the contributions required under this clause to receive service credit may be made within one year of the discharge date. Payment may not be accepted following 30 days after termination of public service under subdivision 11a. If the member equivalent contributions provided for in this clause are not paid in full, the member's allowable service credit must be prorated by multiplying the full and fractional number of years of uniformed service eligible for purchase by the ratio obtained by dividing the total member contributions received by the total member contributions otherwise required under this clause. The equivalent

employer contribution, and, if applicable, the equivalent additional employer contribution must be paid by the governmental subdivision employing the member if the member makes the equivalent employee contributions. The employer payments must be made from funds available to the employing unit, using the employer and additional employer contribution rate or rates in effect at the time that the uniformed service was performed, applied to the same annual salary rate or rates used to compute the equivalent member contribution. The governmental subdivision involved may appropriate money for those payments. The amount of service credit obtainable under this section may not exceed five years unless a longer purchase period is required under United States Code, title 38, section 4312. The employing unit shall pay interest on all equivalent member and employer contribution amounts payable under this clause. Interest must be computed at the rate of 8.5 percent until June 30, 2015, and eight percent thereafter applicable rate or rates specified in section 356.59, subdivision 3, compounded annually, from the end of each fiscal year of the leave or the break in service to the end of the month in which the payment is received. Upon payment, the employee must be granted allowable service credit for the purchased period; or

(9) a period specified under section 353.0162.

(b) No member may receive more than 12 months of allowable service credit in a year either for vesting purposes or for benefit calculation purposes.

(c) For an active member who was an active member of the former Minneapolis Firefighters Relief Association on December 29, 2011, "allowable service" is the period of service credited by the Minneapolis Firefighters Relief Association as reflected in the transferred records of the association up to December 30, 2011, and the period of service credited under paragraph (a), clause (1), after December 30, 2011. For an active member who was an active member of the former Minneapolis Police Relief Association on December 29, 2011, "allowable service" is the period of service credited by the Minneapolis Police Relief Association as reflected in the transferred records of the association up to December 30, 2011, and the period of service credited under paragraph (a), clause (1), after December 30, 2011.

Sec. 17. Minnesota Statutes 2016, section 353.0162, is amended to read:

353.0162 REDUCED SALARY PERIODS SALARY CREDIT PURCHASE.

(a) A member may purchase additional salary credit for a period specified in this section.

(b) The applicable period is a period during which the member is receiving a reduced salary from the employer while the member is:

(1) receiving temporary workers' compensation payments related to the member's service to the public employer;

(2) on an authorized leave of absence; or

(3) on an authorized partial paid leave of absence as a result of a budgetary or salary savings program offered or mandated by a governmental subdivision.

(c) The differential salary amount is the difference between the average monthly salary received by the member during the period of reduced salary under this section and the average monthly salary of the member, excluding overtime, on which contributions to the applicable plan were made during the period of the last six months of covered employment occurring immediately before the period of reduced salary, applied to the member's normal employment period, measured in hours or otherwise, as applicable.

(d) To receive eligible salary credit, the member shall pay an amount equal to:

(1) the applicable employee contribution rate under section 353.27, subdivision 2; 353.65, subdivision 2; or 353E.03, subdivision 1, as applicable, multiplied by the differential salary amount;

(2) plus an employer equivalent payment equal to the applicable employer contribution rate in section 353.27, subdivision 3; 353.65, subdivision 3; or 353E.03, subdivision 2, as applicable, multiplied by the differential salary amount;

(3) plus, if applicable, an equivalent employer additional amount equal to the additional employer contribution rate in section 353.27, subdivision 3a, multiplied by the differential salary amount.

(e) The employer, by appropriate action of its governing body and documented in its official records, may pay the employer equivalent contributions and, as applicable, the equivalent employer additional contributions on behalf of the member.

