

8740.0260 SUSPENDED OR REVOKED LICENSE.

A licensee whose license has been suspended or revoked must return the license certificate and the most recent license card to the board within ten days after the effective date of the suspension or revocation. Failure to comply with this part may result in the denial of any subsequent request for reinstatement after suspension or the denial of an application for licensure after revocation. A licensee whose license has been suspended or revoked shall not practice, attempt to practice, offer to practice, or advertise or hold out as authorized to practice social work in a setting in Minnesota for which licensure is required, and shall not use the title social worker or any designation which indicates social work licensure.
