9535.4020 FAMILY COMMUNITY SUPPORT SERVICES; GENERAL PROVISIONS.

Subpart 1 **Design of family community support services.** The design for providing the components of family community support services must be based on the unique and changing needs of the children eligible for the service who reside in the county and on the availability of community sources of services for the children and their families. A county board shall design family community support services to reduce the need for and use of more intensive, more costly, or restrictive placements of children both in number of admissions of children and the length of their stays in residential treatment facilities or regional treatment centers and to meet the requirements of Minnesota Statutes, sections 245 4874, 245 4876, 245 4881, and 245 4884, and parts 9535 4000 to 9535 4070. The county board must provide family community support services according to the order of priority in Minnesota Statutes, section 245 4886, subdivision 1.

Subp 2 **Joint county provision of services.** A county or two or more counties jointly may provide one or more of the components of family community support services directly or through a contract with another agency.

Subp 3 **Denial of services.** A county board must assure that family community support services are not denied to children with severe emotional disturbance unless the county board demonstrates compliance with Minnesota Statutes, section 256E 081, subdivisions 2 and 3, and completes the documentation required under Minnesota Statutes, section 256E 081, subdivision 4.

Subp 4 **Notice of eligibility for family community support services.** The county board shall send a written notice about a child's eligibility for family community support services as required under Minnesota Statutes, section 245 4881, subdivision 2, paragraph (b).

Subp 5 **Availability of special mental health consultant.** The county board must assure that a special mental health consultant is available as necessary to assist the county board in assessing and providing appropriate family community support and other mental health services for a child of a minority race or minority ethnic heritage.

Subp 6 **Procedures to assure coordination.** The county board must establish procedures to assure ongoing contact and coordination between a child's case manager, the providers of the child's family community support services, the child's other mental health services, and the educational and social services related to the child's mental health needs. In the case of a child receiving case management services under parts 9520 0900 to 9520 0926, the case manager is responsible for ongoing coordination with any other person responsible for the planning, development, and delivery of mental health services for the child.

Subp 7 **Referral of child for case management services.** The provider of family community support services to a child who is not receiving case management services must inform the child and the child's parent or legal representative as required under part 9535 4023 of the availability and potential benefits to the child of case management services according to Minnesota Statutes, section 245 4876, subdivision 4.

Subp 8 **Refusal of case management services.** The refusal of case management services by a child or the parent or legal representative of a child who is determined eligible for case management services does not affect the child's eligibility to receive family community support services or other mental health services for which the child is eligible. If a child or a child's parent or legal representative has refused case management services for the child under parts 9520 0900 to 9520 0926, the providers of the child's family community support services shall coordinate the child's service delivery in the manner established by the county board to assure continuity of the child's services and avoid duplication of services.

Subp 9 **Clinical supervision of family community support services.** The county board must assure, either directly or under contract, the clinical supervision of family community support services as specified in Minnesota Statutes, section 245 4871, subdivisions 7, 17, and 27.

Subp 10. **Services needed and required plan.** A child's need for family community support services must be based on the mental health needs identified from a functional assessment and a diagnostic assessment of the child and on the child's strengths. A plan for the delivery of each family community support service identified as a mental health need must be developed for the child. The child's parent or legal representative and, unless clinically inappropriate, the child must be involved in all phases of the development and implementation of the plan. The plan shall identify the goals and outcomes of the services and how the outcomes are to be measured. Additionally, the plan shall be developed as specified in item A or B.

A. If the child is receiving case management services under parts 9520.0900 to 9520.0926, the child's individual family community support plan may serve as the required plan if it complies with part 9520.0918 and was developed with the participation of family community support services staff.

B. If the child does not have a case manager because the child or the parent or legal representative of the child has refused case management services under parts 9520.0900 to 9520.0926, the family community support service provider or providers of the child's services shall follow the procedures established under subpart 6 to coordinate and incorporate the child's family community support and other mental health services into a single planning document. The single planning document also must incorporate the child's individual treatment plans, if any.