(b) A potential transfer under paragraph (a) that is reasonably determined to cause the plan to fail to be a qualified plan under section 401(a) of the federal Internal Revenue Code, as amended, must not be made by the executive director of the association. Within 30 days after being notified by the Public Employees Retirement Association of an unmade potential transfer under this paragraph, the employer of the affected person must transmit an amount representing the applicable salary deductions and employer contributions, without interest, to the retirement fund of the appropriate Minnesota public pension plan, or to the applicable individual account if the proper coverage is by a defined contribution plan. If the employing unit receives a credit under this paragraph, the employing unit is responsible for refunding to the applicable employee any amount that had been erroneously deducted from the person's salary.

(c) If erroneous employee deductions and employer contributions reflect a plan coverage error involving any Public Employees Retirement Association plan specified in section 356.99 and any other plan specified in that section, section 356.99 applies.

Except as provided under paragraph (b), no payment may be made or accepted unless the association has already commenced action for recovery of omitted deductions. An action for recovery commences on the date of the mailing of any written correspondence from the association requesting information from the governmental subdivision upon which to determine whether or not omitted deductions occurred.

Sec. 38. Minnesota Statutes 2016, section 356.551, subdivision 2, is amended to read:

Subd. 2. **Determination.** (a) Unless the minimum purchase amount set forth in paragraph (c) applies, the prior service credit purchase amount is an amount equal to the actuarial present value, on the date of payment, as calculated by the chief administrative officer of the pension plan and reviewed by the actuary retained under section 356.214, of the amount of the additional retirement annuity obtained by the acquisition of the additional service credit in this section.

(b) Calculation of this amount must be made using the preretirement interest rate applicable to the public pension plan specified in section 356.215, subdivision 8, and the mortality table adopted for the public pension plan. The calculation must assume continuous future service in the public pension plan until, and retirement at, the age at which the minimum requirements of the fund for normal retirement or retirement with an annuity unreduced for retirement at an early age, including section 356.30, are met with the additional service credit purchased. The calculation must also assume a full-time equivalent salary, or actual salary, whichever is greater, and a future salary history that includes annual salary increases at the applicable salary increase rate for the plan specified in section 356.215, subdivision 4 ~~and~~ 8.

(c) The prior service credit purchase amount may not be less than the amount determined by applying, for each year or fraction of a year being purchased, the sum of the employee contribution rate, the employer contribution rate, and the additional employer contribution rate, if any, applicable during that period, to the person's annual salary during that period, or fractional portion of a year's salary, if applicable, plus interest at the ~~annual rate of 8.5 percent until June 30, 2015, and eight percent thereafter~~ applicable annual rate or

rates specified in section 356.59, subdivision 2, 3, 4, or 5, whichever applies, compounded annually, from the end of the year in which contributions would otherwise have been made to the date on which the payment is received.

(d) Unless otherwise provided by statutes governing a specific plan, payment must be made in one lump sum within one year of the prior service credit authorization or prior to the member's effective date of retirement, whichever is earlier. Payment of the amount calculated under this section must be made by the applicable eligible person.

(e) However, the current employer or the prior employer may, at its discretion, pay all or any portion of the payment amount that exceeds an amount equal to the employee contribution rates in effect during the period or periods of prior service applied to the actual salary rates in effect during the period or periods of prior service, plus interest at the applicable annual rate of ~~8.5 percent a year~~ or rates specified in section 356.59, subdivision 2, 3, 4, or 5, whichever applies, compounded annually, from the date on which the contributions would otherwise have been made to the date on which the payment is made. If the employer agrees to payments under this subdivision, the purchaser must make the employee payments required under this subdivision within 90 days of the prior service credit authorization. If that employee payment is made, the employer payment under this subdivision must be remitted to the chief administrative officer of the public pension plan within 60 days of receipt by the chief administrative officer of the employee payments specified under this subdivision.

Subd. 4. **Allowable service.** (a) "Allowable service" means any calendar month, subject to the service credit limit in subdivision 22, served as a judge at any time, during which the judge received compensation for that service from the state, municipality, or county, whichever applies, and for which the judge made any required member contribution. It also includes any month served as a referee in probate for all referees in probate who were in office before January 1, 1974.

