**History:** *30 SR 613*

**6232.0300 GENERAL RESTRICTIONS FOR TAKING DEER.**

Subpart 1. **Zone and date options.** A firearm deer hunter may purchase a firearm license valid for the regular firearms deer season or muzzleloader season, a multizone buck license to take antlered deer in more than one zone, an all-season deer license, or a resident youth license. A hunter purchasing a resident youth license or a regular firearm license, including a hunter choosing a muzzleloader option, must select only one of the zone and date options listed on the license. For the regular firearm season, this choice will be printed on the license at the time of purchase. A person may only hunt deer by firearms within the zone and date options indicated on the person's firearm license.

*[For text of subp 2, see MR]*

Subp. 3 **Party hunting.** A party is a group of two or more licensed deer hunters who are afield hunting together and are all using firearms or all using archery equipment. A member of a party may kill a deer for another member of the party who has an unused tag valid for that deer, except as provided by Minnesota Statutes, section 97B 301. A mixed-weapons group is considered two separate parties. Multizone buck licensees may party hunt with regular firearms licensees. Persons issued permits under Minnesota Statutes, section 97B 055, subdivision 3, who are hunting in a lottery deer permit area and do not have an either-sex permit may not tag antlerless deer for another member of the party.

Subp. 4 **Baiting.** A person may not hunt deer (1) with the aid or use of bait, (2) in the vicinity of bait if the person knows or has reason to know that bait is present, or (3) in the vicinity of where the person has placed bait or caused bait to be placed within the previous ten days. This restriction does not apply to food resulting from normal or accepted farming, forest management, wildlife food plantings, orchard management, or other similar land management activities.

Subp. 5. **Tagging.** The tag of the license valid for the taking of the deer must be affixed around the tendon or bone of a hind leg, around the base of an antler, or through a slit cut in either ear so that the tag cannot be readily removed.

**Subp. 6 License purchase and validation.**

A. A bonus permit may be purchased any time throughout the open deer seasons. Bonus permits are valid immediately upon purchase, as long as the purchaser has a valid regular license. When a regular license is purchased after the start of the season for that license, a bonus permit is not valid until the waiting period has expired for the regular license.

B. At the time a deer is tagged at the site of kill, the tag must be validated. Validation consists of using a knife or similar sharp object to cut out or a pen to indelibly mark the appropriate notches on the tag indicating

- (1) the month the deer was taken,
- (2) the date the deer was taken; and
- (3) the time of day the deer was taken

**Subp. 7 All-terrain vehicle or snowmobile use by licensed hunters.**

*[For text of items A and B, see MR]*

C. For purposes of this chapter, all-terrain vehicles are vehicles, including trail bikes, three-wheelers, four-wheelers, tracked vehicles, or other manufactured or home-made vehicles, not licensed for highway use. Motor vehicles licensed for and being lawfully operated on a public road or highway, or farm tractors being used for agricultural purposes, are exempt from this subpart. This subpart applies to all lands and waters regardless of ownership except as provided in item B, and except that:

- (1) a person using a snowmobile in pursuing an occupation on the person's own land and not in possession of a firearm is exempt; and
- (2) a landowner, an employee of the landowner, or an immediate family member of the landowner using an all-terrain vehicle in pursuing an occupation on the landowner's land and not in possession of a firearm is exempt.

A permit to operate these vehicles during the restricted hours may be issued by a conservation officer in the event of an emergency or other unusual conditions. Legal use of snowmobiles during the open deer season is governed by part 6100.5100

Subp 8. **Bag limit.** A person may not tag more than one deer during a license year by any method, except as authorized in items A to D

A In Marshall, Kittson, Roseau, Lake of the Woods, and Pennington Counties, a person may tag one deer with a regular archery license and another with a regular firearms license, including the muzzleloader option or multizone buck license. Both deer must be taken and registered in this five-county area

B A person may tag a second, third, fourth, or fifth deer by archery, firearm, or muzzleloader with a bonus permit in specified areas as prescribed in this chapter.

C. In no case may a person tag more than five deer per year by firearms, archery, or both methods combined, except a sixth deer may be tagged if the person takes a deer with a free landowner permit.

D. Total bag limits by deer permit area are as follows:

(1) the total bag limit for lottery deer permit areas is one deer, except all-season license holders may take two deer,

(2) the total bag limit for managed deer permit areas is two deer, except all-season license holders may take up to three deer. Archery, firearms, and muzzleloader hunters using bonus permits may not harvest antlerless deer in more than one managed deer permit area,

(3) the total bag limit for intensive deer permit areas is five deer; and

(4) in addition to the total bag limits under subitems (1) to (3), a person with a free landowner deer license may take one additional antlerless deer on land owned or leased by the person in managed and intensive deer permit areas

If a mistake is made in writing the license number, the agent must reissue a correct possession tag. Registration agents are not required to inspect deer at registration stations. Legally registered deer may be transported anytime during or after the deer hunting season. No part of the carcass, except skin or entrails, may be removed until after the possession tag has been affixed, except that deer may be quartered prior to registration as long as all parts remain together and are presented for registration and the head of the deer remains attached to one quarter. The possession tag must be affixed securely to the deer at any of the locations specified in part 6232.0300, subpart 5. A person may not process a deer unless it has been registered as evidenced by an attached possession tag

**6232.1800 EITHER-SEX PERMITS AND PREFERENCE DRAWINGS.**

Subpart 1 **Procedures for applying for an either-sex permit.** Residents and nonresidents are eligible for either-sex permits. A person may not apply for an either-sex deer permit without first purchasing a firearms or all-season deer license. The application may be made for only one of the deer permit areas described in this part, and must be for the zone and dates on the applicant's deer license. A person may not submit more than one application for an either-sex permit. A person may apply for an either-sex permit or a special hunt permit, but not both.

The application deadline is the first Thursday following Labor Day.

Subp 2. **Preference drawings for either-sex permits in lottery deer permit areas and special hunt area permits.** If the number of applications for either-sex permits in a lottery deer permit area or for permits in a special hunt area exceeds the quota set forth in the annual hunting regulations, a preference drawing will be used to select permit holders. Persons 12 years of age or older may enter the preference drawing by supplying their driver's license number, official state of Minnesota Identification Number, or 13-digit Firearms Safety Identification Number on the application, except that resident hunters under age 16 on the Saturday nearest November 6 may not apply for either-sex permits. All applicants who have reached their 18th birthday by the first Thursday following Labor Day must provide one of these three numbers to qualify. Applicants under 18 years of age who do not submit one of these numbers will be assigned a number and will be entered into the preference drawing. Applicants establish a preference rating based upon the number of times they have applied in

previous years and have not obtained an either-sex or special hunt area permit. The preference rating will increase each year the applicant applies unsuccessfully for either an either-sex or special hunt area permit. Persons applying for the first time have no preference. Applicants receiving either-sex or special hunt area permits lose their accrued preference.

Subp 3. **Deer permit areas.** Deer permit areas are comprised of registration blocks of the same number.