Any other service plan developed by an agency providing services to the child may substitute for the single planning document required under this part if the other plan meets the requirements of this part.

Subp 11. **Review and revision of plan required under subpart 10.** Family community support services staff, together with the child, unless clinically inappropriate, and the child's parent or legal representative must review and, if necessary, revise the goals and the child's progress toward the outcomes specified in the plan required for the child under subpart 10. The review and, if necessary, revision of the child's plan must be done at least once every 180 days after the development of the initial plan under subpart 10 or more often if necessary to reflect changes in the child's goals, strengths, and needs and in community resources while the child and the child's family are receiving family community support services. The review and any necessary revision must be based on an assessment of the child's functioning in the area of the family community support services the child is receiving.

9535.4023 PERSONS TO RECEIVE INFORMATION AND PLAN SERVICES.

Subpart 1 **Persons to receive information and plan the child's services.** Except as specified in subparts 3 and 4, when family community support services are requested for a child or the child is referred for family community support services, the child's parent or legal representative, if any, has the right to

A. receive the notices and information specified in parts 9535.4000 to 9535.4070;

B. make decisions about family community support services for the child, and

C. be included in planning the family community support services available to the child under parts 9535.4000 to 9535.4070.

Subp. 2 **Child's receipt of information and inclusion in planning services.** A child who is at least 12 years of age has the right to receive and a child who is less than 12 years of age may receive the notices and information specified under parts 9535.4000 to 9535.4068 and be included in planning family community support services available to the child under parts 9535.4000 to 9535.4068 unless these actions are determined by a mental health professional to be clinically inappropriate for the child's mental health needs. If the mental health professional determines that receiving information and participating are clinically inappropriate for the child's mental health needs, the reasons for the determination must be documented in the child's case record.

Subp 3 **Circumstances when person other than parent has the right to consent and authorize family community support services.** Consent and authorization for family

9535.4028 TERMINATION OF FAMILY COMMUNITY SUPPORT SERVICES.

Family community support services to a child with severe emotional disturbance shall terminate when one of the events listed in items A to D occurs

A. A mental health professional who has provided mental health services to the child furnishes a written opinion that the child no longer meets the eligibility criteria in Minnesota Statutes, section 245 4871, subdivision 6 Upon receipt of the mental health professional's written opinion that the child no longer meets the eligibility criteria, the family community support service provider must inform, as described in part 9535 4023, the child and the child's parent or legal representative of the ability to appeal the decision

B. The child or the child's parent or legal representative as described in part 9535 4023, together with the child's family community support service provider and the child's case manager, if any, mutually decide that the child no longer needs the family community support service identified in the child's individual family community support plan because the child has achieved the goals and outcomes specified in the plan

C. The child or the child's parent or legal representative as described in part 9535.4023 refuses further family community support services.

D. The child becomes age 18.

9535.4030 OUTCOMES OF FAMILY COMMUNITY SUPPORT SERVICES.

The persons assigned by or under contract with the local agency to provide family community support services to a child shall use a process designed to assist the child with severe emotional disturbance to pursue the outcomes of the child's improved or maintained functioning and mental health and the child's remaining with the child's family in the community. To assist the child to meet these outcomes, family community support services must be provided in a manner consistent with the mission of the Minnesota comprehensive children's mental health act as specified in Minnesota Statutes, section 245 487, subdivision 3, and the outcomes of case management services as specified in part 9520 0904. Additionally, a child's family community support services must be designed to

A. assist the child and the child's family to achieve the outcomes identified in the plan required for the child under part 9535 4020, subpart 10, and the service priorities agreed to by the child, the child's parent, and the service provider. The plan must be consistent with the outcomes of family community support services as specified in Minnesota Statutes, section 245 4884, subdivision 1. These outcomes are to improve the ability of the child to

