A. The board shall provide a registration renewal notice at least three full calendar months before a licensee's registration expiration date using the last contact information provided by the licensee which constitutes official notification. The board shall return an application that is received without a fee or an application that is incomplete. C. A licensee shall respond to questions on the application that relate to the grounds for disciplinary action listed in Minnesota Statutes, section 148.261. Subp. 3. **Continuing education.** A registered nurse shall participate in the ratio of at least one contact hour of acceptable continuing education for each month of registration. A licensed practical nurse shall participate in the ratio of at least one contact hour of acceptable continuing education for each two months of registration.

For a continuing education activity to be acceptable for renewal of registration, the criteria in items A to G must be met.

A. The content must be designed to enhance the licensee's ability to practice nursing. The content may include such topics as those included in a nursing curriculum. For licensees who are not engaged in direct patient care but who are required to be licensed as a nurse in their employment, the content may include topics that may assist the licensees in the performance of their responsibilities. Unacceptable content includes subject matter that is inaccurate, outdated, or not generally accepted within the health care community.

B. The activity must last at least one contact hour. Licensees may report an activity that lasts more than one contact hour but less than an additional contact hour. Licensees shall not claim contact hours in which they did not participate, for example, if they arrived late or left early.

C. There must be written objectives which describe what a licensee can expect to learn.

D. The activity must be completed during the licensee's continuing education participation period.

E. The activity must be taught by someone other than the licensee.

F. The instructor must be qualified to teach the content. Qualifications include education, preparation of information related to the objectives for the activity, or experience.

G. The following information regarding the continuing education activity must be obtainable by the licensee:

A. If the activity has been approved by another health licensing board or association, the criteria in subitems (1) to (5) must be met.

(1) The activity must last at least one contact hour. Licensees may report an activity that lasts more than one contact hour but less than an additional contact hour. Licensees shall not claim contact hours in which they did not participate, for example, if they arrived late or left early.

(2) The activity must be completed during the licensee's continuing education participation period.

(3) The activity must be taught by someone other than the licensee.

B. If the licensee has a current certificate from a national professional nursing organization, the criteria in subitems (1) to (5) must be met.

(1) The initial certification must be based on predetermined standards for specialty certification assuring that the licensee has acquired knowledge and skill in the specialty.

(2) If the current specialty certificate is a recertification certificate, it must be based on meeting periodic continuing education or other current competency certification requirements.

(3) The certificate must be issued by a national nursing or medical organization.

(4) A copy of the certificate must be submitted and it must be current at the time of submission.

(5) The licensee shall not use the practice specialty certificate as a substitute for any previously deferred contact hours.

Subp. 5. **Other acceptable continuing education activities.** A licensee may do one of the following within the licensee's participation period and apply up to ten contact hours to the activity:

- A. publish an article or book on nursing or health care related issues;
- B. deliver a professional paper related to nursing or health care;
- C. participate on a professional panel that addresses nursing or health care related issues;
- D. participate in quality assurance or risk management studies; or
- E. engage in nursing or health care related research.

Subp. 5a. **Continuing education report.** Confirmation of continuing education shall be a part of the renewal of registration application. Each licensee shall verify that the continuing education activities used to meet the licensee's renewal requirements meet all the criteria in subparts 3, 4, and 5, and that the information is true in every respect.

Subp. 6. [Repealed, 18 SR 468]

Subp. 6a. **Application deadline.** The registration renewal application, registration renewal fee, and continuing education report must be received in the board office by the licensee's registration expiration date.

If the licensee's registration renewal application, registration renewal fee, and continuing education report are received in the board office after the registration expiration date, the applicant is not eligible for renewal of registration. The board shall return the application and fee to the licensee. The board shall provide a reregistration application to the licensee. The licensee may not practice nursing after the registration expiration date until reregistration requirements have been met as specified in part 6310.3100.

Subp. 6b. **Incomplete application notice.** If the board receives an incomplete renewal application and fee by the registration expiration date, the board shall notify the licensee of any deficiency. On the deficiency notice, the board shall note if the application, the continuing education report, or the fee submitted by a licensee is incomplete, incorrect, or

# MINNESOTA RULES 2013

1135

## PROFESSIONAL AND PRACTICAL REGISTRATION 6310.2800

not in compliance with this part. The licensee may not practice nursing after the registration expiration date until registration requirements have been met. The registration renewal application, fee, and other documents will be retained by the board whenever possible.

Subp. 6c. **Insufficient hours.** If a licensee does not have enough contact hours of acceptable continuing education, the licensee has the options listed in items A and B.

