8210.2450 DUTIES OF BALLOT BOARD MEMBERS WHEN EXAMINING RETURN ENVELOPES UNDER MINNESOTA STATUTES, SECTION 203B.121.

Subpart 1. **Review.** Two or more ballot board members from different major political parties must review the absentee ballots returned for the precinct under Minnesota Statutes, section 203B.121, unless they are deputy county auditors or deputy city clerks who have received training in the processing and counting of absentee ballots, or are exempt from that requirement under Minnesota Statutes, section 205.075, subdivision 4, or Minnesota Statutes, section 205A.10, subdivision 2.

Subp. 2. **Name, address, and signature review.** The voter's name and address on the absentee ballot application must match the voter's name and address on the signature envelope. Use of, or lack of, full names, nicknames, abbreviations, or initials on either document are not a reason for rejection.

Ballot board members must determine whether the signature envelope was signed by the voter. Use of, or lack of, full names, nicknames, abbreviations, or initials within either signature are not a reason for rejection. A signature is considered the voter's even if a voter uses a signature mark on either or both documents, or if a voter has another individual or different individuals sign the voter's name in their presence on either or both the application and the signature envelope in accordance with Minnesota Statutes, section 645.44, subdivision 14. A ballot must be rejected under this subpart on the basis of the signature if the name signed is clearly a different name than the name of the voter as printed on the signature envelope. This is the only circumstance under which a ballot may be rejected on the basis of signature under this subpart.

Subp. 3. **Identification number review.** Ballot board members must determine whether the identification number provided by the voter on the certificate is the same as the identification

number provided by the voter on the absentee ballot application or the voter's record in the statewide voter registration system.

If the numbers do not match or the voter did not provide identification numbers on both documents, the ballot board members must compare the signatures on the absentee ballot application and on the signature envelope to determine whether the ballots were returned by the same person to whom they were transmitted. Use of, or lack of, full names, nicknames, abbreviations, or initials within either signature are not a reason for rejection. A signature is considered the voter's even if a voter uses a signature mark on either or both documents, or if a voter has another individual or different individuals sign the voter's name in their presence on either or both the application and the return envelope in accordance with Minnesota Statutes, section 645.44, subdivision 14.

Subp. 4. Voter's registration status.

A. Ballot board members must determine the voter is registered under the name and at the address on the signature envelope by using the statewide voter registration system, or a master list or polling place roster produced from the statewide voter registration system. A voter who is not registered, whose registration is inactive, or whose registration is challenged, must include a properly completed voter registration application within the absentee return envelope pursuant to Minnesota Statutes, section 203B.04, subdivision 4, or the ballot must be rejected. If the voter was sent nonregistered absentee materials and the voter is not registered to vote and a voter registration application is not found in the return envelope, the ballot board members shall open the signature and ballot envelope and, without examining or removing the ballot, remove any voter registration application from the signature and ballot envelope. The ballot board members must immediately reseal the ballot envelope with the ballot enclosed, initialing across the seal and noting on the ballot envelope the purpose for which it was opened.

B. A voter registration application returned separately from an absentee return envelope after the voter registration deadline in Minnesota Statutes, section 201.061, subdivision 1, is a late registration and may not be used as a registration for the current election pursuant to Minnesota Statutes, section 201.054, subdivision 1, clause (3).

Subp. 5. Witness eligibility. An absentee ballot may not be rejected for lack of an eligible witness, if a witness has signed the statement required from a witness by part 8210.0600, subpart 1a or 1b, and:

- A. has provided a Minnesota address as part of the witness's certification on the return envelope;
- B. has provided the title indicating that they are eligible to administer oaths; or
- C. has affixed a notarial stamp.

Subp. 6. Ballot already cast. Ballot board members must use the statewide voter registration system or available polling place rosters to determine whether another ballot from the voter has been accepted. If a ballot is received before the close of business on the seventh day before the election, any ballot that has been previously received from that voter and has not been rejected is deemed spoiled and must not be counted. If a ballot is received after the close of business on the

seventh day before the election and another absentee ballot has been accepted for that voter, the return envelope must be marked "rejected."