- (1) manage basic activities of daily living,
- (2) function appropriately in home, school, and community settings,
- (3) participate in leisure time or community youth activities,
- (4) set goals and plans,
- (5) reside with the family in the community, and
- (6) participate in after-school and summer activities,

B. assist the child to make a smooth transition among mental health, vocational rehabilitation, and education services,

C. ensure that the state and local agencies providing transition services to the child work together so the child has the opportunity to access vocational rehabilitation and educational services that will assist the child to live and function independently within the community,

D. at least six months before the 18th birthday of a child who is not receiving case management services under parts 9520 0900 to 9520 0926, assist the child and, as appropriate, the child's parent or legal representative in assessing the child's need to receive case management services to adults with serious and persistent mental illness, community support services, and other mental health services,

E. improve overall family functioning if clinically appropriate to the child's needs;

F. assist the child to live in families or settings that offer a safe, permanent relationship with nurturing parents or caretakers, and

G. for the child whose best interest is to reside away from the child's own home, ensure the continuation of family community support services appropriate to the child's mental health needs in a setting as similar to and as geographically near the child's family and community as feasible.

9535.4035 CRISIS ASSISTANCE SERVICES.

Subpart 1 **Crisis assistance services, including crisis placement and crisis respite care.** Crisis assistance services for a child, including crisis placement and crisis respite care, must be coordinated with, but must not duplicate, emergency services as defined in Minnesota Statutes, section 245 4871, subdivision 14. The crisis assistance services must meet the requirements of Minnesota Statutes, section 245 4871, subdivision 9a.

Subp 2. **Crisis assistance placement.** When the child is in crisis and needs care outside of the child's home and the child or the child's parent or legal representative as described in part 9535 4023 requests crisis assistance, the provider of crisis assistance services shall help the child and the child's parent or legal representative to locate and access a crisis setting appropriate to the child's needs.

Subp 3 **Crisis respite care services.** Crisis respite care services shall be designed to provide temporary or periodic care and supervision of a child for the purpose of providing

relief to the child's caregiver. The crisis respite care service may be provided in the child's home or in a setting other than the child's home.

Statutory Authority: *MS s 245 484*

History: *18 SR 1519*

9535.4038 CLIENT OUTREACH SERVICES.

The county board shall provide client outreach services designed to locate children within the community who may have a severe emotional disturbance, inform them and their families of available children's community-based mental health services, including family community support and case management services, and assure that they have access to those services by assisting the family to arrange for transportation, if necessary. Client outreach services must

- A be conducted throughout the calendar year,
- B occur at the site requested by the child and the child's parent or legal representative,
- C be provided in a manner which promotes the involvement of the child and the child's family,
- D occur face-to-face whenever possible,
- E, be provided in a manner which is sensitive to cultural differences and special needs; and
- F provide the child and the child's parent or legal representative, in writing, the information specified in part 9535 4070

Outreach services to providers in the local system of care and to families must include the development and distribution of information on the availability of family community support services and case management services and how to access these services.

History: *18 SR 1519*

9535.4041 MEDICATION MONITORING SERVICES.

When a child is taking psychotropic medication prescribed by a physician, medication monitoring services must be designed to assist the child, the child's parent or legal representative, and, with the written consent of the child or the child's parent or legal representative, other persons who provide direct care to the child. The services must assist the child, parent or representative, or direct caregiver to

- A obtain information about the psychotropic medication that has been prescribed for the child;
- B watch for physical or behavioral changes in the child which may be caused by the child's use of, misuse of, or failure to take the prescribed psychotropic medication; and
- C. obtain access to and assistance from the child's source of medical care

Statutory Authority: *MS s 245 484*

History: *18 SR 1519*

9535.4044 ASSISTANCE IN DEVELOPING INDEPENDENT LIVING SKILLS.

Independent living skills services including transition services to a child must be designed to assist the child to develop the skills needed to remain and participate with others in the child's family, child care setting, school, place of employment, if any, community, and in recreational or social activities. Services must address skills that are appropriate for the child's age.

