A bee owner may only make one claim for a single bee kill incident.

(c) A bee owner must not be compensated more than \$20,000 in a fiscal year for bee kill incidents.

~~(e)~~ (d) To be eligible for compensation under this section, the bee owner and the affected apiary must be registered prior to the bee kill incident with a commonly utilized pesticide registry program, as designated by the commissioner.

Subd. 2. **Applicator responsible.** ~~In the event a person applies a pesticide in a manner inconsistent with the pesticide product's label or labeling requirements as approved by the commissioner and is determined to have caused the acute pesticide poisoning of bees, resulting in death or loss of a bee colony kept for commercial purposes, then the person so identified must bear the responsibility of restitution for the value of the bees to the owner. In these cases the commissioner must not provide compensation as provided in this section.~~

Subd. 3. **Claim form.** Within three months of the commissioner making a determination of whether the death of bees or loss of bee colonies was caused by acute pesticide poisoning, the bee owner must file a claim on forms provided by the commissioner and available on the Department of Agriculture's website.

Subd. 4. **Determination.** The commissioner must determine whether the death of the bees or loss of bee colonies was caused by an acute pesticide poisoning, whether the pesticide applicator can be determined, and whether the pesticide applicator applied the pesticide product in a manner consistent with the pesticide product's label or labeling.

Subd. 5. **Payments; denial of compensation.** ~~(a) If the commissioner determines the bee death or loss of bee colony was caused by an acute pesticide poisoning and either the pesticide applicator cannot be determined or the pesticide applicator applied the pesticide product in a manner consistent with the pesticide product's label or labeling, the commissioner may award compensation from the pesticide regulatory account. If the pesticide applicator can be determined and the applicator applied the pesticide product in a manner inconsistent with the product's label or labeling, the commissioner may collect a penalty from the pesticide applicator sufficient to compensate the bee owner for the fair market value of the dead bees and bee colonies losses, and must award the money to the bee owner.~~

~~(b)~~ (a) If the commissioner denies compensation claimed by a bee owner under this section, the commissioner must issue a written decision based upon the available evidence. The decision must include specification of the facts upon which the decision is based and the conclusions on the material issues of the claim. The commissioner must mail a copy of the decision to the bee owner.

~~(c)~~ (b) A decision to deny compensation claimed under this section is not subject to the contested case review procedures of chapter 14, but may be reviewed upon a trial de novo in a court in the county where the loss occurred. The decision of the court may be appealed as in other civil cases. Review in court may be obtained by filing a petition for review with the administrator of the court within 60 days following receipt of a decision under this section. Upon the filing of a petition, the administrator must mail a copy to the commissioner and set a time for hearing within 90 days of the filing.

Subd. 6. **Deduction from payment.** The commissioner must reduce payments made under this section by any compensation received by the bee owner for dead bees and bee colonies losses as proceeds from an insurance policy or from another source.

Subd. 6a. **Enhanced penalty factor.** If the commissioner determines that a bee death or loss of bee colony was caused by acute pesticide poisoning, is able to determine the pesticide applicator that was responsible, and determines that the applicator applied the pesticide in a manner inconsistent with the product's label or labeling, the commissioner may add the amount that the bee owner received from the bee owner's claim to any penalty amount assessed by the commissioner under any penalty actions against the pesticide applicator under section 18D.315 or 18D.325.

Subd. 7. **Appropriation.** The amount necessary to pay claims under this section, not to exceed \$150,000 per fiscal year, is appropriated from the pesticide regulatory account in section 18B.05.

Sec. 26. Minnesota Statutes 2022, section 18B.065, subdivision 8, is amended to read:

Subd. 8. **Waste pesticide program surcharge.** (a) Except as provided in paragraph (b), the commissioner shall annually collect a waste pesticide program surcharge of \$50 on each agricultural waste pesticide product and \$125 on each nonagricultural waste pesticide product registered in the state as part of a pesticide product registration application under section 18B.26, subdivision 3.

(b) Pesticide products classified as minimum risk by the United States Environmental Protection Agency are exempt from the waste pesticide program surcharge.

