

**7610.0920 LAST CALENDAR YEAR HISTORICAL DATA.**

For the last calendar year, historical data must be supplied. For each other reporting year, the forecasts must be made using the utility's or pipeline company's best estimate for each of the items requested. Utilities must prepare these forecasts to the best of their ability and knowledge based on those assumptions and factors that the reporting utility considers most likely to occur. The assumptions and factors used in deriving the forecasts must be stated in writing. The utility shall evaluate the size of the estimating error, given the conditions and factors used in the estimate. The utility shall comment on possible deviations from the forecast and what factors might create those deviations. A utility required to file a forecast documentation under part 7610.1010 need not file forecast documentation required in this part.
