After the initial assessment, the license holder must update assessments on all persons at least annually.

Subp. 3. **Follow-up to psychiatric evaluation.** Specific mental health interventions indicated in addition to the usual sex offender treatment program must be prescribed and monitored by a psychiatrist. These interventions must be integrated into the treatment plan.

Subp. 4. **Individual treatment planning.** Within 14 days after a person is admitted, a multidisciplinary team led by the program director or program director's designee must develop and begin implementing a written treatment plan for the person. At a minimum, the team must include the person, a psychologist, a social worker, a nurse, and a member of the treatment support staff. When psychiatric or medical treatment is required, a physician must also be included on the team.

The case manager assigned by the county responsible for providing the person's social services must be notified of and given the opportunity to participate in all team meetings. Treatment staff who provide services identified in the treatment plan must also receive notice of team meetings and be given the opportunity to participate.