The municipal clerk shall take all reasonable steps to ensure that all return envelopes received by the post office before 4 p.m. on election day are delivered before the closing of the polls to the ballot board. The transmittal envelope must be labeled "REPLACEMENT BALLOT" in at least 18-point type. The auditor or clerk must record the following information on the voter's absentee ballot application: the date of the voter's request, the date that a replacement ballot was issued to the voter, and the reason that the voter requested a replacement. If a voter returns a spoiled ballot to the election official, the auditor or clerk must put the returned ballot in a spoiled ballot envelope.

Subp. 2. **Ballot rejected by absentee ballot board.** The auditor or clerk must send a replacement ballot to a voter whose absentee ballot is rejected more than five days before an election, along with an explanation of why the ballot was rejected. The secretary of state must provide election officials with a sample notice with a list of the possible reasons that a ballot could be rejected for use by absentee ballot boards. The transmittal envelope must be labeled "REPLACEMENT BALLOT" in at least 18-point type. The election official must record the following information on the voter's absentee ballot application: the date that the voter's ballot was rejected, the date that a replacement ballot was issued to the voter, and the reason that the previous ballot was rejected. Subp. 2. **If Federal Post Card Application was not received.** If a voter submits a Federal Write-in Absentee Ballot for which a Federal Post Card Application was not received, the Federal Write-in Absentee Ballot serves as a voter registration, for voters who are eligible to register, in lieu of the voter's Federal Post Card Application. The Federal Write-in Absentee Ballot also serves as an absentee ballot request for absentee ballots in subsequent elections during the period required by Minnesota Statutes, section 203B.17, subdivision 1, paragraph (d). If the voter provided an e-mail address, then the county auditor must record e-mail as the voter's preferred method of delivery. The county auditor must not send a ballot to the voter for the election for which the voter submitted the Federal Write-in Absentee Ballot. MAIL BALLOTS**8210.3000 MAIL BALLOTING.**

Subpart 1. **Scope.** This part applies to mail balloting conducted under Minnesota Statutes, sections 204B.45 and 204B.46. Except as otherwise provided in this part, parts 8210.0200 to 8210.2700 also apply to mail balloting. In unorganized territory, the county auditor shall perform the duties specified for the municipal clerk.

Subp. 2. **Authorization.** The municipal governing body, school board, or county board may authorize mail balloting by resolution adopted no later than 90 days prior to the first election at which mail balloting will be used. If mail balloting is adopted pursuant to Minnesota Statutes, section 204B.45, the resolution remains in effect for all subsequent state and county elections until revoked. Revocation of the resolution may occur no later than 90 days before the next affected election. Authorization to conduct a special election pursuant to Minnesota Statutes, section 204B.46, expires after completion of the election.

Subp. 3. **Notice.** The municipal clerk or school district clerk shall notify the county auditor of the adoption or discontinuance of mail balloting no later than two weeks after adoption or revocation of the resolution. The county auditor shall send a similar notice to the secretary of state for elections authorized pursuant to Minnesota Statutes, section 204B.45. The county auditor, municipal clerk, or school district clerk shall post notice of mail ballot procedures at least six weeks before each election. Notice of mail ballot procedures must include:

- A. the name or description of the municipality or unorganized territory;
- B. the date of the election and the dates that ballots will be mailed;
- C. a statement that each voter registered by the 21st day before the election will be mailed a ballot;
- D. the times, places, and manner in which voted ballots can be returned;
- E. an explanation of how an eligible voter who is not registered may apply for a ballot and how a registered voter who will be absent from the precinct may apply to receive the ballot at a temporary address;
- F. the place and time for counting of ballots; and
- G. the name and address or telephone number of the official or office where additional information can be obtained.

Before the first election at which mail balloting will be used or discontinued, notice must also be given by one or more of the following means: publication in a newspaper of general circulation, posting of notice at public locations within each precinct, dissemination of information through the media or at public meetings, or mailed notice to registered voters.

Subp. 4. **Mailing ballots.** The county auditor, municipal clerk, or school district clerk shall mail ballots to the voters registered in the municipality or unorganized territory. A ballot mailing must be sent to each registered voter no earlier than 46 or later than 14 days prior to the election if mail balloting in the voter's precinct is proceeding pursuant to Minnesota Statutes, section 204B.45. No later than 14 days before the election, the auditor must make a subsequent mailing of ballots to those voters who register to vote after the initial mailing but before the 20th day before the election.

