

2110.0580 EYELASH TECHNICIAN TRAINING.

A. Eyelash technician training must consist of a curriculum of 14 hours, including items B and C.

B. Eyelash technician training must include eight hours of preclinical theoretical instruction in:

- (1) the structure, function, and disorders of the eye and orbital area;
- (2) eyelash growth cycles;
- (3) contraindications and allergic reactions;
- (4) infection control;
- (5) eye shapes and eyelash evaluations;
- (6) product ingredients;
- (7) health and safety; and
- (8) applicable laws and rules.

C. Eyelash technician training must include six hours of clinical instruction in the practical application of eyelash extensions, including client consultation, design, cleansing the eye area, applying eyelash extensions, and removing eyelash extensions. Clinical instruction must not begin until the student has completed all of the theoretical instruction hours.

D. Part 2110.0500, subparts 2 and 3, do not apply to eyelash technology curriculum, which must not include field trips or guest presenters.