(b) "Allowable service" also means a period of authorized leave of absence for which the judge has made a payment in lieu of contributions, not in an amount in excess of the service credit limit under subdivision 22. To obtain the service credit, the judge shall pay an amount equal to the normal cost of the judges retirement plan on the date of return from the leave of absence, as determined in the most recent actuarial report for the plan filed with the Legislative Commission on Pensions and Retirement, multiplied by the judge's average monthly salary rate during the authorized leave of absence and multiplied by the number of months of the authorized leave of absence, plus ~~annual compound interest at the rate of 8.5 percent until June 30, 2015, and eight percent thereafter~~ interest at the applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually, from the date of the termination of the leave to the date on which payment is made. The payment must be made within one year of the date on which the authorized leave of absence terminated. Service credit for an authorized leave of absence is in addition to a uniformed service leave under section 490.1211.

(c) "Allowable service" does not mean service as a retired judge.

Sec. 41. Minnesota Statutes 2016, section 490.1211, is amended to read:

490.1211 UNIFORMED SERVICE.

(a) A judge who is absent from employment by reason of service in the uniformed services, as defined in United States Code, title 38, section 4303(13), and who returns to state employment as a judge upon discharge from service in the uniformed service within the time frame required in United States Code, title 38, section 4312(e), may obtain service credit for the period of the uniformed service, provided that the judge did not separate from uniformed service with a dishonorable or bad conduct discharge or under other than honorable conditions.

(b) The judge may obtain credit by paying into the fund equivalent member contribution based on the contribution rate or rates in effect at the time that the uniformed service was performed multiplied by the full and fractional years being purchased and applied to the annual salary rate. The annual salary rate is the average annual salary during the purchase period that the judge would have received if the judge had continued to provide employment services to the state rather than to provide uniformed service, or if the determination of that rate is not reasonably certain, the annual salary rate is the judge's average salary rate during the 12-month period of judicial employment rendered immediately preceding the purchase period.

(c) The equivalent employer contribution and, if applicable, the equivalent employer additional contribution, must be paid by the employing unit, using the employer and employer additional contribution

rate or rates in effect at the time that the uniformed service was performed, applied to the same annual salary rate or rates used to compute the equivalent member contribution.

(d) If the member equivalent contributions provided for in this section are not paid in full, the judge's allowable service credit must be prorated by multiplying the full and fractional number of years of uniformed service eligible for purchase by the ratio obtained by dividing the total member contributions received by the total member contributions otherwise required under this section.

(e) To receive allowable service credit under this section, the contributions specified in this section and section 490.121 must be transmitted to the fund during the period which begins with the date on which the individual returns to judicial employment and which has a duration of three times the length of the uniformed service period, but not to exceed five years. If the determined payment period is calculated to be less than one year, the contributions required under this section to receive service credit may be within one year from the discharge date.

(f) The amount of allowable service credit obtainable under this section and section 490.121 may not exceed five years, unless a longer purchase period is required under United States Code, title 38, section 4312.

(g) The state court administrator shall pay interest on all equivalent member and employer contribution amounts payable under this section. Interest must be ~~computed at the rate of 8.5 percent until June 30, 2015, and eight percent thereafter~~ at the applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually, from the end of each fiscal year of the leave or break in service to the end of the month in which payment is received.

Sec. 42. Minnesota Statutes 2016, section 490.124, subdivision 12, is amended to read:

Subd. 12. **Refund.** (a) A person who ceases to be a judge is entitled to a refund in an amount that is equal to all of the member's employee contributions to the judges' retirement fund plus interest computed under section 352.22, subdivision 2.

(b) A refund of contributions under paragraph (a) terminates all service credits and all rights and benefits of the judge and the judge's survivors under this chapter.

(c) A person who becomes a judge again after taking a refund under paragraph (a) may reinstate the previously terminated allowable service credit, rights, and benefits by repaying the total amount of the previously received refund. The refund repayment must include interest ~~on the total amount previously received at the annual rate of 8.5 percent until June 30, 2015, and eight percent thereafter~~ at the applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually, from the date on which the refund was received until the date on which the refund is repaid.

