8265.0400 FILING PROCEDURES.

Subpart 1. **Choice of format.** Each filing officer may choose the format in which an originally filed document is made available for public inspection. Format options include the original paper filing, microfilm or microfiche copies, copies stored in optical scanning equipment, and any other formalized storage technology.

Subp. 2. **Public inspection.** Public inspection may occur at any time during the regular business hours of the filing office.

Subp. 3. **Restrictions on access.** The filing officer may set reasonable restrictions on public access to the records. For example, a filing officer may allow a member of the public to search the files or may require that a member of the filing officer's staff retrieve the requested information for a member of the public without charge. A reasonable restriction may also be that copies of the requested documents are made without charge and then presented to the requesting party for use in the filing office.

Subp. 4. **Data entry.** Entry of data from the filed documents must occur in the filing office where the document was accepted.

Subp. 5. **Continuation or termination.** A filing office may only continue or terminate those filings originally filed with that filing office.

Subp. 6. **Data entry standards.** Data entry must occur according to data entry standards established by the secretary of state. All data must be entered so that complete lists can be generated by the secretary of state.

Subp. 7. **Verification of accuracy.** To verify the accuracy of the information entered into the computerized filing system, the party making the filing may request the following information from the filing officer: name of the debtor including the spelling of the debtor's name, the products covered, the file number, and the date of filing. This request may be made in person or by telephone, facsimile, or mail. The filing officer may respond to the person making the request in the office or by telephone, facsimile, electronic messaging system, or mail. There can be no charge for responding to this type of inquiry.

Subp. 8. **Termination statement.** If a termination statement is filed, the filing officer shall delete information from the computerized filing system. Data entry must occur according to data entry standards established by the secretary of state. This action will transfer the information from the active files to the inactive files in the computerized filing system. As a result, the information from the terminated filing will no longer appear on the monthly list.

Subp. 9. **Retrieval from inactive files.** Filing officers may retrieve information about terminated filings from the inactive files according to file number. There is no access to inactive files by debtor name.

8265.0500 LIST DISTRIBUTION.

Subpart 1. **Monthly lists.** Monthly lists must be distributed by the tenth business day of each month.

Subp. 2. **Appearance on monthly list.** Effective financing statements, lien notices, continuation of an effective financing statement and termination of either effective

financing statements or lien notices will not appear on the next monthly list if filed after the last business day of the previous month. For example, a document filed on or before February 26, 1993, would appear on the March 1993 monthly list. Filing officers must data enter all information received on all effective financing statements, lien notices, and continuation and termination statements by the close of business on the last business day of the month.

Subp. 3. Receipt of monthly list. A buyer shall register by the last business day of the month to receive the monthly lists requested by the buyer for that month. For example, a buyer who registers on or before February 26, 1993, will receive the March 1993 monthly list.

Subp. 4. Cost. The cost to receive monthly lists on paper will be set by the secretary of state and reviewed each year. The cost to receive monthly lists on paper must be on file with the secretary of state and must be listed on the buyer registration form.

Subp. 5. Return of computer diskette or magnetic tape. Registered buyers who receive master and partial master lists on computer diskette or computer magnetic tape may return those diskettes or tapes to the secretary of state for reuse.

Subp. 6. Illegible or incomplete lists. If a registered buyer receives a monthly list that cannot be read or is incomplete, the buyer must immediately inform the secretary of state by telephone of the problem. The registered buyer shall confirm the existence of the problem by writing to the secretary of state. The secretary of state shall provide the registered buyer with new monthly lists in the medium chosen by the registered buyer no later than five business days after receipt of the oral notice from the registered buyer. A registered buyer is not considered to have received notice of the information on the monthly lists until the duplicate list is received from the secretary of state or until five days have passed since the duplicate lists were deposited in the mail by the secretary of state, whichever comes first.

Subp. 7. Duplicate lists. On receipt of a written notice pursuant to Minnesota Statutes, section 336A.13, the secretary of state shall duplicate the monthly lists requested by the registered buyer. The duplicate monthly lists must be sent to the registered buyer no later than five business days after receipt of the written notice from the registered buyer.

Subp. 8. One medium per registration. A registered buyer may request monthly lists in one medium per registration. For example, the registered buyer may request six different monthly lists but they all must be produced in microfiche.

Subp. 9. Renewal of registration. Registered buyers must have renewed their registration prior to the first day of July each year. Failure to send in the registration prior to that date will result in the buyer not receiving the requested monthly lists.

Subp. 10. Receipt of only additions or deletions. Registered buyers choosing to obtain monthly lists on computer diskette or computer magnetic tape may choose to receive all of the information for the monthly lists requested the first month and then only additions and deletions to the database for the remaining 11 months of the year. Following the first year of registration, the registered buyer may choose to continue to receive one copy of the full monthly list at the beginning of each year or may choose to receive only additions and deletions.

Subp. 11. Types of computer diskettes. Computer diskettes must be furnished in both the 3-1/2 inch, 1.44 megabyte and 5-1/4 inch, 1.2 megabyte sizes. Computer diskettes must be at least of the high density variety.

Subp. 12. Type of computer magnetic tape. Computer magnetic tape must be furnished in the 6250 bpi format.

Subp. 13. Taking free of security interest. Except as provided in subpart 14, and notwithstanding other law or rule to the contrary, a buyer in the ordinary course of business who buys farm products from a seller engaged in farming operations takes free

of a security interest created by the seller, even though the security interest is perfected and the buyer knows the security interest exists.

Subp. 14. **Taking subject to security interest.** A buyer in the ordinary course of business who buys farm products takes subject to a security interest created by the seller if the secured party has perfected the security interest and:

A. the buyer has failed to register with the secretary of state as provided in Minnesota Statutes, section 336A.11; or

B. the buyer has registered with the secretary of state as provided in Minnesota Statutes, section 336A.11, the buyer receives a notice from the secretary of state in the form of a monthly list specifying that the seller and the farm products being sold are subject to a security interest, and the buyer fails to secure a waiver or release of the security interest specified in the effective financing statement by making payment, satisfying an obligation, or otherwise.

Subp. 15. **Alternate spelling of names on monthly lists.** If a registered buyer receives monthly lists organized according to the name of the debtor, the registered buyer is only obligated to review the monthly lists for the correct spelling of the buyer's name. If a secured party has filed an effective financing statement or lien notice against the debtor which misspells the debtor's name, any loss is on the secured party. The registered buyer takes free of the interest of the secured party that has misspelled the debtor's name.

Example: The correct spelling of the debtor's name is Andrew Johnsen. The secured party files an effective financing statement and spells the debtor's last name "Johnson." Andrew Johnsen goes to a registered buyer and sells his cattle. The registered buyer reviews the list for "Johnsen" and does not find a listing. The registered buyer issues the check to Andrew Johnsen. The registered buyer takes free of the interest of the secured party because of the misspelling of the name.
