The appropriate fees shall be paid by check made payable to "Minnesota Department of Health."

**Statutory Authority:** *MS s 144.383*

**History:** *10 SR 1687*

**4720.3910 TYPHOID FEVER.**

**Subpart 1. Patient's room.** The patient's room shall be carefully screened throughout the course of the disease and during convalescence, if any flies or insects are about.

**Subp. 2. Handling milk or other foods.** No person convalescent from typhoid fever or paratyphoid fever, or suffering from "walking typhoid," or proven by proper laboratory tests to be a carrier of bacillus typhosus or bacillus paratyphosus, shall be permitted to handle in any capacity milk, cream, butter, other food or food products, liable to be eaten without being cooked after handling, if such foods are offered for sale, until the local health officer, with the approval of the commissioner of health, shall state in writing, with the circumstances indicated, that danger of infection from such person no longer exists.

**Subp. 3. Water supplies.** Any drinking water supply known to be a positive or probable source of typhoid fever or other disease, shall be condemned either by the local board of health or by the commissioner of health, and when so condemned, shall not be used again as a drinking water supply until declared safe by the condemning party.

**Subp. 4. Reporting of cases in hospitals and sanatoria.** On discharge from any hospital or sanatorium of any person suffering or convalescent from typhoid fever or paratyphoid fever or of any person known to be a carrier of typhoid organisms or paratyphoid organisms, it shall be the duty of the superintendent of such hospital, or sanatorium to report the discharge in writing to the Division of Disease Prevention and Control of the Minnesota Department of Health within a period of 24 hours, giving the destination of such person.

**Statutory Authority:** *MS s 144.05, 144.12 subd 1*
