7405.0700 DETERMINING NUMBER OF RENTAL TRAILERS TO BE REGISTERED.

A. An inventory or count of the number of rental trailers not on one-way runs actually in this state shall be taken and recorded on a selected, uniform day the same week of each month throughout the year.

B. An inventory or count of the total number of rental trailers not on one-way runs in all states shall be taken and recorded on the same uniform date provided in item A.

C. The percentage of trailers in this state each month shall be determined by dividing the monthly total of trailers in this state (item A) by the total of trailers in all states (item B).

D. The owner or operator shall determine and declare for each month the total number of rental trailers in all states including those on one-way runs into and through all states which were available for rental that month.

E. The monthly total determined by item D shall be multiplied by the monthly percentage determined by item C to ascertain the average number of trailers reported in or operating into or through this state that month.

F. The trailer counts and percentages provided in items B to E shall be computed and compiled by the owner or operator each month. At the end of the year, the total of the 12 monthly totals of the average number of trailers in or operating into or through the state shall be divided by 12 to determine the annual average of trailers available for rental that year. At least that number of trailers shall be registered for the new year.

7405.1000 FILING REGISTRATION DATA AND BILLING; DUE DATES.

The first report of the required registration information shall be filed no later than November 15, 1971 with the Registrar of Motor Vehicles, 211 Transportation Building, Saint Paul, Minnesota 55101. Such report shall contain estimates of the required information based on the calendar year 1970. These estimates shall be used to determine the number of units to be registered in Minnesota for the calendar year 1972. Thereafter the annual report containing the required registration information shall be filed on or before April 15 of the year preceding the registration year. All reports will be audited by the registrar and applicants will be billed accordingly by November 1, except that the first billing under this act shall be by December 1, 1971.

For the registration year 1972 and thereafter full payment for the number of units required to be registered to avoid penalty for late registration shall be on or before January 10 of the registration year.