(b) An applicant shall provide a detailed report signed by a physician, and at least one additional report signed by a physician, ~~chiropractor,~~ psychologist, ~~or chiropractor,~~ physician assistant, or nurse practitioner with evidence to support an application for total and permanent disability. The reports must include an expert opinion regarding whether the employee is permanently and totally disabled within the meaning of section 352.01, subdivision 17, and that the disability arose before the employee was placed on any paid or unpaid leave of absence or terminated public service.

(c) If there is medical evidence that supports the expectation that at some point the person applying for the disability benefit will no longer be disabled, the decision granting the disability benefit may provide for a termination date upon which the total and permanent disability can be expected to no longer exist. When a termination date is part of the decision granting benefits, prior to the benefit termination the executive director shall review any evidence provided by the disabled employee to show that the disabling condition

for which benefits were initially granted continues. If the benefits cease, the disabled employee may follow the appeal procedures described in section 356.96 or may reapply for disability benefits using the process described in this subdivision.

(d) Any claim to disability must be supported by a report from the employer indicating that there is no available work that the employee can perform with the disabling condition and that all reasonable accommodations have been considered. If the medical adviser finds the employee totally and permanently disabled, the adviser shall make appropriate recommendation to the director in writing together with the date from which the employee has been totally disabled. The director shall then determine if the disability occurred ~~within 18 months of filing the application,~~ while still in the employment of the state, ~~and the propriety of authorizing payment of a disability benefit as provided in this section and~~ constitutes a total and permanent disability as defined in section 352.01, subdivision 17.

(g) A terminated employee may apply for a disability benefit within 18 months of termination as long as the disability occurred while in the employment of the state. The fact that an employee is placed on leave of absence without compensation because of disability does not bar that employee from receiving a disability benefit.

(h) Upon appeal, the board of directors may extend the disability benefit application deadline in paragraph (g) by an additional 18 months if the terminated employee is determined by the board of directors to have a cognitive impairment that made it unlikely that the terminated employee understood that there was an application deadline or that the terminated employee was able to meet the application deadline.

~~(i)~~ (i) Unless the payment of a disability benefit has terminated because the employee is no longer totally disabled, or because the employee has reached normal retirement age as provided in this section, the disability benefit must cease with the last payment received by the disabled employee or which had accrued during the lifetime of the employee unless there is a spouse surviving. In that event, the surviving spouse is entitled to the disability benefit for the calendar month in which the disabled employee died.

(c) Repayment of refunds entitles the employee only to credit for service covered by (1) salary deductions; (2) payments previously made in lieu of salary deductions as permitted under law in effect when the payment in lieu of deductions was made; (3) payments made to obtain credit for service as permitted by laws in effect when payment was made; and (4) allowable service previously credited while receiving temporary workers' compensation as provided in section 352.01, subdivision 11, paragraph (a), clause (3).

Repayment may be made in installments or in a lump sum. Repayment must be made as provided in section 352.23, paragraph (d).~~

During the period of inactive membership, the member is not entitled to receive any disability benefit coverage, is not entitled to receive additional individual account allocation of fire state aid or municipal contribution towards a service pension, and is considered to have the status of a person entitled to a deferred service pension.

(1) disqualify the municipality or the independent nonprofit firefighting corporation associated with the relief association from receiving fire state aid by making the appropriate notification to the municipality and the commissioner of revenue, with the disqualification applicable for the next apportionment and payment of fire state aid; and

(2) order the treasurer of the applicable relief association to recover the amount of the overpaid service pension or pensions from any retired firefighter who received an overpayment.

(b) Fire state aid amounts from disqualified municipalities for the period of disqualifications under paragraph (a), clause (1), must be credited to the amount of fire insurance premium tax proceeds available for the next subsequent fire state aid apportionment.

