

1540.2080 INEDIBLE FATS FROM OUTSIDE OF ESTABLISHMENTS.

Inedible fats from outside the premises of an official establishment shall not be received except into the tank room provided for inedible products, and then only when their receipt into the tank room produces no insanitary condition on the premises nor shall such fats be received in such volume as interferes with prompt disposal of inedible or condemned material produced at the establishment. When received, they shall not enter any room or compartment used for edible products.