Sec. 27. **[18B.091] PESTICIDES ON MEDICAL CANNABIS.**

A person working on behalf of an approved medical cannabis manufacturer may apply minimum risk pesticide for growing medical cannabis as defined in section 152.22, subdivision 6, unless:

(1) the commissioner determines that the product label prohibits the use of minimum risk pesticide on medical cannabis;

(2) the commissioner, in consultation with the commissioner of health, determines that the continued use of minimum risk pesticide would cause unreasonable adverse effects on human health; or

(3) the commissioner determines that the continued use of minimum risk pesticide would cause unreasonable adverse effects on the environment.

Subdivision 1. **Establishment.** The grain indemnity account is established in the agricultural fund. The grain indemnity account shall consist of grain indemnity premiums, money from any other source, and interest.

Subd. 2. **Account; appropriation.** (a) Money in the grain indemnity account, including interest, is appropriated to the commissioner to pay valid claims and to administer this section.

(b) The commissioner shall direct payments from the grain indemnity account only for the following purposes:

- (1) the payment of valid claims;
- (2) the payment of grain indemnity premium refunds;
- (3) the payment of administrative expenses under paragraph (c);
- (4) the payment of legal fees and legal expenses under subdivision 7; or
- (5) the payment of a trustee appointed under subdivision 6.

Administrative expenses under this paragraph include the actual cost of processing payments and refunds, enforcement, record keeping, ordinary management and investment fees connected with the operation of the grain indemnity account, and legal expenses.

Subd. 3. **Eligibility.** A producer is eligible to receive a grain indemnity payment from the commissioner if the producer sold grain to a grain buyer as defined in this chapter or stored grain with a public grain warehouse operator under chapter 232 and the producer is damaged by the grain buyer's or public grain warehouse operator's failure to pay for or redeliver grain.

Subd. 4. **Application.** (a) A producer asserting eligibility under subdivision 3 must file a completed claim with the commissioner. The producer must state the facts constituting the claim and all other information required by the commissioner.

(b) Upon receiving a claim, the commissioner must promptly determine the validity of the claim and notify the claimant of the commissioner's determination.

Subd. 5. **Payment limitation.** (a) For each failure as defined by section 223.16, subdivision 3c, the commissioner must pay the eligible producer:

(1) the amount equal to the value of the grain sold on cash sale, grain assigned to warehouse receipt, or grain assigned to open storage less than 180 days from the deposit;

(2) the amount equal to the value of grain sold up to \$300,000, or the lesser of \$750,000 or 75 percent of the amount owed to the seller for a contract in excess of \$300,000 for a deferred or delayed payment contract for which a price has been established when the contract originated within 120 days of the breach of contract;

(3) the lesser of \$750,000 or 75 percent of the amount owed to the seller for a voluntary extension of credit contract for which no price has been established when the contract originated within 180 days of the breach of contract;

(4) the lesser of \$500,000 or 50 percent for an open storage assignment or a voluntary extension of credit contract when the open storage assignment or contract originated between 181 days and 18 months from the failure; or

(5) the lesser of \$250,000 or 25 percent for an open storage assignment or a voluntary extension of credit contract when the open storage assignment or contract originated between 19 months and 36 months from the failure.

(b) Claims filed more than 36 months from the failure are not eligible for payment.

(c) For the purposes of this subdivision, multiple breaches of contract with a single entity constitute one failure.

(d) If a grain buyer holds both a Minnesota grain buyer license, as defined in chapter 223, and a license with the United States Department of Agriculture (USDA) under the United States Warehouse Act, a seller may only file a claim with the grain indemnity account if the seller sold grain as a cash sale or under a voluntary extension of credit contract. The commissioner must deny any claims for stored grain from a seller that holds both a Minnesota grain buyer license and a license with the USDA under the United States Warehouse Act.

(e) If valid claims exceed the amount of money available in the grain indemnity account, the commissioner must pay claims to producers in the order that the claims were received. When additional money becomes available, the commissioner must resume issuing grain indemnity payments to each eligible producer until each producer receives the maximum amount payable under paragraph (a).

