7660.0090 FUNDING.

Subpart 1. Priorities. The department will process grant applications that comply with parts 7660.0010 to 7660.0070 on a first-come first-served basis, based on the day an eligible and complete application is received by the department. If eligible and complete applications received on the same day cannot all be funded due to lack of available funds, the department will first process applications for previously unaudited buildings. If funds are not available for all eligible applications for previously unaudited buildings, the department will process grants so that each affected application receives an equal percentage of the eligible grant amount. If funds are available after processing all eligible applications for previously unaudited buildings, the department will process eligible grant applications for previously audited buildings. If funds are not available for all eligible applications for previously audited buildings, the department will process grants so that each affected application receives an equal percentage of the eligible grant amount. When all available funds have been encumbered, the department will not process any further applications and affected applicants will be notified.

Subp. 2. Limits. Grants will be issued by the department for eligible applications based on a formula of \$.04 per square foot of area plus \$2,000. The department will reimburse grantees for 80 percent of the actual cost of a cost-share maxi-audit or the approved grant amount, whichever is less, when the requirements of part 7660.0080 have been met.
