

8410.0130 IMPLEMENTATION COMPONENTS.

Subpart 1. **Controls.** Each organization plan must provide for the adoption of necessary regulatory controls, storm water design standards, education programs, data collection programs, and maintenance programs that the plan identifies under part 8410.0100.

Subp. 2. **Responsibilities.** Each organization plan must clearly distinguish the responsibilities of the watershed management organization versus the responsibilities of affected counties, cities, and townships with respect to each implementation program element established according to part 8410.0100.

Subp. 3. **Schedule.** Each organization plan must include a schedule for implementation by the organization, joint powers agreement members, and affected local units of government. All plan controls and programs to be implemented by the organization must be in effect within one year of plan adoption. All local plan controls and programs must be developed and in effect within two years of adoption of the last organization plan in the local unit of government.

Subp. 4. **Capital improvement program.** Each organization plan shall include a capital improvement program that identifies specific capital improvements necessary to implement the water resource management goals and policies of the organization.

Subp. 5. **Enforcement.** Each organization plan must identify the procedure to be followed to enforce violations of the controls of the organization as well as those of the local unit of government.

Subp. 6. **Administration process.** Each organization plan must specify the administrative process and timelines for the submittal, review, and approval of local plans and variances by the organization.
