

7810.2200 RECONNECTION OF SERVICE.

In the event service has been disconnected for valid cause by the utility, the utility may charge a reconnect fee based on the cost of reconnection as stated in the utility's tariff on file with the commission. Notwithstanding the above provision, the utility shall not charge a reconnect fee for disconnection of service pursuant to part 7810.1900, item B, except if the hazard is caused by customer provided equipment.
