

**USER'S GUIDE FOR RULES INDEX**

The index to Minnesota Rules 1988 Supplement Number 2 includes references to rules adopted after March 29, 1987 and before August 9, 1988. References are to rule part numbers.

For newly adopted rule parts the index coverage is complete. For amended parts a reference is included only if the existing references in the main volume index are inadequate to cover the amendments. Therefore, it is suggested that the user always begin an index search with the volume 11 index of Minnesota Rules 1987.

See the User's Guide on pages 175 and 176 of volume 11 of Minnesota Rules 1987 for more information about the use of this index.
