

7011.1284 FULLY CERTIFIED OPERATOR.

Subpart 1. **Scope.** A certified municipal waste combustor examiner may award the status of fully certified operator to an individual at a municipal waste combustor facility, provided the conditions of this part are met.

Subp. 2. **Criteria for a fully certified operator.** To be eligible as a fully certified operator, an individual must maintain a provisional certificate from ASME or a certificate described in part 7011.1280, and pass an examination administered by the waste combustor's certified municipal waste combustor examiner.

The examination shall test comprehensive understanding of the content and procedures described in the waste combustor's operating manual that is required to be prepared for the facility by part 7011.1275, subpart 3.

If changes are made in equipment and/or operating procedures which the initial certification did not address, certificate holders shall demonstrate to the facility's certified examiner detailed knowledge of these changes within six months after the change is made. If the demonstration of knowledge has not been made within six months, the certificate shall expire.

Subp. 3. **Record of certified operators.** The waste combustor owner or operator shall maintain at the waste combustor facility for five years a record of the names of all personnel that the examiner has certified.

This record shall contain the examination dates, the nature or content of the examination, the full name of the individual certified, the date of certification, and the signature of the certified examiner for that facility with the following certification:

"I certify under penalty of law that, based on my examination of these persons, these persons have demonstrated the knowledge and skills that qualify these persons to be fully certified operators at (name of waste combustor facility) in accordance with the procedures of Minnesota Rules, parts 7011.1280 to 7011.1284."

Subp. 3a. **Record of ASME certified operators.** The waste combustor owner or operator shall maintain at the waste combustor facility for five years a record of the names of all personnel who have obtained provisional and/or full certification by ASME.

Subp. 4. **Inspection of records.** The owner or operator shall allow the commissioner to review all records related to the certification of operators, including the facility's program for the examination and certification of operators, the record required in subpart 3, the content of examinations, and the results of an individual's examination.
