

**CHAPTER 7876**  
**MINNESOTA RACING COMMISSION**  
**HORSE RACING; STABLING**

7876.0100 ON-TRACK STABLING.

7876.0110 OFF-TRACK STABLING.

7876.0120 ON- AND OFF-TRACK STABLING OF NONRACING HORSES.

**7876.0100 ON-TRACK STABLING.**

Subpart 1. **Allocation of stalls.** The racing secretary shall be responsible for stall allocation unless the association appoints a committee to perform that function and so notifies the commission.

Subp. 2. **Forms.** The association shall allocate stalls pursuant to a written stall application and agreement, on forms approved by the commission.

Subp. 3. **Notice.** The association shall give each applicant written notice with regard to each stall requested. The notice shall specify whether each application was accepted, denied, or placed on a pending status. The notice shall be given no later than five days before the first day of the race meeting, or ten days after receipt of the stall application, whichever shall be last to occur. The association shall give the applicant written notice of final action on an application.

Subp. 4. **Discretion.** The association shall be allowed broad discretion in allocating stalls, but its actions shall be governed by the best interests of racing and of the race meeting.

Subp. 5. **Restrictions.** No action on a stall application shall be based upon:

A. the race, color, creed, religion, national origin, disability, marital status, sexual orientation, or sex of the applicant;

B. an arbitrary or capricious decision, or a decision not related to the best interests of racing or of the race meeting; and

C. the payment, transfer, or delivery to the association or to any person designated by it, of money, property, or other thing of value, or upon the applicant's promise to make such payment, transfer, or delivery.

Subp. 6. **Misuse of property.** Previous misuse of racetrack property by an applicant may be considered when stall assignments are made.

Subp. 7. **Minnesota residents have preference.** In considering stall applications that are of substantially equal merit, the association shall give preference to applications submitted with respect to horses owned by Minnesota residents.

Subp. 8. **Documents to be kept.** The association shall cause all stall applications, stall agreements, correspondence, and documents that influenced its decision to grant or deny stalls, including past performance charts, to be retained until the close of the race meeting or for such longer period as the commission may direct.

Subp. 9. **Secure area.** The on-track stabling site is considered a secure area and only designated licensees are permitted within the confines of this area.

Subp. 10. **Original health certificate.** Any horse arriving on the grounds must be accompanied by an original health certificate issued not more than ten days prior to arrival. The health certificate must be

completed by an accredited veterinarian and must contain complete equine infections anemia test results, including the date, laboratory, and accession number of the most recent negative EIA test. The health certificate must be surrendered to the stable gate personnel for immediate transmittal to the commission veterinarian. The health certificate will remain valid for 30 days from the date of issue, with the date of issue counted as day one. Horses leaving the facility and returning during this 30-day period do not have to be accompanied by a new health certificate. Horses leaving and returning after the 30-day period will need to be accompanied by a new original health certificate issued not more than ten days prior to arrival.

Subp. 11. **Record of negative test for equine piroplasmosis.** When an active case of equine piroplasmosis (EP) is reported by a government agency within North America, the Racing Commission, the executive director, or the deputy director, in consultation with the chief commission veterinarian, has the authority to require proof of an equine piroplasmosis (EP) test taken within 12 months of the date of entry upon the racetrack when a horse enters or is already on the confines of the racetrack. No horse shall be allowed to enter the confines of any association holding a license to conduct a race meeting or race in Minnesota unless the horse has had the required test. The test must indicate a negative result for *Theileria equi* and *Babesia caballi*. Record of the negative test shall be attached to the certificate of veterinarian inspection (CVI) and presented at the stable gate when the horse first enters the confines.

**Statutory Authority:** *MS s 240.23*

**History:** *9 SR 2527; 11 SR 2201; 34 SR 1135; 35 SR 627; 36 SR 1407*

**Published Electronically:** *May 29, 2012*

#### **7876.0110 OFF-TRACK STABLING.**

Subpart 1. **Stabling.** A horse racing at a licensed race meeting may be stabled within the confines of the racetrack, at another racetrack licensed by the commission or other racing jurisdiction, or at off-track facilities. The association conducting the meeting shall provide temporary stabling for horses eligible to race that are brought to a race from another racetrack or off-track facilities.

Subp. 2. **Requirements of commission must be met at racetrack.** All workout, tattooing, freeze branding, microchips, approval from the starting gate, and eligibility requirements of the commission or stewards must be secured at a licensed racetrack at which racing is being conducted. However, workouts may be obtained at sites approved by the commission and which are staffed by a clocker or clockers licensed by the commission.

Subp. 3. **Horses must be at racetrack for race day inspection.** All horses shipped from another racetrack or off-track stabling facility to a racetrack for a race must be at the racetrack no later than 9:00 a.m. or later if approved by the stewards on the day on which the horse is scheduled to race.

Subp. 4. **Original health certificate.** Any horse arriving on the grounds must be accompanied by an original health certificate issued not more than ten days prior to arrival. The health certificate must be completed by an accredited veterinarian and must contain complete equine infections anemia test results, including the date, laboratory, and accession number of the most recent negative EIA test. The health certificate must be surrendered to the stable gate personnel for immediate transmittal to the commission veterinarian. The health certificate will remain valid for 30 days from the date of issue, with the date of issue counted as day one. Horses leaving the facility and returning during this 30-day period do not have to be accompanied by a new health certificate. Horses leaving and returning after the 30-day period will need to be accompanied by a new original health certificate issued not more than ten days prior to arrival.

Subp. 5. **Record of negative test for equine piroplasmosis.** When an active case of equine piroplasmosis (EP) is reported by a government agency within North America, the Racing Commission, the executive director, or the deputy director, in consultation with the chief commission veterinarian, has the authority to require proof of an equine piroplasmosis (EP) test taken within 12 months of the date of entry upon the racetrack when a horse enters or is already on the confines of the racetrack. No horse shall be allowed to enter the confines of any association holding a license to conduct a race meeting or race in Minnesota unless the horse has had the required test. The test must indicate a negative result for *Theileria equi* and *Babesia caballi*. Record of the negative test shall be attached to the certificate of veterinarian inspection (CVI) and presented at the stable gate when the horse first enters the confines.

**Statutory Authority:** *MS s 240.23; 240.24*

#### **7876.0120 ON- AND OFF-TRACK STABLING OF NONRACING HORSES.**

Any horse arriving on the grounds must be accompanied by an original health certificate issued not more than ten days prior to the arrival. The health certificate must be completed by an accredited veterinarian and must contain complete equine infectious anemia (EIA) test results, including the date, laboratory, and accession number of the most recent negative EIA test. The health certificates must be surrendered to stable gate personnel for immediate transmittal to the commission veterinarian. The health certificate shall remain valid for 30 days from the date of issue, with the date of issue counted as day one. Horses leaving the facility and returning during this 30-day period do not have to be accompanied by a new health certificate. Horses leaving and returning after the 30-day period will need to be accompanied by a new original health certificate issued not more than ten days prior to arrival. The horse must also have a negative equine piroplasmosis test as prescribed in part 7876.0100, subpart 11, or 7876.0110, subpart 5.
