

1721.0040 CERTIFICATES OF VETERINARY INSPECTION.

A certificate of veterinary inspection must state that the animals described are not showing clinical signs of infectious, contagious, or communicable disease and that they meet movement requirements. A certificate of veterinary inspection must be submitted to the board within 14 days after the issue date and must contain:

- A. the number of animals in the shipment;
- B. the species, breed, age, and sex of each animal;
- C. official identification for each animal if required;
- D. the address and contact information for the premises of origin and the premises of destination;
- E. the results of any tests that are required by the board;
- F. the purpose for moving the animals;
- G. permit number if required; and
- H. any additional information required by the board.
