56.19 operational needs.

56.20 Subd. 6. **Prioritization.** In prioritizing funding allocation among projects under the
56.21 program, the commissioner must consider:

56.22 (1) whether a project ensures the effective and efficient condition and operation of the
56.23 facility;

56.24 (2) the urgency in ensuring the safe use of existing buildings;

56.25 (3) the project's total life-cycle cost;

60.26 ~~to provide information.~~

60.27 (e) This subdivision does not affect the obligation to provide a notice of excavation as
60.28 required under subdivision 1.

60.29 Subd. 1b. On-site meet. (a) An on-site meet may be requested for any excavation at the
60.30 discretion of the excavator. The meet request must include the entire geographic area of the
60.31 proposed excavation and the specific location of the meet.

60.32 (b) Unless otherwise agreed to between an excavator and operator, an on-site meet is
60.33 required for:

61.1 (1) an excavation notice that involves excavation of one mile or more in length; or

61.2 (2) any combination of notices provided for adjacent geographic sections that, when
61.3 combined, meet or exceed the minimum excavation length under clause (1).

61.9 At the meet, the operator and the excavator must reach an agreement on any subsequent
61.10 planned meets or further communication.

61.11 (e) The on-site meet date and time must occur at least 48 hours after the notice, excluding
61.12 Saturdays, Sundays, and holidays. The excavation start time must be at least 48 hours after
61.13 the proposed meet date and time specified on the notice, excluding Saturdays, Sundays, and
61.14 holidays.

61.15 (f) The excavator and the operator must submit documentation of each on-site meet to
61.16 the notification center, in the manner specified by the notification center. The documentation

61.24 **Subd. 2. Duties of notification center; regarding notice.** The notification center ~~shall~~
61.25 must assign an inquiry identification number to each notice and retain a record of all notices
61.26 received for at least six years. The center ~~shall~~ must immediately transmit the information
61.27 contained in a notice to every operator that has an underground facility in the area of the
61.28 proposed excavation or boundary survey.

61.29 **Subd. 3. Locating underground facility; operator.** (a) Prior to the ~~excavation start~~
61.30 ~~time on the notice~~ conclusion of the locate period, an operator ~~shall~~ must locate and mark
61.31 or otherwise provide the approximate horizontal location of the underground facilities of
61.32 the operator and provide readily available information regarding the operator's abandoned

62.1 and out-of-service underground facilities as shown on maps, drawings, diagrams, or other
62.2 records used in the operator's normal course of business, without cost to the excavator. The
62.3 excavator ~~shall~~ must determine the precise location of the underground facility, without
62.4 damage, before excavating within two feet of the marked location of the underground facility.

62.5 (b) Within 96 hours or the time specified in the notice, whichever is later, after receiving
62.6 a notice for boundary survey from the notification center, excluding Saturdays, Sundays,
62.7 and holidays, unless otherwise agreed to between the land surveyor and operator, an operator
62.8 ~~shall~~ must locate and mark or otherwise provide the approximate horizontal location of the
62.9 underground facilities of the operator, without cost to the land surveyor.

62.10 (c) For the purpose of this section, the approximate horizontal location of the underground
62.11 facilities is a strip of land two feet on either side of the underground facilities.

62.12 (d) Markers used to designate the approximate horizontal location of underground
62.13 facilities ~~must~~ are subject to the following requirements:

62.14 (1) markers must be a combination of paint markings and at least one of the following:

62.17 American Public Works Association;

62.18 (3) markers must be located within a plus or minus two-foot tolerance; and

62.19 (4) the name of the operator must be indicated on each flag, stake, or whisker.

62.20 If the surface being marked is hard, markers without flags, stakes, or whiskers may be used
62.21 but must comply with the color code standard and tolerance requirement under clauses (2)
62.22 and (3).

62.23 (e) If the operator cannot complete marking of the excavation or boundary survey area
62.24 before the excavation or boundary survey start time stated in the notice, the operator ~~shall~~
62.25 must promptly contact the excavator or land surveyor.

62.26 (f) ~~After December 31, 1998,~~ Operators ~~shall~~ must maintain maps, drawings, diagrams,
62.27 or other records of any underground facility abandoned or out-of-service after December
62.28 31, 1998.

