7615.0310 EVALUATION CRITERIA FOR MIDDLE DISTILLATES.

Subpart 1. **Amount.** The amount of middle distillates available for state set-aside is a volume equal to four percent of all prime suppliers' monthly supply estimate as stated in the monthly report filed pursuant to parts 7615.0200 to 7615.0220. Applicants shall specify the gallons requested for each end user category and the reason for any need of volumes in excess of contract volumes. All assignments shall be based on the priorities in subparts 2 to 5.

Subp. 2. **First priority.** First priority middle distillate users include:

- A. agriculture;
- B. emergency services;
- C. essential services;
- D. heating customers with no alternate source of fuel, including hospitals, multiunit housing, nursing homes, and residences;

- F. minimum plant and building protection; and
- G. passenger transportation.

Subp. 3. **Second priority.** Second priority middle distillate users are heating customers on interruptible natural gas or another primary source of fuel. They include hospitals, multiunit housing, nursing homes, and residences.

7615.0320 EVALUATION CRITERIA FOR MOTOR GASOLINE.

Subpart 1. **Volume.** The volume of motor gasoline available for state set-aside is a volume equal to three percent of all prime suppliers' monthly supply estimate as stated in the monthly report filed pursuant to parts 7615.0200 to 7615.0220. The office may assign state set-aside motor gasoline volumes, when the applicant submits accurate and complete documentation, based on the criteria in subparts 2 to 5.

Subp. 2. **Agricultural motor gasoline shortfall.** If the traditional supplier of an agricultural operation is unable to supply average motor gasoline use, the office may release amounts of state set-aside equal to the shortfall. The office may require the applicant to list the name, telephone number, and average motor gasoline use of the ultimate consumer.

If unusual weather conditions, natural disasters, or other extreme occurrences require more than average motor gasoline use, the office may make a state set-aside assignment to satisfy the greater requirement. In these cases, the applicant shall provide the office with the current monthly requirement and a justification for the request.

Subp. 3. **Community or area hardship.** Community or area hardship:

A. If a supplier pullout produces a shortfall of motor gasoline in a local area, a wholesale purchaser reseller in the area may apply for a state set-aside assignment. The applicant shall submit the name, address, and approximate gallons per month sold by the supplier who has pulled out.

B. State set-aside may be assigned to alleviate a shortfall caused by the closing of a motor gasoline retail outlet in a community. The applicant must certify that residents would have to drive 20 or more miles round trip to obtain motor gasoline between the hours of 7:00 a.m. and 8:00 p.m. and provide the office with the name, address, and approximate gallons per month sold of all retail outlets which have opened or closed in the last calendar year within a ten-mile radius of the retail outlet requesting the state set-aside assignment.

C. A wholesale purchaser reseller may receive an assignment on the basis of unusual growth if the applicant can demonstrate the existence of a shortfall because of a population increase in the community of over ten percent since 1980, new business in the community employing 500 or more employees since 1980, or relocation of a highway since 1980.

D. The office may assign state set-aside motor gasoline to a retail outlet that has historically remained open 24 hours a day and provided emergency road service.

Subp. 4. **Natural disasters.** The office may assign state set-aside motor gasoline to alleviate a shortage of motor gasoline due to a natural disaster including: floods; blizzards; fire; high winds; and tornadoes. Applicants shall state the nature of the disaster, the number of gallons sold, and to whom.

Subp. 5. **Priority vehicles.** The office may assign state set-aside motor gasoline to meet the requirements of certain priority vehicles because of a shortfall. Applicants may apply for state set-aside to make up the difference between 100 percent of contract volume and the amount of supply currently available for the following types of priority vehicles: emergency services, essential services, and passenger transportation services.
