7017.2020 PERFORMANCE TESTS GENERAL REQUIREMENTS.

Subpart 1. **Testing required.** The owner or operator of an emission facility shall arrange to conduct a performance test to determine the characteristics and amount of emissions of air pollutants from any emission facility at the times required by an applicable compliance document, federal regulation, or Minnesota rule or statute and at additional times if the commissioner requests a performance test in order to:

[For text of items A to D, see M.R.]

E. determine the compliance status of an emission facility following a modification to the emission facility that the commissioner determines could cause an increase in the amount of emissions of any air pollutant from that facility; or

F. determine the relative accuracy of a continuous emissions monitoring system.

EPA may request a performance test under this part for the reasons listed in items A to F. When EPA requires a performance test under this subpart, and EPA directly administers the performance test, EPA will make the decisions that the commissioner makes under parts 7017.2001 to 7017.2060 for that performance test.

History: *21 SR 693*

7017.2040 CERTIFICATION OF PERFORMANCE TEST RESULTS.

Subpart 1 **Certification required.** The test report shall contain a certification by the responsible parties that the test results have been reported accurately, that the field data are a true representation of the sampling procedures, and that the process data are a true indicator of the operating parameters of the emissions unit at the time of the performance test. The commissioner shall reject the results of a performance test if the test report does not contain the certifications required by subparts 2 to 5 or if any of the certifications in subparts 2 to 5 are determined to be false.