62.29 (g) An operator or other person providing information pursuant to this subdivision is
62.30 not responsible to any person, for any costs, claims, or damages for information provided
62.31 in good faith regarding abandoned, out-of-service, or private or customer-owned underground
62.32 facilities.

63.1 (h) An operator must use geospatial location information or an equivalent technology
 63.2 to develop as-built drawings of newly installed or newly abandoned facilities if exposed in
 63.3 the excavation area. The requirements under this paragraph apply (1) on or after January 1,
 63.4 2026, or (2) on or after January 1, 2027, for an operator that provided services to fewer than

63.6 Subd. 4. **Locating underground facility; excavator or land surveyor.** (a) The excavator
 63.7 or land surveyor ~~shall~~ must determine the precise location of the underground facility,
 63.8 without damage, before excavating within two feet on either side of the marked location of
 63.9 the underground facility.

63.10 (b) Activities in the proposed area of excavation or boundary survey must take place
 63.11 before the expiration date and time on the notification. If the excavator or land surveyor
 63.12 cancels the excavation or boundary survey, the excavator or land surveyor ~~shall~~ must cancel
 63.13 the notice through the notification center.

63.14 (c) The notice is valid for 14 calendar days from the start time stated on the notice. If
 63.15 the activity will continue after the expiration time, then the person responsible for the activity
 63.16 ~~shall~~ must serve an additional notice at least 48 hours, excluding Saturdays, Sundays, and
 63.17 holidays, before the expiration time of the original notice, unless the excavator makes
 63.18 arrangements with the operators affected to periodically verify or refresh the marks, in
 63.19 which case the notice is valid for six months from the start time stated on the notice.

63.20 (d) The excavator is responsible for reasonably protecting and preserving the marks until
 63.21 no longer required for proper and safe excavation near the underground facility. If the
 63.22 excavator has reason to believe the marks are obliterated, obscured, missing, or incorrect,
 63.23 the excavator ~~shall~~ must notify the facility operator or notification center in order to have
 63.24 an operator verify or refresh the marks.

 63.31 ~~is not practical,~~ use (i) white markings or black markings in wintery conditions, or (ii)
 63.32 electronic marking as provided in paragraph (b);

64.1 (3) maintain a clearance between an underground facility and the cutting edge or point
64.2 of any mechanized equipment, considering the known limit of control of the cutting edge
64.3 or point to avoid damage to the facility;

64.4 (4) provide support for underground facilities in and near the construction area, including
64.5 during backfill operations, to protect the facilities; and

64.6 (5) conduct the excavation in a careful and prudent manner.

64.7 (b) An excavator may use electronic marking under paragraph (a), clause (2), if:

64.8 (1) the marking provides at least as much proposed excavation information as equivalent
64.9 physical markings; and

64.10 (2) electronic marking used prior to January 1, 2026, is accompanied by equivalent
64.11 physical markings as provided under paragraph (a), clause (2).

64.12 (c) Following submission of electronic marking, an operator may require the excavator
64.13 to use physical markings.

79.3 (3) for elderly and disabled service and complementary paratransit service (ADA), 15
79.4 percent.

79.5 ~~Except as provided in a United States Department of Transportation program allowing or~~
79.6 ~~requiring a lower percentage to be paid from local sources, the remainder of the recipient's~~
79.7 ~~total contracted operating cost will be paid from state sources of funds less any assistance~~
79.8 ~~received by the recipient from the United States Department of Transportation.~~

79.9 ~~(d)~~ (c) For purposes of this subdivision, "local sources" means all local sources of funds
79.10 and includes all operating revenue, tax levies, and contributions from public funds, ~~except~~
79.11 ~~that the commissioner may exclude from the total assistance contract revenues derived from~~
79.12 ~~operations the cost of which is excluded from the computation of total operating cost.~~

