34.26 Subd. 2. **Craft cultivation priority.** (a) The office shall prioritize issuance of
34.27 microbusiness licenses with an endorsement to cultivate cannabis flower and craft cultivator
34.28 licenses.

34.29 (b) Unless the office determines that the issuance of bulk cultivator licenses is necessary
34.30 to ensure a sufficient supply of cannabis flower and cannabinoid products, the office shall
34.31 not issue a bulk cultivator license before July 1, 2028.

35.1 Subd. 3. **Vertical integration prohibited; exceptions.** (a) Except as otherwise provided
35.2 in this subdivision, the office shall not issue licenses to a single applicant that would result
35.3 in the applicant being vertically integrated in violation of the provisions of this chapter.

35.4 (b) Nothing in this section prohibits or limits the issuance of microbusiness licenses.

35.5 (c) If the office determines that the issuance of multiple licenses resulting in a single
35.6 applicant being vertically integrated is necessary to ensure a sufficient supply of cannabis
35.7 flower and cannabinoid products during the first calendar year in which cannabis flower
35.8 and cannabinoid products are lawfully sold to customers, the office may authorize one or
35.9 more applicants to be fully vertically integrated. Regardless of when the licenses were
35.10 issued, licenses issued under the terms of this paragraph expire one year after the first day
35.11 on which cannabis flower and cannabinoid products are lawfully sold to customers and the
35.12 office may not issue multiple licenses resulting in a single applicant being vertically
35.13 integrated after that date.

35.14 Subd. 4. **Application score; license priority.** (a) The office shall award points to each
35.15 completed application in the following categories:

35.16 (1) status as a social equity applicant or as an applicant who is substantially similar to
35.17 a social equity applicant as described in paragraph (c);

35.18 (2) status as a veteran applicant;

35.19 (3) security and record keeping;

35.20 (4) employee training plan;

35.21 (5) business plan and financial situation;

35.22 (6) diversity plan;

35.23 (7) labor and employment practices;

35.24 (8) knowledge and experience; and

35.25 (9) environmental plan.

35.26 (b) The office may award additional points to an application if the license holder would
35.27 expand service to an underrepresented market including but not limited to participation in
35.28 the medical cannabis program.

35.29 (c) The office shall establish application materials permitting individual applicants to
35.30 demonstrate the impact that cannabis prohibition has had on that applicant including but
35.31 not limited to the arrest or imprisonment of the applicant or a member of the applicant's

36.1 immediate family, and the office may award points to such applicants in the same manner
36.2 as points are awarded to social equity applicants.

36.3 (d) The office shall establish policies and guidelines, which shall be made available to
36.4 the public, regarding the number of points available in each category and the basis for
36.5 awarding those points. Status as a social equity applicant must account for at least 20 percent
36.6 of the total available points. In determining the number of points to award to a cooperative
36.7 or business applying as a social equity applicant, the office shall consider the number or
36.8 ownership percentage of cooperative members, officers, directors, managers, and general
36.9 partners who qualify as social equity applicants.

36.10 (e) Consistent with the goals identified in subdivision 1, the office shall issue licenses
36.11 in each license category, giving priority to applicants who receive the highest score under
36.12 paragraphs (a) and (b). If there are insufficient licenses available for entities that receive
36.13 identical scores, the office shall utilize a lottery to randomly select license recipients from
36.14 among those entities.

36.15 **Sec. 17. [342.18] INSPECTION; LICENSE VIOLATIONS; PENALTIES.**

36.16 Subdivision 1. **Authority to inspect.** (a) In order to carry out the purposes of this chapter,
36.17 the office, upon presenting appropriate credentials to the owner, operator, or agent in charge,
36.18 is authorized to:

36.19 (1) enter any cannabis business without delay and at reasonable times;

36.20 (2) inspect and investigate during regular working hours and at other reasonable times,
36.21 within reasonable limits and in a reasonable manner, any cannabis business and all relevant
36.22 conditions, equipment, records, and materials therein; and

36.23 (3) question privately any employer, owner, operator, agent, or employee of a cannabis
36.24 business.

36.25 (b) An employer, owner, operator, agent, or employee must not refuse the office entry
36.26 or otherwise deter or prohibit the office from taking action under paragraph (a).

36.27 Subd. 2. **Powers of office.** (a) In making inspections and investigations under this chapter,
36.28 the office shall have the power to administer oaths, certify as to official acts, take and cause
36.29 to be taken depositions of witnesses, issue subpoenas, and compel the attendance of witnesses
36.30 and production of papers, books, documents, records, and testimony. In case of failure of
36.31 any person to comply with any subpoena lawfully issued, or on the refusal of any witness
36.32 to produce evidence or to testify to any matter regarding which the person may be lawfully
36.33 interrogated, the district court shall, upon application of the office, compel obedience

37.1 proceedings for contempt, as in the case of disobedience of the requirements of a subpoena
37.2 issued by the court or a refusal to testify therein.

37.3 (b) If the office finds probable cause to believe that any cannabis plant, cannabis flower,
37.4 artificially derived cannabinoid, or cannabinoid product is being distributed in violation of
37.5 this chapter or rules adopted under this chapter, the office shall affix to the cannabis plant,
37.6 cannabis flower, artificially derived cannabinoid, or cannabinoid product a tag, withdrawal
37.7 from distribution order, or other appropriate marking providing notice that the cannabis
37.8 plant, cannabis flower, artificially derived cannabinoid, or cannabinoid product is, or is
37.9 suspected of being, distributed in violation of this chapter, and has been detained or
37.10 embargoed, and warning all persons not to remove or dispose of the cannabis plant, cannabis
37.11 flower, artificially derived cannabinoid, or cannabinoid product by sale or otherwise until
37.12 permission for removal or disposal is given by the office or the court. It is unlawful for a
37.13 person to remove or dispose of detained or embargoed cannabis plant, cannabis flower,
37.14 artificially derived cannabinoid, or cannabinoid product by sale or otherwise without the
37.15 office's or a court's permission and each transaction is a separate violation of this section.

37.16 (c) If any cannabis plant, cannabis flower, artificially derived cannabinoid, or cannabinoid
37.17 product has been found by the office to be in violation of this chapter, the office shall petition
37.18 the district court in the county in which the cannabis plant, cannabis flower, artificially
37.19 derived cannabinoid, or cannabinoid product is detained or embargoed for an order and
37.20 decree for the condemnation of the cannabis plant, cannabis flower, artificially derived
37.21 cannabinoid, or cannabinoid product. The office shall release the cannabis plant, cannabis
37.22 flower, artificially derived cannabinoid, or cannabinoid product when this chapter and rules
37.23 adopted under this chapter have been complied with or the cannabis plant, cannabis flower,
37.24 artificially derived cannabinoid, or cannabinoid product is found not to be in violation of
37.25 this chapter or rules adopted under this chapter.

37.26 (d) If the court finds that detained or embargoed cannabis plant, cannabis flower,
37.27 artificially derived cannabinoid, or cannabinoid product is in violation of this chapter or
37.28 rules adopted under this chapter, the following remedies are available:

37.29 (1) after entering a decree, the cannabis plant, cannabis flower, artificially derived
37.30 cannabinoid, or cannabinoid product may be destroyed at the expense of the claimant under
37.31 the supervision of the office, and all court costs, fees, storage, and other proper expenses
37.32 must be assessed against the claimant of the cannabis plant, cannabis flower, artificially
37.33 derived cannabinoid, or cannabinoid product or the claimant's agent; and

38.1 (2) if the violation can be corrected by proper labeling or processing of the cannabis
38.2 plant, cannabis flower, artificially derived cannabinoid, or cannabinoid product, the court,
38.3 after entry of the decree and after costs, fees, and expenses have been paid, and a good and
38.4 sufficient bond conditioned that the cannabis plant, cannabis flower, artificially derived
38.5 cannabinoid, or cannabinoid product must be properly labeled or processed has been
38.6 executed, may by order direct that the cannabis plant, cannabis flower, artificially derived
38.7 cannabinoid, or cannabinoid product be delivered to the claimant for proper labeling or
38.8 processing under the supervision of the office. The office's supervision expenses must be
38.9 paid by the claimant. The cannabis plant, cannabis flower, artificially derived cannabinoid,
38.10 or cannabinoid product must be returned to the claimant and the bond must be discharged
38.11 on representation to the court by the office that the cannabis plant, cannabis flower, artificially
38.12 derived cannabinoid, or cannabinoid product is no longer in violation and that the office's
38.13 supervision expenses have been paid.

38.14 (e) If the office finds in any room, building, piece of equipment, vehicle of transportation,
38.15 or other structure any cannabis plant, cannabis flower, artificially derived cannabinoid, or
38.16 cannabinoid product that is unsound or contains any filthy, decomposed, or putrid substance,
38.17 or that may be poisonous or deleterious to health or otherwise unsafe, the office shall
38.18 condemn or destroy the item or in any other manner render the item as unsalable, and no
38.19 one has any cause of action against the office on account of the office's action.

38.20 (f) The office may enter into an agreement with the commissioner of agriculture to
38.21 analyze and examine samples or other articles furnished by the office for the purpose of
38.22 determining whether the sample or article violates this chapter or rules adopted under this
38.23 chapter. A copy of the examination or analysis report for any such article, duly authenticated
38.24 under oath by the laboratory analyst making the determination or examination, shall be
38.25 prima facie evidence in all courts of the matters and facts contained in the report.

38.26 Subd. 3. **Aiding of inspection.** Subject to rules issued by the office, a representative of
38.27 a cannabis business shall be given an opportunity to accompany the office during the physical
38.28 inspection of any cannabis business for the purpose of aiding such inspection.

38.29 Subd. 4. **Complaints and reports; priority of inspection.** (a) The office may conduct
38.30 inspections of any licensed cannabis business at any time to ensure compliance with the
38.31 ownership and operation requirements of this chapter.

38.32 (b) Any person may report a suspected violation of a safety or health standard. If upon
38.33 receipt of such notification the office determines that there are reasonable grounds to believe

39.1 that such violation or danger exists, the office shall make a special inspection as soon as
39.2 practicable to determine if such danger or violation exists.

39.3 (c) The office shall prioritize inspections of cannabis businesses where there are
39.4 reasonable grounds to believe that a violation poses imminent danger to the public or
39.5 customers.

39.6 (d) The office shall promptly inspect cannabis businesses that are the subject of complaint
39.7 by a local unit of government.

39.8 **Subd. 5. Violations; administrative orders and penalties.** (a) The office may issue an
39.9 administrative order to any licensed cannabis business that the office determines has
39.10 committed a violation of this chapter or rules adopted pursuant to this chapter. The
39.11 administrative order may require the business to correct the violation or to cease and desist
39.12 from committing the violation. The order must state the deficiencies that constitute the
39.13 violation and the time by which the violation must be corrected. If the business believes
39.14 that the information in the administrative order is in error, the person may ask the office to
39.15 consider the parts of the order that are alleged to be in error. The request must be in writing,
39.16 delivered to the office by certified mail within seven days after receipt of the order, and
39.17 provide documentation to support the allegation of error. The office must respond to a
39.18 request for reconsideration within 15 days after receiving the request. A request for
39.19 reconsideration does not stay the correction order unless the office issues a supplemental
39.20 order granting additional time. The office's disposition of a request for reconsideration is
39.21 final.

39.22 (b) For each violation of this chapter or rules adopted pursuant to this chapter, the office
39.23 may issue to each business a monetary penalty of up to \$10,000, an amount that deprives
39.24 the business of any economic advantage gained by the violation, or both.

39.25 (c) An administrative penalty may be recovered in a civil action in the name of the state
39.26 brought in the district court of the county where the violation is alleged to have occurred
39.27 or the district court where the office is housed.

39.28 (d) In addition to penalties listed in this subdivision, a person or business who violates
39.29 the provisions of this chapter is subject to any applicable criminal penalty.

39.30 **Subd. 6. Nonpublic data.** (a) The following data collected, created, or maintained by
39.31 the office is classified as private, pursuant to section 13.02, subdivision 9:

39.32 (1) data submitted by an applicant for a cannabis business license, other than the
39.33 applicant's name and designated address;

40.1 (2) the identity of a complainant who has made a report concerning a license holder or
 40.2 applicant that appears in inactive complaint data unless the complainant consents to the
 40.3 disclosure;

40.4 (3) the nature or content of unsubstantiated complaints when the information is not
 40.5 maintained in anticipation of legal action;

40.6 (4) inactive investigative data relating to violations of statutes or rules;

40.7 (5) the record of any disciplinary proceeding except as limited by paragraph (b);

40.8 (6) data identifying retail or wholesale customers of a cannabis business; and

40.9 (7) data identifying cannabis workers.

40.10 (b) Minutes, application data on license holders except nondesignated addresses, orders
 40.11 for hearing, findings of fact, conclusions of law, and specification of the final disciplinary
 40.12 action contained in the record of the disciplinary action are classified as public, pursuant to
 40.13 section 13.02, subdivision 15. If there is a public hearing concerning the disciplinary action,
 40.14 the entire record concerning the disciplinary proceeding is public data pursuant to section
 40.15 13.02, subdivision 15. If the license holder and the office agree to resolve a complaint
 40.16 without a hearing, the agreement and the specific reasons for the agreement are public data.

40.17 (c) The office must establish written procedures to ensure that only individuals authorized
 40.18 by law may enter, update, or access the data classified as nonpublic or private data on
 40.19 individuals in this subdivision. An authorized individual's ability to enter, update, or access
 40.20 data in the system must correspond to the official duties or training level of the individual
 40.21 and to the statutory authorization granting access for that purpose. All queries and responses,
 40.22 and all actions in which not public data are entered, updated, accessed, shared, or
 40.23 disseminated, must be recorded in a data audit trail. Data contained in the audit trail have
 40.24 the same classification as the underlying data tracked by the audit trail.

40.25 (d) The office must not share data classified as private under this subdivision or other
 40.26 data identifying an individual applicant or license holder with any federal agency, federal
 40.27 department, or federal entity unless specifically ordered to do so by a state or federal court.

40.28 **Sec. 18. [342.19] LICENSE SUSPENSION OR REVOCATION; HEARING.**

40.29 Subdivision 1. **License revocation and nonrenewal.** The office may revoke or not
 40.30 renew a license when the office has cause to believe that a cannabis business has violated
 40.31 an ownership or operational requirement in this chapter or rules adopted pursuant to this
 40.32 chapter. The office must notify the license holder in writing, specifying the grounds for

41.1 revocation or nonrenewal and fixing a time of at least 20 days thereafter for a hearing on
 41.2 the matter.

41.3 Subd. 2. **Hearing; written findings.** (a) Before the office revokes or does not renew a
 41.4 license, the office must provide the license holder with a statement of the complaints made
 41.5 against the license holder, and the office must hold a hearing to determine whether the office
 41.6 should revoke the license or deny renewal of the license. The license holder shall receive
 41.7 notice at least 20 days before the date of the hearing and notice may be served either by
 41.8 certified mail addressed to the address of the license holder as shown in the license
 41.9 application or in the manner provided by law for the service of a summons. At the time and
 41.10 place fixed for the hearing, the office, or any office employee or agent authorized by the
 41.11 office to conduct the hearing, shall receive evidence, administer oaths, and examine witnesses.

41.12 (b) After the hearing held pursuant to paragraph (a), or upon the failure of the license
 41.13 holder to appear at the hearing, the office must take action as is deemed advisable and issue
 41.14 written findings that the office must mail to the license holder. An action of the office under
 41.15 this paragraph is subject to judicial review pursuant to chapter 14.

41.16 Subd. 3. **Temporary suspension.** The office may temporarily, without hearing, suspend
 41.17 the license and operating privilege of any business licensed under this chapter for up to 90
 41.18 days if continuing the operation of the business would threaten the health or safety of any
 41.19 person. The office may extend the period for an additional 90 days if the office notified the
 41.20 business that the office intends to revoke or not renew a license and the hearing required
 41.21 under subdivision 2 has not taken place.

41.22 Sec. 19. **[342.20] ADULT-USE CANNABIS BUSINESS; GENERAL OWNERSHIP**
 41.23 **DISQUALIFICATIONS AND REQUIREMENTS.**

41.24 Subdivision 1. **Criminal history check.** Every license applicant and prospective cannabis
 41.25 worker must submit a completed criminal history records check consent form, a full set of
 41.26 classifiable fingerprints, and the required fees to the office. Upon receipt of this information,
 41.27 the office must submit the completed criminal history records check consent form, full set
 41.28 of classifiable fingerprints, and required fees to the Bureau of Criminal Apprehension. After
 41.29 receiving this information, the bureau must conduct a Minnesota criminal history records
 41.30 check of the license applicant. The bureau may exchange a license applicant's fingerprints
 41.31 with the Federal Bureau of Investigation to obtain the applicant's national criminal history
 41.32 record information. The bureau must return the results of the Minnesota and federal criminal
 41.33 history records checks to the director to determine if the applicant is disqualified under this
 41.34 section.