Subd. 7. **Deferred service pensions.** (a) A member of a defined benefit relief association is entitled to a deferred service pension if the member separates from active service and membership and has completed the minimum service and membership requirements in subdivision 1. (b) The deferred service pension is payable when the former member reaches at least age 50, or at least the minimum age specified in the bylaws governing the relief association if that age is greater than age 50, and when the former member makes a valid written application.

(3) at an interest rate of up to five percent, compounded annually, as set by the board of trustees.

(d) Any change in the interest rate set by the board of trustees under paragraph (c), clause (3), must be ratified by the governing body of the municipality or joint powers entity served by the fire department to which the relief association is directly associated, or by the independent nonprofit firefighting corporation, as applicable.

(e) Interest under paragraph (c), clause (3), is payable beginning on the January 1 next following the date on which the deferred service pension interest rate as set by the board of trustees was ratified by the governing body of the municipality or joint powers entity served by the fire department to which the relief association is directly associated, or by the independent nonprofit firefighting corporation, as applicable.

(f) Unless the bylaws of a relief association that has elected to pay interest or additional investment performance on deferred lump-sum service pensions under paragraph (c) specifies a different interest or additional investment performance method, including the interest or additional investment performance period starting date and ending date, the interest or additional investment performance on a deferred service pension is creditable as follows:

(1) for a relief association that has elected to pay interest or additional investment performance under paragraph (c), clause (1) or (3), beginning on the first day of the month next following the date on which

the member separates from active service and membership and ending on the last day of the month immediately before the month in which the deferred member commences receipt of the deferred service pension; or

(2) for a relief association that has elected to pay interest or additional investment performance under paragraph (c), clause (2), beginning on the date that the member separates from active service and membership and ending on the date that the separate investment vehicle is valued immediately before the date on which the deferred member commences receipt of the deferred service pension.

(g) For a deferred service pension that is transferred to a separate account established and maintained by the relief association or separate investment vehicle held by the relief association, the deferred member bears the full investment risk subsequent to transfer and in calculating the accrued liability of the volunteer firefighters relief association that pays a lump-sum service pension, the accrued liability for deferred service pensions is equal to the separate relief association account balance or the fair market value of the separate investment vehicle held by the relief association.

(b) The maximum monthly service pension amount per month for each year of service credited that may be provided for in the bylaws of the Eden Prairie volunteer firefighters relief association must be set pursuant to Minnesota Statutes, section 424A.02, subdivision 3, paragraph (c).

Subd. 2. **Return to active service.** (a) Notwithstanding any provision of Minnesota Statutes, section 424A.01, subdivision 6, 424A.02, subdivision 2, or any other provision of law, to the contrary, if the bylaws of the Eden Prairie volunteer firefighters relief association so provide, a former firefighter who has received a lump-sum service pension or is receiving a monthly benefit service pension and returns to active relief association membership under Minnesota Statutes, section 424A.01, subdivision 6, paragraph (b), is entitled to receive an unreduced lump-sum service pension for the resumption service period if the firefighter completes at least three years of active service as an active member of the fire department during the resumption service period and completes at least three years of active membership with the relief association during the resumption service period.

(b) A lump-sum service pension must be calculated by applying the service pension amount in effect on the date of the firefighter's termination of the resumption service for all years of the resumption service. No firefighter may be paid a service pension more than once for the same period of service. Payment of a lump-sum service pension shall have no effect on the firefighter's previous service pension.

EFFECTIVE DATE. This section is effective the day after the Eden Prairie city council and its chief clerical officer timely complete their compliance with Minnesota Statutes, section 645.021, subdivisions 2 and 3.

Sec. 29. **CERTAIN VOLUNTEER FIREFIGHTERS RELIEF ASSOCIATION SERVICE PENSIONS.**

For purposes of this section, "qualifying volunteer

firefighters relief association" does not include an association whose maximum lump-sum pension amount is specifically established by other provisions of this bill.