Assistance in developing independent living skills may include a variety of methods or strategies appropriate to the child's developmental age that help children with severe emotional disturbance carry out the tasks of daily living, develop a positive regard for self, problem solve, learn skills to advocate on their own behalf, and make transitions to community resources in order to secure, maintain, and support employment and make educational choices.

Services may be provided in individual or group settings as specified in the individual family community support plan or other plan required in part 9535 4020, subpart 10

If a child who is at least 14 years of age receives independent living skills services or transition services from more than one provider, or as part of the child's individual education plan, the family community support providers must attempt to coordinate the child's services with the other providers and with the child's school in order to avoid duplicating services, assure the child's access to needed services, and make transitions between education and employment.

For purposes of this part, "transition services" means a set of activities to promote movement from school to postschool activities, including postsecondary education when applicable, vocational training, integrated employment, including supported employment, continuing and adult education, and independent living skills. Independent living skills are based on individual needs, taking into account a child's preferences and interests, and must include instruction, community experience, and the development of employment and other postschool adult living objectives.

History: *18 SR 1519*

9535.4047 ASSISTANCE IN DEVELOPING PARENTING SKILLS NECESSARY TO ADDRESS THE NEEDS OF THE CHILD.

Assistance in developing parenting skills identified as needed or requested by a child's parent must be designed to address the individual, unique needs of the child and the child's parent. In assisting parents to develop parenting skills, the provider may use written information, direct assistance, support services, or other means as requested and accepted by the child's parents or the child as specified in part 9535 4023. The information must include but is not limited to information about parenting techniques and interventions that address specific behaviors or issues directly related to, or the result of, the child's severe emotional disturbance. Services commonly available in a county to provide information about parenting techniques may be used to meet the requirements of this part if the service is modified or augmented in a manner that addresses the individual, unique needs of the child and the child's parent.

9535.4053 ASSISTANCE IN OBTAINING POTENTIAL FINANCIAL RESOURCES.

Assistance in obtaining potential financial resources for a child or the parent or legal representative of a child for whom the county is financially responsible and who may be eligible for benefits shall be designed to

A inform and offer to help the child, parent, or legal representative to apply for and obtain supplemental security income, medical assistance, Medicare, food stamps, aid to families with dependent children, and other federal benefits if appropriate,

B if requested, assist the child or the child's parent or legal representative to apply for programs and benefits under item A,

C if the child or the child's parent or legal representative is not eligible for the benefits in item A, inform the child or the child's parent or legal representative and offer to assist in applying for MinnesotaCare, general assistance, general assistance medical care, health services funded under section 134 of the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA), Public Law Number 97-248, or other benefits for which the child may be eligible. For purposes of this item and item B, "assist" means accompanying the child and the child's parent or legal representative to the agency through which application is made, to obtain and help the child or the child's parent or legal representative complete forms required to apply for the benefits, and to contact agencies that determine eligibility for benefits about the possible eligibility of the child or the child's parent or legal representative. Assist does not mean the provider will complete the application for the child or the child's parent or legal representative,

D offer, and, if requested, assist the child or the child's parent or legal representative in determining the process and completing the materials related to appealing a denial, suspension, reduction, or termination of benefits

9535.4056 DAY TREATMENT SERVICES.

Unless a county board has requested a waiver from including day treatment services as a component of family community support services under Minnesota Statutes, section 245 4884, subdivision 2, paragraph (b), and the commissioner has approved the request, a county board shall make day treatment services available as specified in Minnesota Statutes, section 245.4884, subdivision 2, paragraph (a). Even with an approved waiver, however, a county must make day treatment services available to a child with severe emotional disturbance who is eligible for day treatment under medical assistance. When a medical assistance-eligible child receives day treatment services, the county board must require the services provider to maintain records of the child's day treatment services as required under part 9505 0323, subpart 26, for mental health services. These records are to be maintained in addition to those required by part 9535 4069.