79.13 ~~(e)~~ (d) If a recipient informs the commissioner in writing after the establishment of these
79.14 percentages but prior to the distribution of financial assistance for any year that paying its
79.15 designated percentage of ~~total operating cost~~ the operating assistance amount from local
79.16 sources will cause undue hardship, the commissioner may reduce the percentage to be paid
79.17 from local sources by the recipient and increase the percentage to be paid from local sources
79.18 by one or more other recipients inside or outside the classification. However, the
79.19 commissioner may not reduce or increase any recipient's percentage under this paragraph
79.20 for more than two years successively. If for any year the funds appropriated to the
79.21 commissioner to carry out the purposes of this section are insufficient to allow the
79.22 commissioner to pay the state share of ~~total operating cost~~ the operating assistance amount
79.23 as provided in this paragraph, the commissioner ~~shall~~ must reduce the state share in each
79.24 classification to the extent necessary.

79.25 Sec. 10. Minnesota Statutes 2022, section 174.24, subdivision 3c, is amended to read:

79.26 Subd. 3c. **Nonoperating assistance.** The commissioner ~~shall~~ must determine the total
79.27 cost of any planning and engineering design, capital assistance, other capital expenditures,
79.28 and other assistance for public transit services that furthers the purposes of section 174.21
79.29 for any public transit system receiving or applying for the assistance in accordance with
79.30 generally accepted accounting principles. The percentage of local sources paid by any
79.31 recipient must not exceed 20 percent of the awarded amount. To be eligible for
79.32 non-operating-cost financial assistance, an applicant or recipient ~~shall~~ must provide to the
79.33 commissioner all financial records and other information and ~~shall~~ must permit any inspection

80.1 reasonably necessary to determine total cost and the amount of assistance that may be paid
80.2 to the applicant or recipient. When more than one county or municipality contributes
80.3 assistance to the operation of a public transit system, the commissioner ~~shall~~ must identify
80.4 one as a lead agency for the purpose of receiving money under this section. The commissioner
80.5 has the sole discretion to determine the amount of state funds distributed to any recipient
80.6 for non-operating-cost assistance.

80.7 Sec. 11. Minnesota Statutes 2022, section 174.247, is amended to read:

80.22 (iii) for federal funds, the amount from each specific federal program under which
80.23 funding is provided;

80.24 (6) a summary of the differences in program implementation requirements and aid
80.25 recipient eligibility between federal aid and state sources of funds; and

80.27 expenditures on an annual basis, which must include a methodology for identifying monetary
80.28 needs, and calculations of:

80.29 (i) the total monetary needs for all public transit systems, for the year of the report and
80.30 the ensuing five years;

81.2 (iii) the comprehensive transit assistance percentage for each transit system classification,
81.3 which equals (A) the expenditures identified under item (ii), for a transit system classification,

81.5 funds plus federal funds provided to all transit systems in that classification; and

81.6 (iv) the amount of surplus or insufficient funds available for paying capital and operating
81.7 costs to fully implement the greater Minnesota transit investment plan under section 174.24,
81.8 subdivision 1a.

81.9 Sec. 12. **REPEALER.**

81.17 ARTICLE 3

81.18 CONFORMING CHANGES

81.19 Section 1. Minnesota Statutes 2023 Supplement, section 256B.0625, subdivision 17, is
81.20 amended to read:

81.21 Subd. 17. **Transportation costs.** (a) "Nonemergency medical transportation service"
81.22 means motor vehicle transportation provided by a public or private person that serves
81.23 Minnesota health care program beneficiaries who do not require emergency ambulance
81.24 service, as defined in section 144E.001, subdivision 3, to obtain covered medical services.

81.25 (b) For purposes of this subdivision, "rural urban commuting area" or "RUCA" means
81.26 a census-tract based classification system under which a geographical area is determined
81.27 to be urban, rural, or super rural.

81.28 (c) Medical assistance covers medical transportation costs incurred solely for obtaining
81.29 emergency medical care or transportation costs incurred by eligible persons in obtaining
81.30 emergency or nonemergency medical care when paid directly to an ambulance company,
81.31 nonemergency medical transportation company, or other recognized providers of
81.32 transportation services. Medical transportation must be provided by:

82.1 (1) nonemergency medical transportation providers who meet the requirements of this
82.2 subdivision;

82.3 (2) ambulances, as defined in section 144E.001, subdivision 2;

82.4 (3) taxicabs that meet the requirements of this subdivision;

82.5 (4) public transit, within the meaning of "public transportation" as defined in section
82.6 174.22, subdivision 7; or

82.7 (5) not-for-hire vehicles, including volunteer drivers, as defined in section 65B.472,
82.8 subdivision 1, paragraph (h).