42.1 Subd. 2. **Criminal offenses; disqualifications.** (a) No person may hold or receive a
42.2 license issued under this chapter or work for a cannabis business if the person has been
42.3 convicted of, or received a stay of adjudication for, a violation of a state or federal controlled
42.4 substance law that is a felony under Minnesota law or would be a felony if committed in
42.5 Minnesota, regardless of the sentence imposed, unless the office determines that the person's
42.6 conviction was for the possession or sale of cannabis.

42.7 (b) A person who has been convicted of, or received a stay of adjudication for, a violation
42.8 of Minnesota Statutes 2022, section 152.023, subdivision 1, clause (3), or a state or federal
42.9 law in conformity with that provision, for the sale of cannabis to a person under the age of
42.10 18 may hold or receive a license issued under this chapter, or work for a cannabis business,
42.11 if 20 years have passed since the date the person was convicted or adjudication was stayed.

42.12 (c) Except as provided in paragraph (a), (b), or (d), a person who has been convicted of,
42.13 or received a stay of adjudication for, a violation of a state or federal law that is a felony
42.14 under Minnesota law or would be a felony if committed in Minnesota, regardless of the
42.15 sentence imposed, may hold or receive a license issued under this chapter, or work for a
42.16 cannabis business, if five years have passed since the discharge of the sentence.

42.17 (d) No license holder or applicant may hold or receive a license issued under this chapter,
42.18 or work for a cannabis business, if the person has been convicted of a sale of cannabis in
42.19 the first degree under section 152.0264, subdivision 2.

42.20 (e) A person who has been convicted of sale of cannabis in the second degree under
42.21 section 152.0264, subdivision 3, may hold or receive a license issued under this chapter or
42.22 work for a cannabis business if ten years have passed since the discharge of the sentence.

42.23 (f) A person who has been convicted of sale of cannabis in the third degree under section
42.24 152.0264, subdivision 4, may hold or receive a license issued under this chapter or work
42.25 for a cannabis business if five years have passed since the discharge of the sentence.

42.26 (g) A person who has been convicted of sale of cannabis in the fourth degree under
42.27 section 152.0264, subdivision 5, may hold or receive a license issued under this chapter or
42.28 work for a cannabis business if one year has passed since the discharge of the sentence.

42.29 (h) If the license holder or applicant is a business entity, the disqualifications under this
42.30 subdivision apply to every cooperative member or every director, manager, and general
42.31 partner of the business entity.

42.32 Subd. 3. **Risk of harm; set aside.** The office may set aside a disqualification under
42.33 subdivision 2 if the office finds that the person has submitted sufficient information to

43.1 demonstrate that the person does not pose a risk of harm to any person served by the
43.2 applicant, license holder, or other entities as provided in this chapter.

43.3 Subd. 4. General requirements. (a) A license holder or applicant must meet each of
43.4 the following requirements, if applicable, to hold or receive a license issued under this
43.5 chapter:

43.6 (1) be at least 21 years of age;

43.7 (2) have completed an application for licensure or application for renewal;

43.8 (3) have paid the applicable application fee;

43.9 (4) reside in the state;

43.10 (5) if the applicant or license holder is a business entity, be incorporated in the state or
43.11 otherwise formed or organized under the laws of the state;

43.12 (6) if the applicant or license holder is a business entity, at least 75 percent of the business
43.13 must be owned by Minnesota residents;

43.14 (7) not be employed by the office or any state agency with regulatory authority under
43.15 this chapter or the rules adopted pursuant to this chapter;

43.17 (c);

43.18 (9) never have had a license previously issued under this chapter revoked;

43.19 (10) have filed any previously required tax returns for a cannabis business;

43.20 (11) have paid and remitted any business taxes, gross receipts taxes, interest, or penalties
43.21 due relating to the operation of a cannabis business;

43.22 (12) have fully and truthfully complied with all information requests of the office relating
43.23 to license application and renewal;

43.24 (13) not be disqualified under subdivision 2;

43.25 (14) not employ an individual who is disqualified from working for a cannabis business
43.26 under this chapter; and

43.27 (15) meet the ownership and operational requirements for the type of license and, if
43.28 applicable, endorsement sought or held.

43.29 (b) If the license holder or applicant is a business entity, every officer, director, manager,
43.30 and general partner of the business entity must meet each of the requirements of this section.

44.1 Sec. 20. **[342.21] CANNABIS BUSINESS; GENERAL OPERATIONAL**
44.2 **REQUIREMENTS AND PROHIBITIONS.**

44.3 **Subdivision 1. Individuals under 21 years of age.** (a) A cannabis business may not
44.4 employ an individual under 21 years of age and may not contract with an individual under
44.5 21 years of age if the individual's scope of work involves the handling of cannabis plants,
44.6 cannabis flower, artificially derived cannabinoids, or cannabinoid products.

44.7 (b) A cannabis business may not permit an individual under 21 years of age to enter the
44.8 business premises other than entry into an area that solely dispenses medical cannabis flower
44.9 or medical cannabinoid products.

44.10 (c) A cannabis business may not sell or give cannabis flower or cannabinoid products
44.11 to an individual under 21 years of age unless the individual is a patient; registered designated
44.12 caregiver; or a parent, legal guardian, or spouse of a patient who is authorized to use, possess,
44.13 or transport medical cannabis or medical cannabinoid products.

44.14 **Subd. 2. Use of cannabis flower and cannabinoid products within a licensed cannabis**
44.15 **business.** (a) A cannabis business may not permit an individual who is not an employee to
44.16 consume cannabis flower or cannabinoid products within its licensed premises unless the
44.17 business is licensed to permit on-site consumption or the business has an on-site endorsement
44.18 to a license authorizing the sale of lower potency edible products.

44.19 (b) Except as otherwise provided in this subdivision, a cannabis business may not permit
44.20 an employee to consume cannabis flower or cannabinoid products within its licensed premises
44.21 or while the employee is otherwise engaged in activities within the course and scope of
44.22 employment.

44.23 (c) A cannabis business may permit an employee to use medical cannabis flower and
44.24 medical cannabinoid products if that individual is a patient.

44.25 (d) For quality control, employees of a licensed cannabis business may sample cannabis
44.26 flower or cannabinoid products. Employees may not interact directly with customers for at
44.27 least three hours after sampling a product. Employees may not consume more than three
44.28 samples in a single 24-hour period. All samples must be recorded in the statewide monitoring
44.29 system.

44.30 **Subd. 3. Restricted access.** (a) Except as otherwise provided in this subdivision, a
44.31 cannabis business may not permit any individual to enter a restricted area unless the cannabis
44.32 business records the individual's name, time of entry, time of exit, and authorization to enter
44.33 the restricted area through use of an electronic or manual entry log and the individual:

45.1 (1) is a cannabis worker employed by or contracted with the cannabis business;

45.2 (2) is an employee of the office or another enforcement agency;

45.3 (3) is a contractor of the cannabis business, including but not limited to an electrician,
45.4 a plumber, an engineer, or an alarm technician, whose scope of work will not involve the
45.5 handling of cannabis flower or cannabinoid products and, if the individual is working in an
45.6 area with immediate access to cannabis flower or cannabinoid products, the individual is
45.7 supervised at all times by a cannabis worker employed by or contracted with the cannabis
45.8 business; or

45.9 (4) has explicit authorization from the office to enter a restricted area and, if the individual
45.10 is in an area with immediate access to cannabis flower or cannabinoid products, the individual
45.11 is supervised at all times by a cannabis worker employed by or contracted with the cannabis
45.12 business.

45.13 (b) A cannabis business shall ensure that all areas of entry to restricted areas within its
45.14 licensed premises are conspicuously marked and cannot be entered without recording the
45.15 individual's name, time of entry, time of exit, and authorization to enter the restricted area.

45.16 Subd. 4. **Ventilation and filtration.** A cannabis business must maintain a ventilation
45.17 and filtration system sufficient to meet the requirements for odor control established by the
45.18 office.

45.19 Subd. 5. **Records.** (a) A cannabis business must retain financial records for the current
45.20 and previous tax year at the primary business location and must make those records available
45.21 for inspection by the office at any time during regular business hours.

46.3 or sale.

46.4 (b) For the purposes of this subdivision, a cannabis business possesses the cannabis
46.5 plants and cannabis flower that the business cultivates from seed or immature plant, if
46.6 applicable, or receives from another cannabis business, possesses the artificially derived

47.11 to allow customers to smell the cannabis flower or cannabinoid product before purchase.
47.12 A sample jar may not contain more than eight grams of useable cannabis flower, eight grams
47.13 of a cannabis concentrate, or an edible cannabinoid product infused with 100 milligrams of
47.14 tetrahydrocannabinol.

47.15 (d) This prohibition does not apply to free samples of cannabis flower or cannabinoid

48.26 (b) Except as provided in paragraph (a), no person, cooperative, or business holding a
48.27 cannabis cultivator license may own or operate any other cannabis business. This prohibition
48.28 does not prevent the transportation of cannabis flower from a cannabis cultivator to a cannabis
48.29 manufacturer licensed to the same person, cooperative, or business and located on the same
48.30 premises.

48.31 (c) The office by rule may limit the number of cannabis cultivator licenses a person,

86.6 cannabinoid products outside a restricted access area and staff transport medical cannabis
86.7 flower and medical cannabinoid products from a restricted access area to the designated
86.8 zone for distribution only after confirming that the patient, designated caregiver, or parent,
86.9 guardian, or spouse has arrived in the designated zone;

86.14 products, staff enter the transaction in the statewide monitoring system; and

86.15 (6) immediately following distribution of medical cannabis flower and medical
86.16 cannabinoid products, staff take the payment received into the facility.

86.17 Subd. 6. **Physical separation required.** A medical cannabis retailer that is also a cannabis
86.18 retailer must distribute medical cannabis flower and medical cannabinoid products provided
86.19 that the portion of the premises in which medical cannabis flower and medical cannabinoid
86.20 products are sold is definite and distinct from all other areas of the cannabis retailer, is
86.21 accessed through a distinct entrance, and provides an appropriate space for a pharmacist
86.22 employee of the medical cannabis retailer to consult with the patient to determine the proper

87.13 for any injury, loss of property, personal injury, or death caused by an act or omission while
87.14 acting within the employee's scope of office or employment under this section; and

87.15 (ii) the patient's acknowledgment that enrollment in the registry program is conditional
87.16 on the patient's agreement to meet all other requirements of this section; and

87.17 (5) all other information required by the Division of Medical Cannabis.

87.18 (b) As part of the application under this subdivision, a patient must submit a copy of a

87.22 (c) A patient's health care practitioner may submit a statement to the Division of Medical
87.23 Cannabis declaring that the patient is no longer diagnosed with a qualifying medical
87.24 condition. Within 30 days after receipt of a statement from a patient's health care practitioner,
87.25 the Division of Medical Cannabis must provide written notice to a patient stating that the
87.26 patient's enrollment in the registry program will be revoked in 30 days unless the patient
87.27 submits a certification from a health care practitioner that the patient is currently diagnosed
87.28 with a qualifying medical condition or, if the patient is a veteran, the patient submits
87.29 confirmation that the patient is currently diagnosed with a qualifying medical condition in
87.30 a form and manner consistent with the information required for an application made pursuant
87.31 to subdivision 3. If the Division of Medical Cannabis revokes a patient's enrollment in the
87.32 registry program pursuant to this paragraph, the division must provide notice to the patient
87.33 and to the patient's health care practitioner.

88.1 Subd. 3. **Application procedure for veterans.** (a) The Division of Medical Cannabis
88.2 shall establish an alternative certification procedure for veterans who receive care from the
88.3 United States Department of Veterans Affairs to confirm that the veteran has been diagnosed
88.4 with a qualifying medical condition.

88.6 submit to the Division of Medical Cannabis an application established by the Division of
88.7 Medical Cannabis that includes the information identified in subdivision 2, paragraph (a),

88.11 receipt of an application and certification or other documentation of a diagnosis with a
88.12 qualifying medical condition, the Division of Medical Cannabis must approve or deny a
88.13 patient's enrollment in the registry program. If the Division of Medical Cannabis approves
88.14 a patient's enrollment in the registry program, the office must provide notice to the patient
88.15 and to the patient's health care practitioner.

88.16 (b) A patient's enrollment in the registry program must only be denied if the patient:

89.3 patient does not submit another certification within 30 days;

89.4 (4) if the patient does not comply with subdivision 6; or

89.5 (5) if the patient intentionally sells or diverts medical cannabis flower or medical
89.6 cannabinoid products in violation of this chapter.

89.7 If a patient's enrollment in the registry program has been revoked due to a violation of
89.8 subdivision 6, the patient may apply for enrollment 12 months after the date on which the
89.9 patient's enrollment was revoked. The office must process such an application in accordance
89.10 with this subdivision.

89.11 Subd. 5. **Registry verification.** When a patient is enrolled in the registry program, the
89.12 Division of Medical Cannabis must assign the patient a patient registry number and must
89.13 issue the patient and the patient's registered designated caregiver, parent, legal guardian, or

89.25 condition from the patient's health care practitioner; and

90.24 registration as a designated caregiver. A designated caregiver must have the criminal
90.25 background check renewed every two years.

90.26 (d) Nothing in this section shall be construed to prevent a registered designated caregiver
90.27 from being enrolled in the registry program as a patient and possessing and administering
90.28 medical cannabis as a patient.

90.29 Subd. 10. Parents, legal guardians, spouses. A parent, legal guardian, or spouse of a

 91.17 upon a petition from a member of the public or from the Cannabis Advisory Council or as
 91.18 directed by law. The office must evaluate all petitions and must make the addition or

92.3 Subdivision 1. Duties related to health care practitioners. The Division of Medical
 92.4 Cannabis must:

92.5 (1) provide notice of the registry program to health care practitioners in the state;

92.6 (2) allow health care practitioners to participate in the registry program if they request
 92.7 to participate and meet the program's requirements;

92.8 (3) provide explanatory information and assistance to health care practitioners to
 92.9 understand the nature of the therapeutic use of medical cannabis within program
 92.10 requirements;

92.11 (4) make available to participating health care practitioners a certification form in which
 92.12 a health care practitioner certifies that a patient has a qualifying medical condition; and

92.13 (5) supervise the participation of health care practitioners in the registry reporting system
 92.14 in which health care practitioners report patient treatment and health records information
 92.15 to the office in a manner that ensures stringent security and record keeping requirements
 92.16 and that prevents the unauthorized release of private data on individuals as defined in section
 92.17 13.02.

92.18 Subd. 2. Duties related to the registry program. The Division of Medical Cannabis
 92.19 must:

92.20 (1) administer the registry program according to section 342.47;

92.21 (2) provide information to patients enrolled in the registry program on the existence of
 92.22 federally approved clinical trials for the treatment of the patient's qualifying medical condition
 92.23 with medical cannabis flower or medical cannabinoid products as an alternative to enrollment
 92.24 in the registry program;

92.25 (3) maintain safety criteria with which patients must comply as a condition of participation
 92.26 in the registry program to prevent patients from undertaking any task under the influence
 92.27 of medical cannabis flower or medical cannabinoid products that would constitute negligence
 92.28 or professional malpractice;

92.29 (4) review and publicly report on existing medical and scientific literature regarding the
 92.30 range of recommended dosages for each qualifying medical condition, the range of chemical
 92.31 compositions of medical cannabis flower and medical cannabinoid products that will likely
 92.32 be medically beneficial for each qualifying medical condition, and any risks of noncannabis

93.1 drug interactions. This information must be updated by December 1 of each year. The office
 93.2 may consult with an independent laboratory under contract with the office or other experts
 93.3 in reporting and updating this information; and

93.4 (5) annually consult with cannabis businesses about medical cannabis that the businesses
 93.5 cultivate, manufacture, and offer for sale and post on the Division of Medical Cannabis
 93.6 website a list of the medical cannabis flower and medical cannabinoid products offered for
 93.7 sale by each medical cannabis retailer.

93.8 Subd. 3. **Research.** (a) The Division of Medical Cannabis must conduct or contract with
 93.9 a third party to conduct research and studies using data from health records submitted to
 93.10 the registry program under section 342.50, subdivision 2, and data submitted to the registry
 93.11 program under section 342.47, subdivisions 2 and 3. If the division contracts with a third
 93.12 party for research and studies, the third party must provide the division with access to all
 93.13 research and study results. The division must submit reports on intermediate or final research
 93.14 results to the legislature and major scientific journals. All data used by the division or a
 93.15 third party under this subdivision must be used or reported in an aggregated nonidentifiable
 93.16 form as part of a scientific peer-reviewed publication of research or in the creation of
 93.17 summary data, as defined in section 13.02, subdivision 19.

93.18 (b) The Division of Medical Cannabis may submit medical research based on the data
 93.19 collected under sections 342.50, subdivision 2, and data collected through the statewide
 93.20 monitoring system to any federal agency with regulatory or enforcement authority over
 93.21 medical cannabis to demonstrate the effectiveness of medical cannabis flower or medical
 93.22 cannabinoid products for treating or alleviating the symptoms of a qualifying medical
 93.23 condition.

93.24 **EFFECTIVE DATE.** This section is effective January 1, 2024.