(f) If the grain indemnity account balance is insufficient to pay refunds under section 223.26 and valid claims exist, once money is deposited into the grain indemnity account, the commissioner must issue pending refunds for grain indemnity premium payments before issuing payments to claimants.

Subd. 6. **Court order.** (a) The commissioner may apply to a district court for an order appointing a trustee or receiver to manage and supervise the operations of a grain buyer or public grain warehouse operator in default. The commissioner may participate in any resulting court proceeding as an interested party.

(b) The commissioner may recover the cost of the appointed trustee using money appropriated under subdivision 2.

Subd. 7. **Debt obligation; subrogated claim.** (a) Money paid by the commissioner to satisfy a valid claim constitutes a debt obligation of the grain buyer or public grain warehouse operator in default. The commissioner may take action against the grain buyer or public grain warehouse operator to recover the amount of any claim payment plus reasonable costs, attorney fees, and interest computed at the rate provided

in section 270C.40. The commissioner must deposit any amount recovered under this subdivision in the grain indemnity account.

(b) As a condition of payment from the commissioner, a producer must subrogate the producer's interest in any claims against the grain buyer or public grain warehouse operator, including any rights to any grain bond claims, to the commissioner in an amount equal to any claim payment or payments that the producer received under this section. The surety for any claims against the grain bond must make payments to the grain indemnity account.

(c) The commissioner may recover any debt to the grain indemnity account from a member of the board or management who acted negligently or fraudulently.

Sec. 132. **[223.25] GRAIN INDEMNITY PREMIUMS.**

Subdivision 1. **Charges.** (a) Except as provided in subdivision 3, producers of grain must be charged a grain indemnity premium as determined and published by the commissioner not to exceed 0.2 percent of the price on all marketed grain that is sold to a grain buyer as defined in chapter 223.

(b) The grain indemnity premiums required under this section are in addition to any other fees or assessments required by law.

Subd. 2. **Collection and submission of grain indemnity premiums.** (a) Each producer must pay to the commissioner a grain indemnity premium of not more than 0.2 percent of the net proceeds from all grain sold by the producer to a grain buyer purchasing grain in Minnesota. When a producer sells grain to a grain buyer, the grain buyer must deduct the grain indemnity premium from the proceeds of the sale and pay the grain indemnity premium to the commissioner on behalf of the producer.

(b) When purchasing grain from a producer, a grain buyer must deduct the grain indemnity premium described in paragraph (a) from the proceeds of the sale and notify the producer of the amount of the deduction in writing. The grain buyer must forward the grain indemnity premium to the commissioner for deposit into the grain indemnity account on behalf of the producer as described in this subdivision.

(c) A grain buyer must clearly indicate the grain indemnity premiums collected under paragraph (b) in the grain buyer's books and records. A grain buyer must retain books and records containing the grain indemnity premiums for at least three years. A grain buyer must make the grain buyer's books and records available for inspection by the commissioner during regular business hours. The department must take steps reasonably necessary to verify the accuracy of the grain indemnity premiums as recorded in the grain buyer's books and records. Any record or portion thereof seized or copied by the commissioner is private or nonpublic data as provided in section 13.02, except that the commissioner may disclose data to aid in the law enforcement process.

(d) A grain buyer must submit grain indemnity premiums collected under paragraph (a) to the commissioner for the purpose of financing or contributing to the financing of the grain indemnity account by:

(1) January 31 for grain indemnity premiums collected during the months of July, August, September, October, November, and December; and

(2) July 31 for grain indemnity premiums collected during the months of January, February, March, April, May, and June.

Subd. 3. Amount in grain indemnity account; basis for suspension and reinstatement of grain indemnity premium collection. (a) Except as provided in paragraph (b), the grain indemnity premiums required under this section must be collected until the grain indemnity account contains more than \$15,000,000 as of June 30 of any given year.

(b) The commissioner must not require the collection of additional grain indemnity premiums until the amount in the grain indemnity account drops below \$8,000,000. In a year when the commissioner determines that the grain indemnity account is at or below \$8,000,000, the commissioner may reinstate the collection described in this section. If the account contains at least \$8,000,000, the commissioner may, after holding a public meeting, suspend premium payments for all producers in the event of economic hardship.

