5.17 August 1, 2015, the operating payment rates for any qualifying ICF/DD, as defined in
5.18 paragraph (b), must be increased whenever the facility can demonstrate an increase
5.19 in costs directly attributable to an increase in the minimum wage specified in section
5.20 177.24, or to an increase in the federal minimum wage. Costs directly attributable to a
5.21 legally required increase in the minimum wage include: (1) salary increases; and (2) the
5.22 employer's share of FICA, Medicare taxes, employer-sponsored retirement plans, federal
5.23 and state unemployment insurances, and workers' compensation. All increased revenue
5.24 from this rate increase must be used solely to increase the compensation of minimum
5.25 wage employees of the facility.

5.26 (b) In order to qualify for a rate increase under paragraph (a), a facility must submit
5.27 an application to the commissioner within six months following an increase in the
5.28 minimum wage. The application shall be submitted in a form and manner prescribed
5.29 by the commissioner, but must include: (1) a clear computation of the facility's total
5.30 increased costs directly attributable to the increase in the minimum wage, as defined in

5.33 (c) For each facility that applies for a rate increase under paragraph (a), the
5.34 commissioner must determine the total increased costs as a percentage of the facility's
5.35 operating payment rate in effect on the day of the minimum wage increase.

6.1 (d) For each facility reimbursed under this subdivision, the commissioner shall
6.2 increase operating payments under this section equal to the percentage determined in
6.3 paragraph (c). The commissioner shall apply the rate increase to each qualifying facility's
6.4 payment rate based on occupied beds, using the percentage specified in paragraph (c),
6.5 multiplied by the total payment rate in effect on the day prior to the minimum wage
6.6 increase, including the variable rate, but excluding the property-related payment rate.

6.7 (e) The rate increase under this subdivision is effective retroactively from the day
6.8 the minimum wage increases.