93.25 Sec. 49. **[342.50] DUTIES OF HEALTH CARE PRACTITIONERS; REGISTRY**
 93.26 **PROGRAM.**

93.27 Subdivision 1. **Health care practitioner duties before patient enrollment.** Before a
 93.28 patient's enrollment in the registry program, a health care practitioner must:

93.29 (1) determine, in the health care practitioner's medical judgment, whether a patient has
 93.30 a qualifying medical condition and, if so determined, provide the patient with a certification
 93.31 of that diagnosis;

93.32 (2) advise patients, registered designated caregivers, and parents, legal guardians, and
 93.33 spouses acting as caregivers of any nonprofit patient support groups or organizations;

94.1 (3) provide to patients explanatory information from the Division of Medical Cannabis,
94.2 including information about the experimental nature of the therapeutic use of medical
94.3 cannabis flower and medical cannabinoid products; the possible risks, benefits, and side
94.4 effects of the proposed treatment; and the application and other materials from the office;

94.5 (4) provide to patients a Tennessee warning as required under section 13.04, subdivision
94.6 2; and

94.7 (5) agree to continue treatment of the patient's qualifying medical condition and to report
94.8 findings to the Division of Medical Cannabis.

94.9 Subd. 2. **Duties upon patient's enrollment in registry program.** Upon receiving
94.10 notification from the Division of Medical Cannabis of the patient's enrollment in the registry
94.11 program, a health care practitioner must:

94.12 (1) participate in the patient registry reporting system under the guidance and supervision
94.13 of the Division of Medical Cannabis;

94.14 (2) report to the Division of Medical Cannabis patient health records throughout the
94.15 patient's ongoing treatment in a manner determined by the office and in accordance with
94.16 subdivision 4;

94.17 (3) determine on a yearly basis if the patient continues to have a qualifying medical
94.18 condition and, if so, issue the patient a new certification of that diagnosis. The patient
94.19 assessment conducted under this clause may be conducted via telemedicine, as defined in
94.20 section 62A.671, subdivision 9; and

94.21 (4) otherwise comply with requirements established by the Office of Cannabis
94.22 Management and the Division of Medical Cannabis.

94.23 Subd. 3. **Participation not required.** Nothing in this section requires a health care
94.24 practitioner to participate in the registry program.

94.25 Subd. 4. **Data.** Data on patients collected by a health care practitioner and reported to
94.26 the registry program, including data on patients who are veterans who receive care from
94.27 the United States Department of Veterans Affairs, are health records under section 144.291
94.28 and are private data on individuals under section 13.02 but may be used or reported in an
94.29 aggregated nonidentifiable form as part of a scientific peer-reviewed publication of research
94.30 conducted under section 342.49 or in the creation of summary data, as defined in section
94.31 13.02, subdivision 19.

94.32 Subd. 5. **Exception.** The requirements of this section do not apply to a patient who is a
94.33 veteran who receives care from the United States Department of Veterans Affairs or a health

95.1 care practitioner employed by the United States Department of Veterans Affairs. Such a
 95.2 patient must meet the certification requirements developed pursuant to section 342.47,
 95.3 subdivision 3, before the patient's enrollment in the registry program. The Division of
 95.4 Medical Cannabis may establish policies and procedures to obtain medical records and other
 95.5 relevant data from a health care practitioner employed by the United States Department of
 95.6 Veterans Affairs, provided that those policies and procedures are consistent with this section.

95.7 **EFFECTIVE DATE.** This section is effective January 1, 2024.

95.8 Sec. 50. **[342.51] LIMITATIONS.**

95.9 Subdivision 1. **Limitations on consumption; locations of consumption.** Nothing in
 95.10 sections 342.42 to 342.56 permits any person to engage in, and does not prevent the
 95.11 imposition of any civil, criminal, or other penalties for:

95.12 (1) undertaking a task under the influence of medical cannabis that would constitute
 95.13 negligence or professional malpractice;

95.14 (2) possessing or consuming medical cannabis:

95.15 (i) on a school bus or van;

95.16 (ii) in a correctional facility; or

95.17 (iii) on the grounds of a child care facility or family or group family day care program;

95.18 (3) vaporizing or smoking medical cannabis:

95.19 (i) on any form of public transportation;

95.20 (ii) where the vapor would be inhaled by a nonpatient minor or where the smoke would
 95.21 be inhaled by a minor; or

95.22 (iii) in any public place, including any indoor or outdoor area used by or open to the
 95.23 general public or a place of employment, as defined in section 144.413, subdivision 1b; and

95.24 (4) operating, navigating, or being in actual physical control of a motor vehicle, aircraft,
 95.25 train, or motorboat or working on transportation property, equipment, or facilities while
 95.26 under the influence of medical cannabis or a medical cannabis product.

95.27 Subd. 3. **Health care facilities.** (a) Health care facilities licensed under chapter 144A;
 95.28 hospice providers licensed under chapter 144A; boarding care homes or supervised living
 95.29 facilities licensed under section 144.50; assisted living facilities under chapter 144G; facilities
 95.30 owned, controlled, managed, or under common control with hospitals licensed under chapter
 95.31 144; and other health care facilities licensed by the commissioner of health may adopt

96.1 reasonable restrictions on the use of medical cannabis flower or medical cannabinoid products
 96.2 by a patient enrolled in the registry program who resides at or is actively receiving treatment
 96.3 or care at the facility. The restrictions may include a provision that the facility must not
 96.4 store or maintain a patient's supply of medical cannabis flower or medical cannabinoid
 96.5 products, that the facility is not responsible for providing medical cannabis for patients, and
 96.6 that medical cannabis flower or medical cannabinoid products are used only in a location
 96.7 specified by the facility or provider.

96.8 (b) An employee or agent of a facility or provider listed in this subdivision or a person
 96.9 licensed under chapter 144E is not violating this chapter or chapter 152 for the possession
 96.10 of medical cannabis flower or medical cannabinoid products while carrying out employment
 96.11 duties, including providing or supervising care to a patient enrolled in the registry program,
 96.12 or distribution of medical cannabis flower or medical cannabinoid products to a patient
 96.13 enrolled in the registry program who resides at or is actively receiving treatment or care at
 96.14 the facility or from the provider with which the employee or agent is affiliated. Nothing in
 96.15 this subdivision requires facilities and providers listed in this subdivision to adopt such
 96.16 restrictions. No facility or provider listed in this subdivision may unreasonably limit a
 96.17 patient's access to or use of medical cannabis flower or medical cannabinoid products to
 96.18 the extent that such use is authorized under sections 342.42 to 342.56.

96.19 **EFFECTIVE DATE.** This section is effective January 1, 2024.

96.20 **Sec. 51. [342.52] PROTECTIONS FOR REGISTRY PROGRAM PARTICIPANTS.**

96.21 Subdivision 1. **Presumption.** There is a presumption that a patient enrolled in the registry
 96.22 program is engaged in the authorized use of medical cannabis flower and medical cannabinoid
 96.23 products. This presumption may be rebutted by evidence that the patient's use of medical
 96.24 cannabis flower or medical cannabinoid products was not for the purpose of treating or
 96.25 alleviating the patient's qualifying medical condition or symptoms associated with the
 96.26 patient's qualifying medical condition.

96.27 Subd. 2. **Criminal and civil protections.** (a) Subject to section 342.51, the following
 96.28 are not violations of this chapter or chapter 152:

96.29 (1) use or possession of medical cannabis flower, medical cannabinoid products, or
 96.30 medical cannabis paraphernalia by a patient enrolled in the registry program or by a visiting
 96.31 patient to whom medical cannabis is distributed under section 342.46, subdivision 5;

97.1 (2) possession of medical cannabis flower, medical cannabinoid products, or medical
97.2 cannabis paraphernalia by a registered designated caregiver or a parent, legal guardian, or
97.3 spouse of a patient enrolled in the registry program; or

97.4 (3) possession of medical cannabis flower, medical cannabinoid products, or medical
97.5 cannabis paraphernalia by any person while carrying out duties required under sections
97.6 342.42 to 342.56.

97.7 (b) The Office of Cannabis Management, members of the Cannabis Advisory Council,
97.8 Office of Cannabis Management employees, agents or contractors of the Office of Cannabis
97.9 Management, and health care practitioners participating in the registry program are not
97.10 subject to any civil penalties or disciplinary action by the Board of Medical Practice, the
97.11 Board of Nursing, or any business, occupational, or professional licensing board or entity
97.12 solely for participating in the registry program. A pharmacist licensed under chapter 151 is
97.13 not subject to any civil penalties or disciplinary action by the Board of Pharmacy when
97.14 acting in accordance with sections 342.42 to 342.56. Nothing in this section prohibits a
97.15 professional licensing board from taking action in response to a violation of law.

97.16 (c) Notwithstanding any law to the contrary, a Cannabis Advisory Council member, the
97.17 governor, or an employee of a state agency must not be held civilly or criminally liable for
97.18 any injury, loss of property, personal injury, or death caused by any act or omission while
97.19 acting within the scope of office or employment under sections 342.42 to 342.56.

97.20 (d) Federal, state, and local law enforcement authorities are prohibited from accessing
97.21 the registry except when acting pursuant to a valid search warrant. Notwithstanding section
97.22 13.09, a violation of this paragraph is a gross misdemeanor.

97.23 (e) Notwithstanding any law to the contrary, the office and employees of the office must
97.24 not release data or information about an individual contained in any report or document or
97.25 in the registry and must not release data or information obtained about a patient enrolled in
97.26 the registry program, except as provided in sections 342.42 to 342.56. Notwithstanding
97.27 section 13.09, a violation of this paragraph is a gross misdemeanor.

97.28 (f) No information contained in a report or document, contained in the registry, or
97.29 obtained from a patient under sections 342.42 to 342.56 may be admitted as evidence in a
97.30 criminal proceeding, unless:

97.31 (1) the information is independently obtained; or

97.32 (2) admission of the information is sought in a criminal proceeding involving a criminal
97.33 violation of sections 342.42 to 342.56.

98.1 (g) An attorney must not be subject to disciplinary action by the Minnesota Supreme
 98.2 Court or professional responsibility board for providing legal assistance to prospective or
 98.3 licensed medical cannabis businesses or others for activities that do not violate this chapter
 98.4 or chapter 152.

98.5 (h) Possession of a registry verification or an application for enrollment in the registry
 98.6 program:

98.7 (1) does not constitute probable cause or reasonable suspicion;

98.8 (2) must not be used to support a search of the person or property of the person with a
 98.9 registry verification or application to enroll in the registry program; and

98.10 (3) must not subject the person or the property of the person to inspection by any
 98.11 government agency.

98.12 Subd. 3. **School enrollment; rental property.** (a) No school may refuse to enroll a
 98.13 patient as a pupil or otherwise penalize a patient solely because the patient is enrolled in
 98.14 the registry program, unless failing to do so would violate federal law or regulations or
 98.15 cause the school to lose a monetary or licensing-related benefit under federal law or
 98.16 regulations.

98.17 (b) No landlord may refuse to lease to a patient or otherwise penalize a patient solely
 98.18 because the patient is enrolled in the registry program, unless failing to do so would violate
 98.19 federal law or regulations or cause the landlord to lose a monetary or licensing-related
 98.20 benefit under federal law or regulations.

98.21 Subd. 4. **Medical care.** For purposes of medical care, including organ transplants, a
 98.22 patient's use of medical cannabis according to sections 342.42 to 342.56 is considered the
 98.23 equivalent of the authorized use of a medication used at the discretion of a health care
 98.24 practitioner and does not disqualify a patient from needed medical care.

98.25 Subd. 5. **Employment.** (a) Unless a failure to do so would violate federal or state law
 98.26 or regulations or cause an employer to lose a monetary or licensing-related benefit under
 98.27 federal law or regulations, an employer may not discriminate against a person in hiring,
 98.28 termination, or any term or condition of employment, or otherwise penalize a person, if the
 98.29 discrimination is based on:

98.30 (1) the person's status as a patient enrolled in the registry program; or

98.31 (2) a patient's positive drug test for cannabis components or metabolites, unless the
 98.32 patient used, possessed, sold, transported, or was impaired by medical cannabis flower or

99.1 a medical cannabinoid product on work premises, during working hours, or while operating
 99.2 an employer's machinery, vehicle, or equipment.

99.3 (b) An employee who is a patient and whose employer requires the employee to undergo
 99.4 drug testing according to section 181.953 may present the employee's registry verification
 99.5 as part of the employee's explanation under section 181.953, subdivision 6.

99.6 Subd. 6. **Custody; visitation; parenting time.** A person must not be denied custody of
 99.7 a minor child or visitation rights or parenting time with a minor child based solely on the
 99.8 person's status as a patient enrolled in the registry program. There must be no presumption
 99.9 of neglect or child endangerment for conduct allowed under sections 342.42 to 342.56,
 99.10 unless the person's behavior creates an unreasonable danger to the safety of the minor as
 99.11 established by clear and convincing evidence.

99.12 Subd. 7. **Action for damages.** In addition to any other remedy provided by law, a patient
 99.13 may bring an action for damages against any person who violates subdivision 3, 4, or 5. A
 99.14 person who violates subdivision 3, 4, or 5 is liable to a patient injured by the violation for
 99.15 the greater of the person's actual damages or a civil penalty of \$100 and reasonable attorney
 99.16 fees.

99.17 **EFFECTIVE DATE.** This section is effective January 1, 2024.

99.18 Sec. 52. **[342.54] VIOLATION BY HEALTH CARE PRACTITIONER; CRIMINAL**
 99.19 **PENALTY.**

99.20 A health care practitioner who knowingly refers patients to a medical cannabis business
 99.21 or to a designated caregiver, who advertises as a retailer or producer of medical cannabis
 99.22 flower or medical cannabinoid products, or who issues certifications while holding a financial
 99.23 interest in a cannabis retailer or medical cannabis business is guilty of a misdemeanor and
 99.24 may be sentenced to imprisonment for not more than 90 days or to payment of not more
 99.25 than \$1,000, or both.

99.26 **EFFECTIVE DATE.** This section is effective January 1, 2024.

99.27 Sec. 53. **[342.55] DATA PRACTICES.**

99.28 Subdivision 1. **Data classification.** Patient health records maintained by the Office of
 99.29 Cannabis Management or the Division of Medical Cannabis and government data in patient
 99.30 health records maintained by a health care practitioner are classified as private data on
 99.31 individuals, as defined in section 13.02, subdivision 12, or nonpublic data, as defined in
 99.32 section 13.02, subdivision 9.

100.1 Subd. 2. Allowable use; prohibited use. Data specified in subdivision 1 may be used
100.2 to comply with chapter 13, to comply with a request from the legislative auditor or the state
100.3 auditor in the performance of official duties, and for purposes specified in sections 342.42
100.4 to 342.56. Data specified in subdivision 1 and maintained by the Office of Cannabis
100.5 Management or Division of Medical Cannabis must not be used for any purpose not specified
100.6 in sections 342.42 to 342.56 and must not be combined or linked in any manner with any
100.7 other list, dataset, or database. Data specified in subdivision 1 must not be shared with any
100.8 federal agency, federal department, or federal entity unless specifically ordered to do so by
100.9 a state or federal court.

100.10 EFFECTIVE DATE. This section is effective January 1, 2024.

100.11 Sec. 54. [342.56] CLINICAL TRIALS.

100.12 The Division of Medical Cannabis may conduct, or award grants to health care providers
100.13 or research organizations to conduct, clinical trials on the safety and efficacy of using
100.14 medical cannabis flower or medical cannabinoid products to treat a specific health condition.
100.15 A health care provider or research organization receiving a grant under this section must
100.16 provide the office with access to all data collected in a clinical trial funded under this section.
100.17 The office may use data from clinical trials conducted or funded under this section as
100.18 evidence to approve additional qualifying medical conditions or additional allowable forms
100.19 of medical cannabis.

100.20 EFFECTIVE DATE. This section is effective January 1, 2024.

100.21 Sec. 55. [342.60] TESTING.

100.22 Subdivision 1. Testing required. A cannabis business shall not sell or offer for sale
100.23 cannabis flower, cannabinoid products, artificially derived cannabinoids, or hemp-derived
100.24 consumer products to another cannabis business or to a customer or patient, or otherwise
100.25 transfer cannabis flower, cannabinoid products, artificially derived cannabinoids, or
100.26 hemp-derived consumer products to another cannabis business, unless:

100.27 (1) a representative sample of the batch of cannabis flower, cannabinoid product,
100.28 artificially derived cannabinoid, or hemp-derived consumer product has been tested according
100.29 to this section and rules adopted under this chapter;

100.30 (2) the testing was completed by a cannabis testing facility licensed under this chapter;
100.31 and

101.1 (3) the tested sample of cannabis flower, cannabinoid product, artificially derived
101.2 cannabinoid, or hemp-derived consumer product was found to meet testing standards
101.3 established by the office.

