

**4670.2540 EMPLOYEE'S APPOINTMENT PRIOR TO ADOPTION OF THESE RULES.**

An employee on the staff of a local public health agency prior to adoption of parts 4670.0100 to 4670.4240 by that agency with more than six months of continuous service in a classification, and who is certified by the appointing authority as having given satisfactory service since that time, may be appointed to a position in the classification held on the date of adoption of parts 4670.0100 to 4670.4240 without consideration of minimum qualifications of training and experience. The employee may be appointed by the appointing authority without being required to serve a probationary period.

An employee on the staff of a county board, welfare board, or human services board prior to the adoption of parts 9575.0650 to 9575.0700 by the board, with less than six months of continuous service in a classification, shall be appointed to a position in the classification held on the date of adoption of parts 4670.0650 to 4670.0700 only if the employee meets the minimum qualifications of training and experience. The employee shall serve a probationary period.

A new employee appointed after the adoption of parts 4670.0100 to 4670.4240 by a local public health agency, but prior to the holding of the first examinations under parts 4670.0100 to 4670.4240 shall be considered as having a provisional appointment and shall be required to compete in the examination without preference. The new employee shall be admitted to the examination for the position on the basis of the minimum qualifications in effect at the time of appointment.