82.9 (d) Medical assistance covers nonemergency medical transportation provided by
82.10 nonemergency medical transportation providers enrolled in the Minnesota health care
82.11 programs. All nonemergency medical transportation providers must comply with the
82.12 operating standards for special transportation service as defined in sections 174.29 to 174.30
82.13 and Minnesota Rules, chapter 8840, and all drivers must be individually enrolled with the
82.14 commissioner and reported on the claim as the individual who provided the service. All
82.15 nonemergency medical transportation providers shall bill for nonemergency medical
82.16 transportation services in accordance with Minnesota health care programs criteria. Publicly
82.17 operated transit systems, volunteers, and not-for-hire vehicles are exempt from the
82.18 requirements outlined in this paragraph.

82.19 (e) An organization may be terminated, denied, or suspended from enrollment if:

82.20 (1) the provider has not initiated background studies on the individuals specified in
82.21 section 174.30, subdivision 10, paragraph (a), clauses (1) to (3); or

82.22 (2) the provider has initiated background studies on the individuals specified in section
82.23 174.30, subdivision 10, paragraph (a), clauses (1) to (3), and:

82.24 (i) the commissioner has sent the provider a notice that the individual has been
82.25 disqualified under section 245C.14; and

82.26 (ii) the individual has not received a disqualification set-aside specific to the special
82.27 transportation services provider under sections 245C.22 and 245C.23.

82.28 (f) The administrative agency of nonemergency medical transportation must:

82.29 (1) adhere to the policies defined by the commissioner;

82.30 (2) pay nonemergency medical transportation providers for services provided to
82.31 Minnesota health care programs beneficiaries to obtain covered medical services;

83.1 (3) provide data monthly to the commissioner on appeals, complaints, no-shows, canceled
83.2 trips, and number of trips by mode; and

83.3 (4) by July 1, 2016, in accordance with subdivision 18e, utilize a web-based single
83.4 administrative structure assessment tool that meets the technical requirements established
83.5 by the commissioner, reconciles trip information with claims being submitted by providers,
83.6 and ensures prompt payment for nonemergency medical transportation services.

83.7 (g) Until the commissioner implements the single administrative structure and delivery
83.8 system under subdivision 18e, clients shall obtain their level-of-service certificate from the
83.9 commissioner or an entity approved by the commissioner that does not dispatch rides for
83.10 clients using modes of transportation under paragraph (l), clauses (4), (5), (6), and (7).

83.11 (h) The commissioner may use an order by the recipient's attending physician, advanced
83.12 practice registered nurse, physician assistant, or a medical or mental health professional to
83.13 certify that the recipient requires nonemergency medical transportation services.

83.14 Nonemergency medical transportation providers shall perform driver-assisted services for
83.15 eligible individuals, when appropriate. Driver-assisted service includes passenger pickup
83.16 at and return to the individual's residence or place of business, assistance with admittance
83.17 of the individual to the medical facility, and assistance in passenger securement or in securing
83.18 of wheelchairs, child seats, or stretchers in the vehicle.

83.19 (i) Nonemergency medical transportation providers must take clients to the health care
83.20 provider using the most direct route, and must not exceed 30 miles for a trip to a primary
83.21 care provider or 60 miles for a trip to a specialty care provider, unless the client receives
83.22 authorization from the local agency.

83.23 (j) Nonemergency medical transportation providers may not bill for separate base rates
83.24 for the continuation of a trip beyond the original destination. Nonemergency medical
83.25 transportation providers must maintain trip logs, which include pickup and drop-off times,
83.26 signed by the medical provider or client, whichever is deemed most appropriate, attesting
83.27 to mileage traveled to obtain covered medical services. Clients requesting client mileage
83.28 reimbursement must sign the trip log attesting mileage traveled to obtain covered medical
83.29 services.