101.4 Subd. 2. **Procedures and standards established by office.** (a) The office shall by rule
101.5 establish procedures governing the sampling, handling, testing, storage, and transportation
101.6 of cannabis flower, cannabinoid products, artificially derived cannabinoids, and hemp-derived
101.7 consumer products tested under this section; the contaminants for which cannabis flower,
101.8 cannabinoid products, artificially derived cannabinoids, and hemp-derived consumer products
101.9 must be tested; standards for potency and homogeneity testing; and procedures applicable
101.10 to cannabis businesses and cannabis testing facilities regarding cannabis flower, cannabinoid
101.11 products, artificially derived cannabinoids, and hemp-derived consumer products that fail
101.12 to meet the standards for allowable levels of contaminants established by the office, that
101.13 fail to meet the potency limits in this chapter or that do not conform with the content of the
101.14 cannabinoid profile listed on the label.

101.15 (b) All testing required under this section must be performed in a manner that is consistent
101.16 with general requirements for testing and calibration activities.

101.17 Subd. 3. **Standards established by Office of Cannabis Management.** The office shall
101.18 by rule establish standards for allowable levels of contaminants in cannabis flower,
101.19 cannabinoid products, artificially derived cannabinoids, hemp-derived consumer products,
101.20 and growing media. Contaminants for which the office must establish allowable levels must
101.21 include but are not limited to residual solvents, foreign material, microbiological
101.22 contaminants, heavy metals, pesticide residue, and mycotoxins.

101.23 Subd. 4. **Testing of samples; disclosures.** (a) On a schedule determined by the office,
101.24 every cannabis cultivator, cannabis manufacturer, cannabis wholesaler with an endorsement
101.25 to import products, cannabis microbusiness, or medical cannabis business shall make each
101.26 batch of cannabis flower, cannabinoid products, artificially derived cannabinoids, or
101.27 hemp-derived consumer products grown, manufactured, or imported by the cannabis
101.28 cultivator, cannabis manufacturer, cannabis wholesaler with an endorsement to import
101.29 products, cannabis microbusiness, or medical cannabis business available to a cannabis
101.30 testing facility.

101.31 (b) A cannabis cultivator, cannabis manufacturer, cannabis wholesaler with an
101.32 endorsement to import products, cannabis microbusiness, or medical cannabis business
101.33 must disclose all known information regarding pesticides, fertilizers, solvents, or other
101.34 foreign materials, including but not limited to catalysts used in creating artificially derived

102.1 cannabinoids, applied or added to the batch of cannabis flower, cannabinoid products,
102.2 artificially derived cannabinoids, or hemp-derived consumer products subject to testing.
102.3 Disclosure must be made to the cannabis testing facility and must include information about
102.4 all applications by any person, whether intentional or accidental.

102.5 (c) The cannabis testing facility shall select one or more representative samples from
102.6 each batch, test the samples for the presence of contaminants, and test the samples for
102.7 potency and homogeneity and to allow the cannabis flower, cannabinoid product, artificially
102.8 derived cannabinoid, or hemp-derived consumer product to be accurately labeled with its
102.9 cannabinoid profile. Testing for contaminants must include testing for residual solvents,
102.10 foreign material, microbiological contaminants, heavy metals, pesticide residue, mycotoxins,
102.11 and any items identified pursuant to paragraph (b), and may include testing for other
102.12 contaminants. A cannabis testing facility must destroy or return to the cannabis cultivator,
102.13 cannabis manufacturer, cannabis wholesaler with an endorsement to import products,
102.14 cannabis microbusiness, or medical cannabis business any part of the sample that remains
102.15 after testing.

102.16 Subd. 5. **Test results.** (a) If a sample meets the applicable testing standards, a cannabis
102.17 testing facility shall issue a certification to a cannabis cultivator, cannabis manufacturer,
102.18 cannabis wholesaler with an endorsement to import products, cannabis microbusiness, or
102.19 medical cannabis business, and the cannabis cultivator, cannabis manufacturer, cannabis
102.20 wholesaler with an endorsement to import products, cannabis microbusiness, or medical
102.21 cannabis business may then sell or transfer the batch of cannabis flower, cannabinoid
102.22 products, artificially derived cannabinoids, or hemp-derived consumer products from which
102.23 the sample was taken to another cannabis business or offer the cannabis flower, cannabinoid
102.24 products, or hemp-derived consumer products for sale to customers or patients. If a sample
102.25 does not meet the applicable testing standards or if the testing facility is unable to test for
102.26 a substance identified pursuant to subdivision 4, paragraph (b), the batch from which the
102.27 sample was taken shall be subject to procedures established by the office for such batches,
102.28 including destruction, remediation, or retesting. A cannabis cultivator, cannabis manufacturer,
102.29 cannabis wholesaler with an endorsement to import products, cannabis microbusiness, or
102.30 medical cannabis business must maintain the test results for cannabis flower, cannabinoid
102.31 products, artificially derived cannabinoids, or hemp-derived consumer products grown,

 121.30 percent of the remaining market value. In the case of contiguous parcels of property owned

122.1 by the same person or entity, only the value equal to the first-tier value of the contiguous
122.2 parcels qualifies for the reduced classification rate, except that contiguous parcels owned
122.3 by the same person or entity shall be eligible for the first-tier value classification rate on
122.4 each separate business operated by the owner of the property, provided the business is
122.5 housed in a separate structure. For the purposes of this subdivision, the first tier means the

122.9 are separated from each other by a road, street, waterway, or other similar intervening type
122.10 of property. Connections between parcels that consist of power lines or pipelines do not
122.11 cause the parcels to be contiguous. Property owners who have contiguous parcels of property
122.12 that constitute separate businesses that may qualify for the first-tier classification rate shall
122.13 notify the assessor by July 1, for treatment beginning in the following taxes payable year.

122.14 (2) All personal property that is: (i) part of an electric generation, transmission, or

122.18 market value and the remaining market value. In the case of multiple parcels in one county

122.20 rate.

122.21 (3) The entire market value of personal property that is: (i) tools, implements, and
122.22 machinery of an electric generation, transmission, or distribution system; (ii) tools,
122.23 implements, and machinery of a pipeline system transporting or distributing water, gas,
122.24 crude oil, or petroleum products; or (iii) the mains and pipes used in the distribution of
122.25 steam or hot or chilled water for heating or cooling buildings, has a classification rate as
122.26 provided under clause (1) for the remaining market value in excess of the first tier.

122.27 (4) Property used for raising, cultivating, processing, or storing cannabis plants, cannabis
122.28 flower, or cannabinoid products for sale has a classification rate as provided under clause
122.29 (1) for the first tier of market value and the remaining market value. As used in this
122.30 paragraph, "cannabis plant" has the meaning given in section 342.01, subdivision 19;
122.31 "cannabis flower" has the meaning given in section 342.01, subdivision 16; "cannabinoid
122.32 product" has the meaning given in section 342.01, subdivision 12; and "lower potency edible

123.7 (1) the tax capacity attributable to the first \$150,000 of market value of each parcel of
 123.8 commercial-industrial property as defined under section 273.13, subdivision 24, clauses (1)
 123.9 ~~and~~, (2), and (4);

123.10 (2) electric generation attached machinery under class 3; and

123.11 (3) property described in section 473.625.

123.12 County commercial-industrial tax capacity amounts are not adjusted for the captured
 123.13 net tax capacity of a tax increment financing district under section 469.177, subdivision 2,
 123.14 the net tax capacity of transmission lines deducted from a local government's total net tax
 123.15 capacity under section 273.425, or fiscal disparities contribution and distribution net tax

160.23 conviction is for a felony or gross misdemeanor, by the commissioner of corrections, or in
160.24 any case by some other suitable and consenting person. Unless the court directs otherwise,
160.25 state parole and probation agents and probation officers may impose community work

163.13 derived that have been planted or cultivated in violation of chapter 152 or of which the
163.14 owners or cultivators are unknown, or that are wild growths, may be seized and summarily
163.15 forfeited to the state. The appropriate agency or its authorized agent may seize the plants if

163.26 personnel. The project is further intended to gain a better assessment of the prevalence of
163.27 drug-impaired drivers on Minnesota roads and to evaluate and validate the appropriate
163.28 device that could be authorized for use.

163.29 (b) The results of this preliminary oral fluid test must not be used in any court action.

164.3 **ARTICLE 5**

164.5 Section 1. Minnesota Statutes 2022, section 609A.01, is amended to read:

164.6 **609A.01 EXPUNGEMENT OF CRIMINAL RECORDS.**

164.7 This chapter provides the grounds and procedures for expungement of criminal records
164.8 under section 13.82; 152.18, subdivision 1; 299C.11, where a petition is authorized under
164.9 section 609A.02, subdivision 3; expungement is automatic under section 609A.05;
164.10 expungement is considered by a panel under section 609A.06; or other applicable law. The
164.11 remedy available is limited to a court order sealing the records and prohibiting the disclosure
164.12 of their existence or their opening except under court order or statutory authority. Nothing
164.13 in this chapter authorizes the destruction of records or their return to the subject of the
164.14 records.

164.15 **EFFECTIVE DATE.** This section is effective August 1, 2023.

164.16 Sec. 2. Minnesota Statutes 2022, section 609A.03, subdivision 5, is amended to read:

164.17 Subd. 5. **Nature of remedy; standard.** (a) Except as otherwise provided by paragraph
164.18 (b), expungement of a criminal record under this section is an extraordinary remedy to be
164.19 granted only upon clear and convincing evidence that it would yield a benefit to the petitioner
164.20 commensurate with the disadvantages to the public and public safety of:

164.21 (1) sealing the record; and

164.22 (2) burdening the court and public authorities to issue, enforce, and monitor an
164.23 expungement order.

164.24 (b) Except as otherwise provided by this paragraph, if the petitioner is petitioning for
164.25 the sealing of a criminal record under section 609A.02, subdivision 3, paragraph (a), clause
164.26 (1) or (2), the court shall grant the petition to seal the record unless the agency or jurisdiction
164.27 whose records would be affected establishes by clear and convincing evidence that the
164.28 interests of the public and public safety outweigh the disadvantages to the petitioner of not
164.29 sealing the record.

164.30 (c) In making a determination under this subdivision, the court shall consider:

164.31 (1) the nature and severity of the underlying crime, the record of which would be sealed;

- 165.1 (2) the risk, if any, the petitioner poses to individuals or society;
- 165.2 (3) the length of time since the crime occurred;
- 165.3 (4) the steps taken by the petitioner toward rehabilitation following the crime;
- 165.4 (5) aggravating or mitigating factors relating to the underlying crime, including the
165.5 petitioner's level of participation and context and circumstances of the underlying crime;
- 165.6 (6) the reasons for the expungement, including the petitioner's attempts to obtain
165.7 employment, housing, or other necessities;
- 165.8 (7) the petitioner's criminal record;
- 165.9 (8) the petitioner's record of employment and community involvement;
- 165.10 (9) the recommendations of interested law enforcement, prosecutorial, and corrections
165.11 officials;
- 165.12 (10) the recommendations of victims or whether victims of the underlying crime were
165.13 minors;
- 165.14 (11) the amount, if any, of restitution outstanding, past efforts made by the petitioner
165.15 toward payment, and the measures in place to help ensure completion of restitution payment
165.16 after expungement of the record if granted; and
- 165.17 (12) other factors deemed relevant by the court.

165.18 (d) Notwithstanding section 13.82, 13.87, or any other law to the contrary, if the court
165.19 issues an expungement order it may require that the criminal record be sealed, the existence
165.20 of the record not be revealed, and the record not be opened except as required under
165.21 subdivision 7. Records must not be destroyed or returned to the subject of the record.

165.22 (e) Information relating to a criminal history record of an employee, former employee,
165.23 or tenant that has been expunged before the occurrence of the act giving rise to the civil
165.24 action may not be introduced as evidence in a civil action against a private employer or
165.25 landlord or its employees or agents that is based on the conduct of the employee, former
165.26 employee, or tenant.

165.27 **EFFECTIVE DATE.** This section is effective August 1, 2023, and applies to crimes
165.28 committed on or after that date.

165.29 Sec. 3. Minnesota Statutes 2022, section 609A.03, subdivision 9, is amended to read:

165.30 Subd. 9. **Stay of order; appeal.** An expungement order issued under this section shall
165.31 be stayed automatically for 60 days after the order is filed and, if the order is appealed,

166.1 during the appeal period. A person or an agency or jurisdiction whose records would be
166.2 affected by the order may appeal the order within 60 days of service of notice of filing of
166.3 the order. An agency or jurisdiction or its officials or employees need not file a cost bond
166.4 or supersedeas bond in order to further stay the proceedings or file an appeal.

166.5 **EFFECTIVE DATE.** This section is effective August 1, 2023.

166.6 Sec. 4. **[609A.05] AUTOMATIC EXPUNGEMENT OF CERTAIN CANNABIS**
166.7 **OFFENSES.**

166.8 Subdivision 1. **Eligibility; dismissal, exoneration, or conviction of nonfelony cannabis**
166.9 **offenses.** (a) A person is eligible for an order of expungement:

166.10 (1) upon the dismissal and discharge of proceedings against a person under section
166.11 152.18, subdivision 1, for violation of section 152.024, 152.025, or 152.027 for possession
166.12 of marijuana or tetrahydrocannabinols;

166.13 (2) if the person was convicted of or received a stayed sentence for a violation of section
166.14 152.027, subdivision 3 or 4;

166.15 (3) if the person was arrested for possession of marijuana or tetrahydrocannabinols and
166.16 all charges were dismissed prior to a determination of probable cause; or

166.17 (4) if all pending actions or proceedings involving the possession of marijuana or
166.18 tetrahydrocannabinols were resolved in favor of the person.

166.19 (b) For purposes of this section:

166.20 (1) a verdict of not guilty by reason of mental illness is not a resolution in favor of the
166.21 person; and

166.22 (2) an action or proceeding is resolved in favor of the person if the person received an
166.23 order under section 590.11 determining that the person is eligible for compensation based
166.24 on exoneration.

166.25 Subd. 2. **Bureau of Criminal Apprehension to identify eligible individuals.** (a) The
166.26 Bureau of Criminal Apprehension shall identify records that qualify for an order of
166.27 expungement pursuant to subdivision 1.

166.28 (b) The Bureau of Criminal Apprehension shall notify the judicial branch of:

166.29 (1) the name and date of birth of an individual whose record is eligible for an order of
166.30 expungement; and

166.31 (2) the case number of the eligible record.

167.1 (c) The Bureau of Criminal Apprehension shall grant an expungement to each qualifying
167.2 person whose records the bureau possesses and shall seal the bureau's records without
167.3 requiring an application, petition, or motion. The bureau shall seal records related to an
167.4 expungement within 60 days after the bureau sent notice of the expungement to the judicial
167.5 branch pursuant to paragraph (b) unless an order of the judicial branch prohibits sealing the
167.6 records or additional information establishes that the records are not eligible for expungement.

167.7 (d) Nonpublic criminal records maintained by the bureau and subject to a grant of
167.8 expungement relief must display a notation stating "expungement relief granted pursuant
167.9 to section 609A.05."

167.10 (e) The bureau shall inform each arresting or citing law enforcement agency with records
167.11 affected by the grant of expungement relief issued pursuant to paragraph (c) that expungement
167.12 has been granted. The bureau shall notify each arresting or citing law enforcement agency
167.13 of an expungement within 60 days after the bureau sent notice of the expungement to the
167.14 judicial branch. The bureau may notify each law enforcement agency using electronic means.
167.15 Upon receiving notification of an expungement, a law enforcement agency shall seal all
167.16 records related to the expungement, including the records of the person's arrest, indictment,
167.17 trial, verdict, and dismissal or discharge of the case.

167.18 (f) The Bureau of Criminal Apprehension shall make a reasonable and good faith effort

170.2 person was charged with a felony.

170.3 Subd. 3. **Bureau of Criminal Apprehension to identify eligible records.** (a) The
170.4 Bureau of Criminal Apprehension shall identify convictions and sentences where adjudication
170.5 was stayed that qualify for review under subdivision 2, paragraph (a), clause (1).

170.7 of:

170.8 (1) the name and date of birth of a person whose record is eligible for review; and

170.15 Expungement Board may issue subpoenas for and compel the production of books, records,

170.17 accounts, documents, or papers material in the matter under consideration after having been
170.18 lawfully required by order or subpoena, any judge of the district court in any county of the
170.19 state where the order or subpoena was made returnable, on application of the commissioner
170.20 of management and budget or commissioner of administration, as the case may be, shall
170.21 compel obedience or punish disobedience as for contempt, as in the case of disobedience

170.23 Subd. 5. **Meetings; anonymous identifier.** (a) The Cannabis Expungement Board shall
170.24 hold meetings at least monthly and shall hold a meeting whenever the board takes formal

170.27 public and subject to chapter 13D.

170.28 (b) Any victim of a crime being reviewed and any law enforcement agency may submit

170.31 board must consider the victim's and the law enforcement agency's statement when making
170.32 the board's decision.

171.1 (c) Section 13D.05 governs the board's treatment of not public data, as defined by section

171.3 13.03, subdivision 11, the board shall assign an anonymous, unique identifier to each victim
171.4 of a crime and person whose conviction or stay of adjudication the board reviews. The
171.5 identifier shall be used in any discussion in a meeting open to the public and on any records
171.6 available to the public to protect the identity of the person whose records are being
171.7 considered.