A ballot mailing must be sent no earlier than 46 or later than 14 days prior to the election if a mail election is being conducted in the jurisdiction pursuant to Minnesota Statutes, section 204B.46. No later than 14 days before the election, the auditor or clerk must make a subsequent mailing of

ballots to those voters who register to vote after the initial mailing but before the 20th day before the election.

No ballot may be mailed to a challenged voter. A notice must be transmitted to challenged voters with an explanation of the challenge and with instructions on how they may apply for an absentee ballot if they believe their registration was challenged in error.

The mail balloting process for voters whose registrations are incomplete under Minnesota Statutes, section 201.061, subdivision 1a, or 201.121, must be administered as if the voter were not registered to vote. A notice must be transmitted to voters with incomplete registrations with instructions on how they may apply for an absentee ballot.

Ballots must be sent by nonforwardable mail. Ballots for eligible voters who reside in health care facilities may be delivered as provided in Minnesota Statutes, section 203B.11. The ballot mailing must be addressed to the voter at the voter's residence address as shown on the registration file unless the voter completes an absentee ballot request as provided in Minnesota Statutes, section 203B.04 or 203B.16.

A return envelope, a ballot secrecy envelope, and instructions for marking and returning mail ballots must be included with the ballots. The instructions must include a telephone number or electronic mail address which voters can call or write for help in mail voting. The instructions must also include a privacy notice that complies with Minnesota Statutes, section 13.04. At the request of the secretary of state, a survey card that the voter can return to the secretary of state must also be included. The ballot return envelope must be printed with the mail voter's certificate. The ballot return envelope must be addressed for return to the county auditor, municipal clerk, or school district clerk that is conducting the election. First class postage must be affixed to the return envelope.

Subp. 5. **Nonregistered eligible voters.** An eligible voter who was not registered on the 21st day prior to the election may apply for and receive an absentee ballot. Absentee voting in precincts using mail balloting must be conducted under Minnesota Statutes, chapter 203B, except that the time for applying for, receiving, and returning absentee ballots is extended until 8:00 p.m. on the day of the election. The instructions to absentee voters must be those specified in part 8210.0500, subpart 3. The statement of absentee voter must be that specified in part 8210.0600, subpart 1b, or 8210.0800, subpart 3a. The absentee ballot return envelope must be as specified in parts 8210.0710 and 8210.0720.

Subp. 6. **Replacement ballots.** The election official must maintain a record of all replacement ballots issued. The transmittal envelope must be labeled "REPLACEMENT BALLOT" in at least 18-point type.

Subp. 6a. [Repealed, 34 SR 1561]

Subp. 7. **Undeliverable ballots.** Ballots returned by the post office as undeliverable to the voter at the address of registration must be securely retained. If the auditor, municipal clerk, or school district clerk is able to verify the voter's residence at that address, the ballot may be reissued. A ballot undeliverable to the voter at the address of registration must be considered a returned notice of verification and the voter's registration must be treated as provided in Minnesota Statutes, section 201.12. The official conducting the election shall maintain a record of all undeliverable ballots.

If the ballot is returned by the post office prior to 20 days before the election with notification of the voter's new address within a jurisdiction holding a mail election, the auditor or clerk shall resend a ballot to the voter along with a return envelope. If the ballot is returned by the post office within 20 days before the election with notification of the voter's new address within a jurisdiction holding a mail election, the auditor or clerk shall transmit instructions on how the voter may apply for an absentee ballot.

If the ballot is returned by the post office within 20 days before the election with notification of the voter's new address within a jurisdiction holding a nonmail election, the auditor or clerk must transmit a notice via nonforwardable mail to the voter of how to register and vote at the proper polling location. This notice must be treated as a notice of late registration under part 8200.5100, subpart 1.

The auditor or clerk shall keep a list of individuals who are sent the second mailing after the rosters are printed and must provide a copy of that list to the ballot board for use in processing the returned ballots.

Subp. 7a. **Voter registration applications after ballots have been mailed.** When a voter registration application is processed on a voter record where a ballot has been previously mailed, the original mail ballot record must be marked as "Spoiled" and the voter must be notified that the original mail ballot cannot be counted.