83.30 (k) The administrative agency shall use the level of service process established by the
83.31 commissioner to determine the client's most appropriate mode of transportation. If public
83.32 transit or a certified transportation provider is not available to provide the appropriate service
83.33 mode for the client, the client may receive a onetime service upgrade.

83.34 (l) The covered modes of transportation are:

84.1 (1) client reimbursement, which includes client mileage reimbursement provided to
84.2 clients who have their own transportation, or to family or an acquaintance who provides
84.3 transportation to the client;

84.4 (2) volunteer transport, which includes transportation by volunteers using their own
84.5 vehicle;

84.6 (3) unassisted transport, which includes transportation provided to a client by a taxicab
84.7 or public transit. If a taxicab or public transit is not available, the client can receive
84.8 transportation from another nonemergency medical transportation provider;

84.9 (4) assisted transport, which includes transport provided to clients who require assistance
84.10 by a nonemergency medical transportation provider;

84.11 (5) lift-equipped/ramp transport, which includes transport provided to a client who is
84.12 dependent on a device and requires a nonemergency medical transportation provider with
84.13 a vehicle containing a lift or ramp;

84.14 (6) protected transport, which includes transport provided to a client who has received
84.15 a prescreening that has deemed other forms of transportation inappropriate and who requires
84.16 a provider: (i) with a protected vehicle that is not an ambulance or police car and has safety
84.17 locks, a video recorder, and a transparent thermoplastic partition between the passenger and
84.18 the vehicle driver; and (ii) who is certified as a protected transport provider; and

84.19 (7) stretcher transport, which includes transport for a client in a prone or supine position
84.20 and requires a nonemergency medical transportation provider with a vehicle that can transport
84.21 a client in a prone or supine position.

84.22 (m) The local agency shall be the single administrative agency and shall administer and
84.23 reimburse for modes defined in paragraph (l) according to paragraphs (p) and (q) when the
84.24 commissioner has developed, made available, and funded the web-based single administrative
84.25 structure, assessment tool, and level of need assessment under subdivision 18e. The local
84.26 agency's financial obligation is limited to funds provided by the state or federal government.

84.27 (n) The commissioner shall:

84.28 (1) verify that the mode and use of nonemergency medical transportation is appropriate;

84.29 (2) verify that the client is going to an approved medical appointment; and

84.30 (3) investigate all complaints and appeals.

84.31 (o) The administrative agency shall pay for the services provided in this subdivision and
84.32 seek reimbursement from the commissioner, if appropriate. As vendors of medical care,

85.1 local agencies are subject to the provisions in section 256B.041, the sanctions and monetary
85.2 recovery actions in section 256B.064, and Minnesota Rules, parts 9505.2160 to 9505.2245.

85.3 (p) Payments for nonemergency medical transportation must be paid based on the client's
85.4 assessed mode under paragraph (k), not the type of vehicle used to provide the service. The
85.5 medical assistance reimbursement rates for nonemergency medical transportation services
85.6 that are payable by or on behalf of the commissioner for nonemergency medical
85.7 transportation services are:

85.8 (1) \$0.22 per mile for client reimbursement;

85.9 (2) up to 100 percent of the Internal Revenue Service business deduction rate for volunteer
85.10 transport;

85.11 (3) equivalent to the standard fare for unassisted transport when provided by public
85.12 transit, and \$12.10 for the base rate and \$1.43 per mile when provided by a nonemergency
85.13 medical transportation provider;

85.14 (4) \$14.30 for the base rate and \$1.43 per mile for assisted transport;

85.15 (5) \$19.80 for the base rate and \$1.70 per mile for lift-equipped/ramp transport;

85.16 (6) \$75 for the base rate and \$2.40 per mile for protected transport; and

85.17 (7) \$60 for the base rate and \$2.40 per mile for stretcher transport, and \$9 per trip for
85.18 an additional attendant if deemed medically necessary.