171.8 Subd. 6. **Review and determination.** (a) The Cannabis Expungement Board shall review
171.9 all available records to determine whether the conviction or stay of adjudication is eligible
171.10 for an expungement or resentencing to a lesser offense. An expungement under this section
171.11 is presumed to be in the public interest unless there is clear and convincing evidence that
171.12 an expungement or resentencing to a lesser offense would create a risk to public safety.

171.13 (b) If the Cannabis Expungement Board determines that an expungement is in the public
171.14 interest, the board shall determine whether a person's conviction should be vacated and
171.15 charges should be dismissed.

171.16 (c) If the Cannabis Expungement Board determines that an expungement is in the public
171.17 interest, the board shall determine whether the limitations under section 609A.03, subdivision
171.18 5a, apply.

171.19 (d) If the Cannabis Expungement Board determines that an expungement is in the public
171.20 interest, the board shall determine whether the limitations under section 609A.03, subdivision
171.21 7a, paragraph (b), clause (4) or (5), apply.

171.22 (e) If the Cannabis Expungement Board determines that an expungement is not in the
171.23 public interest, the board shall determine whether the person is eligible for resentencing to
171.24 a lesser offense.

171.25 (f) In making a determination under this subdivision, the Cannabis Expungement Board
171.26 shall consider:

171.27 (1) the nature and severity of the underlying crime, including but not limited to the total
171.28 amount of marijuana or tetrahydrocannabinols possessed by the person and whether the
171.29 offense involved a dangerous weapon, the intentional infliction of bodily harm on another,
171.30 an attempt to inflict bodily harm on another, or an act committed with the intent to cause
171.31 fear in another of immediate bodily harm or death;

171.32 (2) whether an expungement or resentencing the person a lesser offense would increase
171.33 the risk, if any, the person poses to other individuals or society;

172.1 (3) if the person is under sentence, whether an expungement or resentencing to a lesser
172.2 offense would result in the release of the person and whether release earlier than the date
172.3 that the person would be released under the sentence currently being served would present
172.4 a danger to the public or would be compatible with the welfare of society;

172.5 (4) aggravating or mitigating factors relating to the underlying crime, including the
172.6 person's level of participation and the context and circumstances of the underlying crime;

172.7 (5) statements from victims and law enforcement, if any;

172.8 (6) if an expungement or resentencing the person to a lesser offense is considered,
172.9 whether there is good cause to restore the person's right to possess firearms and ammunition;

172.10 (7) if an expungement is considered, whether an expunged record of a conviction or stay
172.11 of adjudication may be opened for purposes of a background study under section 245C.08;

172.12 (8) if an expungement is considered, whether an expunged record of a conviction or stay
172.13 of adjudication may be opened for purposes of a background check required under section
172.14 122A.18, subdivision 8; and

172.15 (9) other factors deemed relevant by the Cannabis Expungement Board.

172.16 (g) The affirmative vote of three members is required for action taken at any meeting.

172.17 **Subd. 7. Notice to judicial branch and offenders.** (a) The Cannabis Expungement
172.18 Board shall identify any conviction or stay of adjudication that qualifies for an order of
172.19 expungement or resentencing to a lesser offense and notify the judicial branch of:

172.21 eligible for an order of expungement or resentencing to a lesser offense;

172.22 (2) the case number of the eligible conviction or stay of adjudication;

172.23 (3) whether the person is eligible for an expungement;

172.24 (4) if the person is eligible for an expungement, whether the person's conviction should
172.25 be vacated and charges should be dismissed;

172.26 (5) if the person is eligible for an expungement, whether there is good cause to restore
172.27 the offender's right to possess firearms and ammunition;

172.28 (6) if the person is eligible for an expungement, whether the limitations under section
172.29 609A.03, subdivision 7a, clause (4) or (5), apply; and

172.30 (7) if the person is eligible for resentencing to a lesser offense, the lesser sentence to be
172.31 imposed.

173.1 (b) The Cannabis Expungement Board shall make a reasonable and good faith effort to
173.2 notify any person whose conviction or stay of adjudication qualifies for an order of
173.3 expungement that the offense qualifies and notice is being sent to the judicial branch. Notice
173.4 sent pursuant to this paragraph shall inform the person that, following the order of
173.5 expungement, any records of an arrest, conviction, or incarceration should not appear on
173.6 any background check or study.

173.7 Subd. 8. **Data classification.** All data collected, created, received, maintained, or
173.8 disseminated by the Cannabis Expungement Board in which each victim of a crime and
173.9 person whose conviction or stay of adjudication that the Cannabis Expungement Board
173.10 reviews is or can be identified as the subject of the data is classified as private data on
173.11 individuals, as defined by section 13.02, subdivision 12.

173.12 Subd. 9. **Order of expungement.** (a) Upon receiving notice that an offense qualifies
173.13 for expungement, the court shall issue an order sealing all records relating to an arrest,
173.14 indictment or information, trial, verdict, or dismissal and discharge for an offense described
173.15 in subdivision 1. If the Cannabis Expungement Board determined that the person's conviction
173.16 should be vacated and charges should be dismissed, the order shall vacate and dismiss the
173.17 charges.

173.18 (b) If the Cannabis Expungement Board determined that there is good cause to restore
173.19 the person's right to possess firearms and ammunition, the court shall issue an order pursuant
173.20 to section 609.165, subdivision 1d.

173.21 (c) If the Cannabis Expungement Board determined that an expunged record of a
173.22 conviction or stay of adjudication may not be opened for purposes of a background study
173.23 under section 245C.08, the court shall direct the order specifically to the commissioner of
173.24 human services.

173.25 (d) If the Cannabis Expungement Board determined that an expunged record of a
173.26 conviction or stay of adjudication may not be opened for purposes of a background check
173.27 required under section 122A.18, subdivision 8, the court shall direct the order specifically
173.28 to the Professional Educator Licensing and Standards Board.

 174.4 to an offense of lesser degree pursuant to rule 28.02, subdivision 12 of the Rules of Criminal
 174.5 Procedure.

174.6 (b) If the Cannabis Expungement Board determined that a person is eligible for
 174.7 resentencing to a lesser offense and the person completed or has been discharged from the
 174.8 sentence, the court may issue an order amending the conviction to an offense of lesser degree
 174.9 without holding a hearing.

174.10 (c) If the Cannabis Expungement Board determined that there is good cause to restore
 174.11 the person's right to possess firearms and ammunition, the court shall, as necessary, issue
 174.12 an order pursuant to section 609.165, subdivision 1d.

188.2 chain-of-custody procedures in subdivision 3 are followed during transfer of the sample to
188.3 the other laboratory. The confirmatory retest must use the same drug ~~or~~₂ alcohol, or cannabis
188.4 threshold detection levels as used in the original confirmatory test. If the confirmatory retest
188.5 does not confirm the original positive test result, no adverse personnel action based on the
188.6 original confirmatory test may be taken against the employee or job applicant.

188.7 **Subd. 10. Limitations on employee discharge, discipline, or discrimination.** (a) An
188.8 employer may not discharge, discipline, discriminate against, or request or require
188.9 rehabilitation of an employee on the basis of a positive test result from an initial screening
188.10 test that has not been verified by a confirmatory test.

188.11 (b) In addition to the limitation under paragraph (a), an employer may not discharge an
188.12 employee for whom a positive test result on a confirmatory test was the first such result for
188.13 the employee on a drug or alcohol test or cannabis test requested by the employer unless
188.14 the following conditions have been met:

188.15 (1) the employer has first given the employee an opportunity to participate in, at the
188.16 employee's own expense or pursuant to coverage under an employee benefit plan, either a
188.17 drug ~~or~~₂ alcohol, or cannabis counseling or rehabilitation program, whichever is more
188.18 appropriate, as determined by the employer after consultation with a certified chemical use
188.19 counselor or a physician trained in the diagnosis and treatment of substance use disorder;
188.20 and

188.21 (2) the employee has either refused to participate in the counseling or rehabilitation
188.22 program or has failed to successfully complete the program, as evidenced by withdrawal
188.23 from the program before its completion or by a positive test result on a confirmatory test
188.24 after completion of the program.

188.25 (c) Notwithstanding paragraph (a), an employer may temporarily suspend the tested
188.26 employee or transfer that employee to another position at the same rate of pay pending the
188.27 outcome of the confirmatory test and, if requested, the confirmatory retest, provided the
188.28 employer believes that it is reasonably necessary to protect the health or safety of the
188.29 employee, coemployees, or the public. An employee who has been suspended without pay
188.30 must be reinstated with back pay if the outcome of the confirmatory test or requested
188.31 confirmatory retest is negative.

188.32 (d) An employer may not discharge, discipline, discriminate against, or request or require
188.33 rehabilitation of an employee on the basis of medical history information revealed to the

189.1 employer pursuant to subdivision 6 unless the employee was under an affirmative duty to
189.2 provide the information before, upon, or after hire.

189.3 (e) An employee must be given access to information in the employee's personnel file
189.4 relating to positive test result reports and other information acquired in the drug and alcohol
189.5 testing process or cannabis testing process and conclusions drawn from and actions taken
189.6 based on the reports or other acquired information.

189.7 Subd. 10a. **Additional limitations for cannabis.** An employer may discipline, discharge,
189.8 or take other adverse personnel action against an employee for cannabis flower or
189.9 cannabinoid product use, possession, impairment, sale, or transfer while an employee is
189.10 working, on the employer's premises, or operating the employer's vehicle, machinery, or
189.11 equipment as follows:

189.12 (1) if, as the result of consuming cannabis flower or a cannabinoid product, the employee
189.13 does not possess that clearness of intellect and control of self that the employee otherwise
189.14 would have;

189.15 (2) if cannabis testing that the employer requested or required pursuant to section 181.951,
189.16 subdivision 8, paragraphs (d) and (e), verifies the presence of cannabis following a
189.17 confirmatory test;

189.18 (3) as provided in the employer's written work rules for cannabis and cannabis testing,
189.19 provided that the rules are in writing and in a written policy that contains the minimum
189.20 information required by section 181.952; or

189.21 (4) as otherwise authorized under state or federal law.

189.22 Subd. 11. **Limitation on withdrawal of job offer.** If a job applicant has received a job
189.23 offer made contingent on the applicant passing drug and alcohol testing, the employer may
189.24 not withdraw the offer based on a positive test result from an initial screening test that has
189.25 not been verified by a confirmatory test.

189.26 Sec. 20. Minnesota Statutes 2022, section 181.954, is amended to read:

189.27 **181.954 PRIVACY, CONFIDENTIALITY, AND PRIVILEGE SAFEGUARDS.**

189.28 Subdivision 1. **Privacy limitations.** A laboratory may only disclose to the employer test
189.29 result data regarding the presence or absence of drugs, alcohol, or their metabolites in a
189.30 sample tested.

189.31 Subd. 2. **Confidentiality limitations.** Test result reports and other information acquired
189.32 in the drug or alcohol testing or cannabis testing process are, with respect to private sector

190.1 employees and job applicants, private and confidential information, and, with respect to
190.2 public sector employees and job applicants, private data on individuals as that phrase is
190.3 defined in chapter 13, and may not be disclosed by an employer or laboratory to another
190.4 employer or to a third-party individual, governmental agency, or private organization without
190.5 the written consent of the employee or job applicant tested.

190.6 Subd. 3. **Exceptions to privacy and confidentiality disclosure**
190.7 **limitations.** Notwithstanding subdivisions 1 and 2, evidence of a positive test result on a
190.8 confirmatory test may be: (1) used in an arbitration proceeding pursuant to a collective
190.9 bargaining agreement, an administrative hearing under chapter 43A or other applicable state
190.10 or local law, or a judicial proceeding, provided that information is relevant to the hearing
190.11 or proceeding; (2) disclosed to any federal agency or other unit of the United States
190.12 government as required under federal law, regulation, or order, or in accordance with
190.13 compliance requirements of a federal government contract; and (3) disclosed to a substance
190.14 abuse treatment facility for the purpose of evaluation or treatment of the employee.

190.15 Subd. 4. **Privilege.** Positive test results from an employer drug or alcohol testing or
190.16 cannabis testing program may not be used as evidence in a criminal action against the
190.17 employee or job applicant tested.

190.18 Sec. 21. Minnesota Statutes 2022, section 181.955, is amended to read:

190.19 **181.955 CONSTRUCTION.**

190.20 Subdivision 1. **Freedom to collectively bargain.** Sections 181.950 to 181.954 shall not
190.21 be construed to limit the parties to a collective bargaining agreement from bargaining and
190.22 agreeing with respect to a drug and alcohol testing or a cannabis testing policy that meets
190.23 or exceeds, and does not otherwise conflict with, the minimum standards and requirements
190.24 for employee protection provided in those sections.

190.25 Subd. 2. **Employee protections under existing collective bargaining**
190.26 **agreements.** Sections 181.950 to 181.954 shall not be construed to interfere with or diminish
190.27 any employee protections relating to drug and alcohol testing or cannabis testing already
190.28 provided under collective bargaining agreements in effect on the effective date of those
190.29 sections that exceed the minimum standards and requirements for employee protection
190.30 provided in those sections.

190.31 Subd. 3. **Professional athletes.** Sections 181.950 to 181.954 shall not be construed to
190.32 interfere with the operation of a drug and alcohol testing or cannabis testing program if:

191.1 (1) the drug and alcohol testing program is permitted under a contract between the
191.2 employer and employees; and

191.3 (2) the covered employees are employed as professional athletes.

191.4 Upon request of the commissioner of labor and industry, the exclusive representative
191.5 of the employees and the employer shall certify to the commissioner of labor and industry
191.6 that the drug and alcohol testing or cannabis testing program permitted under the contract
191.7 should operate without interference from the sections specified in this subdivision. This
191.8 subdivision must not be construed to create an exemption from controlled substance crimes
191.9 in chapter 152.

191.10 Sec. 22. Minnesota Statutes 2022, section 181.957, subdivision 1, is amended to read:

191.11 Subdivision 1. **Excluded employees and job applicants.** Except as provided under
191.12 subdivision 2, the employee and job applicant protections provided under sections 181.950
191.13 to 181.956 do not apply to employees and job applicants where the specific work performed
191.14 requires those employees and job applicants to be subject to drug and alcohol testing pursuant
191.15 to:

191.16 (1) federal regulations that specifically preempt state regulation of drug and alcohol
191.17 testing or cannabis testing with respect to those employees and job applicants;

191.18 (2) federal regulations or requirements necessary to operate federally regulated facilities;

191.19 (3) federal contracts where the drug and alcohol testing or cannabis testing is conducted
191.20 for security, safety, or protection of sensitive or proprietary data; or

191.21 (4) state agency rules that adopt federal regulations applicable to the interstate component
191.22 of a federally regulated industry, and the adoption of those rules is for the purpose of
191.23 conforming the nonfederally regulated intrastate component of the industry to identical
191.24 regulation.

191.25 Sec. 23. Minnesota Statutes 2022, section 245C.08, subdivision 1, is amended to read:

191.26 Subdivision 1. **Background studies conducted by Department of Human Services.** (a)
191.27 For a background study conducted by the Department of Human Services, the commissioner
191.28 shall review:

191.29 (1) information related to names of substantiated perpetrators of maltreatment of
191.30 vulnerable adults that has been received by the commissioner as required under section
191.31 626.557, subdivision 9c, paragraph (j);

192.1 (2) the commissioner's records relating to the maltreatment of minors in licensed
192.2 programs, and from findings of maltreatment of minors as indicated through the social
192.3 service information system;

192.4 (3) information from juvenile courts as required in subdivision 4 for individuals listed
192.5 in section 245C.03, subdivision 1, paragraph (a), when there is reasonable cause;

192.6 (4) information from the Bureau of Criminal Apprehension, including information
192.7 regarding a background study subject's registration in Minnesota as a predatory offender
192.8 under section 243.166;

192.9 (5) except as provided in clause (6), information received as a result of submission of
192.10 fingerprints for a national criminal history record check, as defined in section 245C.02,
192.11 subdivision 13c, when the commissioner has reasonable cause for a national criminal history
192.12 record check as defined under section 245C.02, subdivision 15a, or as required under section
192.13 144.057, subdivision 1, clause (2);

192.14 (6) for a background study related to a child foster family setting application for licensure,
192.15 foster residence settings, children's residential facilities, a transfer of permanent legal and
192.16 physical custody of a child under sections 260C.503 to 260C.515, or adoptions, and for a
192.17 background study required for family child care, certified license-exempt child care, child
192.18 care centers, and legal nonlicensed child care authorized under chapter 119B, the
192.19 commissioner shall also review:

192.20 (i) information from the child abuse and neglect registry for any state in which the
192.21 background study subject has resided for the past five years;

192.22 (ii) when the background study subject is 18 years of age or older, or a minor under
192.23 section 245C.05, subdivision 5a, paragraph (c), information received following submission
192.24 of fingerprints for a national criminal history record check; and

192.25 (iii) when the background study subject is 18 years of age or older or a minor under
192.26 section 245C.05, subdivision 5a, paragraph (d), for licensed family child care, certified
192.27 license-exempt child care, licensed child care centers, and legal nonlicensed child care
192.28 authorized under chapter 119B, information obtained using non-fingerprint-based data
192.29 including information from the criminal and sex offender registries for any state in which
192.30 the background study subject resided for the past five years and information from the national
192.31 crime information database and the national sex offender registry; and

192.32 (7) for a background study required for family child care, certified license-exempt child
192.33 care centers, licensed child care centers, and legal nonlicensed child care authorized under

193.1 chapter 119B, the background study shall also include, to the extent practicable, a name
193.2 and date-of-birth search of the National Sex Offender Public website.

