

1545.3060 EQUIPMENT.

All equipment used for receiving, washing, segregating, picking, processing, packaging, or storing any processed products or any ingredients used in manufacture or production thereof shall be of such design, material, and construction as will enable the examination, segregation, preparation, packaging, and other processing operations applicable to processed products in an efficient, clean, and sanitary manner and permit easy access to all parts to ensure thorough cleaning and effective bactericidal treatment. Insofar as is practicable all such equipment shall be made of corrosion-resistant material that will not adversely affect the processed product by chemical action or physical contact. Such equipment shall be kept in good repair and sanitary condition.