(b) Notwithstanding any provision of Minnesota Statutes, section 424A.02, subdivision 3, paragraph (d), to the contrary, the maximum lump-sum pension amount for each year of service credited that may be provided for in the bylaws of a qualifying volunteer firefighters relief association is the maximum service pension figure corresponding to the average amount of available financing per active covered firefighter for the applicable specified period:

Sec. 30. MAPLEWOOD FIREFIGHTERS RELIEF ASSOCIATION; TERMINATION AND DISSOLUTION.

(a) Notwithstanding any provision of Minnesota Statutes, chapters 424A, 424B, or any other law to the contrary, the Maplewood Firefighters Relief Association will be dissolved and its pension plan terminated in accordance with the provisions of this section following the payment by the relief association of all benefit obligations to all members and deferred members, the discharge of any other legal obligations, and the distribution of all remaining assets of the relief association.

(b) Each member of the Maplewood Firefighters Relief Association who was employed as a volunteer firefighter by the Maplewood Fire Department on February 27, 2018, shall become 100 percent vested in the member's retirement benefit determined by taking into account each full year of service and fractional year of service, as defined in the bylaws of the relief association, until the member's separation from service as a volunteer firefighter. The member will be considered a retired member of the relief association.

(c) Each of the members specified in paragraph (b) is entitled to a lump sum benefit in an amount equal to \$11,000 multiplied by the number of full and fractional years of service earned by the member.

(d) Prior to the distribution of benefits under this section, the Maplewood Firefighters Relief Association shall amend its bylaws to reestablish a defined benefit lump sum service pension plan that provides the benefits described in this section and shall rescind any bylaws inconsistent with this section. The relief association may amend its bylaws to incorporate any provisions necessary to satisfy tax qualification requirements under the Internal Revenue Code and make any other changes necessary to permit members to elect a direct rollover of their benefit into a retirement account. Any bylaws amendment shall be approved by a majority of the members of the relief association in attendance at a meeting of the membership held to consider the bylaws amendment.

(e) Prior to dissolution, the Maplewood Firefighters Relief Association shall:

(1) distribute the retirement benefits of all members and deferred members in the form of a lump sum payment or direct rollover, regardless of the age of the member or deferred member, and otherwise in accordance with this section and the bylaws of the relief association discharge all pension benefit obligations;

(2) to the extent authorized under Minnesota Statutes, section 424A.05, subdivision 3, discharge any other legal obligation the relief association owes to any other party; and

ARTICLE 19

TECHNICAL CORRECTIONS

Section 1. Minnesota Statutes 2016, section 353.01, subdivision 16, is amended to read:

Subd. 16. **Allowable service; limits and computation.** (a) "Allowable service" means:

(1) service during years of actual membership in the course of which employee deductions were withheld from salary and contributions were made at the applicable rates under section 353.27, 353.65, or 353E.03;

(2) periods of service covered by payments in lieu of salary deductions under sections 353.27, subdivisions 12 and 12a, and 353.35;

(3) service in years during which the public employee was not a member but for which the member later elected, while a member, to obtain credit by making payments to the fund as permitted by any law then in effect;

(4) a period of authorized leave of absence during which the employee receives pay as specified in subdivision 10, paragraph (a), clause (4) or (5), from which deductions for employee contributions are made, deposited, and credited to the fund;

(5) a period of authorized leave of absence without pay, or with pay that is not included in the definition of salary under subdivision 10, paragraph (a), clause (4) or (5), for which salary deductions are not authorized, and for which a member obtained service credit for up to 12 months of the authorized leave period by payment under section ~~353.0161~~ or 353.0162, to the fund made in place of salary deductions;

