7.14 receipt.

7.15 (b) If a facility submits a ~~modifying~~ modified assessment resulting in a change in the
7.16 case mix classification, the facility must provide a written notice to the resident or the
7.17 resident's representative regarding the item or items that were modified and the reason for

7.31 facility must submit to the commissioner of health a completed reconsideration request
7.32 form, a copy of the resident's or resident's representative's written request, and all supporting

8.1 documentation used to complete the assessment being considered. If the facility fails to
8.2 provide the required information, the reconsideration will be completed with the information
8.3 submitted and the facility cannot make further reconsideration requests on this classification.

8.4 (3) Upon written request and within three business days, the nursing facility must give
8.5 the resident or the resident's representative a copy of the assessment being reconsidered and
8.6 all supporting documentation used to complete the assessment. Notwithstanding any law
8.7 to the contrary, the facility may not charge a fee for providing copies of the requested
8.8 documentation. If a facility fails to provide the required documents within this time, it is
8.9 subject to the issuance of a correction order and penalty assessment under sections 144.653
8.10 and 144A.10. Notwithstanding those sections, any correction order issued under this
8.11 subdivision must require that the nursing facility immediately comply with the request for
8.12 information, and as of the date of the issuance of the correction order, the facility shall
8.13 forfeit to the state a \$100 fine for the first day of noncompliance, and an increase in the
8.14 \$100 fine by \$50 increments for each day the noncompliance continues.

8.15 (c) For reconsideration requests initiated by the facility:

8.16 (1) The facility is required to inform the resident or the resident's representative in writing

8.20 (ii) of the potential for a classification and subsequent rate change;

8.21 (iii) of the extent of the potential rate change;

8.28 form, all supporting documentation used to complete the assessment being reconsidered,
8.29 and a copy of the notice informing the resident or the resident's representative that a
8.30 reconsideration of the resident's classification is being requested.

8.31 (3) If the facility fails to provide the required information, the reconsideration request

8.33 classification.

9.1 (d) Reconsideration by the commissioner must be made by individuals not involved in
9.2 reviewing the assessment, audit, or reconsideration that established the disputed classification.
9.3 The reconsideration must be based upon the assessment that determined the classification
9.4 and upon the information provided to the commissioner of health under paragraphs (a) to
9.5 (c). If necessary for evaluating the reconsideration request, the commissioner may conduct
9.6 on-site reviews. Within 15 business days of receiving the request for reconsideration, the
9.7 commissioner shall affirm or modify the original resident classification. The original
9.8 classification must be modified if the commissioner determines that the assessment resulting
9.9 in the classification did not accurately reflect characteristics of the resident at the time of
9.10 the assessment. The commissioner must transmit the reconsideration classification notice
9.11 by electronic means to the nursing facility. The nursing facility is responsible for the
9.12 distribution of the notice to the resident or the resident's representative. The notice must be
9.13 distributed by the nursing facility within three business days after receipt. A decision by
9.14 the commissioner under this subdivision is the final administrative decision of the agency
9.15 for the party requesting reconsideration.

9.16 (e) The case mix classification established by the commissioner shall be the classification
9.17 which applies to the resident while the request for reconsideration is pending. If a request
9.18 for reconsideration applies to an assessment used to determine nursing facility level of care
9.19 under subdivision 4, paragraph ~~(e)~~ (d), the resident shall continue to be eligible for nursing
9.20 facility level of care while the request for reconsideration is pending.

9.21 (f) The commissioner may request additional documentation regarding a reconsideration
9.22 necessary to make an accurate reconsideration determination.

9.23 (g) Data collected as part of the reconsideration process under this section is classified
9.24 as private data on individuals and nonpublic data pursuant to section 13.02. Notwithstanding
9.25 the classification of these data as private or nonpublic, the commissioner is authorized to
9.26 share these data with the U.S. Centers for Medicare and Medicaid Services and the
9.27 commissioner of human services as necessary for reimbursement purposes.

9.32 families. The commissioner shall reclassify a resident if the commissioner determines that
9.33 the resident was incorrectly classified.

9.34 (b) The commissioner is authorized to conduct on-site audits on an unannounced basis.

10.1 (c) A facility must grant the commissioner access to examine the medical records relating
10.2 to the resident assessments selected for audit under this subdivision. The commissioner may
10.3 also observe and speak to facility staff and residents.

10.4 (d) The commissioner shall consider documentation under the time frames for coding
10.5 items on the minimum data set as set out in the Long-Term Care Facility Resident Assessment
10.6 Instrument User's Manual or OSA Manual version 1.0 v.2 published by the Centers for
10.7 Medicare and Medicaid Services.

10.8 (e) The commissioner shall develop an audit selection procedure that includes the
10.9 following factors:

10.10 (1) Each facility shall be audited annually. If a facility has two successive audits in which
10.11 the percentage of change is five percent or less and the facility has not been the subject of
10.12 a special audit in the past 36 months, the facility may be audited biannually. A stratified
10.13 sample of 15 percent, with a minimum of ten assessments, of the most current assessments
10.14 shall be selected for audit. If more than 20 percent of the ~~RUG-IV~~ reimbursement
10.15 classifications are changed as a result of the audit, the audit shall be expanded to a second
10.16 15 percent sample, with a minimum of ten assessments. If the total change between the first
10.17 and second samples is 35 percent or greater, the commissioner may expand the audit to all
10.18 of the remaining assessments.

10.19 (2) If a facility qualifies for an expanded audit, the commissioner may audit the facility
10.20 again within six months. If a facility has two expanded audits within a 24-month period,
10.21 that facility will be audited at least every six months for the next 18 months.

10.22 (3) The commissioner may conduct special audits if the commissioner determines that
10.23 circumstances exist that could alter or affect the validity of case mix classifications of
10.24 residents. These circumstances include, but are not limited to, the following:

10.25 (i) frequent changes in the administration or management of the facility;

10.26 (ii) an unusually high percentage of residents in a specific case mix classification;

10.27 (iii) a high frequency in the number of reconsideration requests received from a facility;

10.28 (iv) frequent adjustments of case mix classifications as the result of reconsiderations or
10.29 audits;

10.30 (v) a criminal indictment alleging provider fraud;

10.31 (vi) other similar factors that relate to a facility's ability to conduct accurate assessments;

10.32 (vii) an atypical pattern of scoring minimum data set items;

11.1 (viii) nonsubmission of assessments;

11.2 (ix) late submission of assessments; or

11.3 (x) a previous history of audit changes of 35 percent or greater.

11.4 (f) If the audit results in a case mix classification change, the commissioner must transmit
11.5 the audit classification notice by electronic means to the nursing facility within 15 business
11.6 days of completing an audit. The nursing facility is responsible for distribution of the notice
11.7 to each resident or the resident's representative. This notice must be distributed by the nursing
11.8 facility within three business days after receipt. The notice must inform the resident of the
11.9 case mix classification assigned, the opportunity to review the documentation supporting
11.10 the classification, the opportunity to obtain clarification from the commissioner, the
11.11 opportunity to request a reconsideration of the classification, and the address and telephone
