

4626.0975 PRESET TABLEWARE. 4-904.13

A. Except as specified in item B, tableware that is preset must be protected from contamination by being wrapped, covered, or inverted.

B. Preset tableware may be exposed if:

- (1) unused settings are removed when a consumer is seated; or
- (2) settings not removed when a consumer is seated are cleaned and sanitized before further use.