(6) a periodic, repetitive leave that is offered to all employees of a governmental subdivision. The leave program may not exceed 208 hours per annual normal work cycle as certified to the association by the employer. A participating member obtains service credit by making employee contributions in an amount or amounts based on the member's average salary, excluding overtime pay, that would have been paid if the leave had not been taken. The employer shall pay the employer and additional employer contributions on behalf of the participating member. The employee and the employer are responsible to pay interest on their respective shares at the rate of 8.5 percent until June 30, 2015, and eight percent thereafter, compounded annually, from the end of the normal cycle until full payment is made. An employer shall also make the employer and additional employer contributions, plus 8.5 percent interest until June 30, 2015, and eight percent interest thereafter, compounded annually, on behalf of an employee who makes employee contributions but terminates public service. The employee contributions must be made within one year after the end of the annual normal working cycle or within 30 days after termination of public service, whichever is sooner. The executive director shall prescribe the manner and forms to be used by a governmental subdivision in administering a periodic, repetitive leave. Upon payment, the member must be granted allowable service credit for the purchased period;

(7) an authorized temporary or seasonal layoff under subdivision 12, limited to three months allowable service per authorized temporary or seasonal layoff in one calendar year. An employee who has received the maximum service credit allowed for an authorized temporary or seasonal layoff must return to public service and must obtain a minimum of three months of allowable service subsequent to the layoff in order to receive allowable service for a subsequent authorized temporary or seasonal layoff;

(8) a period during which a member is absent from employment by a governmental subdivision by reason of service in the uniformed services, as defined in United States Code, title 38, section 4303(13), if the member returns to public service with the same governmental subdivision upon discharge from service in the uniformed service within the time frames required under United States Code, title 38, section 4312(e), provided that the member did not separate from uniformed service with a dishonorable or bad conduct discharge or under other than honorable conditions. The service must be credited if the member pays into the fund equivalent employee contributions based upon the contribution rate or rates in effect at the time that the uniformed service was performed multiplied by the full and fractional years being purchased and applied to the annual salary rate. The annual salary rate is the average annual salary during the purchase period that the member would have received if the member had continued to be employed in covered employment rather than to provide uniformed service, or, if the determination of that rate is not reasonably certain, the annual salary rate is the member's average salary rate during the 12-month period of covered employment rendered immediately preceding the period of the uniformed service. Payment of the member equivalent contributions must be made during a period that begins with the date on which the individual returns to public employment and that is three times the length of the military leave period, or within five years of the date of discharge from the military service, whichever is less. If the determined payment period is less than one year, the contributions required under this clause to receive service credit may be made within one year of the discharge date. Payment may not be accepted following 30 days after termination of public service under subdivision 11a. If the member equivalent contributions provided for in this clause are not paid in full, the member's allowable service credit must be prorated by multiplying the full and fractional number of years of uniformed service eligible for purchase by the ratio obtained by dividing the total member contributions received by the total member contributions otherwise required under this clause. The equivalent employer contribution, and, if applicable, the equivalent additional employer contribution must be paid by the governmental subdivision employing the member if the member makes the equivalent employee contributions. The employer payments must be made from funds available to the employing unit, using the employer and additional employer contribution rate or rates in effect at the time that the uniformed service was performed, applied to the same annual salary rate or rates used to compute the equivalent member

contribution. The governmental subdivision involved may appropriate money for those payments. The amount of service credit obtainable under this section may not exceed five years unless a longer purchase period is required under United States Code, title 38, section 4312. The employing unit shall pay interest on all equivalent member and employer contribution amounts payable under this clause. Interest must be computed at the rate of 8.5 percent until June 30, 2015, and eight percent thereafter, compounded annually, from the end of each fiscal year of the leave or the break in service to the end of the month in which the payment is received. Upon payment, the employee must be granted allowable service credit for the purchased period; or

(9) a period specified under section 353.0162.

(b) No member may receive more than 12 months of allowable service credit in a year either for vesting purposes or for benefit calculation purposes.

(c) For an active member who was an active member of the former Minneapolis Firefighters Relief Association on December 29, 2011, "allowable service" is the period of service credited by the Minneapolis Firefighters Relief Association as reflected in the transferred records of the association up to December 30, 2011, and the period of service credited under paragraph (a), clause (1), after December 30, 2011. For an active member who was an active member of the former Minneapolis Police Relief Association on December 29, 2011, "allowable service" is the period of service credited by the Minneapolis Police Relief Association as reflected in the transferred records of the association up to December 30, 2011, and the period of service credited under paragraph (a), clause (1), after December 30, 2011.