193.3 (b) Except as otherwise provided in this paragraph, notwithstanding expungement by a
193.4 court, the commissioner may consider information obtained under paragraph (a), clauses
193.5 (3) and (4), unless the commissioner received notice of the petition for expungement and
193.6 the court order for expungement is directed specifically to the commissioner. The
193.7 commissioner may not consider information obtained under paragraph (a), clauses (3) and
193.8 (4), or from any other source that identifies a violation of chapter 152 without determining
193.9 if the offense involved the possession of marijuana or tetrahydrocannabinol and, if so,
193.10 whether the person received a grant of expungement or order of expungement, or the person
193.11 was resentenced to a lesser offense. If the person received a grant of expungement or order
193.12 of expungement, the commissioner may not consider information related to that violation
193.13 but may consider any other relevant information arising out of the same incident.

193.14 (c) The commissioner shall also review criminal case information received according
193.15 to section 245C.04, subdivision 4a, from the Minnesota court information system that relates
193.16 to individuals who have already been studied under this chapter and who remain affiliated
193.17 with the agency that initiated the background study.

193.18 (d) When the commissioner has reasonable cause to believe that the identity of a
193.19 background study subject is uncertain, the commissioner may require the subject to provide
193.20 a set of classifiable fingerprints for purposes of completing a fingerprint-based record check
193.21 with the Bureau of Criminal Apprehension. Fingerprints collected under this paragraph
193.22 shall not be saved by the commissioner after they have been used to verify the identity of
193.23 the background study subject against the particular criminal record in question.

193.24 (e) The commissioner may inform the entity that initiated a background study under
193.25 NETStudy 2.0 of the status of processing of the subject's fingerprints.

193.26 Sec. 24. Minnesota Statutes 2022, section 256.01, subdivision 18c, is amended to read:

193.27 Subd. 18c. **Drug convictions.** (a) The state court administrator shall provide a report
193.28 every six months by electronic means to the commissioner of human services, including
193.29 the name, address, date of birth, and, if available, driver's license or state identification card
193.30 number, date of the sentence, effective date of the sentence, and county in which the
193.31 conviction occurred, of each person convicted of a felony under chapter 152, except for
193.32 convictions under section 152.0263 or 152.0264, during the previous six months.

194.1 (b) The commissioner shall determine whether the individuals who are the subject of
194.2 the data reported under paragraph (a) are receiving public assistance under chapter 256D
194.3 or 256J, and if ~~the~~ an individual is receiving assistance under chapter 256D or 256J, the
194.4 commissioner shall instruct the county to proceed under section 256D.024 or 256J.26,
194.5 whichever is applicable, for this individual.

194.6 (c) The commissioner shall not retain any data received under paragraph (a) ~~or (d)~~ that
194.7 does not relate to an individual receiving publicly funded assistance under chapter 256D or
194.8 256J.

194.9 ~~(d) In addition to the routine data transfer under paragraph (a), the state court~~
194.10 ~~administrator shall provide a onetime report of the data fields under paragraph (a) for~~
194.11 ~~individuals with a felony drug conviction under chapter 152 dated from July 1, 1997, until~~
194.12 ~~the date of the data transfer. The commissioner shall perform the tasks identified under~~
194.13 ~~paragraph (b) related to this data and shall retain the data according to paragraph (c).~~

194.14 Sec. 25. Minnesota Statutes 2022, section 256B.0625, subdivision 13d, is amended to
194.15 read:

194.16 Subd. 13d. **Drug formulary.** (a) The commissioner shall establish a drug formulary. Its
194.17 establishment and publication shall not be subject to the requirements of the Administrative
194.18 Procedure Act, but the Formulary Committee shall review and comment on the formulary
194.19 contents.

194.20 (b) The formulary shall not include:

194.21 (1) drugs, active pharmaceutical ingredients, or products for which there is no federal
194.22 funding;

194.23 (2) over-the-counter drugs, except as provided in subdivision 13;

194.24 (3) drugs or active pharmaceutical ingredients when used for the treatment of impotence
194.25 or erectile dysfunction;

194.26 (4) drugs or active pharmaceutical ingredients for which medical value has not been
194.27 established;

194.28 (5) drugs from manufacturers who have not signed a rebate agreement with the
194.29 Department of Health and Human Services pursuant to section 1927 of title XIX of the
194.30 Social Security Act; and

195.1 (6) medical cannabis flower as defined in section ~~152.22, subdivision 6~~ 342.01,
 195.2 subdivision 49, or medical cannabinoid products as defined in section 342.01, subdivision
 195.3 47.

195.4 (c) If a single-source drug used by at least two percent of the fee-for-service medical
 195.5 assistance recipients is removed from the formulary due to the failure of the manufacturer
 195.6 to sign a rebate agreement with the Department of Health and Human Services, the
 195.7 commissioner shall notify prescribing practitioners within 30 days of receiving notification
 195.8 from the Centers for Medicare and Medicaid Services (CMS) that a rebate agreement was
 195.9 not signed.

195.10 Sec. 26. Minnesota Statutes 2022, section 256D.024, subdivision 1, is amended to read:

195.11 Subdivision 1. **Person convicted of drug offenses.** (a) If an applicant or recipient has
 195.12 been convicted of a drug offense after July 1, 1997, except for convictions related to cannabis,
 195.13 marijuana, or tetrahydrocannabinols, the assistance unit is ineligible for benefits under this
 195.14 chapter until five years after the applicant has completed terms of the court-ordered sentence,
 195.15 unless the person is participating in a drug treatment program, has successfully completed
 195.16 a drug treatment program, or has been assessed by the county and determined not to be in
 195.17 need of a drug treatment program. Persons subject to the limitations of this subdivision who
 195.18 become eligible for assistance under this chapter shall be subject to random drug testing as
 195.19 a condition of continued eligibility and shall lose eligibility for benefits for five years
 195.20 beginning the month following:

195.21 (1) any positive test result for an illegal controlled substance under chapter 152; or

195.22 (2) discharge of sentence after conviction for another drug felony.

195.23 (b) For the purposes of this subdivision, "drug offense" means a conviction that occurred
 195.24 after July 1, 1997, of sections 152.021 to 152.025, 152.0261, 152.0262, or 152.096. Drug
 195.25 offense also means a conviction in another jurisdiction of the possession, use, or distribution
 195.26 of a controlled substance, or conspiracy to commit any of these offenses, if the offense
 195.27 occurred after July 1, 1997, and the conviction is ~~a felony offense in that jurisdiction, or in~~
 195.28 ~~the case of New Jersey, a high misdemeanor~~ for a crime that would be a felony if committed
 195.29 in Minnesota.

195.30 Sec. 27. Minnesota Statutes 2022, section 256D.024, subdivision 3, is amended to read:

195.31 Subd. 3. **Fleeing felons.** An individual who is fleeing to avoid prosecution, or custody,
 195.32 or confinement after conviction for a crime that ~~is a felony under the laws of the jurisdiction~~

196.1 ~~from which the individual flees, or in the case of New Jersey, is a high misdemeanor, would~~
196.2 be a felony if committed in Minnesota, is ineligible to receive benefits under this chapter.

196.3 Sec. 28. Minnesota Statutes 2022, section 256J.26, subdivision 1, is amended to read:

196.4 Subdivision 1. **Person convicted of drug offenses.** (a) An individual who has been
196.5 convicted of a felony level drug offense committed during the previous ten years from the
196.6 date of application or recertification, except for convictions related to cannabis, marijuana,
196.7 or tetrahydrocannabinols, is subject to the following:

196.8 (1) Benefits for the entire assistance unit must be paid in vendor form for shelter and
196.9 utilities during any time the applicant is part of the assistance unit.

196.10 (2) The convicted applicant or participant shall be subject to random drug testing as a
196.11 condition of continued eligibility and following any positive test for an illegal controlled
196.12 substance under chapter 152 is subject to the following sanctions:

196.13 (i) for failing a drug test the first time, the residual amount of the participant's grant after
196.14 making vendor payments for shelter and utility costs, if any, must be reduced by an amount
196.15 equal to 30 percent of the MFIP standard of need for an assistance unit of the same size.
196.16 When a sanction under this subdivision is in effect, the job counselor must attempt to meet
196.17 with the person face-to-face. During the face-to-face meeting, the job counselor must explain
196.18 the consequences of a subsequent drug test failure and inform the participant of the right to
196.19 appeal the sanction under section 256J.40. If a face-to-face meeting is not possible, the
196.20 county agency must send the participant a notice of adverse action as provided in section
196.21 256J.31, subdivisions 4 and 5, and must include the information required in the face-to-face
196.22 meeting; or

196.23 (ii) for failing a drug test two times, the participant is permanently disqualified from
196.24 receiving MFIP assistance, both the cash and food portions. The assistance unit's MFIP
196.25 grant must be reduced by the amount which would have otherwise been made available to
196.26 the disqualified participant. Disqualification under this item does not make a participant
196.27 ineligible for the Supplemental Nutrition Assistance Program (SNAP). Before a
196.28 disqualification under this provision is imposed, the job counselor must attempt to meet
196.29 with the participant face-to-face. During the face-to-face meeting, the job counselor must
196.30 identify other resources that may be available to the participant to meet the needs of the
196.31 family and inform the participant of the right to appeal the disqualification under section
196.32 256J.40. If a face-to-face meeting is not possible, the county agency must send the participant
196.33 a notice of adverse action as provided in section 256J.31, subdivisions 4 and 5, and must
196.34 include the information required in the face-to-face meeting.

197.1 (3) A participant who fails a drug test the first time and is under a sanction due to other
197.2 MFIP program requirements is considered to have more than one occurrence of
197.3 noncompliance and is subject to the applicable level of sanction as specified under section
197.4 256J.46, subdivision 1, paragraph (d).

197.5 (b) Applicants requesting only SNAP benefits or participants receiving only SNAP
197.6 benefits, who have been convicted of a drug offense that occurred after July 1, 1997, except
197.7 for convictions related to cannabis, marijuana, or tetrahydrocannabinols, may, if otherwise
197.8 eligible, receive SNAP benefits if the convicted applicant or participant is subject to random
197.9 drug testing as a condition of continued eligibility. Following a positive test for an illegal
197.10 controlled substance under chapter 152, the applicant is subject to the following sanctions:

197.11 (1) for failing a drug test the first time, SNAP benefits shall be reduced by an amount
197.12 equal to 30 percent of the applicable SNAP benefit allotment. When a sanction under this
197.13 clause is in effect, a job counselor must attempt to meet with the person face-to-face. During
197.14 the face-to-face meeting, a job counselor must explain the consequences of a subsequent
197.15 drug test failure and inform the participant of the right to appeal the sanction under section
197.16 256J.40. If a face-to-face meeting is not possible, a county agency must send the participant
197.17 a notice of adverse action as provided in section 256J.31, subdivisions 4 and 5, and must
197.18 include the information required in the face-to-face meeting; and

197.19 (2) for failing a drug test two times, the participant is permanently disqualified from
197.20 receiving SNAP benefits. Before a disqualification under this provision is imposed, a job
197.21 counselor must attempt to meet with the participant face-to-face. During the face-to-face
197.22 meeting, the job counselor must identify other resources that may be available to the
197.23 participant to meet the needs of the family and inform the participant of the right to appeal
197.24 the disqualification under section 256J.40. If a face-to-face meeting is not possible, a county
197.25 agency must send the participant a notice of adverse action as provided in section 256J.31,
197.26 subdivisions 4 and 5, and must include the information required in the face-to-face meeting.

197.27 (c) For the purposes of this subdivision, "drug offense" means an offense that occurred
197.28 during the previous ten years from the date of application or recertification of sections
197.29 152.021 to 152.025, 152.0261, 152.0262, 152.096, or 152.137. Drug offense also means a
197.30 conviction in another jurisdiction of the possession, use, or distribution of a controlled
197.31 substance, or conspiracy to commit any of these offenses, if the offense occurred during

205.3 (3) deny the application on the grounds that there exists a substantial likelihood that the
205.4 applicant is a danger to self or the public if authorized to carry a pistol under a permit.

205.5 (b) Failure of the sheriff to notify the applicant of the denial of the application within
205.6 30 days after the date of receipt of the application packet constitutes issuance of the permit
205.7 to carry and the sheriff must promptly fulfill the requirements under paragraph (c). To deny
205.8 the application, the sheriff must provide the applicant with written notification and the
205.9 specific factual basis justifying the denial under paragraph (a), clause (2) or (3), including

205.22 paragraph (a). The sheriff must transmit the information in a manner and format prescribed
205.23 by the commissioner.

205.25 revoked, the sheriff must submit information to the commissioner regarding the suspension
205.26 or revocation for inclusion solely in the databases required or permitted under subdivision
205.27 15.

205.28 (e) Notwithstanding paragraphs (a) and (b), the sheriff may suspend the application
205.29 process if a charge is pending against the applicant that, if resulting in conviction, will
205.30 prohibit the applicant from possessing a firearm.

205.31 (f) A sheriff shall not deny an application for a permit to carry solely because the applicant
205.32 is a patient enrolled in the registry program and uses medical cannabis flower or medical
205.33 cannabinoid products for a qualifying medical condition or because the person is 21 years
205.34 of age or older and uses adult-use cannabis flower or adult-use cannabinoid products.

209.10 created from cannabidiol.

209.11 (b) "Batch" means a specific quantity of a specific product containing cannabinoids
209.12 derived from hemp, including an edible cannabinoid product, that is manufactured at the
209.13 same time and using the same methods, equipment, and ingredients that is uniform and
209.14 intended to meet specifications for identity, strength, purity, and composition, and that is
209.15 manufactured, packaged, and labeled according to a single batch production record executed
209.16 and documented during the same cycle of manufacture and produced by a continuous
209.17 process.

210.13 pharmacological activity to a cannabinoid, but which is not extracted or derived from hemp
210.14 plants, or hemp plant parts and is instead created or produced by chemical or biochemical
210.15 synthesis.

210.16 Subd. 2. **Scope.** (a) This section applies to the sale of any product that contains
210.17 cannabinoids extracted from hemp and that is an edible cannabinoid product or is intended

210.25 section of this chapter, a product containing nonintoxicating cannabinoids, including an
210.26 edible cannabinoid product, may be sold for human or animal consumption only if all of
210.27 the requirements of this section are met, provided that a product sold for human or animal
210.28 consumption does not contain more than 0.3 percent of any tetrahydrocannabinol and an
210.29 edible cannabinoid product does not contain an amount of any tetrahydrocannabinol that
210.30 exceeds the limits established in subdivision 5a, paragraph (f).

210.31 (b) No other substance extracted or otherwise derived from hemp may be sold for human
210.32 consumption if the substance is intended:

211.7 under section 152.02.

211.8 Subd. 4. **Testing requirements.** (a) A manufacturer of a product regulated under this
211.9 section must submit representative samples of each batch of the product to an independent,
211.10 accredited laboratory in order to certify that the product complies with the standards adopted
211.11 by the board on or before July 1, 2023, or the standards adopted by the commissioner.

211.12 Testing must be consistent with generally accepted industry standards for herbal and botanical
211.13 substances, and, at a minimum, the testing must confirm that the product:

211.14 (1) contains the amount or percentage of cannabinoids that is stated on the label of the
211.15 product;

211.16 (2) does not contain more than trace amounts of any mold, residual solvents or other
211.17 catalysts, pesticides, fertilizers, or heavy metals; and

211.18 (3) does not contain more than 0.3 percent of any tetrahydrocannabinol.

211.19 (b) A manufacturer of a product regulated under this section must disclose all known
211.20 information regarding pesticides, fertilizers, solvents, or other foreign materials applied to
211.21 industrial hemp or added to industrial hemp during any production or processing stages of
211.22 any batch from which a representative sample has been sent for testing, including any
211.23 catalysts used to create artificially derived cannabinoids. Disclosure must be made to the
211.24 laboratory performing testing or sampling and, upon request, to the commissioner. Disclosure
211.25 must include all information known to the licensee regardless of whether the application or
211.26 addition was made intentionally or accidentally, or by the manufacturer or any other person.

211.27 ~~(b)~~ (c) Upon the request of the ~~board~~ commissioner, the manufacturer of the product
211.28 must provide the ~~board~~ commissioner with the results of the testing required in this section.

