8220.1850 SECURING COMPUTER PROGRAMS.

Immediately after certifying the results of the public accuracy test, the election jurisdiction must secure all computer programs, software utilized, test decks, certified computer results of the test, and the predetermined results in a container which must be sealed in a manner so that the container cannot be opened without breaking the seal. If a precinct count voting system is used to count ballots, it must be sealed with the memory pack containing the election programs inside. Attached to or inside the container must be a certificate describing its contents. The certificate must be signed by the witnesses.

All computer programs, test decks, and other related materials must be clearly identified as to the voting system on which they were tested and must be used on no other voting system until tested in accordance with parts 8220.1550 to 8220.1850.