(c) The commissioner shall announce the intention to collect the premiums described in this section by May 1 with collection to begin July 1 until the grain indemnity account contains at least \$15,000,000. The commissioner must notify the public of the commissioner's intent to reinstate collection of additional grain indemnity premiums through publication in the State Register and by notifying each licensee of the licensee's obligation to collect premiums.

Sec. 133. **223.26 GRAIN INDEMNITY OPT OUT.**

(a) A producer that has paid a grain indemnity premium under section 223.25 may receive a refund of that premium from the grain indemnity account by submitting a written demand for a refund to the commissioner, delivered personally or by first-class mail within 12 months after the producer paid the grain indemnity premium.

(b) The commissioner must prepare a distributable flyer explaining how a producer can opt out of the grain indemnity program and must post the flyer on the Department of Agriculture website. A licensed business must make the flyers available for anyone visiting the licensed business.

(c) A producer must submit a demand for a refund of a grain indemnity premium under paragraph (a) on a demand for refund form developed by the commissioner. The commissioner must make the form available to a licensee, producer, or member of the public upon request.

(d) If a producer is entitled to a refund of a grain indemnity premium under this section, the commissioner must pay the refund within 90 days of receiving the demand for a refund. If the grain indemnity account balance is insufficient to pay refunds under this subdivision and valid claims exist, the commissioner must issue refunds for grain indemnity premium payments before issuing payments to claimants once money is deposited into the grain indemnity account.

(e) If the commissioner announces grain indemnity premiums as required under section 223.25, subdivision 3, by June 30, the commissioner must send a notice to each producer who requested a refund of a grain indemnity premium during the previous three fiscal years. The notice must inform the producer of the deadline for and method of submitting a demand for a refund to the commissioner under paragraphs (a) and (c) and the method for reentering the grain indemnity program under paragraph (f).

(f) A producer that receives a refund of a grain indemnity premium under paragraph (a) is not entitled to participate in the grain indemnity program or to receive any payment under this section unless the producer reenters the grain indemnity program by meeting all of the following conditions:

(1) the producer must submit a request for reentry into the grain indemnity program to the commissioner. The producer must submit the request on the form required by the commissioner and must deliver the request to the commissioner;

(2) the producer's request must be approved by the commissioner; and

(3) the producer must pay into the grain indemnity account all grain indemnity premiums that were refunded to the producer and interest on the refunds as determined by the commissioner.

(g) A producer that reenters the grain indemnity program under paragraph (f) is eligible to be reimbursed for claims under the grain indemnity program for any breach of contract that occurs at least 120 days after reentry.

(h) A producer is not eligible for a refund of a grain indemnity premium under this section if the producer has received payment from the grain indemnity account for a valid claim within the preceding 36 months.

Sec. 134. **[223.27] PENALTIES; ENFORCEMENT ACTION; COSTS AND EXPENSES.**

(a) In addition to any other penalty or remedy provided by law, a person who knowingly or intentionally commits any of the following is subject to civil penalties under section 18J.10:

A grain bond must remain in effect for the first three years of the license.

(d) A grain bond must be on a form provided by the commissioner.

(e) A grain bond required under paragraphs (a) and (c) must provide for the payment of any loss caused by the grain buyer's failure to pay upon the owner's demand, including loss caused by the grain buyer's

failure to pay within the time required. The grain bond must be conditioned upon the grain buyer being duly licensed.

(f) A grain bond required under paragraphs (a) and (c) that is obtained by a public grain warehouse operator must be conditioned that the public grain warehouse operator issuing a grain warehouse receipt is liable to the depositor for the delivery of the kind, grade, and net quantity of grain called for by the receipt. A grain bond must be conditioned upon the operator being duly licensed.

(g) A grain bond must not be cumulative from one licensing period to the next. The maximum liability of the grain bond must be the grain bond's face value for the licensing period.

(h) A grain bond must be continuous until canceled. To cancel a grain bond, a surety must provide 90 days' written notice of the grain bond's termination date to the licensee and the commissioner.

(i) Upon the commissioner's determination that a claim is valid, the surety for any claims against the grain bond must make payments to the grain indemnity account.