85.19 (q) The base rate for nonemergency medical transportation services in areas defined
85.20 under RUCA to be super rural is equal to 111.3 percent of the respective base rate in
85.21 paragraph (p), clauses (1) to (7). The mileage rate for nonemergency medical transportation
85.22 services in areas defined under RUCA to be rural or super rural areas is:

85.23 (1) for a trip equal to 17 miles or less, equal to 125 percent of the respective mileage
85.24 rate in paragraph (p), clauses (1) to (7); and

85.25 (2) for a trip between 18 and 50 miles, equal to 112.5 percent of the respective mileage
85.26 rate in paragraph (p), clauses (1) to (7).

85.27 (r) For purposes of reimbursement rates for nonemergency medical transportation services
85.28 under paragraphs (p) and (q), the zip code of the recipient's place of residence shall determine
85.29 whether the urban, rural, or super rural reimbursement rate applies.

85.30 (s) The commissioner, when determining reimbursement rates for nonemergency medical
85.31 transportation under paragraphs (p) and (q), shall exempt all modes of transportation listed
85.32 under paragraph (l) from Minnesota Rules, part 9505.0445, item R, subitem (2).

86.1 (t) Effective for the first day of each calendar quarter in which the price of gasoline as
86.2 posted publicly by the United States Energy Information Administration exceeds \$3.00 per
86.3 gallon, the commissioner shall adjust the rate paid per mile in paragraph (p) by one percent
86.4 up or down for every increase or decrease of ten cents for the price of gasoline. The increase
86.5 or decrease must be calculated using a base gasoline price of \$3.00. The percentage increase
86.6 or decrease must be calculated using the average of the most recently available price of all
86.7 grades of gasoline for Minnesota as posted publicly by the United States Energy Information
86.8 Administration.

- B. a resolution from the governing body that the request is due to an exceptional circumstance.

The department shall consider a request for an individual exception to the allocation formula after assessing the nature of the exceptional circumstance, balancing the request against other requests from recipients for capital assistance, and considering the assurance provided by the governing body that the circumstance that gave rise to the request is exceptional.

Subp. 6. **Vehicle replacement or disposition.** The department shall determine financial assistance to a public transit system to replace, refurbish, or dispose of a vehicle based on the condition of the vehicle and the availability of funds.

The records must permit audit verification of transit cost allocations claimed during the contract period. The recipient and any third party contractor also shall keep records on miles and hours of service and passenger trips. Records must be kept available for a period of six years from the date of final payment or the expiration date of the contract, whichever occurs first.

Subp. 3. **Audits.** The financial records of the recipient must be audited. They may be audited by the department or the department may accept all or part of the audit of an independent auditor instead of a departmental audit if the audit meets department standards. In addition to chapter 8835, department audits must be based on the contract cost principles and procedures in Code of Federal Regulations, title 48, chapter 1, part 31, and Office of Management and Budget Circular, Number A-87 and Number A-122, as amended. The financial records of a subcontractor may be audited at the department's discretion. The department shall submit year-end financial statements to the department auditor by April 15 of the year following the period covered by the financial assistance contract. Audits at the end of a contract period must establish approved total operating costs. New recipients are subject to a preaward audit before contract execution and fund encumbrance. As provided by Minnesota Statutes, section 16C.05, subdivision 5, the records, books, documents, and accounting practices of the recipient and of any third party contractor relating to the contract are subject to audit and examination by the department and the legislative auditor during working hours. If the department determines it has overpaid a recipient on a previous contract, the department may reduce payments under the current contract by the amount of overpayment.

Subp. 4. **Project monitoring.** The department shall use the management plan required under part 8835.0260 as a basis for monitoring and evaluating the performance of the public transit system during the contract period. Public transit policy decisions made by the recipient and actions taken during the contract period must conform with the management plan. A proposed deviation from the management plan must be reported to the department and approval secured in writing before implementation. Approval will be granted if it is clearly documented that the proposed deviation will not increase overall project costs. Failure to secure approval jeopardizes continued financial assistance.

Subp. 5. **Reserve account.** If a public transit system generates operating revenue in excess of the recipient's local share amount, the recipient shall deposit the excess into a reserve account to be used for approved operating expenses that are not covered by the contract or for part of the local share of capital expenses of the transit system. The recipient
