

**3300.6050 RATES.**

A. The unit of distribution of extended employment program funding is the payment for one work hour performed by an eligible individual and reported to the commissioner in the extended employment program.

B. For each subprogram, the statewide uniform reimbursement rates apply for each reported work hour up to the maximum contracted allocation for that subprogram.

C. The commissioner must set statewide uniform reimbursement rates each fiscal year. The commissioner must determine rates by adjusting rates of the previous fiscal year in proportion to available funding. Rate increases are available for the supported employment subprogram only.

D. The commissioner must publish statewide uniform reimbursement rates for each subprogram as part of the information provided during the contracting process.