211.29 (d) The commissioner may determine that any testing laboratory that does not operate
211.30 formal management systems under the International Organization for Standardization is not
211.31 an accredited laboratory and require that a representative sample of a batch of the product
211.32 be retested by a testing laboratory that meets this requirement.

212.1 ~~(e)~~ (e) Testing of the hemp from which the nonintoxicating cannabinoid was derived,
212.2 or possession of a certificate of analysis for such hemp, does not meet the testing requirements
212.3 of this section.

212.4 **Subd. 5. Labeling requirements.** (a) A product regulated under this section must bear
212.5 a label that contains, at a minimum:

212.14 immediate container that holds the product is too small to contain all of the information.

212.15 (c) The information required in paragraph (a) may be provided through the use of a
212.16 scannable barcode or matrix barcode that links to a page on the manufacturer's website if
212.17 that page contains all of the information required by this subdivision.

212.18 (d) The label must also include a statement stating that the product does not claim to
212.19 diagnose, treat, cure, or prevent any disease and has not been evaluated or approved by the
212.20 United States Food and Drug Administration (FDA) unless the product has been so approved.

212.21 (e) The information required by this subdivision must be prominently and conspicuously
212.22 placed on the label or displayed on the website in terms that can be easily read and understood
212.23 by the consumer.

212.24 (f) The labeling must not contain any claim that the product may be used or is effective
212.25 for the prevention, treatment, or cure of a disease or that it may be used to alter the structure
212.26 or function of human or animal bodies, unless the claim has been approved by the FDA.

212.27 **Subd. 5a. Additional requirements for edible cannabinoid products.** (a) In addition
212.28 to the testing and labeling requirements under subdivisions 4 and 5, an edible cannabinoid
212.29 must meet the requirements of this subdivision.

- 213.2 (3) be made by applying an extracted or concentrated hemp-derived cannabinoid to a
213.3 commercially available candy or snack food item;
- 213.4 (4) contain an ingredient, other than a hemp-derived cannabinoid, that is not approved
213.5 by the United States Food and Drug Administration for use in food;
- 213.6 (5) be packaged in a way that resembles the trademarked, characteristic, or
213.7 product-specialized packaging of any commercially available food product; or
- 213.8 (6) be packaged in a container that includes a statement, artwork, or design that could
213.9 reasonably mislead any person to believe that the package contains anything other than an
213.10 edible cannabinoid product.
- 213.11 (c) An edible cannabinoid product must be prepackaged in packaging or a container that
213.12 is child-resistant, tamper-evident, and opaque or placed in packaging or a container that is
213.13 child-resistant, tamper-evident, and opaque at the final point of sale to a customer. The
213.14 requirement that packaging be child-resistant does not apply to an edible cannabinoid product
213.15 that is intended to be consumed as a beverage and which contains no more than a ~~trace~~
213.16 ~~amount of any tetrahydrocannabinol~~ total of 0.25 milligrams of all tetrahydrocannabinols.
- 213.17 (d) If an edible cannabinoid product is intended for more than a single use or contains
213.18 multiple servings, each serving must be indicated by scoring, wrapping, or other indicators
213.19 designating the individual serving size that appear on the edible cannabinoid product.
- 213.20 (e) A label containing at least the following information must be affixed to the packaging
213.21 or container of all edible cannabinoid products sold to consumers:
- 213.22 (1) the serving size;
- 213.23 (2) the cannabinoid profile per serving and in total;

213.29 tetrahydrocannabinol per package.
- 213.30 (g) An edible cannabinoid product may contain delta-8 tetrahydrocannabinol or delta-9
213.31 tetrahydrocannabinol that is extracted from hemp plants or hemp plant parts or is an
213.32 artificially derived cannabinoid. Edible cannabinoid products are prohibited from containing

214.1 any other artificially derived cannabinoid, including but not limited to THC-P, THC-O, and
214.2 HHC, unless the commissioner authorizes use of the artificially derived cannabinoid in
214.3 edible cannabinoid products. Edible cannabinoid products are prohibited from containing
214.4 synthetic cannabinoids.

214.5 Subd. 5b. **Registration; prohibitions.** (a) On or before October 1, 2023, every person
214.6 selling edible cannabinoid products to consumers must apply for registration with the
214.7 commissioner in a form and manner established by the commissioner. After October 1,
214.8 2023, the sale of edible cannabinoid products by a person that is not registered is prohibited.

214.9 (b) The commissioner shall approve completed registration applications unless the
214.10 applicant is operating in violation of this section or the commissioner reasonably believes

214.16 provide a single package of an edible cannabinoid product with the purchase of a childproof
214.17 packaging container or other device designed to ensure the safe storage and monitoring of
214.18 edible cannabinoid products in the home to prevent access by individuals under 21 years
214.19 of age.

214.20 Subd. 5c. **Age verification.** (a) Prior to initiating a sale of an edible cannabinoid product,

 215.5 enforcement agency within 24 hours of seizing it.

 215.7 section, including an edible cannabinoid product, shall be considered ~~an adulterated drug~~
 215.8 a noncompliant product if the product is offered for sale in this state or if the product is

 215.10 state in violation of any provision of this section, including but not limited to if:

215.11 (1) it consists, in whole or in part, of any filthy, putrid, or decomposed substance;

 215.25 or heavy metals.

215.26 (b) A product regulated under this section shall be considered a ~~misbranded drug~~

(b) The commissioner shall require a patient to resubmit a copy of the certification from the patient's health care practitioner on a yearly basis and shall require that the recertification be dated within 90 days of submission.

(c) The commissioner shall develop a disclosure form and require, as a condition of enrollment, all patients to sign a copy of the disclosure. The disclosure must include:

(1) a statement that, notwithstanding any law to the contrary, the commissioner, or an employee of any state agency, may not be held civilly or criminally liable for any injury, loss of property, personal injury, or death caused by any act or omission while acting within the scope of office or employment under sections 152.22 to 152.37; and

(2) the patient's acknowledgment that enrollment in the patient registry program is conditional on the patient's agreement to meet all of the requirements of sections 152.22 to 152.37.

Subd. 4. Registered designated caregiver. (a) The commissioner shall register a designated caregiver for a patient if the patient requires assistance in administering medical cannabis or obtaining medical cannabis from a distribution facility and the caregiver has agreed, in writing, to be the patient's designated caregiver. As a condition of registration as a designated caregiver, the commissioner shall require the person to:

(1) be at least 18 years of age;

(2) agree to only possess the patient's medical cannabis for purposes of assisting the patient; and

(3) agree that if the application is approved, the person will not be a registered designated caregiver for more than six registered patients at one time. Patients who reside in the same residence shall count as one patient.

(b) The commissioner shall conduct a criminal background check on the designated caregiver prior to registration to ensure that the person does not have a conviction for a disqualifying felony offense. Any cost of the background check shall be paid by the person seeking registration as a designated caregiver. A designated caregiver must have the criminal background check renewed every two years.

(c) Nothing in sections 152.22 to 152.37 shall be construed to prevent a person registered as a designated caregiver from also being enrolled in the registry program as a patient and possessing and using medical cannabis as a patient.

Subd. 5. Parents, legal guardians, and spouses. A parent, legal guardian, or spouse of a patient may act as the caregiver to the patient without having to register as a designated caregiver. The parent, legal guardian, or spouse shall follow all of the requirements of parents, legal guardians, and spouses listed in sections 152.22 to 152.37. Nothing in sections 152.22 to 152.37 limits any legal authority a parent, legal guardian, or spouse may have for the patient under any other law.

Subd. 6. Patient enrollment. (a) After receipt of a patient's application, application fees, and signed disclosure, the commissioner shall enroll the patient in the registry program and issue the patient and patient's registered designated caregiver or parent, legal guardian, or spouse, if applicable, a registry verification. The commissioner shall approve or deny a patient's application for participation in the registry program within 30 days after the commissioner receives the patient's application and application fee. The commissioner may approve applications up to 60 days after the receipt of a patient's application and application fees until January 1, 2016. A patient's enrollment in the registry program shall only be denied if the patient:

(1) does not have certification from a health care practitioner that the patient has been diagnosed with a qualifying medical condition;

APPENDIX
Repealed Minnesota Statutes: 23-02423

(2) has not signed and returned the disclosure form required under subdivision 3, paragraph (c), to the commissioner;

(3) does not provide the information required;

(4) has previously been removed from the registry program for violations of section 152.30 or 152.33; or

(5) provides false information.

(b) The commissioner shall give written notice to a patient of the reason for denying enrollment in the registry program.

(c) Denial of enrollment into the registry program is considered a final decision of the commissioner and is subject to judicial review under the Administrative Procedure Act pursuant to chapter 14.

(d) A patient's enrollment in the registry program may only be revoked upon the death of the patient or if a patient violates a requirement under section 152.30 or 152.33.

(e) The commissioner shall develop a registry verification to provide to the patient, the health care practitioner identified in the patient's application, and to the manufacturer. The registry verification shall include:

(1) the patient's name and date of birth;

(2) the patient registry number assigned to the patient; and

(3) the name and date of birth of the patient's registered designated caregiver, if any, or the name of the patient's parent, legal guardian, or spouse if the parent, legal guardian, or spouse will be acting as a caregiver.

Subd. 7. **Notice requirements.** Patients and registered designated caregivers shall notify the commissioner of any address or name change within 30 days of the change having occurred. A patient or registered designated caregiver is subject to a \$100 fine for failure to notify the commissioner of the change.

152.28 HEALTH CARE PRACTITIONER DUTIES.

Subdivision 1. **Health care practitioner duties.** (a) Prior to a patient's enrollment in the registry program, a health care practitioner shall:

(1) determine, in the health care practitioner's medical judgment, whether a patient suffers from a qualifying medical condition, and, if so determined, provide the patient with a certification of that diagnosis;

(2) advise patients, registered designated caregivers, and parents, legal guardians, or spouses who are acting as caregivers of the existence of any nonprofit patient support groups or organizations;

(3) provide explanatory information from the commissioner to patients with qualifying medical conditions, including disclosure to all patients about the experimental nature of therapeutic use of medical cannabis; the possible risks, benefits, and side effects of the proposed treatment; the application and other materials from the commissioner; and provide patients with the Tennessee warning as required by section 13.04, subdivision 2; and

(4) agree to continue treatment of the patient's qualifying medical condition and report medical findings to the commissioner.

(b) Upon notification from the commissioner of the patient's enrollment in the registry program, the health care practitioner shall:

(1) participate in the patient registry reporting system under the guidance and supervision of the commissioner;

(2) report health records of the patient throughout the ongoing treatment of the patient to the commissioner in a manner determined by the commissioner and in accordance with subdivision 2;

(3) determine, on a yearly basis, if the patient continues to suffer from a qualifying medical condition and, if so, issue the patient a new certification of that diagnosis; and

(4) otherwise comply with all requirements developed by the commissioner.

(c) A health care practitioner may conduct a patient assessment to issue a recertification as required under paragraph (b), clause (3), via telehealth, as defined in section 62A.673, subdivision 2.

(d) Nothing in this section requires a health care practitioner to participate in the registry program.

Subd. 2. **Data.** Data collected on patients by a health care practitioner and reported to the patient registry are health records under section 144.291, and are private data on individuals under section 13.02, but may be used or reported in an aggregated, nonidentifiable form as part of a scientific, peer-reviewed publication of research conducted under section 152.25 or in the creation of summary data, as defined in section 13.02, subdivision 19.

Subd. 3. **Advertising restrictions.** (a) A health care practitioner shall not publish or cause to be published any advertisement that:

(1) contains false or misleading statements about medical cannabis or about the medical cannabis registry program;

(2) uses colloquial terms to refer to medical cannabis, such as pot, weed, or grass;

(3) states or implies the health care practitioner is endorsed by the Department of Health or by the medical cannabis registry program;

(4) includes images of cannabis in its plant or leaf form or of cannabis-smoking paraphernalia; or

(5) contains medical symbols that could reasonably be confused with symbols of established medical associations or groups.

(b) A health care practitioner found by the commissioner to have violated this subdivision is prohibited from certifying that patients have a qualifying medical condition for purposes of patient participation in the registry program. The commissioner's decision that a health care practitioner has violated this subdivision is a final decision of the commissioner and is not subject to the contested case procedures in chapter 14.

152.29 MANUFACTURER OF MEDICAL CANNABIS DUTIES.

Subdivision 1. **Manufacturer; requirements.** (a) A manufacturer may operate eight distribution facilities, which may include the manufacturer's single location for cultivation, harvesting, manufacturing, packaging, and processing but is not required to include that location. The commissioner shall designate the geographical service areas to be served by each manufacturer based on geographical need throughout the state to improve patient access. A manufacturer shall not have more than two distribution facilities in each geographical service area assigned to the manufacturer by the commissioner. A manufacturer shall operate only one location where all cultivation, harvesting, manufacturing, packaging, and processing of medical cannabis shall be conducted. This location may be one of the manufacturer's distribution facility sites. The additional distribution facilities may dispense medical cannabis and medical cannabis products but may not contain any medical cannabis in a form other than those forms allowed under section 152.22, subdivision 6, and the manufacturer shall not conduct any cultivation, harvesting, manufacturing, packaging, or processing at the other distribution facility sites. Any distribution facility operated by the manufacturer is subject to all of the requirements applying to the manufacturer under sections 152.22 to 152.37, including, but not limited to, security and distribution requirements.

(b) A manufacturer may acquire hemp grown in this state from a hemp grower, and may acquire hemp products produced by a hemp processor. A manufacturer may manufacture or process hemp and hemp products into an allowable form of medical cannabis under section 152.22, subdivision 6. Hemp and hemp products acquired by a manufacturer under this paragraph are subject to the same quality control program, security and testing requirements, and other requirements that apply to medical cannabis under sections 152.22 to 152.37 and Minnesota Rules, chapter 4770.

(c) A medical cannabis manufacturer shall contract with a laboratory approved by the commissioner, subject to any additional requirements set by the commissioner, for purposes of testing medical cannabis manufactured or hemp or hemp products acquired by the medical cannabis manufacturer as to content, contamination, and consistency to verify the medical cannabis meets the requirements of section 152.22, subdivision 6. The cost of laboratory testing shall be paid by the manufacturer.

(d) The operating documents of a manufacturer must include:

APPENDIX
Repealed Minnesota Statutes: 23-02423

(1) procedures for the oversight of the manufacturer and procedures to ensure accurate record keeping;

(2) procedures for the implementation of appropriate security measures to deter and prevent the theft of medical cannabis and unauthorized entrance into areas containing medical cannabis; and

(3) procedures for the delivery and transportation of hemp between hemp growers and manufacturers and for the delivery and transportation of hemp products between hemp processors and manufacturers.

(e) A manufacturer shall implement security requirements, including requirements for the delivery and transportation of hemp and hemp products, protection of each location by a fully operational security alarm system, facility access controls, perimeter intrusion detection systems, and a personnel identification system.

(f) A manufacturer shall not share office space with, refer patients to a health care practitioner, or have any financial relationship with a health care practitioner.

(g) A manufacturer shall not permit any person to consume medical cannabis on the property of the manufacturer.

(h) A manufacturer is subject to reasonable inspection by the commissioner.

(i) For purposes of sections 152.22 to 152.37, a medical cannabis manufacturer is not subject to the Board of Pharmacy licensure or regulatory requirements under chapter 151.

(j) A medical cannabis manufacturer may not employ any person who is under 21 years of age or who has been convicted of a disqualifying felony offense. An employee of a medical cannabis manufacturer must submit a completed criminal history records check consent form, a full set of classifiable fingerprints, and the required fees for submission to the Bureau of Criminal Apprehension before an employee may begin working with the manufacturer. The bureau must conduct a Minnesota criminal history records check and the superintendent is authorized to exchange the fingerprints with the Federal Bureau of Investigation to obtain the applicant's national criminal history record information. The bureau shall return the results of the Minnesota and federal criminal history records checks to the commissioner.

(k) A manufacturer may not operate in any location, whether for distribution or cultivation, harvesting, manufacturing, packaging, or processing, within 1,000 feet of a public or private school existing before the date of the manufacturer's registration with the commissioner.

(l) A manufacturer shall comply with reasonable restrictions set by the commissioner relating to signage, marketing, display, and advertising of medical cannabis.

(m) Before a manufacturer acquires hemp from a hemp grower or hemp products from a hemp processor, the manufacturer must verify that the hemp grower or hemp processor has a valid license issued by the commissioner of agriculture under chapter 18K.

(n) Until a state-centralized, seed-to-sale system is implemented that can track a specific medical cannabis plant from cultivation through testing and point of sale, the commissioner shall conduct at least one unannounced inspection per year of each manufacturer that includes inspection of:

(1) business operations;

(2) physical locations of the manufacturer's manufacturing facility and distribution facilities;

(3) financial information and inventory documentation, including laboratory testing results; and

(4) physical and electronic security alarm systems.

Subd. 2. Manufacturer; production. (a) A manufacturer of medical cannabis shall provide a reliable and ongoing supply of all medical cannabis needed for the registry program through cultivation by the manufacturer and through the purchase of hemp from hemp growers.

(b) All cultivation, harvesting, manufacturing, packaging, and processing of medical cannabis must take place in an enclosed, locked facility at a physical address provided to the commissioner during the registration process.