If the application is processed prior to 20 days before an election, a voter in a jurisdiction holding a mail election must also be provided a replacement ballot.

If the application is processed within 20 days prior to the election, a voter in a jurisdiction holding a mail election must be sent a notice of late registration that includes a notification that the original mail ballot cannot be counted and instructions on how the voter may apply for an absentee ballot.

If the application is processed within 20 days before an election, the notice of late registration sent to a voter in a jurisdiction holding a nonmail election must be notified that the original mail ballot cannot be counted and how to register and vote at the proper polling location.

Subp. 8. **Returning ballots.** Mail ballots may be returned to the official conducting the election by mail, in person, or by designated agent. The official conducting the election must accept ballots returned in person, or by designated agent, until 8:00 p.m. on the day of the election. Ballots received after 8:00 p.m. on election day shall be marked as received late by the official conducting the

election. An individual shall not be the designated agent of more than three absentee or mail voters in one election.

Subp. 9. **Polling place and election judges.** The only polling place required for mail balloting is the office of the election official conducting the election. The number of voting stations set up in the office of the official conducting the election must be sufficient to accommodate the number of voters expected to vote in person on election day. On election day, the official conducting the election shall provide one or more secure drop boxes where voters can deposit return envelopes containing ballots. The governing body of the jurisdiction conducting the election shall designate a suitable location where the election judges can meet on election day to receive and count ballots. The location must be open for public observation of the counting of ballots. The governing body of the jurisdiction conducting the election shall appoint election judges as provided in Minnesota Statutes, sections 204B.19 to 204B.21. For state elections, the county auditor shall appoint election judges for mail ballot precincts and shall apportion the cost of the election judges among the precincts voting by mail in that election. The county auditor may delegate the authority to appoint election judges for precincts voting by mail in state elections to the municipal clerk. During the day of the election at least two election judges must be present at the office of the official conducting the election to accept mail ballots delivered in person and to process persons registering on election day. Additional judges may be appointed as needed. If the ballots are to be counted by hand and there are more than two questions or one office to be voted on, at least one judge must be appointed for the counting of ballots for every 500 persons from whom ballots are expected to be returned.

Subp. 10. **Receiving and counting ballots.** On or before election day, the ballot board shall receive from the county auditor, municipal clerk, or school district clerk, returned ballots and applications for absentee ballots, records of replacement ballots, and the list of voters sent a second mailing of the ballot. The ballot board shall arrange to receive from the election official any additional ballots received in the mail or returned by a voter prior to 8:00 p.m. on election day. Ballots must be transported to the location where ballot processing and counting will occur in a sealed transfer case by two or more election judges of different major political parties unless the election judges are municipal clerks or deputy clerks, or the judges are exempt from this requirement pursuant to Minnesota Statutes, section 205.075, subdivision 4, or 205A.10, subdivision 2. During the receiving and counting of ballots, the ballots must at all times remain in the custody of two or more election judges of different major political parties, unless the election judges are municipal clerks or deputy clerks, or the election is exempt from this requirement pursuant to Minnesota Statutes, section 205.075, subdivision 4, or 205A.10, subdivision 2.

The secretary of state must provide a sample notice with a list of the possible reasons that a mail ballot may be rejected. The election official must keep a record of the date that the voter's ballot was rejected, the date the replacement ballot was issued to the voter, and the reason that the previous ballot was rejected. Rejected envelopes must be kept in a separate sealed container.

Subp. 11. **Challenges.** Challengers appointed under Minnesota Statutes, section 204C.07 may be present while the election judges are examining and accepting or rejecting the return envelopes. Challenges must be made and determined as provided in Minnesota Statutes, section 204C.13, subdivision 6.

Subp. 12. **Costs.** The governing body authorizing mail balloting shall pay the costs of the mailing. Costs of mailing include postage costs and the costs of printing required envelopes, instructions, affidavits, and mailing labels. Other expenses must be paid as provided in Minnesota Statutes, section 204B.32.

Subp. 13. **Alternate forms.** The secretary of state may authorize the alternate use of envelopes and other forms related to mail elections.