The amount of the annuity deferral is one-third the salary amount in excess of \$46,000 and must be deducted from the annuity payable for the calendar year immediately following the calendar year in which the excess amount was earned.

(b) If the person is retired for only a fractional part of the calendar year during the initial year of retirement, the maximum reemployment salary exempt from triggering a deferral as specified in this subdivision must be prorated for that calendar year.

(c) After a person has reached the Social Security normal retirement age, no deferral requirement is applicable regardless of the amount of any compensation received for teaching service for the school district in which the teachers retirement fund association exists.

(d) The amount of the retirement annuity deferral must be handled or disposed of as provided in section 356.47.

~~(e) Notwithstanding other paragraphs of this subdivision, for any retired Duluth Teachers Retirement Fund Association member whose effective date of retirement is after June 30, 2013, amounts specified as deferred under this subdivision must instead be forfeited to the Duluth Teachers Retirement Fund Association fund.~~

~~(f)~~ (e) Notwithstanding other paragraphs of this subdivision, for any retired St. Paul Teachers Retirement Fund Association basic or coordinated program member whose effective date of retirement is after June 30,

2013, amounts specified as deferred under this subdivision must instead be forfeited to the St. Paul Teachers Retirement Fund Association fund.

The report must be in a format approved by the executive secretary or director.

Sec. 7. Minnesota Statutes 2016, section 354A.35, subdivision 2, is amended to read:

Subd. 2. Death while eligible to retire; surviving spouse optional annuity. (a) The surviving spouse of a vested coordinated member who dies prior to retirement may elect to receive, instead of a refund with interest under subdivision 1, an annuity equal to the 100 percent joint and survivor annuity the member could have qualified for had the member terminated service on the date of death. The surviving spouse eligible for a surviving spouse benefit under this paragraph may apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employee's allowable service. A surviving spouse eligible for surviving spouse benefits under paragraph (b) or (c) may apply for an annuity at any time after the member's death. The member's surviving spouse shall be paid a joint and survivor annuity under section 354A.32 and computed under section 354A.31.

(b) If the member was under age 55 and has credit for at least 30 years of allowable service on the date of death, the surviving spouse may elect to receive a 100 percent joint and survivor annuity based on the age of the member and surviving spouse on the date of death. The annuity is payable using the full early retirement reduction under section 354A.31, subdivision 6, paragraph (a), to age 55 and one-half of the early retirement reduction from age 55 to the age payment begins.

~~(c) If a vested member of the Duluth Teachers Retirement Fund Association was under age 55 on the date of death but did not yet qualify for retirement, the surviving spouse may elect to receive the 100 percent joint and survivor annuity based on the age of the member and the survivor at the time of death. The annuity is payable using the full early retirement reduction under section 354A.31, subdivision 6 or 7, to age 55 and one-half of the early retirement reduction from age 55 to the date payment begins.~~

~~(d)~~ (c) If a vested member of the St. Paul Teachers Retirement Fund Association was under age 55 on the date of death but did not yet qualify for retirement, the surviving spouse may elect to receive the 100 percent joint and survivor annuity based on the age of the member and the survivor at the time of death. The annuity is payable using the full early retirement reduction under section 354A.31, subdivision 6 or 7, to age 55 and one-half of the actuarial equivalent reduction from age 55 to the date payment begins. The actuarial equivalent reduction is calculated so that the reduced annuity is the actuarial equivalent of the annuity that would be payable to the member if the member deferred receipt of the annuity and the annuity amount were augmented at an annual rate of 2.5 percent compounded annually from the day the annuity begins to accrue until the normal retirement age.

~~(e)~~ (d) Sections 354A.37, subdivision 2, and 354A.39 apply to a deferred annuity or surviving spouse benefit payable under this section. The benefits are payable for the life of the surviving spouse, or upon expiration of the term certain benefit payment under subdivision 2b.