(c) A manufacturer must process and prepare any medical cannabis plant material or hemp plant material into a form allowable under section 152.22, subdivision 6, prior to distribution of any medical cannabis.

Subd. 3. **Manufacturer; distribution.** (a) A manufacturer shall require that employees licensed as pharmacists pursuant to chapter 151 be the only employees to give final approval for the distribution of medical cannabis to a patient. A manufacturer may transport medical cannabis or medical cannabis products that have been cultivated, harvested, manufactured, packaged, and processed by that manufacturer to another registered manufacturer for the other manufacturer to distribute.

(b) A manufacturer may distribute medical cannabis products, whether or not the products have been manufactured by that manufacturer.

(c) Prior to distribution of any medical cannabis, the manufacturer shall:

(1) verify that the manufacturer has received the registry verification from the commissioner for that individual patient;

(2) verify that the person requesting the distribution of medical cannabis is the patient, the patient's registered designated caregiver, or the patient's parent, legal guardian, or spouse listed in the registry verification using the procedures described in section 152.11, subdivision 2d;

(3) assign a tracking number to any medical cannabis distributed from the manufacturer;

(4) ensure that any employee of the manufacturer licensed as a pharmacist pursuant to chapter 151 has consulted with the patient to determine the proper dosage for the individual patient after reviewing the ranges of chemical compositions of the medical cannabis and the ranges of proper dosages reported by the commissioner. For purposes of this clause, a consultation may be conducted remotely by secure videoconference, telephone, or other remote means, so long as the employee providing the consultation is able to confirm the identity of the patient and the consultation adheres to patient privacy requirements that apply to health care services delivered through telehealth. A pharmacist consultation under this clause is not required when a manufacturer is distributing medical cannabis to a patient according to a patient-specific dosage plan established with that manufacturer and is not modifying the dosage or product being distributed under that plan and the medical cannabis is distributed by a pharmacy technician;

(5) properly package medical cannabis in compliance with the United States Poison Prevention Packing Act regarding child-resistant packaging and exemptions for packaging for elderly patients, and label distributed medical cannabis with a list of all active ingredients and individually identifying information, including:

(i) the patient's name and date of birth;

(ii) the name and date of birth of the patient's registered designated caregiver or, if listed on the registry verification, the name of the patient's parent or legal guardian, if applicable;

(iii) the patient's registry identification number;

(iv) the chemical composition of the medical cannabis; and

(v) the dosage; and

(6) ensure that the medical cannabis distributed contains a maximum of a 90-day supply of the dosage determined for that patient.

(d) A manufacturer shall require any employee of the manufacturer who is transporting medical cannabis or medical cannabis products to a distribution facility or to another registered manufacturer to carry identification showing that the person is an employee of the manufacturer.

(e) A manufacturer shall distribute medical cannabis in dried raw cannabis form only to a patient age 21 or older, or to the registered designated caregiver, parent, legal guardian, or spouse of a patient age 21 or older.

Subd. 3a. **Transportation of medical cannabis; staffing.** (a) A medical cannabis manufacturer may staff a transport motor vehicle with only one employee if the medical cannabis manufacturer is transporting medical cannabis to either a certified laboratory for the purpose of testing or a facility for the purpose of disposal. If the medical cannabis manufacturer is transporting medical cannabis for any other purpose or destination, the transport motor vehicle must be staffed with a minimum of two employees as required by rules adopted by the commissioner.

(b) Notwithstanding paragraph (a), a medical cannabis manufacturer that is only transporting hemp for any purpose may staff the transport motor vehicle with only one employee.

Subd. 4. **Report.** Each manufacturer shall report to the commissioner on a monthly basis the following information on each individual patient for the month prior to the report:

- (1) the amount and dosages of medical cannabis distributed;
- (2) the chemical composition of the medical cannabis; and
- (3) the tracking number assigned to any medical cannabis distributed.

152.30 PATIENT DUTIES.

(a) A patient shall apply to the commissioner for enrollment in the registry program by submitting an application as required in section 152.27 and an annual registration fee as determined under section 152.35.

(b) As a condition of continued enrollment, patients shall agree to:

(1) continue to receive regularly scheduled treatment for their qualifying medical condition from their health care practitioner; and

(2) report changes in their qualifying medical condition to their health care practitioner.

(c) A patient shall only receive medical cannabis from a registered manufacturer but is not required to receive medical cannabis products from only a registered manufacturer.

152.31 DATA PRACTICES.

(a) Government data in patient files maintained by the commissioner and the health care practitioner, and data submitted to or by a medical cannabis manufacturer, are private data on individuals, as defined in section 13.02, subdivision 12, or nonpublic data, as defined in section 13.02, subdivision 9, but may be used for purposes of complying with chapter 13 and complying with a request from the legislative auditor or the state auditor in the performance of official duties. The provisions of section 13.05, subdivision 11, apply to a registration agreement entered between the commissioner and a medical cannabis manufacturer under section 152.25.

(b) Not public data maintained by the commissioner may not be used for any purpose not provided for in sections 152.22 to 152.37, and may not be combined or linked in any manner with any other list, dataset, or database.

(c) The commissioner may execute data sharing arrangements with the commissioner of agriculture to verify licensing, inspection, and compliance information related to hemp growers and hemp processors under chapter 18K.

152.32 PROTECTIONS FOR REGISTRY PROGRAM PARTICIPATION.

Subdivision 1. **Presumption.** (a) There is a presumption that a patient enrolled in the registry program under sections 152.22 to 152.37 is engaged in the authorized use of medical cannabis.

(b) The presumption may be rebutted by evidence that conduct related to use of medical cannabis was not for the purpose of treating or alleviating the patient's qualifying medical condition or symptoms associated with the patient's qualifying medical condition.

Subd. 2. **Criminal and civil protections.** (a) Subject to section 152.23, the following are not violations under this chapter:

(1) use or possession of medical cannabis or medical cannabis products by a patient enrolled in the registry program, or possession by a registered designated caregiver or the parent, legal guardian, or spouse of a patient if the parent, legal guardian, or spouse is listed on the registry verification;

(2) possession, dosage determination, or sale of medical cannabis or medical cannabis products by a medical cannabis manufacturer, employees of a manufacturer, a laboratory conducting testing on medical cannabis, or employees of the laboratory; and

(3) possession of medical cannabis or medical cannabis products by any person while carrying out the duties required under sections 152.22 to 152.37.

(b) Medical cannabis obtained and distributed pursuant to sections 152.22 to 152.37 and associated property is not subject to forfeiture under sections 609.531 to 609.5316.

(c) The commissioner, the commissioner's staff, the commissioner's agents or contractors, and any health care practitioner are not subject to any civil or disciplinary penalties by the Board of

APPENDIX
Repealed Minnesota Statutes: 23-02423

Medical Practice, the Board of Nursing, or by any business, occupational, or professional licensing board or entity, solely for the participation in the registry program under sections 152.22 to 152.37. A pharmacist licensed under chapter 151 is not subject to any civil or disciplinary penalties by the Board of Pharmacy when acting in accordance with the provisions of sections 152.22 to 152.37. Nothing in this section affects a professional licensing board from taking action in response to violations of any other section of law.

(d) Notwithstanding any law to the contrary, the commissioner, the governor of Minnesota, or an employee of any state agency may not be held civilly or criminally liable for any injury, loss of property, personal injury, or death caused by any act or omission while acting within the scope of office or employment under sections 152.22 to 152.37.

(e) Federal, state, and local law enforcement authorities are prohibited from accessing the patient registry under sections 152.22 to 152.37 except when acting pursuant to a valid search warrant.

(f) Notwithstanding any law to the contrary, neither the commissioner nor a public employee may release data or information about an individual contained in any report, document, or registry created under sections 152.22 to 152.37 or any information obtained about a patient participating in the program, except as provided in sections 152.22 to 152.37.

(g) No information contained in a report, document, or registry or obtained from a patient under sections 152.22 to 152.37 may be admitted as evidence in a criminal proceeding unless independently obtained or in connection with a proceeding involving a violation of sections 152.22 to 152.37.

(h) Notwithstanding section 13.09, any person who violates paragraph (e) or (f) is guilty of a gross misdemeanor.

(i) An attorney may not be subject to disciplinary action by the Minnesota Supreme Court or professional responsibility board for providing legal assistance to prospective or registered manufacturers or others related to activity that is no longer subject to criminal penalties under state law pursuant to sections 152.22 to 152.37.

(j) Possession of a registry verification or application for enrollment in the program by a person entitled to possess or apply for enrollment in the registry program does not constitute probable cause or reasonable suspicion, nor shall it be used to support a search of the person or property of the person possessing or applying for the registry verification, or otherwise subject the person or property of the person to inspection by any governmental agency.

Subd. 3. Discrimination prohibited. (a) No school or landlord may refuse to enroll or lease to and may not otherwise penalize a person solely for the person's status as a patient enrolled in the registry program under sections 152.22 to 152.37, unless failing to do so would violate federal law or regulations or cause the school or landlord to lose a monetary or licensing-related benefit under federal law or regulations.

(b) For the purposes of medical care, including organ transplants, a registry program enrollee's use of medical cannabis under sections 152.22 to 152.37 is considered the equivalent of the authorized use of any other medication used at the discretion of a physician, advanced practice registered nurse, or physician assistant and does not constitute the use of an illicit substance or otherwise disqualify a patient from needed medical care.

(c) Unless a failure to do so would violate federal law or regulations or cause an employer to lose a monetary or licensing-related benefit under federal law or regulations, an employer may not discriminate against a person in hiring, termination, or any term or condition of employment, or otherwise penalize a person, if the discrimination is based upon either of the following:

(1) the person's status as a patient enrolled in the registry program under sections 152.22 to 152.37; or

(2) a patient's positive drug test for cannabis components or metabolites, unless the patient used, possessed, or was impaired by medical cannabis on the premises of the place of employment or during the hours of employment.

(d) An employee who is required to undergo employer drug testing pursuant to section 181.953 may present verification of enrollment in the patient registry as part of the employee's explanation under section 181.953, subdivision 6.

(e) A person shall not be denied custody of a minor child or visitation rights or parenting time with a minor child solely based on the person's status as a patient enrolled in the registry program under sections 152.22 to 152.37. There shall be no presumption of neglect or child endangerment

for conduct allowed under sections 152.22 to 152.37, unless the person's behavior is such that it creates an unreasonable danger to the safety of the minor as established by clear and convincing evidence.

152.33 VIOLATIONS.

Subdivision 1. **Intentional diversion; criminal penalty.** In addition to any other applicable penalty in law, a manufacturer or an agent of a manufacturer who intentionally transfers medical cannabis to a person other than another registered manufacturer, a patient, a registered designated caregiver or, if listed on the registry verification, a parent, legal guardian, or spouse of a patient is guilty of a felony punishable by imprisonment for not more than two years or by payment of a fine of not more than \$3,000, or both. A person convicted under this subdivision may not continue to be affiliated with the manufacturer and is disqualified from further participation under sections 152.22 to 152.37.

Subd. 1a. **Intentional diversion outside the state; penalties.** (a) In addition to any other applicable penalty in law, the commissioner may levy a fine of \$250,000 against a manufacturer and may immediately initiate proceedings to revoke the manufacturer's registration, using the procedure in section 152.25, if:

(1) an officer, director, or controlling person of the manufacturer pleads or is found guilty under subdivision 1 of intentionally transferring medical cannabis, while the person was an officer, director, or controlling person of the manufacturer, to a person other than allowed by law; and

(2) in intentionally transferring medical cannabis to a person other than allowed by law, the officer, director, or controlling person transported or directed the transport of medical cannabis outside of Minnesota.

(b) All fines collected under this subdivision shall be deposited in the state government special revenue fund.

Subd. 2. **Diversion by patient, registered designated caregiver, parent, legal guardian, or patient's spouse; criminal penalty.** In addition to any other applicable penalty in law, a patient, registered designated caregiver or, if listed on the registry verification, a parent, legal guardian, or spouse of a patient who intentionally sells or otherwise transfers medical cannabis to a person other than a patient, designated registered caregiver or, if listed on the registry verification, a parent, legal guardian, or spouse of a patient is guilty of a felony punishable by imprisonment for not more than two years or by payment of a fine of not more than \$3,000, or both.

Subd. 3. **False statement; criminal penalty.** A person who intentionally makes a false statement to a law enforcement official about any fact or circumstance relating to the medical use of cannabis to avoid arrest or prosecution is guilty of a misdemeanor punishable by imprisonment for not more than 90 days or by payment of a fine of not more than \$1,000, or both. The penalty is in addition to any other penalties that may apply for making a false statement or for the possession, cultivation, or sale of cannabis not protected by sections 152.22 to 152.37. If a person convicted of violating this subdivision is a patient or a registered designated caregiver, the person is disqualified from further participation under sections 152.22 to 152.37.

Subd. 4. **Submission of false records; criminal penalty.** A person who knowingly submits false records or documentation required by the commissioner to register as a manufacturer of medical cannabis under sections 152.22 to 152.37 is guilty of a felony and may be sentenced to imprisonment for not more than two years or by payment of a fine of not more than \$3,000, or both.

Subd. 5. **Violation by health care practitioner; criminal penalty.** A health care practitioner who knowingly refers patients to a manufacturer or to a designated caregiver, who advertises as a manufacturer, or who issues certifications while holding a financial interest in a manufacturer is guilty of a misdemeanor and may be sentenced to imprisonment for not more than 90 days or by payment of a fine of not more than \$1,000, or both.

Subd. 6. **Other violations; civil penalty.** A manufacturer shall be fined up to \$1,000 for any violation of sections 152.22 to 152.37, or the regulations issued pursuant to them, where no penalty has been specified. This penalty is in addition to any other applicable penalties in law.

152.34 HEALTH CARE FACILITIES.

(a) Health care facilities licensed under chapter 144A, hospice providers licensed under chapter 144A, boarding care homes or supervised living facilities licensed under section 144.50, assisted living facilities, facilities owned, controlled, managed, or under common control with hospitals licensed under chapter 144, and other health facilities licensed by the commissioner of health, may

adopt reasonable restrictions on the use of medical cannabis by a patient enrolled in the registry program who resides at or is actively receiving treatment or care at the facility. The restrictions may include a provision that the facility will not store or maintain the patient's supply of medical cannabis, that the facility is not responsible for providing the medical cannabis for patients, and that medical cannabis be used only in a place specified by the facility.

(b) Any employee or agent of a facility listed in this section or a person licensed under chapter 144E is not subject to violations under this chapter for possession of medical cannabis while carrying out employment duties, including providing or supervising care to a registered patient, or distribution of medical cannabis to a registered patient who resides at or is actively receiving treatment or care at the facility with which the employee or agent is affiliated. Nothing in this section shall require the facilities to adopt such restrictions and no facility shall unreasonably limit a patient's access to or use of medical cannabis to the extent that use is authorized by the patient under sections 152.22 to 152.37.

152.35 FEES; DEPOSIT OF REVENUE.

(a) The commissioner shall collect an enrollment fee of \$200 from patients enrolled under this section. If the patient provides evidence of receiving Social Security disability insurance (SSDI), Supplemental Security Income (SSI), veterans disability, or railroad disability payments, or being enrolled in medical assistance or MinnesotaCare, then the fee shall be \$50. For purposes of this section:

(1) a patient is considered to receive SSDI if the patient was receiving SSDI at the time the patient was transitioned to retirement benefits by the United States Social Security Administration; and

(2) veterans disability payments include VA dependency and indemnity compensation.

Unless a patient provides evidence of receiving payments from or participating in one of the programs specifically listed in this paragraph, the commissioner of health must collect the \$200 enrollment fee from a patient to enroll the patient in the registry program. The fees shall be payable annually and are due on the anniversary date of the patient's enrollment. The fee amount shall be deposited in the state treasury and credited to the state government special revenue fund.

(b) The commissioner shall collect an application fee of \$20,000 from each entity submitting an application for registration as a medical cannabis manufacturer. Revenue from the fee shall be deposited in the state treasury and credited to the state government special revenue fund.

(c) The commissioner shall establish and collect an annual fee from a medical cannabis manufacturer equal to the cost of regulating and inspecting the manufacturer in that year. Revenue from the fee amount shall be deposited in the state treasury and credited to the state government special revenue fund.

(d) A medical cannabis manufacturer may charge patients enrolled in the registry program a reasonable fee for costs associated with the operations of the manufacturer. The manufacturer may establish a sliding scale of patient fees based upon a patient's household income and may accept private donations to reduce patient fees.

152.36 IMPACT ASSESSMENT OF MEDICAL CANNABIS THERAPEUTIC RESEARCH.

Subdivision 1. **Task force on medical cannabis therapeutic research.** (a) A 23-member task force on medical cannabis therapeutic research is created to conduct an impact assessment of medical cannabis therapeutic research. The task force shall consist of the following members:

(1) two members of the house of representatives, one selected by the speaker of the house, the other selected by the minority leader;

(2) two members of the senate, one selected by the majority leader, the other selected by the minority leader;