A. Defer the number of contact hours that the licensee is lacking. The deferred hours shall be added to the contact hours required in the immediately succeeding continuing education participation period. Contact hours may be deferred if there are no current deferred contact hours required of the licensee. If the licensee is deferring a fraction of a contact hour, a whole contact hour must be deferred. If the licensee does not renew for the continuing education participation period that included the deferred hours, the deferred hours shall be required for reregistration.

B. Allow registration to expire and reregister.

Subp. 6d. **Noncompliance with continuing education requirement.** A licensee provides grounds for disciplinary action if the licensee does not meet one of the options for insufficient hours in subpart 6c or fails an audit and is not eligible to defer.

Subp. 7. **True information.** The licensee shall submit true, complete, and accurate information. Falsification of any evidence for any registration period or falsification or omission of information provides grounds for disciplinary action.

Subp. 8. **Retention of information.** Each licensee shall keep information documenting each continuing education activity submitted to meet registration renewal requirements. The licensee shall retain the information for two years after the continuing education activities are reported to the board.

Subp. 9. **Variance.** On presentation of convincing evidence by a registration or reregistration applicant, the board shall grant a variance from the following requirements:

- A. for a receipt deadline, evidence of mail delay;
- B. for a fee, evidence of financial hardship;
- C. for document submission, evidence of loss of records through fire or other disaster; and
- D. for the required number of continuing education contact hours, evidence of unexpected illness or personal tragedy.

Subp. 10. **Exemption from renewal of registration.** Pursuant to Minnesota Statutes, section 326.56, a licensee who is in the armed forces of the United States or is employed outside the United States in employment which is essential to the prosecution of any war or the national defense, and whose registration was in effect at the time of entry into the armed forces or engagement in employment outside the United States, is not obligated to renew registration. The board must be notified in writing by the licensee regarding the qualifications for this exemption. The exemption ceases six months after discharge from active duty or termination of the aforementioned employment. A registration renewal notice shall be sent to the licensee at the time that a registration renewal notice would normally be sent to the licensee. The licensee may be requested to reconfirm exempt status. If the licensee no longer qualifies for the exemption, the requirements for registration renewal must be met. The required number of contact hours are calculated based on the number of months since the exemption ceased to the month of the registration renewal expiration date and according to the ratio specified in subpart 3.

Subp. 11. **Nullification of incomplete registration renewal.** The board shall nullify incomplete registration renewal applications that are not completed, returned, and received by the board within 30 days following notification of the deficiency or by the licensee's registration expiration date, whichever is later. For a nullified application, the fee shall be forfeited and the application and other documents may be destroyed according to Minnesota Statutes, section 138.17, subdivision 7.

Subpart 1. **Substantiation of continuing education activity.** At the time of renewal, the board shall randomly select a sample of licensees and require substantiation of participation in the activities that the licensees confirmed on their continuing education report. The licensee shall submit documents or written statements that verify the information in part 6310.2800, subpart 3, item G.

Failure to substantiate the hours with the required information shall result in the hours being automatically deferred to the next participation period unless the licensee is not eligible to do so. At the next renewal or reregistration, the licensee shall substantiate participation in all the hours of continuing education required for that reporting period including the automatically deferred hours. Failure to substantiate the hours at this time shall provide grounds for disciplinary action.

Subp. 2. **Substantiation after deferment.** For licensees who have deferred continuing education hours on record, except those automatically deferred as indicated in subpart 1, the board shall randomly select a sample of licensees and require substantiation of participation in the activities that the licensees must report. Minnesota Statutes, section 148.261. The licensee shall submit true information. Falsification or omission of information provides grounds for disciplinary action. The board may require further information of the licensee to determine whether the licensee has engaged in conduct warranting disciplinary action listed in Minnesota Statutes, section 148.261. The board shall return an application that is received without a fee or an application that is incomplete.

Subp. 2. [Repealed, L 2012 c 197 art 2 s 45]

Subp. 2a. **Continuing education; report.** Licensees whose registrations expired within the two years preceding application for reregistration shall report participation in the required number of acceptable continuing education hours. To fulfill this requirement, the criteria in items A to D must be met.

A. The number of contact hours required are the number of hours the licensee was responsible for at the time registration expired, including any deferred hours.

B. To be acceptable, the continuing education must meet the requirements specified in part 6310.2800, subpart 3, with the exception of item D, or part 6310.2800, subpart 4 or 5.

C. Participation must have occurred during the 24 months immediately preceding board action on the application for reregistration.

D. The board shall provide a method for reporting continuing education. In the report of continuing education, the board shall require the name of the activity, the date of the activity, and the number of contact hours for each of the activities. The licensee shall report participation in the required acceptable continuing education. A professional nurse who has been certified in a nursing specialty may submit a copy of the practice specialty certificate in lieu of reporting participation in the continuing education contact hours. The copy of the current certificate must be attached to the report of continuing education. Each licensee shall verify that the continuing education activities met all the criteria specified in part 6310.2800, subpart 3, items A to C and E to G; 4; or 5, and that the information contained on the continuing education report is true in every respect.

