BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. Laws 2021, First Special Session chapter 7, article 16, section 28, is amended to read:

Sec. 28. CONTINGENT APPROPRIATIONS.

Any appropriation in this act for a purpose included in Minnesota's initial state spending plan as described in guidance issued by the Centers for Medicare and Medicaid Services for implementation of section 9817 of the federal American Rescue Plan Act of 2021 is contingent upon approval of that purpose by the Centers for Medicare and Medicaid Services, except for the rate increases specified in article 11, sections 12 and 19. This section expires June 30, 2024.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. COMMISSIONER OF HEALTH; TEMPORARY EMERGENCY AUTHORITY.

Subdivision 1. Temporary emergency authority granted. The commissioner of health is granted temporary emergency authority as described in and limited by this section. The temporary emergency authority granted to the commissioner may only be used to grant individual or blanket state waivers.

Subd. 2. Individual or blanket waivers permitted. Temporary individual or blanket waivers may be granted to waive requirements in the following statutes and rules provided a granted waiver does not adversely affect resident or patient care or quality of the services:

(1) Minnesota Statutes, chapter 144, for hospitals relating to hospital construction moratorium or bed capacity restrictions, except that no individual or blanket waiver may be granted that will result in construction or other physical alterations of a hospital that cannot be removed at the expiration of the waiver;

(2) Minnesota Statutes, chapters 144 and 144A, for nursing homes relating to bed moratorium, permitting an increase of licensed bed capacity only and no expansion of medical assistance certification to new or existing layaway and nonlayaway beds, and the notice timeline requirements for residents who are transferred or discharged as a response to COVID-19; and

(3) Minnesota Statutes, chapters 144 and 144A, and Minnesota Rules, chapters 4640 and 4658, for hospitals and nursing homes relating to licensing fees. On the waiver application form, the hospital or nursing home seeking a waiver must attest that the fee waiver is needed due to hardship.

Subd. 3. Notice. (a) No later than 48 hours after an individual waiver or blanket waiver under this section goes into effect, the commissioner must provide written notice of the waiver to the appropriate

ombudsman, if any, and to the chairs and ranking minority members of the legislative committees with jurisdiction over the Department of Health.

(b) A waiver issued or granted under this section must be posted on the Department of Health's website within 48 hours after being issued or granted and must include a plain-language description of the waiver.

Subd. 4. **Expiration of waivers.** Any waiver granted by this section expires on June 30, 2022. This subdivision does not apply to nursing home transfer and discharge waivers if necessary federal approval is not obtained prior to June 30, 2022.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 3. REINSTATEMENT AND EXTENSION OF COVID-19 PROGRAM WAIVERS AND MODIFICATIONS.

The commissioner of human services may reinstate waivers and modifications to human services programs as described in this section that were issued by the commissioner pursuant to the governor's Executive Order 20-12, including any amendments to the waivers and modifications. The waivers and modifications may remain in effect until June 30, 2022, except CV03 and CV04 may remain in effect until June 30, 2023. The following waivers and modifications to human services programs may be reinstated:

(1) CV03: allowing oral or written signatures by applicants on applications for public assistance programs;

(2) CV04: allowing oral or written permission from public assistance program participants for the Department of Human Services to contact third parties to verify reported information;

(3) CV11: allowing video conferencing in monthly foster care visits by a child's caseworker when:

(i) there is a declaration of a federal or state emergency that prohibits or strongly discourages person-to-person contact for public health reasons; and

(ii) there is a person in the foster care household with a confirmed or suspected case of COVID-19. For purposes of this clause, "suspected case of COVID-19" means a person who is exhibiting the signs and symptoms of COVID-19 and has either been tested for COVID-19 and is waiting for test results or has not been tested for COVID-19;

(4) CV23: waiving mandatory direct contact supervision requirements to allow case-by-case decisions to permit certain individuals to work without supervision while that individual's background studies are being processed, as permitted under federal law and regulation, and allowing the transition from name and date of birth studies of Minnesota records only, for both existing studies and studies that may be initiated during the transition period, to fingerprint-based background studies to resume on a schedule established by the commissioner and published on the department's website. Waiver provisions permitting the return to background studies of Minnesota records only for providers who are currently transitioned to fingerprint-based studies shall not be reinstated;

(5) CV53: allowing qualified professionals to provide required in-person oversight of personal care assistance workers via two-way interactive telecommunications for all program participants who receive personal care assistance services; and

(6) CV89: allowing program participants to give oral, written, or expressed approval of documents related to long-term services and supports that typically require in-person signatures.

EFFECTIVE DATE. This section is effective the day following final enactment except for clauses (5) and (6), which are effective retroactively from September 1, 2021.

Sec. 4. CHILD CARE ASSISTANCE PROGRAM PAYMENT DURING TEMPORARY CLOSURES FOR HEALTH CONCERNS RELATED TO COVID-19.

(a) The commissioner of human services may pay child care assistance to a child care provider through June 26, 2022, when:

(1) children are not attending child care because the child care provider has temporarily closed an entire program due to health concerns related to COVID-19; or

(2) a provider chooses to reduce or not charge fees for non-CCAP families because of closed or absent days due to health concerns related to COVID-19.

(b) Child care assistance payments during temporary closures related to COVID-19 are limited to up to eight weeks total per child care provider through June 26, 2022. A child care provider must report any closure to the commissioner of human services prior to submitting a request for payment under this section.

(c) A child care provider that receives a child care assistance payment under this section and that charges or charged fees to families because of closed or absent days due to health concerns related to COVID-19, through June 26, 2022, shall not collect the amount charged from families receiving child care assistance for days that the provider receives a payment under this section.

(d) Child care assistance program payments made to a provider for absent or closed days are considered income for purposes of applying for a child care stabilization financial hardship grant established pursuant to Laws 2021, First Special Session chapter 7, article 14, section 21, subdivision 4, paragraph (c).

EFFECTIVE DATE. This section is effective retroactively from November 1, 2021, except paragraph (d) is effective the day following final enactment.

Sec. 5. TEMPORARY MODIFICATIONS OF CHILD CARE CENTER STAFF; DISTRIBUTION REQUIREMENTS.

(c) A licensed child care center must have a staff person on site who is responsible for overseeing the operation of the daily activities of the program, ensuring the health and safety of the children, and supervising staff. The on-site staff person is not required to meet the qualifications of a director.

EFFECTIVE DATE. This section is effective the day following final enactment.

A facility or program may apply for temporary staff for up to 21 days. Applicants must submit a proposed plan for ensuring resident safety at the end of that time period.

(g) Facilities and programs eligible to obtain temporary staff from the temporary staffing pool include:
