

4670.1330 SALARY DIFFERENTIALS.

Intra-agency salary differentials between employees in the same class of positions, between employees in different classes of positions in the same occupational field, and between occupational fields in the same appointing authority are recognized as important factors in the maintenance of satisfactory morale. If the general adjustments result in the reduction of the differentials between employees in the same class of positions or between employees in different classes of positions in the same occupational field, adjustments may be made that will insofar as practicable maintain differentials, within the limits of the new plan. In maintaining differentials, the appointing authority shall take into consideration the length of service and quality of performance of the employee affected.
