I, Ryan S. MINNESOTA LAWS 2024

USER'S GUIDE

Laws of Minnesota are published by the Revisor of Statutes pursuant to Minnesota Statutes, section 3C.06, and are prima facie evidence of the law. *See Minnesota Statutes, section 3C.13.*

This publication is based upon the enrolled acts and resolutions filed in the office of the Secretary of State, but is not always a literal printing of the enrolled acts. Editorial changes are limited to correcting misspelled words and correcting manifest clerical and grammatical errors.

Each House and Senate file passed by the legislature and enrolled as an act is assigned a Laws chapter number, which is assigned sequentially based on the date of passage by the legislature. At the end of each Laws chapter, the date the enrolled act was presented to the governor and the date and time the governor signed the enrolled act, if applicable, are listed.

Enrolled acts vetoed by the governor are noted as "**VETOED**." The text of items of appropriation indicated as a line-item veto by the governor is printed in italics, followed by an asterisk and a note indicating the veto. If an enrolled act or item of appropriation is vetoed and subsequently reconsidered and approved by the legislature, the reconsideration and approval is also indicated. Table 3 lists all Senate and House files that are line-item vetoed.

The headnotes displayed in **BOLDFACE** indicate the contents of the chapter, section, or subdivision in which they appear, but are not part of the statute. *See Minnesota Statutes, section 645.49.*

~~Stricken~~ text indicates language being removed from existing law.

Underlined text indicates new language being added to law.

Section numbers displayed in brackets **[26.12]** indicate the preliminary coding assigned to new sections that will be included in the next edition of Minnesota Statutes or the statutes supplement. The final assignment of section coding numbers is published in Table II - New Statutes, which is included in the next edition of Minnesota Statutes or the statutes supplement.
