

# MINNESOTA RULES 2004

F. a statement that the Environmental Quality Board will be preparing an environmental report on each high-voltage transmission line for which certification is requested;

G. a brief explanation of how to get on the mailing list for the Environmental Quality Board's proceeding; and

H. a statement that requests for certification of high-voltage transmission lines are governed by Minnesota law, including specifically chapters 4410 and 7849 and Minnesota Statutes, section 216B.243.

**Subp. 5. Supplementary notice.** The commission shall require supplementary notice to persons reasonably likely to be affected by system alternatives developed in the course of certification proceedings if it appears that those system alternatives are as likely to be certified as the proposed high-voltage transmission line.

**Subp. 6. Notice time frames.** The applicant shall implement the proposed notice plan within 30 days of its approval by the commission.

**Subp. 7. Good faith sufficient.** The commission shall not deny a request for certification of a high-voltage transmission line on grounds of defective notice if the applicant acted in good faith, in substantial compliance with the notice requirements of this part, and in substantial compliance with any commission orders issued under this part.
