

**4720.5230 ISSUES, PROBLEMS, AND OPPORTUNITIES.**

Subpart 1. **Requirement.** A wellhead protection plan must identify water use and land use issues, problems, and opportunities related to:

- A. the aquifer serving the public water supply well;
- B. the well water; and
- C. the drinking water supply management area.

Subp. 2. **Identification.** To identify water use and land use issues, problems, and opportunities, the public water supplier must assess:

- A. those problems and opportunities disclosed at public meetings and in written comment;
- B. the data elements identified by the department in parts 4720.5310, subpart 2, and 4720.5340, subpart 2; and
- C. the status and adequacy of official controls, plans, and other local, state, and federal programs on water use and land use.