Subp. 2b. **Deferred contact hours.** A licensee who has deferred continuing education contact hours on record shall make up the deferred contact hours before board action on the application for reregistration. The licensee shall submit a report of participation in the required number of contact hours and submit the substantiating documents required in part 6310.3000, subpart 1. The board shall audit the substantiating documents to be certain that the requirements in part 6310.3000, subpart 1, have been met.

Subp. 2c. **Acceptable nursing practice requirement.** A licensee shall submit proof of acceptable nursing practice that occurred within the two years immediately preceding receipt by the board of the application for reregistration. Verification of acceptable nursing practice must be reported on a form provided by the board or in a statement submitted in writing that includes the information required by the board on the verification of practice form. It must be completed by the individual best able to verify the licensee's practice. If the licensee was employed by an institution or agency, an employer shall complete the verification. In lieu of an employer, a patient, volunteer supervisor, patient's family, physician, or peer may verify acceptable practice. If the applicant supplies a written statement that verification cannot be obtained because the institution or agency no longer has the relevant records or went out of business, the last date of employment shall be accepted from the applicant.

B. A licensee must submit a verification of acceptable nursing practice.

C. A licensee must participate in and report participation in acceptable continuing education as specified in part 6310.2800, subparts 3, items A, B, C, E, and F; and 5. The licensee must complete the required number of contact hours of continuing education. The registered nurse must complete one contact hour of acceptable continuing education for each month that the licensee was not engaged in acceptable practice. The licensed practical nurse must complete one contact hour for every two months that the licensee was not engaged in acceptable practice. The maximum hours required are 60 hours for a registered nurse and 30 hours for a licensed practical nurse. The continuing education must be reported on the form provided by the board.

D. If the licensee has not engaged in acceptable nursing practice for more than five years, the licensee must successfully complete a refresher course that meets board criteria. The licensee shall complete the refresher course within the 24 months immediately preceding board action on the application for licensure.

The licensee shall report the successful completion of the refresher course on an affidavit provided by the board. The affidavit must be signed by the person responsible for the refresher course. Successful completion of a refresher course will meet continuing education requirements.

Subp. 7. **Temporary permit to practice.** The licensee shall have a temporary permit to practice to participate in the clinical component of a refresher course with the exception of degree granting programs. A temporary permit may be issued if the degree granting program requires it.

Subp. 7a. **Clinical component temporary permit to practice.** To obtain a temporary permit to complete the clinical portion of a refresher course if being taken in Minnesota, a licensee shall submit the completed reregistration application, fee, and a statement of intent to participate in a refresher course. The statement of intent must be signed by the person responsible for the refresher course. The statement of intent must contain the request for a temporary permit. The board shall issue a temporary permit after the application, fee, and statement of intent have been received and evaluated for compliance with this chapter. The board shall issue the temporary permit for no more than 90 days. The temporary permit is valid only for practice as a part of the refresher course. While the temporary permit is in effect, the registered nurse may use the title registered nurse, abbreviated "RN," and a licensed practical nurse may use the title licensed practical nurse, abbreviated "LPN." If there is a delay in the completion of the clinical portion of the refresher course, the licensee shall complete another statement of intent. The verification of licensure request must be submitted with the reregistration application. The fee for verification must be separate from the fee for reregistration.

Subp. 12. [Repealed, 18 SR 468]

Subp. 13. **Disciplinary action.** Nothing in this part shall be construed as preventing the board from proceeding with disciplinary action pursuant to Minnesota Statutes, section 148.261. Grounds for the board to proceed with disciplinary action include, but are not limited to, practicing nursing without current registration for more than two years, repeated occurrences of practicing nursing without current registration, or knowingly practicing nursing without current registration.

Subp. 14. **Nullification and reapplication.** The board shall nullify an incomplete reregistration application if the licensee fails to complete the application process within one year after submission of the application. For a nullified application, the reregistration shall be forfeited and the application and other documents may be destroyed according to Minnesota Statutes, section 138.17, subdivision 7. If a licensee fails to submit an application and fee within six months after the board received any other documents relating to the application, the board may destroy the documents. If a licensee whose application has been nullified wants to be reregistered, a new reregistration application must be submitted and all applicable reregistration requirements must be met.

Subp. 15. **Initial registration following reregistration.** The board shall authorize an individual to engage in the practice of practical or professional nursing in Minnesota once the reregistration requirements have been met. The initial registration period is as defined in part 6310.2600, subpart 15.
